

Holmes County Republican

LOCALS

MILLERSBURG, O., April 11, 1872.

Post Office Hours. The Post Office will be open at 7 a. m. and close at 3 p. m. All letters put in the outside box up to 9 o'clock will be mailed for next morning's mail.

A Good Offer. Mr. Gaskill says he will donate one acre of land along the railroad, inside of the corporation to any party who will erect a manufacturing establishment of some kind.

Branch Road. The Pennsylvania Central have decided to build a branch road from Millersburg or Oxford, to Coshocton or Dresden and have already got the right-of-way part way along the route.

Awful. We have a young man in town who heard that midnight was a fatal hour. He now sits up till one o'clock so as to meet his fate bravely. He is usually accompanied by a young lady who believes the same thing.

House Plants. We are under obligations to Messrs. G. F. Newton & D. Duer, for some handsome house plants, Geraniums and Calceolarias. They are fine plants and are a few of a large lot which they have lately received from Painesville. Parties can be supplied at reasonable prices.

The Fish Law. The limitation of time prescribed by law for owners of dams to construct "chutes" for the "free run" of fish, expires on the 31st of January, and it is now the duty of the County Commissioners on being notified by any fish holders in the county, to construct such chutes in case the owner neglects or refuses to construct the same.

Good Wives. Good wives are better conservators of the public peace and morality than policemen, magistrates, prisons, statutes, and all the terrors of the law. Let a man be thus home anchored, and have an interest in a house and lot, and except that he is radically bad, he becomes a self-appointed guardian of the peace and of the public morals.

Concert. Our readers will remember the concert to be given in the Brick Church, Paint Valley, on Friday evening, 12th inst. The preparations are such as to indicate a good entertainment. Mr. A. Johnson the leader, is well known as a singer throughout the county. Mr. J. C. Busby is to preside as organist. We prophesy a good time. Let all attend.

Death of Edward Watts. J. E. Watts, of the firm of Watts & Sheets, died Tuesday evening about 9 o'clock, after an illness of one week. On Tuesday last week he took violently sick and suffered terribly until his death. It is supposed that he had injured himself by lifting, which was the cause of his sickness and death. His funeral will take place to-day (Thursday) at half past two o'clock.

New Boots & Shoes. S. H. Cherryholmes desires us to say that he has not time to write out of an advertisement, for this week's issue, and wishes us simply to say that he has now opened out one of the finest lot of Boots & Shoes brought to Millersburg for many a year. Look out for his new advertisement next week. In the mean time go and buy what you want, as you can get it cheap.

Look Out for Him. We learn from the Canton Republican that a man calling himself David Miller, representing himself as being from Canton, and as agent for the Aid Society, has been in the neighborhood of Walnut Creek and Berlin, in this county, collecting money for the sufferers by the Wisconsin fires. He is reported as a swindler, and not the David Miller of Canton. We never sent an agent into this county.

Pittsburg & Continental R. R. In another column will be seen a notice of a meeting held in Kenton some time since in the interest of the above named road. It is the firm belief of a good many that this road will yet come through this county, notwithstanding the general belief that it would be located north of us. We have understood that Judge Stranghan, who has been appointed chief engineer of the road, gave it as his opinion that the road would pass through this county.

Literature, Art and Song. This is the title of one of the most interesting and beautiful books that has been offered to the public for many a year. It is certainly rich, rare, and handsome, combining the humor of an anecdote, the wisdom of an essay, the sweetness and grandeur of poetry, the wonders of engraving and charm of music. It is spoken of in the highest terms by the press throughout the country. It gathers in a single, solid volume, the highest order of literature, excellence, which is added the rare beauty and interest of illustration. There are hundreds of beautiful illustrations that give feeling almost every thought and shade of feeling in human experience. It is only necessary to mention the name of the author of this critical review of the Lyric Poets—Dr. R. S. Mather, to illustrate the character of the work. Any one who is familiar with illustrations and designs, need simply to be told that Daniel Maclise, of the Royal Academy of London, is the author of these illustrations, to convince him of the great value of the work. It is published by the International Publishing Co. of New York.

Cash for Produce. E. Barton & Co. will pay cash for all kinds of county produce at the highest market price. They are dealing in almost everything that can be shipped. Farmers can get the cash for whatever they have to sell and their goods where they please and when they want. Three doors west of the Post Office.

Meeting of Presbytery. The U. P. Presbytery of Mansfield will meet at the U. P. Church, in Millersburg, on Tuesday of next week, April 16th, at 9 o'clock a. m. In addition to other business the following subjects will be taken up: 1st. How can the members of a congregation best promote its interests? 2d. The sanctification of the Sabbath. 3d. The duties of the church to her youth. All are invited to attend.

Wilson Machine. Our attention has been called to the American Button-hole Sewing Machine, which of all sewing machines is the best.

Business Changes.

On and since the first of April there have been quite a number of changes in the location of business firms in our town. The first one we noticed was that of A. Shrimplin, who moved his Shoe Store into Frey's Block, formerly occupied by J. A. Leopold. J. C. Corbus & Co. then removed their Hat Store into the room vacated by Shrimplin, where they will remain only a few days longer, until they sit down opposite the Commercial Block. Alfred Peters moved across the street into the room formerly known as Ganser's saloon. He has this nicely fitted up which makes a new and better business for him. The old building across the Square from the Court House, being about to be taken away to give place to a new National Bank building, J. P. Larimer accordingly opens out three doors further to the west, where he continues to furnish his customers with the best of groceries. H. S. Warner removes from the grocery business and Mr. Warner and his stock and continues the business in the same room. Geo. Lechner descends from the second story of the old Critchfield Block, and carries his Shoe Shop across the square to a room opposite the Jail where he will be happy to attend to the welfare of people's "soles." B. F. Hestinger opens out a new Tailor shop over Voorhes & Hudson's Store and Tin Store. Mr. Hestinger is a good tailor and will attend to all work consigned to him in the best manner. Hull & Larimer have bought out A. D. Work's Bakery and are running it in a very satisfactory manner. Neal Bell has opened out a new Shoe Shop up stairs, on the south of E. Negelepack's.

Conveyance. Courtney & Appleton have purchased the old building on the corner where the First National Bank are going to build, and are now moving it to the lot on Main street just below the Bank of J. & G. Adams where they intend repairing it, and fitting it up for a Photographic Gallery. The middle part of this row has been removed to the southwest part of the town. The remaining two story part facing on Clay street Mr. Long expects to take up to the lot on which he lives. The old Marble shop is on its way towards Killbuck somewhere. The building in which Corbus & Co. are now will be taken down and lodged in the place where the old Marble shop stood. J. & G. Adams will then commence their new Banking House which is to be erected on this last vacated lot next to the Frey Block. These are the principal removals among the business houses as far as we know now. There will be more building done in our town this summer than there has been for any one year for some time. We are glad to announce, and we hope to be able to announce still more next season. During the summer the Methodists will complete their church, and the Presbyterians will make preparations for rebuilding. The Lutherans will complete the tower on their church, and the Germans will finish theirs.

Never Relinquish your Object. Never relinquish the great object of your ambition; whatever it may be. Let it be, more or less distinctly, ever present to your mind. Let it exert a controlling influence over all your actions. In the first place, have some definite aim to your life—some distinct leading object of your ambition; and be ambitious to accomplish it. An aimless, objectless life is a dull and dreary waste. It lacks stimulus, zest, and enjoyment.

In choosing an object of ambition, choose a worthy one, in behalf of which all the higher and nobler faculties of your nature may be enlisted. Have an aim that you may unshrinkingly and proudly exhibit to the light of the day, and for which you may safely challenge the respect of all. Then pursue it earnestly and steadfastly. No matter what discouragement assail you, or what obstacles present themselves in your way, keep right on in the pursuit of your object. If your progress be slow, still persevere, and make it sure.

Removal. The subscribers having purchased Mr. Plimmer's store room located on Market street, J. H. Wagon has taken the office of the Public Square, one door east of Mr. Henry Howard's Drug Store, have already moved from Mr. Jacob's Iron Block to their new room. They have already received new additions to their large stock of Dry Goods, Notions, Cloths, Hosiery, &c. They wish to say to their former customers and the public generally to call and see them in their new place, and if they are content with receiving new additions to their present stock. One member of the firm being all the time in the east can secure bargains which enable them to sell at reduced figures. When in Wooster call and see them and their stock.

Walnut Creek Nursery. We would respectfully invite the attention of the public to our Orange Orchard, which is a full supply of choice varieties of Fruit Trees, such as Apples, Peaches, Plums, &c. We also furnish plants and cultivate Hedge Plants for the term of three years, warranting them to grow, and warranting a good stand for the sum of \$1 per foot. We are constantly turning out stock, and on any soil. Parties wishing to see us will find us one half mile south of New Carlisle, on Millersburg and Dayton road. Post-office address, E. M. Dwyer, Walnut Creek, Holmes county, Ohio.

Stationery. To all who are in need of paper, envelopes, etc., plain or fancy, we would state that we have a good assortment on hand, and are fitting up the post-office building, where we have a full stock of our stock on hand. The best brands of Copy Books, Ledgers, Note Books, Blank Books, Letter Heads, Note and Letter Paper, always on hand. Envelopes of all styles and colors. Our paper and envelopes are of the highest quality, and will be sold at the very lowest figures. Persons wishing to have their cards and envelopes printed, or to have their letter heads, can have them done at little expense. Please remember that all kinds of Stationery can be had at wholesale or retail.

The Old United States Clothing Store. Is the place to buy your spring and summer clothing of the old price, but with the steady advance in value. I bought my goods on condition of selling them at a low price, and you will find it to your advantage to call and examine my stock before buying elsewhere. Come one and all, to see my goods. E. M. Dwyer, Walnut Creek, Ohio.

Look to your Interest. If you want a Sewing Machine go to the Messrs. Hull & get a good one, one that is easy to operate. The cheapest and best machine in the world—never out of order, and is universally liked and used. It is the only one that will sew on any fabric, and is the only one that will sew on any fabric, and is the only one that will sew on any fabric.

Meeting of Presbytery. The U. P. Presbytery of Mansfield will meet at the U. P. Church, in Millersburg, on Tuesday of next week, April 16th, at 9 o'clock a. m. IN TOWN AND OUT.

Killbuck is on a high. The rain Monday night. Thunder shower Monday night. The blocks are having a merry time. Manufacture make more work. Millersburg has fifty two floors in it. Blessed is he that can endure the poor. The ass that carries wine drinks water. Home markets make prosperous farmers. It has rained two of these seven Sundays. Fish hooks and garden steels are in order. Moving days are nearly over. No one is in.

M. S. Rudy has moved his family to Hay-corn, Ohio. Our schools are now in full blast again, after a week's vacation. Now is the time to begin to clean up the streets and alleys. Sherman's march to the sea—his visit to the Pope.

What relates ought to be the best politician. The late spring will give the farmers heavy work for the next two months. Wheat stands look bare for the time of year. At this time last year peach trees were in blossom. A sign in Detroit reads thus: "New mail and old mail clothing always on hand."

The quality of made sugar and molasses this spring has never been surpassed. Quite a number of our citizens are not living where they did before they moved. The man who lately "boiled" a door is now suffering from a severe indigestion. "Tweed" expects to go to Salina when he dies, so that he can join one of the rigors.

Annual reports are said to be reasonable while, because they come up to blow. The detest of nature should be paid for by the detest of nature without a "reaction." Annual reports are said to be reasonable while, because they come up to blow. The detest of nature should be paid for by the detest of nature without a "reaction."

Dr. Guthrie has secured quite a good practice in Wooster. Pigeons have been very plenty in many places during the past two weeks. Several of our business men are not now buying their spring stock of goods. The long cold winter has caused fresh beef to be scarce throughout the country. The people of Mansfield are making grand preparations for the State Fair.

Amateur Stock Journal. The April number of this excellent periodical has been received. It is replete as ever with useful and to the entering spirit. Every department is ably sustained with well-written articles, illustrated by some twenty-five engravings of daily scenes, buildings, horses, cattle, sheep, dogs, poultry, &c. The price is 25 cents per copy, and the subscription price is \$2.00 per annum in advance. Send to the Editor, American Stock Journal, P. O. Box 100, Parkersburg, W. Va.

Newspaper Grumblers. Grumbling about newspapers, is as ancient as the world itself. Am, notwithstanding the multiplication of these modern conveniences and sleepless efforts of publishers to adapt their paper to every variety of taste, and every grade of sentiment, affording one might think, ample opportunity to readers to sit themselves down, and grumble there is still, perhaps, as much grumbling about newspapers as there ever was.

We suppose it does not often occur to the grumblers that possibly they themselves may be at fault, may be unreasonable, may expect impossibilities, may have a fit of indigestion or colic, or may be stupid or unappreciative. It may, however, occur to them that the men who toil night and day to furnish them with the latest news, and the greatest variety of information and entertainment, are mortal, and sometimes tire themselves and get sleepy and cross and stupid, and forgetful and careless, and deserve, too, some consideration and even sympathy from those for whom they are so strongly grumbled at. Fault-finding readers do not consider that everything that is made by human brains and hands must, of necessity, be imperfect, however strong the desire, and however earnest the effort may be to have it faultless. And above all, they forget that a newspaper cannot be made for general circulation, and yet, in everything, exactly suit any one person.

Society and Fashion.

Leaves, buds and flowers are more worn in bonnets than feathers. Ladies are beginning to wear their hair loose on the head. Parisian fashions are the rage, and that has just appeared. Dolly Varden calicoes are now considered the height of fashion. The pretentious wearing vests over the shirt is said to be very fashionable in England. Glycerine and lime juice are said to be better for hair than oils or pomade. A new brush has been invented lately for cleaning and setting wigs. Curly hair is now considered very beautiful, and is worn by old and young. A new style of dress button is of frosted shell, with a raised initial letter in its center. White linen gaiters lace or insertion is very much used this season for trimming this dress. The latest style of all boots for ladies have buttons on both sides, and are without straps.

There has probably never been a greater variety of more costly importations in silk than the present season. Twenty-three inches is considered the proper size for a lady's waist at the present day when small, waip-like waists are no longer at vogue. Among the new importations this spring are: A gold or silver initial letter on laced or white paper. A new style of ear-rings is called the Lily of the valley style, and consists of a succession of small bell-shaped flowers. Many gentlemen who have attempted to wear French heels to their boots, have discovered that it is unpractical, and finally discarded them. The most fashionable ornament for the hair is a small diamond or sapphire ring, which is fastened to the hair by means of a small ring, which is fastened to the hair by means of a small ring.

RAILROAD MEETING.

The meeting held at this place yesterday, in the interest of the Baltimore, Pittsburgh & Continental Railroad, was largely attended and a remarkable interest and enthusiastic spirit manifested. Delegates were present from Indiana, Mercer, Auglaize, Morrow, Richland, Ashland and Holmes counties besides the outpouring along the line in our own county. Stick's band drew the delegates together at the Court House after dinner, and at 2 o'clock the meeting was called to order by placing R. Leblond, of Mansfield, in the chair. Thos. E. May, of Kenton, was selected as Secretary. A report from Indiana was first made by Mr. Campbell, President of the Indiana Division, which was regarded as very flattering. He was followed by Mr. Leblond, who was followed by Mr. May, of Kenton, who was followed by Mr. Campbell, President of the Indiana Division, which was regarded as very flattering.

Delegates were present from Indiana, Mercer, Auglaize, Morrow, Richland, Ashland and Holmes counties besides the outpouring along the line in our own county. Stick's band drew the delegates together at the Court House after dinner, and at 2 o'clock the meeting was called to order by placing R. Leblond, of Mansfield, in the chair. Thos. E. May, of Kenton, was selected as Secretary. A report from Indiana was first made by Mr. Campbell, President of the Indiana Division, which was regarded as very flattering.

The meeting held at this place yesterday, in the interest of the Baltimore, Pittsburgh & Continental Railroad, was largely attended and a remarkable interest and enthusiastic spirit manifested.
