

Congressional.

WASHINGTON, Dec. 15. The Committee of Ways and Means of the House of Representatives, will soon report a bill giving each branch of Congress entire control over its contingent fund, in effect making the auditing by the Committee of Accounts final without interference by the First Comptroller of the Treasury, who, by virtue of his office, claims the supervisory power, as has been heretofore, and which the Committee resist.

The friends of the French spoliation bill claim that the prospects for its passage are now better than ever before even over a veto, if one should be interposed by the Executive. Although the aggregate amount of claims is ten millions of dollars one-half of that sum as heretofore is the basis proposed to be appropriated as a matter of compromise.

Mr. Ettridge submitted the following resolution, which was read for information:

Resolved, That this House regard all suggestions or propositions of every kind, by whomsoever made, for a revival of the slave trade, as shocking to the moral sentiments of the enlightened portion of mankind. Any act on the part of Congress, or legislation coming at or legalizing that inhuman traffic, would justly subject the United States to the reproach and execration of all civilized and Christian people throughout the world. Objection was made to the introduction of the resolution.

Mr. Ettridge moved the suspension of the rules. Mr. Campbell, of Ohio, demanded the ayes and noes. Mr. Walker asked whether, if the House should suspend the rules, it was the purpose of Mr. Ettridge to move the previous question on the adoption of the resolution in order to cut off debate.

Mr. Ettridge replied that the resolution contained a self-evident proposition. He presumed every gentleman had an opinion on the subject. He would not discuss it but would move the previous question.

Mr. Jones, of Tennessee, wanted to leave out the argument in the resolution, saying he was as much opposed to the re-opening of the African slave trade as his colleague. (He was here called to order by the Speaker, who said that debate was inadmissible at this time.) Mr. Jones said he would not be gagged by either the Speaker or any one else.

Mr. Orr ineffectually strove to substitute simply: Resolved, That it is inexpedient to repeal the laws prohibiting the African slave trade.

Mr. Ettridge's motion to suspend the rules, to enable him to introduce his resolution, was carried. Ayes 140; noes 53.

WASHINGTON, Dec. 11.

SENATE.—Mr. Cass is speaking in vindication of the President's message.

The Senate resumed the consideration of the motion to print the President's message and documents.

Mr. Cass having the floor vindicated in an elaborate argument the several positions of the President, and lauded his patriotism. He reiterated his opinions on popular sovereignty, discussing the questions involved in the debate on the President's message.

Mr. Hale proclaimed the future intentions of the Republican party, believing that they would attain power in 1860, to apply the principle of the exclusion of slavery from the Territories, calling fourth Mr. Bigler and others in reply; the latter denying that he was a speaker in the Democratic Mass Meeting in favor of Buchanan and Breckinridge and Free Kansas, as was expressed in a hand-bill which Mr. Hale exhibited to the Senate.

Amidst general laughter the Senate adjourned until Monday.

HOUSE.—Mr. Humphrey Marshall made a speech criticizing Democratic principles and practices.

Mr. Humphrey Marshall spoke at considerable length, criticizing the professions and practices of the Democratic party. He proceeded to show the difference of opinion between the Democrats of the North and those of the South regarding the interpretation of the Nebraska Bill, saying that their positions were so different that there was no finding out where they stand.

During his speech, Messrs. Sherman, Keitt and Mr. Miller, the latter speaking for the Virginia delegation, repudiated squatter sovereignty as explained by Mr. Cass.

Mr. Orr repudiated that doctrine and admitted that there was a difference of opinion among the Democrat regarding it.

Mr. Leitch essayed to prove that Mr. Giddings and the Republican party had expressed sentiments advocating Northern interference in the institutions of the South tending to insurrection. The House adjourned.

WASHINGTON, Dec. 16.

SENATE.—On motion of Mr. Dodge, a resolution was adopted calling on the Secretary of War for copies of all letters addressed to that Department or to Wilson Shannon, late Governor of Kansas, by Col. Sumner, relative to Kansas affairs, which have not been heretofore communicated.

Mr. Brown gave notice of his intention to introduce a bill providing for the construction of a railroad and telegraphic communication between the Atlantic coast and the Pacific.

Mr. Wilson introduced a bill amendatory of the act to organize the territories of Kansas and Nebraska. Referred to the committee on territories.

On motion of Mr. Rusk, the joint resolution granting further time to the creditors of Texas to present their claims, and for other purposes, was taken up. Mr. Rusk explained and advocated the resolution, which extends the time to January 1st, 1858, and repeals the provision in a former act for the distribution pro rata of the residue of those who have filed their release.

Several executive communications were received by the Speaker of the House, one transmitting a letter from Gov. Geary, of Kansas, dated the 22d, accompanied with the minutes of that officer, which he says he kept hourly as his best vindication.

When he arrived in the territory he found his predecessors had pronounced the people in a state of insurrection. Since then permanent peace had been restored without one drop of blood being shed, he had gone ahead and what was necessary he did, paying all expenses and he trusted to Congress to reimburse him.

Hon. Mr. Whitefield introduced a bill providing for the assessment of damages sustained by the loss and destruction of property belonging to the citizens of Kansas during the recent disturbances in said Territory. Also a bill establishing a District Court at Leavenworth City, and other places in Kansas, and a bill establishing additional land districts in Kansas.

Mr. Campbell, of Ohio, from the committee on Ways and means, reported the Indian, Civil and Army appropriation bill.—Referred to committee of the Whole on the state of the Union.

Mr. Campbell, of Ohio, also reported a bill amending the section of the tariff act of August, 1842, so as to prohibit the importation of indecent and obscene prints, transparencies, statuettes, &c., parties offending to be proceeded against in due course of law, and the offensive articles to be destroyed. The bill was passed.

On motion of Mr. Campbell, of Ohio, the further consideration of the bill reducing duties on imports and other purposes reported last session was postponed till the first Tuesday in January.

The debate on the President's annual Message was then resumed.

CHARLESTON, Dec. 12. The steamer Isabel, from Havana and Key West, arrived here this morning. The Genesee had arrived at Key West from San Juan, on the 4th inst., with 500 passengers and \$900,000 in specie. So says the dispatch.

Thirteen of the passengers of the Genesee had died of cholera. The passengers state that the accounts from Nicaragua are that Gen. Walker had been driven from every place where he had obtained a footing, with the exception of the Transit route. The last accounts reported that one hundred of his force, after fighting nine days at Granada, were surrounded by the Costa Rica, San Salvador and Guatemalan forces.

Gen Walker was on board the steamer on the lake, without communication with his army, and his men were suffering for the want of provisions and clothing, and were dying off by disease.

A naval fight had occurred near San Juan del Sur, lasting two hours, between a Costa Rican brig of war and the Nicaragua war steamer Grenador.

General Walker had burnt Grenada and Messaya.

The Key West dates are to the 10th inst. The U. S. schooner W. R. King, from Panscoala, had arrived.

The dates from Havana are to the 10th inst. Sugar had improved  $\frac{1}{4}$  to  $\frac{1}{2}$  cent per pound.

The Steamers Black Warrior and Philadelphia, from New York had arrived at Havana.

Gen. Harney and suite had arrived at Key West on a tower of inspection to the different posts there. Flags of truce were hoisted at all the posts through the country, for the purpose of calling in the Indians for a talk, and, if possible, to bring them to terms of peace.

General Walker had burnt Grenada and Messaya.

SCARLET FEVER. This disease is prevailing to a considerable extent this winter in many sections of the country, and the cities report a large fatality from it among the children. The deaths in Philadelphia from week before last were 41, in New York 39, in Boston 21, and from 12 to 15 in this city. Fatal cases are also occurring in the country in the East and West.

A writer in the Boston Post says with confidence, that "one globe of Belladonna taken every morning, by each and every member of a family—adults, children, servants and all inmates—will certainly prevent the spread of this dreadful disease in every household that may adopt it, as certain as vaccination will prevent the small-pox. Ten cents will purchase a years supply of any of our homoeopaths. A wet finger applied to a globe and placed upon the tongue of a child or adult it is all that is necessary to be done to prevent the spread of this disease.—Cleveland Herald.

PAYING DEAR FOR IT.—The Missouri Border Ruffians, under the lead of Atchison & Co., have cost the people of that State more than their miserable necks are worth. The St. Louis Democrat estimates that their conspiracy against the free immigration to Kansas has cost the people of Missouri, in their blockade of the river alone, at least \$300,000 on steamboat passengers, and as much more on freights.

The loss in the purchase of supplies, groceries, clothing, &c., and provisions of the Missouri farmers, cannot be computed.—The Democrat says:

It is safe to say that each steamer plying in the Missouri river would have paid for itself in one year, by the profits it would have derived from the free white immigration to Kansas, and which has been lost by the illegal and outrageous interference of Atchison and his accomplices, with their business.

A HARD CUSTOMER.—A shark was recently captured at New Orleans, measuring seventeen feet and eleven inches in length, and nine feet in circumference. He had seven rows of teeth, three of the rows being almost hidden in the upper gums.—His liver exactly filled a beef barrel. In his paunch was found the body of a man in a half decomposed state. So far as could be judged, the corpse was that of a well dressed man of medium size—shirt white with pearl buttons, coarse silk underwear, cotton socks and shoes nearly new.

Gen. Harney and suite had arrived at Key West on a tower of inspection to the different posts there. Flags of truce were hoisted at all the posts through the country, for the purpose of calling in the Indians for a talk, and, if possible, to bring them to terms of peace.

General Walker had burnt Grenada and Messaya.

The Key West dates are to the 10th inst. The U. S. schooner W. R. King, from Panscoala, had arrived.
