The Reflector.

THURSDAY, NOVEMBER 15, 1888.

Paints, kalsomine, brushes, etc., at Barnes & Northcraft's.

Prof. Elmer at the Grace Reformed church next Monday evening.

The next theatrical attraction is the Monte Cristo company, Dec. 4th.

Barnes & Northcraft have several nice preparations for chapped hands, etc.

It seems natural to see "Uncle Abe" Darling on the streets of Abilene once more.

Hook & Ladder Company, No. 1 will give a dance Thanksgiving night in the city hall. Hawkins' orchestra will furnish the music.

Paint your buggy for one dollar, by buying a can of that nice buggy paint at Barnes & Northcraft's.

Miss Mace King, the County Clerk's accomplished assistant, is in sole charge of the office for a couple of days during Mr. Bert's absence from the city.

Do not forget the meeting of the county teachers' association at the central school building Saturday at one o'clock. A large attendance of teachers from all parts of the county is assured. Everybody is cordially invited to be present and listen to the exercises.

If you are needing anything nice in the way of toilet-soaps, perfumes, hair oils, etc. Call and see Barnes & Northcraft.

In the program of the State Teachers' Association which meets at Topeka, Dec. 26-8, we notice that Prof. A. V. Jewett, of Abilene, is down for a paper on "Incubation of Business Integrity" and W. S. Jenks, formerly of this place but now of Ottawa, for one on "Manual Training."

Mrs. W. J. Coye, assisted by Mrs. Robt. Chaplin and Miss Linda Hopkins, of Canandaigua, N. Y., received her lady friends yesterday evening at her home on West Third. The refreshment tables were presided over by Mrs. C. F. Mead and Misses Barker, Maggie Wilson, Nellie Malott, Nina Hodge. The reception was very *recherche* and all present enjoyed it.

We would call your attention to the fact that the best place to buy your window glass, putty, etc., is at Barnes & Northcraft's. They always have a good assortment of sizes and their prices are lower than any other's.

A gentleman came up in the REFLECTOR office one day recently and after planking \$1.50 down on the table began his argument something after the following manner: There's \$1.50, Mr. Editor, for which please send me your paper for one year. I have read your paper for the last six months and have become interested in it, but the fact is I have been borrowing it of my neighbor. I have found out recently, however, that they do not like to lend their paper, and so I must have one of my own. What the gentleman said was true, and there are probably other parties fixed the same way.

If you want to secure a nice Christmas present cheap don't fail to take a ticket in Barnes & Northcraft's Christmas raffle. They have 350 prizes this year and are selling 350 tickets at \$1.00 each, every ticket drawing a prize. This is the finest thing of the kind ever offered to the people. Don't fail to call and see the prizes.

Prof. Elmer's Lecture.

Prof. S. R. Elmer will give an illustrated lecture at the Grace Reformed church next Monday evening. All should hear it. This is what prominent ministers say of it:

Presiding Elder S. E. Pendleton, of Topeka district, says: "Prof. Elmer's exhibition is most elegant, attractive and highly instructive. It will well pay all classes to patronize him."

Rev. Homer Eddy, pastor Baptist church, Fort Scott, Kas., says: "I have witnessed the exhibitions of Prof. S. R. Elmer and heard his lectures, and do not hesitate to say they are first-class in every particular."

Barnes & Northcraft have certainly the nicest assortment of lamps, at the lowest prices that we have ever seen in Abilene. We were in looking over their assortment a few days ago and were shown a nice hanging lamp that they were selling for \$2.00 and the nicest kind of stand lamps for \$1.00 and \$2.00 each. If you are needing a lamp of any kind don't fail to call upon them.

Bring all your turkeys, chickens and poultry to Berry, Berry & Co.'s.

Children Cry for Pitcher's Castoria.

The Official Vote.

We give today the official count of the vote of Dickinson county. It will be seen that the majorities are handsome ones, being larger than were ever before known in the county. The total vote of the county is 5,069, an increase of nearly 500 over four years ago. The Republican candidates, with one exception, had pluralities of about 1,000. Mr. Seeds ran nearly 1,000 votes ahead of his ticket and was only defeated by 13 votes.

The Union Labor vote surprised everybody. The leaders of the party had made such loud boasts of their strength that many actually believed their claims. The vote of the party in this county was variously estimated at from 1,200 to 1,800. The true figures are however, as will be seen, 473—a gain of exactly 100 over the Greenback vote of 1884.

The Prohibitionists gained 120 votes over 1884, but as their vote there was only thirty-six they have much more reason to be elated. The table is correct with the exception that Kirby received 90 scattering votes for commissioner not therein reported.

The result of the election emphasizes what the REFLECTOR has persistently urged—the desirability of Republican unity. By presenting a united front to the enemy, as was done this year, Dickinson county is ours by a clean majority of 1,000 for every name on the ticket. Let Republicans remember this in the future.

Amusements

The last appearance of the Prescott McLean company was before a far more creditable house than upon the opening night. Indeed the audience was one of the best that has gathered in the Bonebrake this season. "The Merchant of Venice" was the play of the evening and it is but just to the company to say that the high anticipations of the auditors were fully realized. McLean as "Shylock" and Miss Prescott as "Portia" completely captured the audience and applause frequently interrupted the players. Abilene has had a theatrical exhibition of which she may well be proud, and should the company which has so highly favored us come to this city again it may safely count upon a handsome reception.

A Harrison Banquet.

One of the pleasantest post-dinner occasions was the Harrison supper given last evening by that staunch Democrat yet admirer of Harrison, W. N. Hendricks, at his residence on North Cedar. In honor of Gen. Harrison's success Mr. Hendricks entertained a company of fourteen Republicans and Democrats in a sumptuous manner that made the evening a delightful one.

A bounteous supper, with oysters in all styles, fruits, etc., was served in elegant style. Music and story-telling followed and when an adjournment was taken late in the evening it was with the heartiest of good wishes for the prosperity of the genial host.

It is such occasions as this that make real pleasures of the political differences which add just enough spice to life to make social re-unions the more enjoyable.

The following were the guests: V B Cosad, T F Smith, I S Hallam, T H Malott, S K Strother, Dr J M Hodge, D R Gordon, L B Johns, H J Hodge, L H Faulkner, J J Cooper, J H Mahan, J D McMaster, C M Harger.

Railroad Rumbings.

Emigrant travel on the U. P. is as heavy as ever. It is a wonder where the people are bound for.

A large amount of coal from southeastern Kansas and Colorado is being shipped in over the Santa Fe.

The passenger traffic is much lighter than during the early fall. The visitors to the East are nearly all home.

W. N. Hendricks presides over the Union Pacific destinies with so much success that he is likely to grow aged in the service.

A new sleeper over the U. P. carries passengers to St. Louis without change. It goes by way of the Wabash from Kansas City.

The racing between Salina and Abilene on the three parallel roads is never failing source of amusement for the overworked trainmen.

Mr. O. P. Liston, the new Rock Island agent, is conducting the duties of his office in a business-like and genial manner that is winning him hosts of friends.

J. C. Lyeth looks closely after the comfort of the passengers at the Santa Fe depot. He has spared no personal efforts to make the company's custom a large one.

The U. P. has just put on a sleeping car which runs through from Abilene to Chicago via the C. & A. without change. This will be a great advantage to eastern travelers.

The Rock Island will have a new time card next Sunday. Considerable change from the present time will be made. The new time will be as follows: East—passenger 10:20 a. m., 3:54 p. m., freight 5:05 p. m. West—passenger 12:52 p. m., 8:11 p. m., freight 10:20 a. m.

Abilene, Kansas.

The Next Chaplain.

The Topeka Democrat of Saturday had the following:

Rev. J. A. Bright, of Abilene, general secretary of the Kansas State Sunday School association and former chaplain of the Kansas House of Representatives, is a prominent candidate for reelection.

If Mr. Bright wishes the position for another session he is by all means the man for the place. Earnest, able, untiring and with a wide acquaintance he will fill the position with credit both to Kansas and to Abilene as he has done in the past. There is little doubt that he will be unanimously selected to act in the capacity mentioned unless he should advance to the higher place of chaplain of the Senate, which is not at all unlikely.

The Revival Meetings.

The meetings at the Methodist church continue with increasing interest. The afternoon meetings at 2:30 o'clock are of special interest and profit to christians and those seeking pardon. Meetings begin each evening at 7:30. All persons are cordially invited.

Important to Farmers.

Berry, Berry & Co. have made large contracts in the mountains for chickens, turkeys and all kind of poultry, and will pay you a cent a pound higher than the market price.

CONSUMPTION CURED. An old physician, retired from active practice having had placed in his hands by an East India missionary the formula of a simple vegetable remedy for the speedy and permanent cure of consumption, Bronchitis, Catarrh, Asthma and all Throat and Lung affections, after having thoroughly tested its wonderful curative powers in thousands of cases, feels it his duty to make it known to his suffering fellow-men.
