Reader, are you afflicted with Indigestion, Constipation, Sour Eructations, Loss of Appetite, Water Rash Pain or Distress at the Stomach, Sicknes after Eating, Languor, Pain in the Head, Breast, Back, and Limbs, Dizziness and Confusion of Sight, a Fear of some impending Evil, Restlessness, a Dislike for Food, with other Nervous Symptoms, being before you the Picture of the Dyspeptic, and Consumptive patient. Having resolved to remedy them, procure immediately a box of DR. HUNT'S PILLS, a never failing and efficacious remedy for those dreaded foes of human happiness Dyspepsia, Consumption and Liver Complaint, and the whole train of melancholy affections arising from diseases of the Stomach, Liver, Bowels and Lungs.

Sold at the Office, 1 Chatham street, N. York.

**DR. HUNT'S CELEBRATED PILLS,**  
 FOR CONSUMPTION, DYSPEPSIA, AND LIVER COMPLAINT, &c.

As the enjoyment of health depends on preserving the functions of the Stomach, Liver, Intestines and Lungs, in a healthy and vigorous state, through the operations of which the body receives its growth, its nutrition, its support, it can no longer be astonishing that when these viscera are deranged, and cannot perform their proper functions, the whole system suffers and becomes disordered. Knowing this to be a sound and demonstrated fact, in science and experience, DOCTOR HUNT'S SYSTEM OF PRACTICE is in accordance with it. He aims to keep the Stomach, Lungs and the Liver, in vigorous and healthy action, as the three great fountains of health and life. For this purpose his pills are compounded of herbs, which strengthen and equalize the action of the heart, and give an impulse or strength to the arterial system, at the same time quicken the action of the absorbent and discharging vessels; and as all the secretions are drawn from the blood, any morbid condition which may have taken place is removed, all obstructions are overcome, the blood is purified, and the body assumes a healthy state. These pills give tone to the stomach, increase the appetite, and eminently expel all acid or morbid matter through the excretory ducts into the passage of the bowels. In all cases of Consumption, Indigestion or Dyspepsia, Bilious Affections, or Liver Complaints, Heartburn, Sourness or Acidity in the Stomach, Tightness at the Chest, Loss of Appetite, Sick Head Ache, Pain in the Head, Back, Limbs and Side, Flatulency, Typhus and Scarlet Fever, Putrid Sores Throat, Fever and Ague, or Intermitting Fevers, Gout, Rheumatism, Lumbago, Sciatica, Spasmodic Affections, and The Dolorous Convulsions of Children, Measles, Small Pox, Hooping Cough, Rickets, Teething, Worms, Female Obstructions, Chlorosis or Green Sickness, and Rejections of Food, and Costiveness, Colic, whether flatulent or Bilious, follow the DIRECTIONS.

**DEEN.**—Take from three to ten pills, till they operate, two or three times daily. The use of the pills must be persevered in till a cure is effected.

**INTERESTING AND APPLICABLE TO THE AFFLICTED**  
 WITH  
**DERANGEMENTS OF THE STOMACH, OR NERVES;**  
 Such as DYSPEPSIA, either Chronic or casual; under the worst symptoms of restlessness, Loss of Spirits and General Emaciation; constipation, whether of the Lungs or Liver, Biliary and Spasmodic; Costiveness; Worms of every variety; Rheumatism, whether Acute or chronic; together with GOUT, Scrofula, Pains in the Head, Back, Limbs, and Side, TYPHUS FEVER, SCARLET FEVER, Putrid Sores Throat, FEVER and AGUE, Spasmodic Palpitation of the Heart and Arteries, Nervous Irritability, Nervous Weakness, Hysterics, The Dolorous Cramps, Female Obstructions, Heartburn, Headache, Cough, the Common or humid, and the Dry or Whooping; ASTHMA, Graves and Dropsy.

**Notice.**

THE Blood has hitherto been considered by Empiricks and others, as the great regulator of the human system, and such is the devotedness of the adherents to that erroneous doctrine, that they content themselves with the simple repetition of this fallacious opinion, without enquiring into the primary sources from whence Life, Health, and vigour emanate, and vice versa pain, sickness, disease and death. Not so with DR. HUNT whose extensive research and practical experience so eminently qualify him for the profession of which he has been one of the most useful members. He contends—and a moment's reflection will convince any reasoning mind of the correctness of his views—that the stomach, liver and the associated organs are the primary and great regulators of health, and that the blood in very many instances is totally disconnected with the first and succeeding stages of disease, and that unless a medicine reaches the root of the disease, the superficial remedies usually prescribed, serve but as foils to cover the ravages of deep-rooted maladies. Under these convictions, at the expence of years of close application, the doctor has discovered a medicine whose searching powers are irresistible, and in prescribing it, it is with a firm conviction of its being a radical cure in the various diseases already enumerated, even if applied in the most critical cases, but he does not pretend to scribble to

**DR. WILLIAM EVANS'S SOOTHING SYRUP FOR CHILDREN TEETHING.**  
 PREPARED BY HIMSELF.

To Mothers and Nurses.

The passage of the teeth through the gum produces troublesome and dangerous symptoms. It is known by mothers that there is great irritation in the mouth and gums during this process. The gums swell, the secretion of the saliva is increased, the child is seized with frequent and sudden fits of crying, watching, starting in its sleep, and spasms of peculiar parts; the child shrieks with extreme violence, and thrusts its fingers into its mouth. If these precursory symptoms are not speedily alleviated, spasmodic convulsions universally supervene, and soon cause the dissolution of the infant. Mothers who have their little babes afflicted with these distressing symptoms would apply Dr. William Evans's Soothing Syrup, which has preserved hundreds of infants when thought past recovery, from being suddenly attacked with that fatal malady convulsions.

This infallible remedy has preserved hundreds when thought past recovery, from convulsions. As soon as the Syrup is rubbed on the gums, the child will recover. This preparation is so innocuous, so efficacious, and so pleasant, that no child will refuse to let its gums be rubbed with it. When infants are at the age of four months, though there is no appearance of teeth, one bottle of the Syrup should be used on the gums to open the pores. Parents should never be without the Syrup in the nursery where their young children, for if a child wakes in the night with pain in the gums, the Syrup immediately gives ease, by opening the pores and heats the gum thereby preventing Convulsions, Fevers, &c.

Entered according to Act of Congress, by particular that the label on the box express such. The genuine is vouched by Agents only.

Agent: Dover.

To Mothers and Nurses.

The passage of the teeth through the gum produces troublesome and dangerous symptoms. It is known by mothers that there is great irritation in the mouth and gums during this process. The gums swell, the secretion of the saliva is increased, the child is seized with frequent and sudden fits of crying, watching, starting in its sleep, and spasms of peculiar parts; the child shrieks with extreme violence, and thrusts its fingers into its mouth. If these precursory symptoms are not speedily alleviated, spasmodic convulsions universally supervene, and soon cause the dissolution of the infant. Mothers who have their little babes afflicted with these distressing symptoms would apply Dr. William Evans's Soothing Syrup, which has preserved hundreds of infants when thought past recovery, from being suddenly attacked with that fatal malady convulsions.

This infallible remedy has preserved hundreds when thought past recovery, from convulsions. As soon as the Syrup is rubbed on the gums, the child will recover. This preparation is so innocuous, so efficacious, and so pleasant, that no child will refuse to let its gums be rubbed with it. When infants are at the age of four months, though there is no appearance of teeth, one bottle of the Syrup should be used on the gums to open the pores. Parents should never be without the Syrup in the nursery where their young children, for if a child wakes in the night with pain in the gums, the Syrup immediately gives ease, by opening the pores and heats the gum thereby preventing Convulsions, Fevers, &c.

Entered according to Act of Congress, by particular that the label on the box express such. The genuine is vouched by Agents only.
