### The Reflector.

THURSDAY, OCTOBER 25, 1888  
Official Paper of County and City.

A car load of Iowa potatoes and a carload of choice apples are being received weekly at J. B. Case's.

The good rain Sunday, soaking the earth all over Dickinson county has been a terrible discouragement to the Union Laborites. They were depending on hard times for their votes.

B. W. Peck, the Republican candidate for probate judge, has been for seven years assessor of Jefferson township. That he has done his work well and with a judgment second to none is proven by the fact that for three years the county commissioners have taken his averages as the basis when conducting the equalization proceedings. A man with such a record, a man who has the name of being among the best, if not the best, township officer in the county, is certainly competent to fill the position of probate judge acceptably. That the farmers realize this will be proven by his overwhelming majority at the election.

**An Arrest.**  
Pursuant to an indictment issued by the grand jury, Sheriff Nail went to Junction City Tuesday and returned on the afternoon train with James Medaris, a well-known citizen formerly of Abilene, who is charged with forging some legal papers in this county. The Sheriff left last night for Lyons, Rice county, to get Mr. M.'s brother, accused of complicity in the matter. Upon his return, which is expected tonight, their trial will be held.

**A Successful Venture.**  
Some time ago we announced that J. B. Case had inaugurated a new system of selling goods and that henceforth all dealings would be on a cash basis. This plan has been faithfully carried out by Mr. Case and the results are most satisfactory. He is enabled to put prices down below anything ever seen in the city. He has in an immense new stock of fall and winter goods that cannot help but please. Don't fail to call at Case's mammoth double store and see his bargains.

**Mrs. Emery's Speech.**  
The Union Labor people are to be commended for securing one good speaker during the campaign. Mrs. Emery's address Tuesday eve. was in decided contrast with the dreary harangues usually inflicted upon us. The lady is a sharp, shrewd woman who has had sense enough to see that there was money to be made out of the Union Labor agitation and she is working her talents for all they are worth. Previously she was engaged by the Temperance Union and is generally considered as being "for sale." The court room was crowded last night to hear her and she well entertained the audience with a lively rehearsal of the old U. L. arguments.

Iowa potatoes and apples cheaper at Case's than at any other place in town  
**District Court.**  
The October term is dragging its slow length along. The most important case on hand today was that of Susan Luke who sued the C. K. & W. Ry. for \$5000 damages on account of a conductor putting her off the train a quarter of a mile from the depot at Talmage and so compelling her to cross a trestle in a dark night. The jury is still out. Several civil cases are being disposed of in the intervals between jury trials.

The jury in the case of Mrs. Luke against the C. K. & W. Ry. brought in a verdict last night of \$750 for the plaintiff.  
The following cases have been tried since yesterday morning: Ehrsam Machine Co. vs. J. R. Ford; verdict for plaintiff for \$43.05.  
J. W. Baker vs. C. K. & N. Ry.; verdict for plaintiff for \$300, with interest at 7 per cent.

Maloy vs. Sechrist; continued to next term.  
Tootle, Hanna & Co. vs. Berry Bros.; amended petition filed and 20 days given to answer.

Marquardt & Sons vs. Sumner Bros. et al. On trial today as we go to press.

**The Catholic Fair.**  
An animated scene presented itself last night at Armory hall where the sister's fair was in full progress. There was a large attendance and everybody seemed to be enjoying themselves to the fullest extent. The handsome managers of the various booths waited upon their customers with charming grace; the supper table were crowded; the fish pond created lots of amusement, the voting on the various candidates became exciting and altogether it was a scene of pleasure and delight. Father Leary was one of the most prominent of the notable present and smiled benignly upon his friends.

Additional attractions have been secured for tonight and a larger attendance is expected. A piano has been secured and chances upon it will be put on sale this evening. The advertising committee wish us to state that the "souvenir" will be issued tomorrow instead of tonight. Let everybody turn out and enjoy themselves as well as aid in a noble cause.

(From Thursday's Daily.)  
**SEVENTH ANNUAL STATE CONVENTION, Y. M. C. A.**

**Most of the Delegates Arrived—An Earnest Meeting Last Night—The Young Men Prayerfully at Work.**  
The seventh annual meeting of the Kansas Y. M. C. A., which has so long been looked forward to by our citizens, opened its session last evening. The opera house was filled with an audience of which any city might well be proud. The stage held a chorus of fifty young men, selected from among the delegates and assisted by two organs furnished a magnificent choir for the musical part of the session. These singers were in charge of Prof. Williamson, who managed them in a manner which proved him to be a trained chorister. In front of the stage and on the floor of the parquet were seats reserved for the dignitaries of the city and the officers of the State association.

Geo. S. Fisher, the general secretary of the State, presided and first introduced Dr. James H. Brookes, of St. Louis, who led the assembly in repeating the 23d Psalm.  
A feeling prayer was offered by Rev. E. M. Poch, of this city, after which the audience and chorus joined in singing, "Bringing in the Sheaves." It was rendered with an enthusiasm which characterized all the music of the evening and bids fair to make the singing one of the chief features of the convention.

Another prayer was offered, after which the choir sang "We're on the Way."  
A short greeting to the people of Abilene was then given and W. L. Upshaw, chairman of the entertainment committee, responded in a happy speech which well expressed the pleasure we feel as a city in having the association with us.

Secretary Fisher made some announcements for the sessions of today after which came another prayer.  
Rev. Dr. James H. Brookes, the prominent minister and lecturer of St. Louis, was then introduced and delivered a strong, earnest address upon the subject, "The Word of God the Only Safe Guide for the Young Men of Kansas." His lecture, for it could scarcely be called a sermon, abounded in biblical references and texts and urged the utmost consecration on the part of the young men of this age. The dangers of fast living and of evil literature were touched upon and the youth of the State advised to build their life and their characters upon the Scriptures. His remarks were punctuated with witty stories and good hits and held the closest attention of his audience from the beginning to the end.

At the close, Secretary Fisher offered prayer and after some more music, announcements and the benediction, the audience was dismissed while the delegates held a reception and handshaking in the opera house.  
Today's exercises opened this morning at 6 o'clock by prayer service, conducted by W. R. Johnston, assistant State secretary. This was followed by an intermission of two hours. At 9 o'clock the services opened with devotional services, followed by the discussion of the topic, "How May We Best Spend Ninety-six Hours," introduced by C. E. Hurlburt, assistant State secretary, of Topeka. This was a very interesting discussion and was participated in by several prominent members of the association.

Then followed the appointment of the nominating committee, consisting of one member from each district. During the deliberations of this committee, reports from the different associations were read. The nominating committee then reported and the following officers were elected:  
President, S. T. Walker, of Olathe; 1st vice-president, D. E. Bundy, of Manhattan college; 2d vice-president, Chas. Smith, of Washington; secretary, Fred W. Parrott, Clay Center; assistant secretary, W. A. Brubaker, Topeka; press secretary, F. M. Filson, of Concordia.  
The afternoon session was opened by a song service, followed by a short devotional service, led by A. Baird, general secretary, of Wichita.  
President Walker then gave a short talk, calling attention to delegates pledges.

At 2:15 Dr. Brookes took the stand and occupied one hour in answering questions asked by members of the association, relating to different verses in the scripture.  
Then followed a paper by Fred G. Mitchell, of Junction City, on "Prayer and its relations to all our work."

**THE REMAINING DAYS**  
of the convention were devoted to a discussion of the advertised program. We regret that space forbids our giving the proceedings in full. Prayer meetings, street meetings and business meetings alternated and filled each day with interest. On Saturday a financial meeting was held and \$15,000 pledged for the coming year's work. The last day, Sunday, was spent in services at the various churches and a general handshaking at the opera house in the evening. Abilene welcomed the six hundred delegates heartily, entertained them royally and bids them an earnest godspeed.

**Registration Notice.**  
I will be in my office for the purpose of registering voters every evening between the hours of seven and eight o'clock until the close of the poll books, Oct. 26th. I will also be in during the day.

**A Packing House in Prospect.**  
At 9 o'clock last Thursday a well-attended meeting of citizens was held in the city hall for the purpose of making arrangements for securing, if possible, the location of a packing house in Abilene.

Mr. J. B. Case was elected chairman and a general discussion of the matter was taken part in by all present. A plan for locating a three-story packing house was laid before the meeting and was carefully considered. There was no doubt expressed regarding the advisability of encouraging the location of such an institution, the only point for difference being over the probable expense to the city. It was finally arranged that plans and specifications be forwarded to a committee which, upon the receipt of such plans, shall call another meeting for further consideration of the project.

The committee was selected as follows: C. H. Lebold, A. W. Rice, Clem Bell, F. A. White, J. B. Case, C. A. Hodge, D. B. Gordon, C. H. Barker, S. Hall, John J. Cooper.

Should this be carried to a successful termination Abilene will have another industry to increase her prosperity.  
**A Rich Find.**  
Yesterday evening about 8 o'clock as C. H. Baldwin and wife were sitting by the stove at their home on south Fourth street, they heard a noise on the porch. Going out Mr. B. found a basket containing a handsome girl baby, about six weeks old, daintily wrapped up in elegant apparel and accompanied by a large roll of expensive clothing. The little one was sleeping soundly and was joyfully received by the finders who are so delighted with the walf that they will give it a home. Having no children of their own they are only too glad to care for the little stranger. It is fortunate that the babe has found so good a home, but no censure is too severe for the heartless parent who would thus desert an infant.

**Republican Meetings.**  
All Solomon and Lincoln township turned out Fri night to hear Hon. A. W. Smith who spoke in Solomon City. Mr. S. is, as our readers know, one of the boldest and most convincing speakers in Kansas, and he gave the people a first rate talk straight from the shoulder. His arraignment of the administration and his tariff arguments were especially convincing and were received with hearty applause by the listeners. Solomon is sure to give the straight ticket from top to bottom a good round majority, and her live Republican workers are to be congratulated upon the interest they have worked up during the campaign. They have left no stone unturned and have secured and royally received some of the best speakers on the stump in the State.

At Kirby school house in Sherman township, M. H. Bert and C. S. Crawford addressed a large audience, one decidedly in contrast with the Malott fiasco of a week ago. The farmers of North Dickinson realize the necessity of supporting a party that believes in protecting them and advancing their interests. The two-per-cent-a-month policy is not their style and they do not hesitate to express their distrust of it. Messrs. Bert and Crawford made rath-erly speeches last night and were warmly received.

The list of Republican meetings for next week covers all sections of the county and will attract large audiences.

## "THE BENEFIT,"

**ABILENE.**

**A Sad Accident.**  
Wednesday about six o'clock Frankie Harrigan, a small boy living in the north part of town, was playing on Sixth street. A lumber wagon came by and in play he seized the end-board and rode along swinging his heels around promiscuously. By some means one foot caught in the hind wheel of the wagon and he was drawn by the spokes into the space between the box and wheel. Before the driver of the wagon could stop the team the little fellow was wrenched, bruised and almost killed. His leg was distorted and broken and he suffered terribly. He was taken home and the best medical attendance in town secured. The doctors say that he must lose one leg—a terrible punishment for a piece of thoughtlessness.

Parents are altogether too lenient with children in this city. Every day small boys are rescued from places of imminent danger around street-cars, railway trains and wagons. This frightful accident is the result of carelessness in this respect and will perhaps cause people to be somewhat more cautious in regard to allowing children to expose themselves to danger.

**Hymen's Harvest.**  
Judge Seeds sharpened his pencil today and issued two marriage licenses at one fell swoop. The following persons were made happy: Fred Meyer and Hattie Woods, Carlton, and Edward Johnson and Alta Haugh, Abilene.
