OUR AGENTS. The following persons are authorized to act as agents for the REPUBLICAN.

Pay Your Taxes. The County Treasurer is now ready to receive the December installment of taxes.

Questions Open for Answer. If four grains make a carat, how many will make a pound?

Change of R. Time. A change in the time of arrival and departure of trains on the C. M. & D. R. R. took place Monday morning.

Personal. Hon. M. Welker paid us a visit last week. The Judge looks well, and says he is ready to finish the balance of his term in Congress which expires on the 4th of March next.

Weston Outdone. Rowing, Ashland County, has accidentally found out that it has the Champion Peasant of the United States.

A New Way to Advertise. The scope of advertising enlarges constantly. Not only are newspapers crowded, and circulars sprinkled abroad like autumn leaves.

Good-Bye. It is a hard word to speak. Some may think otherwise, but let them, for hearts are never kind.

Fair and Festival. The ladies of the M. E. Church will hold a Fair at Town Hall, for the benefit of their new church.

Shipping Tags. A big supply of them at this office which we will furnish you printed almost as cheap as you can buy them from manufacturers.

For the best one yard wide muslin sold in the county, go to J. Mulvaney's.

Item Every Man Should Read.

We have probably all of us met with instances in which a word heedlessly spoken against the reputation of a female, has been magnified by malicious minds until the cloud has become dark enough to overshadow her whole existence.

Never use a lady's name in an improper place, or at an improper time, or in a mixed company.

Never make any assertions about her that you know to be untrue, or allusions that you feel she herself would blush to hear.

When you meet men who do not scruple to make use of a woman's name in a reckless and unprincipled manner, shun them, for they are the very worst members of community—men lost to every sense of honor; every feeling of humanity.

Many a good and worthy woman's character has been forever ruined and her heart broken by a lie, manufactured by some villain, and repeated where it should not have been, and in the presence of those whose little judgment could not deter them from circulating the foul and blasting report.

A slander is soon propagated, and the smallest thing derogatory to the character of a woman will fly on the wings of the wind, and magnify as it circulates, until its insidious weight crushes the most virtuous and pure.

Respect the name of woman, for your mother and sisters are women; and as you would have their fair names untarnished, and their lives unembittered by the slanderer's biting tongue, heed the ill that your own tongue may bring on the mother, the sister or the wife of some fellow creature.

Editing a Country Newspaper. A copyist pen the following vivid lines of country newspaper life:

If it contains too much political matter the people won't have it.

If it contains too little they won't have it.

If the type is small they can't read it.

If we publish telegraph reports, folks say they are nothing but lies.

If we omit them, they say we have no enterprise, or suppress them for political effect.

If we have in a few jokes, folks say we are nothing but a rattle-head.

If we omit jokes they say we are an old fossil.

If we give a man complimentary notices we are censured for being partial.

If we do not they say we are liberal.

If we insert an article which pleases the ladies, men become jealous.

If we do not cater to their wishes, the paper is not a fit one to have in their houses.

If we attend church they say it is only for effect.

If we do not, they denounce us as desecrating and wicked.

If we remain in our office and attend to business, folks say we are too proud to mingle with our fellow-men.

If we go out they say we never attend to business.

Panorama. On Monday evening a "Panoramic Exhibition" was given in Town Hall.

The scenes were historical in their nature during the first part of the evening, beginning with the expulsion of Adam and Eve from the Garden of Eden, giving some of the most striking scenes in the Old and New Testaments.

The meeting of the Holy Family—Mary, the infant Redeemer and John the Baptist—were very beautiful indeed.

Brief Locals.

Quite a number of our citizens have been "qualling" in their boots for some days past.

Why are good women like ivy? Because the greater the ruin the closer they cling.

Mr. Jacob Findley sold to Mr. J. Sharp a few days ago, nine hogs which he weighed in the aggregate, 2420, just 380 pounds on an average.

If a man is honest and truthful there is little need of saying much about it.

We heard of a "note shaver," who keeps the securities near the head of his bed and lays awake to hear them draw interest.

The Open Bible—subscribe for it.

The Ladies-Mite Society of the Methodist church will meet on Friday evening at the house of Moses Leadbeater.

Whoever is honest, generous and candid is a true gentleman, whether rich or poor, learned or unlearned.

The new snuff for the winter has small looking-glasses inserted on one side, which make them very convenient.

Presbyterian Mite Society will meet Thursday evening at Judge Reed's. Let there be a full attendance.

Some where in this State, we did not learn the exact spot, a family was found where the first son was named Imprints, the second Finis, and the three others Appendix, Addendum, and Erratum.

A student of Washington College once held a looking glass so as to catch the reflection of the sun in the face of the President of the College, as he was passing along the street.

The young man was brought before the faculty, and dismissed for a short time. A fellow student asked him why he was dismissed here.

"For causing reflections upon the President," he replied.

The easiest way to find the weight of a horse, is to put your foot under his foot.

Show this paper to your neighbor and ask him to try it a year.

A grand meteoric display was announced for Sunday and Monday evenings of last week, but was postponed on account of the weather, which was now long the interval of postponement will be.

For the best and cheapest styles in dress goods, go to J. Mulvaney's.

Am I not a little pale? Inquired a lady who was short and corpulent, of a crusty old bachelor.

"I should think you were more like a big tub," was the blunt reply.

Manly should learn temperance from the moon—the fuller she gets the shorter her horns become.

The Open Bible, or the Hand of God in the Affairs of Men, is a work of absorbing interest.

Men, like their boots, at their beginning and end, have blank leaves—infancy and grey-haired old age.

Sam, in speaking of the happiness of married people, said: "Dat ar 'pendis altogether how dey enjoys demselves."

Try Weston's prepared Mince Meat. It is very nice and cheaper than you can make it yourself.

Mr. Thomas Miller, of Loudonville, Ohio, met with a serious accident while examining a pistol that had been loaded for some time.

The charge exploded, taking effect in his right eye, totally destroying that organ, and leaving but little hope of his recovery.

It is said that geese allowed to run in the pasture with cattle tend to keep their heads healthy.

For the REPUBLICAN.

COMMUNICATION.

ORVILLE O. Nov. 21, 1870. EDITORS REPUBLICAN: Thinking that a few items selected from the general gossip and current news of this embryo city might be of interest to some of your readers, I make the following offerings.

The City Father's feeling a little chagrined at the small showing we made in the census returns, caused by the narrow limits of the incorporated territory, have decided to extend the same.

As it now exists a goodly portion of our people who claim to be citizens of the village, are not included in the census returns, thus detracting from our just claims.

The proposed extension will give us plenty of room to spread ourselves, and increase our population considerably.

With the approach of the long winter evenings comes plenty of private and public parties at which, if we are permitted to use the language of one of the participants, "The youth and the beauty of the village" assemble.

Self-praise of personal beauty may be in good taste, but the general public winks knowingly and smiles audibly. The same author rushes madly to print and says these youth and beauty folks are "gay and festive."

The writer's ignorance of the general acceptance of the term "gay and festive" is pardonable, but it is a wonder that some of the very modest ones have not had him brought up to answer to the charge of slander.

One of our citizens, Mr. David Trout, has been very successful during the past season in farming on a small scale.

He cultivated a field of corn in the bottom land east of the village, from which, by actual measurement, he received a yield of one hundred and ninety-two bushels to the acre.

On the same land he raised potatoes of such immense size that fifty of them would fill a bushel measure.

This demonstrates the fact that the swamp land, heretofore deemed good for pasture only, can be made to produce largely if properly tilled and cultivated.

Its excellent embraces a good many hundred acres.

In the line of business I think our merchants have not much cause for complaint. During the past few weeks our streets have been thronged almost daily with teams bringing in apples, grain of all kinds, and fat porkers, all of which finds a ready sale at good figures.

There has been quite a lot of threshing machines shipped over the Pittsburgh, Ft. Wayne & Chicago Railway, recently for Great West, one day last week I observed one marked "Great West," which will, without doubt, be a great curiosity in that old country.

Think of our enterprising manufacturers shipping agricultural machinery to the back of the discoverer of our Continent. This machinery was shipped from Canton.

In the middle of the nineteenth century the citizens of Geneva were ignorant of the existence of a Western Continent, and even at this enlightened day in the nineteenth century these simple Geneva men never have heard a word about their young descendants across the big globe to Erie and Millersburg.

Their condition is truly pitiable if such is the case.

The Cleveland, Mt. Vernon & Delaware Railroad has received one hundred and seventy-eight of the two hundred coal cars ordered from the shops at Ft. Wayne, Indiana.

This road is doing a heavy coal trade, and will be greatly increased when navigation on the canal closes.

Mr. Hutchinson gave two lectures at the Presbyterian church in this place, last week, on "Jerusalem and the Holy Land," as seen by himself.

His lectures are quite concerning and highly instructive.

A new time card took effect on the Pittsburgh, Ft. Wayne & Chicago Railway, yesterday. Passenger trains leave this station as follows:

East—Express No. 6, 6:30 a. m.; Mail No. 8, 9:20 a. m.; Express No. 4, 11:50 a. m.; Express No. 3, 9:42 p. m. West—Express No. 1, 9:45 a. m.; (Monday excepted) Mail No. 5, 1:32 p. m.; Express No. 7, 4:24 p. m.; Express No. 3, 8:37 p. m. Yours, &c. WAYNE.

The Open Bible. We have just been examining the work with the above title, and find it to be an excellent volume.

We have been giving notices of different new books at which they come out, from time to time, and think that this work will be read with fully as much interest, possibly more, as any we have seen lately.

Its design is to show clearly the hand of God in the affairs of men, illustrating prophetically and historically the duties of the citizen before the Gospel and its enemies.

It is handsomely embellished with wood cuts and steel engravings. The whole work is one of absorbing interest, and we advise everybody to purchase a copy.

Mr. Joseph Elliott has been canvassing some parts of this county during the past few weeks, and in three weeks time has sold above ninety copies. This week he will call on our citizens in Millersburg and give them an opportunity to subscribe for the work.

It is highly interesting and we heartily recommend it.

New School Books. We have just received from Messrs. Harper & Brothers, a sample copy of "French's Common School Arithmetic," and also a copy of "Willson's Intermediate Fifth Reader."

Life in Utah.

This work has lately been received from the National Publishing Company, of Cincinnati, and after a careful perusal we take pleasure in pronouncing it a work well worth double its cost, and a work to which every household should be added.

It is written by Mr. Beadle, editor of the Salt Lake Reporter, and Utah correspondent of the Cincinnati Commercial.

Mr. Beadle's personal knowledge, and long residence among them gives him many advantages in the writing of such an important work.

It is not a sensational work, yet it is by far the most fascinating book we have read for a long time.

Indeed, one can get almost as much information from this work as by paying a visit to that section of country.

The work goes deep into the mysteries of this strange religion, and lays bare its horrible licentiousness.

It abounds in records of the vilest and most terrible occurrences, which make it read more like a romance than a veritable history.

The book is sold by subscription only, and Mr. S. C. Lindsay is agent for our western part of Holmes county, and is now canvassing for it.

For good linen table cloths 1 1/2 yard wide at 50 cents per yard, go to J. Mulvaney's.

Advertising. In a general sense, the effort on the part of any merchant to get trade without advertising is wrong to other business men in the place.

Whether a man believes in advertising or not, he will coincide that the newspapers are a great help to the place, and that business cannot be done in places that don't support one or more of them.

A newspaper is a bad sign for a place, in a business point of view, as absence of churches in its morals, of school houses in education.

The men who support the village paper do more to build up the place, and make it prosperous, than all other influences.

Business combined. Therefore, the man who tries to come in and take the benefits of that prosperity without contributing to sustain it, tries to "dead head" on the rest of the business men, and does them wrong.

We are glad to see that our business men in Millersburg understand this subject, and that they not only know what benefit there is in advertising, but act in accordance with their knowledge.

House and Lot for Sale at a Bargain. A new frame dwelling with four rooms, out kitchen, well improved, with all necessary conveniences, located in the north-east part of Wooster, can be bought on good terms.

For particulars, call at this office or address, H. G. White, Republican office, Millersburg.

A. J. Shepler has purchased the Photograph Gallery of Ross Hall and will move his present Gallery into his new one next week.

Mr. Shepler has also just received some new instruments.

Snow fell to the depth of several inches Tuesday night.

Nicknacks at Weston's. Onions, Cranberries, Ginger Snaps, Spiced Jambos, Sugar Potatoes, Cream Crackers, Boston Crackers.

New Corn jelly is a substitute and readier of our paper, a live Republican in principle, and has married a good Republican. We wish the happy couple long life and prosperity.
