

The Hope fair is being extensively advertised and will no doubt be a greater success than was that of last year.

It is announced that St. Joseph's college will be completed and ready for occupancy by students by the time for opening the fall term.

It is nip and tuck between the Free Methodists on the west side and the political wranglers down town, which can make the most racket.

Herington will hold a special election on the 24th to determine whether the new school house shall be solid brick or only a "veneered" structure.

The Headlight howls for a mail service over the C. K. & N. and truthfully remarks, "Our present facilities for communication with the county seat is an outrage."

We respectfully suggest that the political wranglers who wish to air their views on the questions of the hour hire a hall and cease obstructing the sidewalks and streets.

The Sentinel says that the Solomon Land and Town Co. have offered \$100 toward moving Fuller's gypsum mill to Solomon, and that they will build a sidewalk on Pine street from the Rock Island depot to First street.

MARRIED.—In Hope, July 18, by Rev. E. G. Betts, Geo. C. Foster, of Eureka, and Miss Jeanie Moon, of Hope. The young people left for their new home, Eureka, on last evening's train. We extend to them our heartiest congratulations.

The Abilene city corps of teachers has been completed by the election of Miss Mary E. Wilder as assistant in the high school. Miss Wilder made many friends during her former stay here and they will be glad to know that she is to be with us again.

A new order has been promulgated among the court house officials that the whisks must go. Bert and Nail have complied with the order. Cooper says he will do so. The question whether Col. Dingee will sacrifice his magnificent whisks is still an open one.

A remarkable happening is the death of one of the magnificent elms on the court house lawn. Up to Wednesday it was as green and vigorous as are its neighboring trees but then its leaves began to wilt and wither and today it is apparently nearly dead. There is no injury about the roots, nor any indication of damage anywhere. The most plausible theory is that it has been struck by lightning.

M. H. Bert, our efficient county clerk, was among the first officials in the State to get his yearly report arranged the Topeka Capital to the contrary notwithstanding. An abstract of it was published in the REFLECTOR three weeks ago and ten days before the Capital correspondent struck the city. Dickinson county may well be proud of her officials, but of none more than the keeper of her records.

Another Youth Sentenced.

Last evening Judge Nicholson passed sentence on Victor Stamey, the seventeen-year-old lad who stole a horse from S. Dunnet and took it to Stephens Mills where he traded it off. He pleaded guilty and was given one year in the penitentiary. His being over sixteen prevented his being sent to the reform school. Dickinson county is furnishing more than her share of boy criminals this year.

Lieutenant Governor Finley.

The Prohibition convention which met at Hutchinson this week completed its ticket yesterday. Abilene was honored by the placing on the ticket the name of R. J. Finley, of this place, for Lieutenant Governor. While we cannot conscientiously wish Mr. Finley success in his canvass, we personally are glad to see him honored by the nomination, and hope he will get as much fun out of the campaign as the other fellows.

REPUBLICANS IN COUNCIL.

The Crawford County System Repealed.

AN UPRISING OF THE PEOPLE.

A Harmonious Convention—No Instructions Given—Hon. A. W. Smith, J. R. Burton and Others Address the Delegates.

The Republican county convention, called to select six delegates and six alternates to the State convention at Topeka, July 25th, and eight delegates and eight alternates to the Senatorial convention at Industry, Aug. 27th, met in the court house Saturday at 11 o'clock. The eighty delegates were present, ready for aggressive, enthusiastic work for the party and against all dimensions and schemes.

The convention was called to order by the chairman of the central committee, Dr. J. M. Hodge, who made a short, ringing speech. He spoke of Harrison's nomination in enthusiastic terms, and every mention of the gallant Ben's name was greeted by applause. He then stated the object of the convention—to elect delegates to Topeka and Industry.

The secretary of the central committee, G. W. C. Rorer, read the published call for the convention.

On motion of W. S. Stambaugh, W. E. A. Meek, of Dillon, was chosen temporary chairman of the convention and was conducted to the front. Before taking his seat, he expressed his thanks that Hope township as well as himself had been honored in having again the gift of the chairmanship.

On motion of S. Holdsworth, J. L. Galbreath was elected temporary secretary.

It was voted that committees be appointed by the chair as follows: Permanent organization, seven; credentials, five; nomination of delegates and alternates, seven; order of business, five; resolutions, five.

W. P. Robinson moved a recess of ten minutes, and the convention so adjourned during the selection of the committees by the chairman.

Upon the call to order, the following committees were announced:

Permanent organization—C. M. Case, Ed Glenn, J. C. Russell, J. L. Galbreath, F. V. Close, W. T. Fisher, Wm Gugeler.

Credentials—George Burroughs, Jas Frey, W. L. Nixon, Z. W. Coleman, T. C. Ayers.

Delegates—W. P. Robinson, S. Holdsworth, W. M. Sherwood, H. Whitley, G. W. Martin, H. Flora, G. W. King.

Order of Business—G. W. Lewis, G. A. Rogers, B. W. Peck, J. Schopp, J. S. Hollinger.

Resolutions—E. Brunson, E. D. Humphrey, A. S. Davidson, D. R. Gorden, G. W. Carpenter.

On motion of E. Brunson the convention adjourned until 1:30 p. m.

At the opening of the afternoon session of the convention, a motion was made that there be an address by Hon. A. W. Smith, of McPherson, who was in the building. Mr. Smith returned word that he thought it would be in better taste to defer his remarks until after the delegations were chosen.

Hon. J. R. Burton was loudly called for and addressed the convention for a short time. He spoke of Harrison in the most glowing terms and evoked round after round of applause. He asserted that Ben Harrison is the greatest man who ever bore the name. He reviewed Harrison's life and record, showing him to be the leading patriot-statesman of Indiana today, a man suited to the people by his ability, his wisdom and his eminence. The support of England and Canada which is given so strongly to Cleveland and the free trade Democratic platform, was discussed in caustic terms and England's competition with us was referred to as one of the best reasons why we should stand up for America and American institutions. The speech was in Mr. B.'s best vein and was much enjoyed by the large audience present.

The report of the committee on order of business was read by the chairman, W. G. Lewis, of Willowdale. The report was adopted as read. First on the list was the report of committee on credentials, which was read by Geo. Burroughs, chairman. All precincts in the county were reported as fully represented except four. Report adopted.

C. M. Case, of Enterprise, reported for the committee on permanent organization. The committee recommended that the temporary organization be made permanent. It was accepted unanimously.

The report of the committee on nomination of delegates to Topeka and Industry was read by W. P. Robinson as follows:

TOPEKA, July 25th. DELEGATES. ALTERNATES. O. L. Moore, A. S. Davidson, Clem Bell, J. B. Baxter, C. Hoffman, S. Holdsworth, Dan'l Weaver, A. M. Cray, H. Flora, H. C. Harvey, G. A. Rogers, K. G. Fleming, J. C. Russell, J. E. Snyder.

INDUSTRY, Aug. 27th. DELEGATES. ALTERNATES. Jas. Culbertson, Robt Knox, J. B. Edwards, W. S. Stambaugh, J. W. Gibson, B. W. Peck, Geo. Burroughs, W. P. Robinson, E. Brunson, H. Whitley, Jno Lamb, Jno Latta, T. C. Ayers, D. M. Myers, J. C. Russell, J. E. Snyder.

The report was adopted and the delegates declared elected.

G. W. Carpenter, read the following resolutions which were unanimously adopted:

Resolved, That the sentiment of this convention is in full and hearty accord with the platform and principles adopted by the Republican National convention at Chicago, and that we recognize therein the sterling ideas which should animate all brave Republicans.

Resolved, That the nominations of Benjamin Harrison and Levi F. Morton have the unusual endorsement of this convention, and that we esteem them not only as representative Republicans, but as representative Americans.

E. Brunson then read the following resolution: Resolved, That we are opposed to the Crawford county system as recommended by the county convention last fall; believing that the delegate system that has been in vogue for the last thirty years is far preferable.

On motion of W. P. Robinson, the rules were suspended and the resolution received. It was moved by B. W. Peck that the resolution be adopted by the convention. W. S. Stambaugh objected and a vote by delegations was called for.

Dr. Ayers moved that those present cast the full vote of precincts when such precincts were only partially represented.

A motion was made to limit speeches to five minutes; amended to ten. The amendment was lost and the original motion carried.

C. G. Hawk was elected assistant secretary and the speech-making program was closed.

W. S. Stambaugh was the first speaker. He reviewed the action of the convention that adopted the Crawford Co. system last summer.

E. Brunson followed in a strong talk showing the way in which the system was put through last year. The delegate plan, he declared, is the best for all concerned that this county ever knew. He showed that the working of the system was to aid the towns and not the county districts. He was closely listened to and loudly applauded upon taking his seat.

I. L. Hart, of Buckeye, spoke briefly in opposition to the system.

Hon. J. S. Hollinger gave the working of the system in Pennsylvania and showed that the county from which the system takes its name has repudiated the plan and today votes by delegation.

J. C. Russell opposed the system and hoped it would be voted down. John Nye also opposed it.

J. E. King thought that we had too many conventions and that it was difficult to get people to attend primaries.

W. T. Lewis made the convincing argument that the townspeople could nominate every man they wanted and that rural districts would never know that there was any primary. He believed in conventions and thought that without them the Republican party would be ruined.

J. B. Baxter moved that the discussion close. The motion was carried enthusiastically, for the sentiment of the convention was evidently strongly opposed to the system.

The roll of precincts was called by Secretary Galbreath and the delegations voted for or against the Brunson resolution, and so against or for the Crawford county system. The vote resulted: 61 votes for the resolution and against the Crawford system; 14 votes against the resolution and for the Crawford system. Some ringing speeches were made by Messrs. Robinson, Ayers, Baxter and others, congratulating the delegates upon doing away with the Crawford county plan.

J. E. King read and moved the adoption of a resolution that the decision of last year's convention that candidates for county officers should not come before the Republican convention more than twice be rescinded. J. B. Baxter amended that the resolution be laid on the table; carried.

The business of the convention being finished, a short time was devoted to speeches.

I. L. Hart, who took part in the Wm. Henry Harrison campaign, gave a few reminiscences of that contest.

Hon. A. W. Smith was then introduced and spoke on national questions in a manner that captivated his hearers. Mr. Smith reviewed the history of Kansas and his own efforts toward building up the West. The mail service came in for a scorching criticism. The tariff was ably discussed and the benefits of protection ably shown.

Mr. Smith was frequently applauded and loudly cheered at the close of his address.

The convention then adjourned, sine die.

Its Use for Kidneys.

I have been suffering from kidney disease for a month past, and the pain in my back was very severe. My occupation requires a good deal of writing at night and I suffered all the time. I saw one man who said he was cured by using Botanic Blood Balm (B. B. B.) and I commenced using it and the pain is a great deal less. I have only used two bottles and believe it will effect a cure by the use of a few more bottles. Yours respectfully, J. E. COLEMAN, Blood Balm Co., Atlanta, Ga.

Give Them a Chance.

That is to say, your lungs. Also all your breathing machinery. Very wonderful machinery it is. Not only the larger air-passages, but the thousands of little tubes and cavities leading from them.

When these are clogged and choked with matter which ought not to be there, your lungs cannot half do their work. And what they do, they cannot do well.

Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Boschee's German Syrup, which any druggist will sell you at 75 cents a bottle. Even if everything else has failed you, you may depend upon this for certain.

In Brief, and to the Point.

Dyspepsia is dreadful. Disordered liver is misery. Indigestion is a foe to good nature. The human digestive apparatus is one of the most complicated and wonderful things in existence. It is easily put out of order.

Greasy food, tough food, sloppy food, bad cookery, mental worry, late hours, and many other things which ought not to be, have made the American people a nation of dyspeptics.

But Green's August Flower has done a wonderful work in reforming this sad business and making the American people so healthy that they can enjoy their meals and be happy.

Remember—No happiness without health. But Green's August Flower brings health and happiness to the dyspeptic. Ask your druggist for a bottle. Seventy-five cents.

has a membership of over sixteen thousand and is probably the strongest association of the kind in the world. Mr. John R. Stone, their Nat'l Sec'y and Treas., 79 Dearborn St., Chicago, in a letter states that he has been severely troubled at times, for the past twenty years, with cramp and bilious colic which would compel him to take to his bed from three to six days—while in St. Louis at their last annual meeting he procured a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and has since used it with the best results. It is the only remedy he ever found that effected a rapid and complete cure. No one can safely travel without it. Sold by Barnes & Northcraft.
