Come to the celebration on the Fourth of July. Hitch up the big wagon and bring the whole family along. A glorious good time is expected.

On Saturday night last, some person or persons tore away the fence enclosing the front of the Court House and public buildings. It would be as well for the perpetrators to keep their names from the officers of the law.

Stark County Democrat.

We learn from our exchanges that the Stark County Democrat, one of the best Democratic papers in Ohio, is out in a new dress. We have not seen the Democrat for a number of weeks .-Mc., please send us one that we may see how it 

Worth Knowing.

As "fly time" is nearly upon us, we may remind our readers that it is said that if three or four onions are boiled in a pint of water, and the liquid is brushed over glasses or frames, the flies will not light on the articles washed. This may be used without apprehension, as it will not do the least injury to the frames.

Foot Racing.

This healthy and funny exercise has become quite popular in and about the village of Oxford. A number of races have already come off to the great delight of bystanders. On Saturday next, a great race is to take place between a young man from Napoleon and one from Oxford. They are said to be fast. A high time is expected. .....

Millersburg Academy. We direct attention to the advertisement for the Millersburg Academy. The school under the charge of the present proprietors is highly commended by those who have been in attendance .-The first quarter has demonstrated that the proprietors are worthy of the support of our citizens; and we hope liberal patronage will be in future extended by those who are interested, as all are, in having a good school in our midst.

..... The Cattle Disease.

The Massachusetts Cattle Disease is spreading rapidly. It has made its appearance in New Jersey, and we are informed that seme cases of it are Moffat's Life Pitts and Phenix Bitters. reported in Bucks County, Pennsylvania. It tion, and we would warn cattle dealers and farmers to be on the look out for it. It seems to be settled that the disease is communicated by contact, and in this way it is imparted from one herd to another; and unless the most active steps are soon taken in the right direction, it must spread

We merely gave it as a report, but we now learn, who played with the Band, that did not belong to it. Dr. Broxsov's Blood Four, in snother column He was Mr. SERGANT, of LELAND'S Band, Cleveland. Some fellow writing in last week's Republican attributed language to us we never uttered and then disputed the truth of it. We have handed him over to the Pinkerinetum debating society to decide whether he is the greater knave or fool. We understand Bill. Spangler to be his keeper. -----

Some fellow who skulks behind the anonymous name of "Fair Play," in last week's Republican, seeks to draw us into a controversy in reference to the Band Convention at Wooster. Not being at the Convention we, of course, do not know what was or was not done further than we learn it from what has not done further than we learn it from what was not done further than we learn it from the convention of the conv those who were present. The letter from Mr. 28-8-milershire, Onlor. For sale by J. K. Kaiff, drug- Fig. BAUMGARDNER, published in last week's Farmer, sustains what we said about the Convention. It will be remembered, too, that Mr. BAUMGARDNER is one of the leading Republicans of Wayne county. The writer seems to have had a little bile on his stomach and being desirous of working it off "pitched into" us. When Mr. "Fair Play" has manhood enough about him to come out over his proper name we will pay our respects to him. We are careful about hunting skunks in the dark.

Things we Like to See.

We like to see candidates for office agree in politics with every man they converse with-it looks so much like principle. We like to hear men denounce others for things-

at all town improvements, and neglecting, en messe, all organized precautions against a large or the spread of a small fire—it shows that some men are prudent and enterprising.
