GOOD ADVICE TO A FARMER.

"Many years ago," said a quaker friend, who told us the following anecdote, "many years ago, a brother of the celebrated Benjamin West, who had been a cooper in the city, a man of sterling sense and integrity, purchased a farm some miles out of the city, which had been suffered to be overrun with briars and bushes. He was for a short time considered by his neighbor farmers as very far from being as wise as Solomon, or even themselves; but in a few years his was the best and most productive farm within fifty miles around him; and his fame as a farmer spread far and wide. One day a man came to him who was desirous of improving his farm, and asked him how he should do it. 'Go home,' said Mr. West, 'and make five or ten acres as rich as those wants, and come to me and I will tell thee what to do next. But, said the farmer, I have not manure enough to do that. Very well, then, go and prepare three acres, two acres, or one acre, in the same way, but what these undertakes, do well.' The farmer, said our friend, perfectly comprehended the advice, and what is unusual, practised upon, and benefited by it, leaving at this date one of the best farms in the country." Go and do thou likewise.—*Phila. Herald.*

O—, may thou art surely fair
Behold thine eyes are bright
I've wreathed my spirit in thine
For it is dark as night.

I've heard thy song behold its sweet
As breath of birds in may
And music a folded round thy feet
So beautiful as they.

While I, have hurried from the throng
To loon upon thy chair
I heard the beauty of thy song
And I saw thou was fair—

But, why need I, my hymn pour round
The pillow of thy Rest
Mothinks the bird of thy heart's found
A far, far, Greener nest.

For I, ve bloom, of smiling youth
Thou, at taken that from me,
I only bring my Earnest truth
My Glowing heart to thee,

Rivers of sorrow's in my cup
Turn not thy face away
O, smile and then, Drink it up
Were it death right away.

For Death itself would seem to rest
Rather than rack my frame
If M. R. T. would see I'm blest
In changing but her Name.

Extract of a letter from a young man in Arkansas, to his mother in New Hampshire.

"This is a great country! I'm makin' my eternal fortune here just as fast as I can. They've lately pointed me post-master in this town, and I'm expectin' to be made squire, afore long. I've had three cases already. One on'em was where a feller gouged out another chap's left eye. I took scriptur for it where it says 'an eye for an eye, a tooth for a tooth,' so I decided the case accordin' I can do anything a little smarter than any of 'em 'cep'tin' playin' cards, but I do think they rather go ahead of me playin' lu and poker, cause they almost always win my money. You know them shirts you said you'd make for me and didn't know how to forried 'em on; you can send 'em by mail now, as I don't have any postage to pay. If the water-moltons are ripe, send on lu or three; so them to pair of nankeen trousers I hadn't room for in my trunk when I left hom. Send 'em all by mail—they went cost me a single cent. I've now been here nearly nine months and my health has been the billions 'fear twict the consecutive fever one't, and the fever and ager occasionally, and the dumb ager all the time. I'm beginnin' to shake, so I must stop writin'. Don't forget the shirt and trousers. Give my lov to Eunice Holmes and ask her if she collects Hep Stearn's quilin. Tell Zack Sigars he may keep that knife, cause away and forgot. No more at present.

Your loving son,

B. Apples is quite scarce out here. I would ask you to send on a barrel by post, only I'm afraid they'll lumber up the mail. You can send a sack any how.

The Phil. Messenger touches off N York in the following style:

New York is the very hotbed of humbug—its hotels are humbug—its academies are humbug—its Broadway is humbug—its Wall street is a humbug, its men, women and children are humbugs, and especially and above all its literary pretenders humbugs. It there is a place in the world where the weekly papers are essentially and ineradicably tainted with humbug, New York is the place. There the editors live by it—it is their meat, drink, and physick. It is shown in all their acts—it exemplifies their daily walk and conversation, it is part and portion of their very existence. They move and have their breathing in it; without it they would stiffen and choke.

Young girls spend precious days, and even years, in learning to paint "patience on a monument," or a prospective scene in a vegetable garden, without ever dreaming how to wash a tea cup or finding out the mystery of concocting good bread. How few ladies draw landscapes when they have kind husbands to entertain, and how few play the harp or piano when they can substitute the lullaby.

Regulation of diet. Many shut themselves up entirely in unpleasant weather, during the long winter, or whenever they find a pressure of business with or in unpleasant weather without; and yet they eat just as voraciously as if they took exercise every day. It is the quantity rather than the kind of food, which destroys sedentary persons; though it is true that the more simple the food the better.

When by any means you have been injured by your food, or have overstepped the proper limits as to eating, I have found in such cases that the most perfect way to recover is to abstain entirely from food for three or six meals. By this time the stomach will be free, and the system restored. It is a part of the Mahomedan and Pagan system of religion that the body should be recruited by frequent fastings. Let a bull dog be fed in his infancy upon pap, Naples biscuit and boiled chicken, let him be reared in flannel at night, sleep on a feather bed, and ride out in a coach for an airing—and if his posterity do not become short limbed, and valetudinarian, it will be a wonder. *Todd's Manual.*

DOMESTIC MARKET.
At New Orleans. Flour was selling in small lots at \$6 a 60 for old wheat, and 7 for new wheat.

At N. York.—The market for Flour presented a heavy appearance, owing to the contracted light receipts of Western \$6 87 a 7; OHIO \$6 62, and Southern \$6 37 a 6 62; the opinion is in favor of a slight decline.

At Cincinnati.—The prevailing rates demanded are still \$4 87 a 5 wheat 75.

At Dover.—Four \$4 50 a 5 per bbl. wheat 85 per bushel.

CERTIFICATES.

Letter from the Hon. Abraham M'Clellan, Sullivan County, East Tennessee, Member of Congress.

WASHINGTON, July 3d, 1838.
Sir—Since I have been in this city, I have used some of your Dyspeptic medicine with infinite benefit and satisfaction, and believe it to be a most valuable remedy. One of my constituents, Dr. A. Garden, of Campbell county, Tennessee, wrote me to send him some, which I did, and he had employed it very successfully in his practice, and says it is invaluable. Mr. Johnson, your agent at this place, thinks you would probably like at agent in Tennessee. If so, I would recommend Dr. A. Garden as a proper person to officiate for the sale of your celebrated medicine. Should you commission him, he is willing to act for you. You can send the medicine by water to the care of Robert King & Sons, Knoxville county, Tennessee, or by land to Graham & Houston Tazewell, East Tenn. I have no doubt but if you had agents in several counties in East Tennessee, a great deal of your medicine would be sold. I am going to take some of it home with me for my own use, and that of my friends, and should like to hear from you whether you would like an agent at Blountville, Sullivan county East Tenn. I can get some of the merchants to act for you, as I live near there.

ABRAHAM M'CLELLAN, of Tenn.
To Dr. Wm. Evans, 100 Chatham st. N. Y.

ABRAHAM J. CREMER, residing at 66 Mott street, New York, was afflicted with Dyspepsia in its most aggravated form. The symptoms were violent headache, great debility, fever, costiveness, cough, heartburn, pain in the chest and stomach always after eating, impaired appetite, sensation of sinking at the stomach, fixed tongue, nausea; with restlessness. These had continued upwards of twelve months, when a consulting Dr. Wm. Evans, 100 Chatham street, and submitting to his over successful and agreeable mode of treatment, the patient was completely restored to health in the short space of one month, and grateful for the incalculable benefit derived, gladly came forward and volunteered the above statement.

Dr. Wm. EVANS' Medical Office, 100 Chatham street, New York.

THE FOLLOWING CERTIFICATE was handed to us by Mr. Van Schieck, of Albany, a highly respectable member of the community, and whose veracity cannot be doubted: Mr. Stephen Kendall, of the town of Westerlo, county of Albany, was for about 27 years troubled with a nervous and bilious affection, which for 7 years rendered him unable to attend to his business, and during the last three years of his illness was confined to the house. His symptoms were dizziness, pain in the head and side, palpitation of the heart, event of appetite &c. After extending curing his confinement, nearly three hundred dollars without obtaining any permanent relief, he by accident noticed an advertisement of Dr. W. Evans, Camomile and Aperient Pills, and was consequently induced to make a trial of them. After using them about a fortnight, he was able to walk out; in four months he could attend to business, and he considered his disease entirely removed. The above information was given to the subscriber by Mr. Kendall himself; there can, therefore be no deception.

STEPHEN VAN SGHAIK.

Another very severe case of Inflammatory Rheumatism cured by Dr. Wm. Evans' Medicine.—Mr. John A. Carrall, of the county of Westchester, town of North Castle, New York, had been severely afflicted with inflammatory rheumatism for thirteen months with violent pains in his limbs, great heat, excessive thirst, dryness of skin, limbs much swollen, was not able without assistance to turn in bed for six weeks. Had tried various remedies to no effect. Was advised by a friend of his to procure some of Dr. W. Evans' medicine of 100 Chatham street, New York, which he immediately sent for, and after taking the first dose found great relief, and in continuing its use according to the directions for ten days, was perfectly cured. Allow me to refer any person to him for the truth of the above statement.

Dr. Wm. Evans' Medical Office 100 Chatham street, New York where the Doctor may be consulted, and his medicine procured.

A severe case of Piles cured at 100 Chatham street. Mr. Daniel Spinning of Shrewsbury, Eden Town, New Jersey, was severely afflicted with Piles for more than 20 years. Had recourse to medicines of almost every description, also the advice of several eminent Physicians, but never found the slightest relief from any source whatsoever until he called on Dr. Evans, of 100 Chatham street, New York, and procured some medicine from him, from which he found immediate relief, and subsequently a perfect cure.

Extract of a letter of Jonas Snyder, Esq. to Dr. Wm. Evans, N. Y.

Among several cases, the following is of an elderly lady, who had been afflicted with a bilious disorder for the last 3 years, on consulting a medical aid from a respectable physician, he prescribed the usual medicine, but the pressure and pain on her head and breast, and especially with weakness in her head, and on her mind, keeping her discouraged to under take any thing. In May she commenced using Dr. W. Evans' medicine according to the directions accompanying them. A reaction took place; the pain and pressure in her body was removed; her mind became clear and strong; her spirits perfectly good, and up to this time it is in all respects restored to health, which for the last ten years has not enjoyed.

(Signed,) JONAS SNYDER.
September 7, 1838.

Another recent test of the unrivaled virtue of Dr. Wm. Evans' Medicine.—DYSPEPSIA, TEN YEARS STANDING.—Mr. J. McKenzie, 175 Stanton street, was afflicted with the above complaint for ten years, which incapacitated him at intervals, for the period of six years, in attending to his business, restored to perfect health under the salutary treatment of Dr. Wm. Evans.

The symptoms were.—A sense of distension and oppression after eating, distressing pain in the pit of the stomach, nausea, impaired appetite, giddiness, palpitation of the heart, great debility and emaciation, depression of spirits, disturbed rest, sometimes a bilious vomiting, and pain in the right side, an extreme degree of languor and faintness; any endeavor to pursue his business causing immediate exhaustion and weakness.

Mr. McKenzie is daily attending to his business, and none of the above symptoms have recurred since he used the medicine. He is now a strong and healthy man. He resorted to myriads of remedies, but they were all ineffectual. He is willing to give any information to the afflicted respecting the inestimable benefit rendered to him by the use of Dr. Wm. Evans' medicine.

The above Medicine can be procured of all Dr. Wm. Evans' advertised agents in the United States, and throughout the World.

Dr. Evans, in order to prevent the patrons of his Medicines being imposed upon by counterfeiters, has had the labels of all his medicines entered according to act of Congress. He requests them therefore, to be particular in seeing that the labels contain the following notice:—
"Entered according to act of Congress, by W. Evans, in the year 1839, in the Clerk's Office of the Southern District Court of New-York."

One day a man came to him who was desirous of improving his farm, and asked him how he should do it. 'Go home,' said Mr. West, 'and make five or ten acres as rich as those wants, and come to me and I will tell thee what to do next. But, said the farmer, I have not manure enough to do that. Very well, then, go and prepare three acres, two acres, or one acre, in the same way, but what these undertakes, do well.' The farmer, said our friend, perfectly comprehended the advice, and what is unusual, practised upon, and benefited by it, leaving at this date one of the best farms in the country."
