

Holmes County Republican.

Lambach, White & Cunningham, EDITORS AND PROPRIETORS.

MILLERSBURG, O., SEPT. 8, 1870.

Republican State Ticket.

Secretary of State, GEN. I. R. SHERWOOD. Supreme Judge, GEO. W. McILVAINE. Comptroller of the Treasury, GEN. W. T. WILSON. Member Board of Public Works, P. V. HERZING. Congress, 14th District, JAMES MONROE.

THE CAMPAIGN.

Prof. Monroe will at once enter upon the campaign in Ashland, Wayne and Holmes Counties. We hope to be able to announce in our next issue, the time when he will address the people of this county. He expects to give us at least three meetings in the County. One in Millersburg, one in the eastern and one in the western part of the County. Mr. Monroe is a fine speaker and will discuss the issues of the day in an able and eloquent manner. We hope every Republican as well as Democrat will come out and hear him.

GENERAL SCHENCK ACCEPTS.

There are times when politicians cannot consult their own wishes solely but must yield to the pressure of circumstances and sacrifice their individual and personal interests to the demands of the party to which they belong. General Schenck is placed in that category, and we are glad to see that he has concluded to accept the Congressional nomination thrust upon him, and will enter the lists for the campaign. General Schenck will beat Lew Campbell, and such defeat is just what that political weather-cock deserves.

TRANSITORY SOVEREIGNTY.

It really seems almost impossible for any sovereign of France to die upon the throne and bequeath his power to his immediate descendants. Of all the sovereigns of France since 1774, Louis Napoleon has had the longest reign as President and Emperor. They thus command—Louis XVI, eighteen years; Napoleon I, fifteen years; Louis XVIII, nine years; Charles X, six years; Louis Philippe, eighteen years; Louis Napoleon, twenty-two years.

THE CAMPAIGN.

We are glad to announce that the Republicans of Ohio intend making the campaign lively and interesting. So it should be, for never was there a party with as pure a record in local as well as national affairs, as the Republican party, and therefore our public speakers can come before the people fully prepared to meet any issue that their opponents may deem proper to present. Hon. John A. Bingham, Gen. Sherwood, Hon. John Sherman, Gen. Garfield and others are announced to speak at mass meetings in the central part of the State.

IN A BAD FIX.

The Democratic nominee for Congress in the Lima District, Mr. Lamison found himself in a difficultly the other evening. The Germans had a meeting to rejoice over the Prussian victories. Several speeches were made. Mr. Lamison was called upon among others. He could not speak in favor of Prussia, for the Irish would be down on him. He couldn't take sides with France, lest the Germans would ignore him. What could he do in such a strait? Nothing, but talk. And he did talk for a long time, and no one could tell after he was through on which side his sympathies were. This was sharp in Lamison, but not exactly satisfactory to either side of his audience.

OUR GERMAN CITIZENS.

There has been much enthusiasm and rejoicing among the Germans of this place over the good news from the Prussian army. We understand they had a glorious time the other night. Those whose sympathies are with France, felt about as blue as did the rebel sympathizer during our late war, when the glad tidings of a Union victory was received. Let our Prussian friends remember as they go to the polls this fall which of the two political parties are in sympathy with them in this war and then vote accordingly.

THE PROSPECTS.

The prominent Republicans of the State had a meeting with the Central Committee, at Columbus, last week, to arrange the details for the campaign. The interchange of views was in the highest degree satisfactory. From all parts of the State the most cheering reports come up. We shall soon have the great orators and the leading men of the State among the people. The campaign promises to be a lively one. Of the result there is no doubt. Ohio will give her usual round majority of from 20,000 to 30,000, and we shall elect our usual majority of members of Congress.

THE N. Y. ELECTION FRAUDS.

The Census returns are verifying the charges of election frauds made against the Democracy of that city. Some of the wards cast more Democratic votes than there are residents in the wards, counting men, women and children. The 9th, 15th, 17th, 21st, 10th lot, and 18th wards last May, cast a vote of 46,615, while the census shows they have a population of only 22,615. It was in those wards where the heavy Democratic majorities were piled up.

If you want to dispose of your merchandise, advertise in the REPUBLICAN.

STAUENCH DEMOCRATS.

The Democracy talk a great deal about good, old, sound, reliable, staunch Democrats. All these are very well, but when they get an opportunity they will nominate political weather-cocks. This year they have two for Congress in this State. Hubbell in the Delaware District, who "soured" on the Republicans because they would not send him to Congress again, and Lew Campbell, of the Montgomery District, who was a protective-tariff Whig, a Know-Nothing, a Republican, a Johnsonite, and now a Democrat. He don't change as often as the moon for the simple reason that there are not parties enough to allow of such a course. Both of these named are sound Democrats, who believe in the "underlying principles of the old party"—in a horn.

"HUBBY."

The Mansfield Herald says: The Commoner, of Cincinnati, the organ of the pure, undefiled and unperfected radical Democracy, does not like among some of the other Democratic Congressional nominations in the State, that of the Hon. James R. Hubbell, of the 8th District. The Commoner thinks James is not quite the right stripe of man to represent the party. This is rather too much. After our "Hubby" has gone down clear into the dirt, to acquire favor at the hands of the Democracy, to be snubbed so completely is too bad. What more evidence of the contemptible character of the man does the Commoner want? Tell James, and he will be found capable of anything mean at the demand of the party. New converts are always zealous, and he will not be found an exception. It takes a mean Republican to make a zealous Democrat, and when a man is once kicked out of the Republican party, he can find nothing too low for him to do. Hubbell may have a higher seat in the Democratic Church.

THE EMPIRE FALLEN.

The French Empire is no more! It breathed its last on the 2d of September, 1870, at 1:22 P. M. The following dispatch announces the important fact: BEFORE SEDAN, FRANCE, Friday, Sept. 2—1:22 P. M. From the King to the Queen. A capitulation, whereby the whole army at Sedan are prisoners of war, has just been concluded with Gen. Wimpfler, commanding instead of Marshal McMahon, who is wounded. The Emperor surrendered himself to me as he has no command, and left everything to the Regent at Paris. His residence I shall appoint after an interview with him at a rendezvous to be fixed immediately. What a course, events, with God's guidance, have taken!

MR. MONROE SERENADED.

The citizens of Oberlin expressed their gratification in the choice of Mr. Monroe as the candidate for Congress in the 14th District by serenading him on the evening of the 26th ult. Previous arrangements had been made during the absence of Mr. Monroe. At about ten o'clock a large crowd, headed by the Cornet Band of that place, proceeded to Prof. Monroe's residence. Several hundred people were soon congregated in and around his house, and it was but a short time before Mr. Monroe made his appearance. He was received with prolonged and hearty cheers, and in a few brief remarks, greeted those who had disturbed his rest.

THE RAILROAD.

The papers on Monday announced that at a meeting held at Rochester, Indiana, on the 18th inst., the Celia, Huntington and Chicago extension of the Baltimore, Pittsburg & Continental railroad company was fully organized and a board of thirteen directors elected. Letters received by Mr. Hunt from the Directors since that meeting, state that the engineers are now at work on the line and the surveys will be completed as speedily as possible. The prospects for the construction of the road on this line are decidedly flattering, and we hope that nothing will be left undone that will tend to secure the road.—Kenton Republican.

LATEST WAR NEWS.

LONDON, September 6. The Prince Imperial reached London this morning. His arrival at Charing Cross, the railroad terminus was unexpected, and therefore did not excite attention. The Prince was attended by his suite and appeared to be suffering from recent indisposition.

PARIS, September 6.

The Minister of the Interior has received a dispatch dated Mulhouse, stating that the enemy had appeared at several points crossing the Rhine in that vicinity. The Garde Nationale and other bodies were going to meet them. The enemy had also appeared at Neufchateau in the department of Coted'Or.

Why Every Laboring Man Should Vote with the Republicans.

Because the Republican party since the hour of its birth has been the especial champion of free labor. Because it was the party that preserved "free men," while the Democratic party, the tool of slave oligarchy, sought to surrender the great West to enslaved labor.

Because we protect American industry against foreign competition and thereby enable laborers to support themselves in better circumstances and with less labor than any other nation of people on the broad face of the earth.

Because all the laws passed by the Republican party since it gained power have been for the protection of labor against capital.

Because we only tax the capital and luxuries of the country, while labor and the necessities of life are exempt.

Because it is to the Republican party that we are indebted to-day for our existence as a nation, by conquering a Democratic rebellion, whose corner stone was the enslavement of labor.

Because, lastly, for the benefits of a free, economical and prosperous Government, feared and respected among all the nations of the earth. And then labor has been elevated. Humanity, Morality and Religion prospered as never before. For these reasons, and for loyalty, honesty and respectability, the laboring man of the country should vote with the Republican party against the organized ignorance, rebels and repudiators of the country.—Cochecton Age.

James Monroe.

The nominee of the Congressional Convention at West Salem, is now before the people of the 14th District for election. When we say that Mr. Monroe is competent for the position, we simply say what every Republican and Democrat knows. When we say that he possesses all the Jacksonian requisites, we but echo the sentiments of the people. So sure then, as the idea of October comes, so sure will the people of the 14th District elect him to the position for which they have nominated him. In this we simply express what is already conceded on every hand. James Monroe, we believe, is a Christian gentleman fully qualified for the position, a true Republican who heartily endorses our platform of principles and one whom every well wisher of his country will be pleased to vote for.—Ashland Times.

Geo. W. Morgan.

Gen. Geo. Morgan made the opening campaign speech for the Democrats, at Delaware, Wednesday night, 17th inst. This is a fair sample of his argument. He charged that 341 revenue officers have proved defaulters. But he did not have the fairness or the honesty to tell the whole truth, that nearly all of them were appointees of his Democratic friend Andy Johnson. Will he (or any other Democrat) dwell on the defaulters under Grant's Republican Administration? Dare they go in here.—Marietta Register.

METHODIST CONFERENCE AT ASHLAND.

ASHLAND, Aug. 31. The North Ohio Annual Conference of the Methodist Episcopal Church, met in our town to-day. The venerable Bishop Morris, senior Bishop of the church, being present, but Bishop Scott presiding.

There are about one hundred and twenty-five members of this Conference, but only about eighty-five answered to their names. Only a few present are aged men; enough, however, to give wise counsels to the deliberations of the body. The general appearance of the body is youthful and superior in cast. No master spirits, in particular, lead the business of the Conference, but every one appears ready in his place. They appear to be well skilled in parliamentary rules.

A goodly number of visitors are present and giving close attention to the business. Prof. F. S. Hoyt was elected Secretary, and a number of others assistants. The regular minute business was entered upon and progressed rapidly till the adjournment. Dr. Kynett, secretary of the Church Extension Society addressed the Conference on the interests of his cause. He gave us a vivid description of the workings of this society on our Western borders. When speaking of the pioneer life of our fathers in Ohio, he said that some of them were acquainted with our here in the West.

THE WAR.

McMahon's Army Captured.

Napoleon, the Prince Imperial, and over 120,000 French Troops Taken Prisoners of War.

Intense Excitement in Paris.

The Empire at an End!

EUGENIA TO JOIN HER HUSBAND.

PARIS WILL HOLD OUT.

Trochu Appointed Temporary Dictator.

RIOTING IN PARIS!

LONDON, September 5.

An Amsterdam telegram reports that the first announcement that the Prince Imperial had escaped to Belgium is erroneous. He surrendered at Sedan with the Emperor and McMahon's army. The total number of prisoners in this surrender reaches over 120,000.

PARIS, September 4, Midnight.

As the proclamation of the Ministers announcing the capitulation of McMahon's army and the capture of the Emperor becomes known, the excitement among the people becomes indescribable. All the evening great crowds occupied the Place de la Concorde, it being known that a stormy scene had taken place in the Corps Legislatif. The story of the capture of the Emperor was freely circulated but was not credited. It was asserted that a dictatorship would be announced, and that a secret meeting was being held. The crowd anxiously awaited the news. There was a large police force on the ground, but there was no violence. At last the crowd separated. At this hour many of the streets are crowded with anxious and excited people, but there is no disorder.

WASHINGTON, Sept. 5.

Minister Washburne telegraphs to the Department of State that the empire is ended, and that the excitement is intense in Paris.

PARIS, Sept. 5.

The Empress Eugenie having received assurances from the Prussian Government that she will not be treated as a prisoner, has consented to join her husband and son, who also surrendered with his father at Sedan. She will leave for Prussia as soon as her arrangements can be perfected.

General Trochu will at once be made temporary dictator and Paris will be defended to the last.

A dispatch dated Brussels, Sept. 3, was received in this city this morning, which states that twelve thousand French troops, with cannons, eagles and twelve hundred horses had crossed the Belgian frontier and laid down their arms.

A demand has been made upon Montmeyre for the surrender of that town and garrison, which was refused.

Another dispatch dated Carlsruhe, September 3, states that on the previous day, cellars at Strasbourg had been inundated by the rising of the Rhine, causing great destruction of property and suffering.

The magnificent cathedral, so much admired by tourists is certainly partially destroyed.

THE ATTENDANCE.

On the second day, the capacious church was found too small, and the Convention adjourned to the grove adjacent. Eight clergymen, seventy teachers, and hundreds of scholars and other friends of the cause were present.

THE ELECTORS OF OFFICERS.

The Convention resulted as follows: President, Rev. A. E. Thompson; Vice President, Rev. Wm. J. Sharp; Secretary, Rev. J. C. Gillam. The delegates present were enrolled, when it was found that eighteen schools, of the following denominations were represented: Methodist Episcopal, Disciple, Lutheran, Congregational, Presbyterian, and United Presbyterian.

All persons in attendance on the sessions of the Convention were considered members.

THE TOPICS DISCUSSED.

How to conduct a Sabbath School; How do you teach your class? Is there a place in the S. S. for every member of the church? How to teach an infant class, with an illustration; Why an I. A. S. teacher? The discussion of these subjects, continued through most of two days, was interesting and instructive, and was participated in by many members. An answer drawer was opened for direct replies to the question, "What does your S. S. most need?" Many pointed and suggestive responses were elicited—such as:—More grace; A revival of religion; The influence of the Holy Spirit; More scholars; A *Ree* superintendent, &c.

A Question Drawer exercised was also introduced, and excited a lively interest. The questions came in volleys: Would you ever expel a scholar should question books or catechisms be used in the S. S.? What would you do with a man who will be superintendent or not? Answer by Bro. Mitchell: "Put him in the infant class." (Cheers.) Have you a teacher's meeting? If not, why not? and among many others, the great question: "How shall I make my peace with God?" Answer by another: "Believe on the Lord Jesus Christ."

A CHILDREN'S MASS MEETING.

was held on the afternoon of the second day. Many children were present at this and all the meetings of the Convention and

the Tuilleries is a strong military force guarding against any possible display of popular indignation.

Hundreds of thousands of citizens are still pushing towards the Corps Legislatif.

PARIS, September 5.

An interview has taken place between Napoleon and the King of Prussia, for the purpose of deciding upon the future residence of the Emperor. One of the German fortresses was fixed upon, probably Mayence.

There is so much confusion in the city, and such immense crowds about the Corps Legislatif, that it is impossible at present to get a faithful account of the business transacted by the deputies.

Place de la Concorde is one mass of human beings.

At 4:30 P. M.—At the departure of the deputies from the Corps Legislatif, scenes of enthusiasm took place around the building, the National Guard fraternizing with the troops and people. Thousands of guards rushed into the hall, but were persuaded to retire by M. Gambetta, who seems to have great influence over the people. The crowds outside are singing the Marseillaise and Vive Republic. There is intense excitement and a constant noise of voices that drowns all other sounds. There were no dangerous elements visible until the crowd reached the Rue Castiglione, when they began tearing down the Imperial arms and tearing from the flags of the National Guard the golden eagles of France and from the walls and signs and medals bearing the Imperial effigy. Soldiers have also joined in these demonstrations. The National Guard have beat to arms to repress disorder if it takes a more serious turn. Quiet citizens are becoming impressed with the idea that there may be damages, as the mob is becoming more and more excited.

It is now reported, and on good authority, that after the vote of Dechance the majority retired, and the members of the Gauche and Center Gauche remained consulting on a provisional government, and named the following persons: Jules Favre, Gambetta, Jules Simon, Keratry, Picard, Pettain and Jules Fovry.

LONDON, September 5.

Verdun and Montmeyre still hold out against the Prussians. The bombardment of Strasburg continues vigorously. Much damage has been inflicted. The splendid cathedral has been partially burned and the wonderful astronomical clock and chime of bells in the tower are badly injured. There is a freshet in the Rhine, the water is very high and many dwellings in the neighborhood of Strasburg have been washed away.

Weirich, Gasche & Co., are just receiving a large invoice of new goods at their Hardware Store. The boys mean business.

SABBATH SCHOOL CONVENTION.

Pursuant to call, a County Sabbath School Convention of all denominations, was held, on the 18th and 19th of August, at East Hopewell Presbyterian Church, Ripley Township, Holmes County, O.

THE OBJECT.

of the meeting, as per call, was to promote the cause in our county, by the discussion of topics of interest connected with the work, and the organization of a County S. S. Union.

THE ATTENDANCE.

On the second day, the capacious church was found too small, and the Convention adjourned to the grove adjacent. Eight clergymen, seventy teachers, and hundreds of scholars and other friends of the cause were present.

THE ELECTORS OF OFFICERS.

The Convention resulted as follows: President, Rev. A. E. Thompson; Vice President, Rev. Wm. J. Sharp; Secretary, Rev. J. C. Gillam. If not, why not? and among many others, the great question: "How shall I make my peace with God?" Answer by another: "Believe on the Lord Jesus Christ."

A CHILDREN'S MASS MEETING.

was held on the afternoon of the second day. Many children were present at this and all the meetings of the Convention and

took a lively interest in all the proceedings. They were addressed by Brothers Thompson, Fry and Sharp.

A black board exercise was given by Brother Caldwell, from which it was evident that, in skillful hands, the board may become an efficient aid in the work of Sabbath School instruction.

The following resolutions were unanimously adopted:

Resolved, 1. That it is the duty of all persons interested in the cause of morality and religion, to exert their influence in favor of Sabbath Schools.

Resolved, 2. That this Convention infer from the answers to the question "What does your S. S. most need?" that there are earnest S. S. Workers in our County, who are seeking a greater fitness for the work and a wider and deeper interest in the cause.

Resolved, 3. That the condition of Sabbath Schools in Holmes County, as shown by the proceedings of this Convention, is such as to encourage S. S. workers in future efforts to establish a S. S. in every School District in the County.

Resolved, 4. That the S. S. cause demands the united efforts of all the friends of Jesus. And that this Convention sends its Christian greeting to every S. S. teacher in the County, urging all to attend our next annual Convention, that every school may be fully represented.

The Holmes Sabbath School Union, auxiliary to the Ohio State S. S. Union, was organized, and the following permanent officers for the ensuing year, were elected:

President, Rev. E. B. Caldwell; Vice President, C. H. Voorhes, Esq.; Corresponding Secretary, Rev. Wm. J. Sharp; Recording Secretary, Mr. Robert Torbett; Treasurer, Mr. Jacob Netherow.

EXECUTIVE COMMITTEE:

Rev. M. W. Brown, Rev. J. Culler, Rev. George W. Fry, Rev. John Mitchell (and successor), J. Cherryholmes, Esq., B. F. Fry, Esq., John F. Finney, Esq. and Mr. Samuel Murray.

DELEGATE TO STATE CONVENTION.

Rev. E. B. Caldwell, Alternate, Rev. J. Culler.

Devotional exercises were mingled with all the proceedings. The singing was a marked feature, and was conducted by Mr. A. Johnston, with Miss R. Lecky as organist.

The spirit of the meeting was harmonious and fraternal. It was a union convention in fact as well as in form.

The results of this convention—the first of the kind, so far as we know, ever held in the county—are such as to highly gratify all the friends of the cause and inspire high hopes for the future.

Millersburg was chosen as the place for the next annual meeting.

A vote of thanks was given to the people of East Hopewell and vicinity for their hospitality. And it was richly merited. For by the kindness of the people and the efficient management of the Pastor and committee—Messrs. E. Chambers and G. W. McClelland—more than one hundred guests were handsomely entertained.

The secretary was directed to furnish a copy of the proceedings to each of the county papers—Holmes County Republican and the Holmes County Farmer—and the Shreve Mirror, for publication.

Adjourned to meet next year at Millersburg, at the call of the executive committee. Closed with prayer and the Apostolic benediction.
