New Stock of Clothing, Hats and Caps, Boots and Shoes,

MEN'S FURNISHING GOODS, TRUNKS, ETC.

G. C. STERL & CO.

Announce to the people of Abilene and Dickinson county that they have just received from the manufacturers a fine line of spring and summer suits. We are now showing some of the handsomest suits for young men, business men, professional men and all kinds of men that has ever been shown in Abilene.

We are anticipating a larger business for this year than we have ever had before. We have already bought more goods so far this year than a year ago. Times are getting better all the time, and we are increasing our sales every month, and in order to continue doing this, we are still more determined to carry nothing but the best goods, and sell them at the lowest possible prices.

MORE APPORTIONMENT.

The Senate Gets in Its Work and a Conference Is in Order.

Special Reflector Correspondence. TOPEKA, Kas., Feb. 27.—The congressional apportionment bills have failed to prove satisfactory to both houses.

There is no telling what the result will be for the end of the session is so near that it seems doubtful an agreement can be reached.

Col. Sam Wood is again in trouble and this time Speaker Elder is after his scalp. When the waiver of appraisal bill was called up before the house last night it could not be found.

This is not the first instance of incompetency and the records of the house are in an almost hopeless jumble because of the ignorance and incompetency of the clerks.

The fifty days of the session will be up next Wednesday and there will probably be an adjournment on Saturday at farthest.

At least three, if not more, of the county officers now serving, spent the time last summer and autumn going about the county and telling how extravagantly high the salaries of the half worked county officers were, and if they were elected they would ask the legislature to cut their salaries in the middle.

DRILLING FOR PRIZES.

The Pupils of the Public Schools Acquit Themselves Well.

The Bonebrake opera house was crowded to the doors Saturday night by the large audience gathered to witness the competitive drills of the city schools.

Each of the rooms had a few recitations, music, etc., making the program a long one. Yet withal the evening was pleasantly passed, the best of order and good humor prevailing throughout.

A COLD FEBRUARY.

Though the Mercury Did Not Reach Zero at Lawrence.

Chancellor F. H. Snow of the State University furnishes the REFLECTOR a careful resume of the weather record for February.

Maple trees were in blossom along the streets of Lawrence on the 23rd of February. The rainfall, including melted snow, was fully fifty per cent above the February average.

Mean Temperature—29.40 degrees, which is 2.49 deg. below the February average. The highest temperature was 68 deg., on the 24th; the lowest was 1 deg. above zero on the 28th, giving a range of 68 deg.

Rainfall—Including melted snow and sleet—1.98 inches, which is 0.68 inch above the February average.

Fire Department Officers. The Abilene fire department held its annual election of officers last evening and chose the following list for the ensuing year: Chief, Lewis Lipps; assistant, Ed Yeardon; president, G. D. Kieffer; vice-president, Samuel Gray; secretary, W. A. Long; treasurer, S. Hagan.

McPHERSON'S MYSTERY.

Banker Hegglund Wounded and the Second National Closed.

McPHERSON, Kas., March 3.—The city was shocked last evening by the news that Banker A. Hegglund was mortally wounded and the Second National bank, of which he was president, had suspended.

Last Sabbath evening the unfortunate man purchased a ticket for Kansas City and boarded the Rock Island east bound train at 11 o'clock, which was the last seen of him, at any rate by anybody in this city, until he went to the door of his residence yesterday morning at 5:30 and was granted admission by his wife, who supposed he was in Kansas City.

It appears that Mr. Hegglund has been acting a little strangely for several days, owing to the condition of the bank of which he was president, and which closed its doors yesterday morning about the hour he was rumored shot.

The pistol is said to be the same one with which his father killed himself two years ago.

The ball entered the abdomen on the left side, ranged upward and passed on below the heart and located itself near the backbone. The doctors say that where there is one chance for him there are twenty against him; therefore his condition is very serious.

The Second National bank, of which he was president, closed its doors at 11 o'clock. The principal losers are the bondsmen, unless the bank's affairs are in pretty good shape.

Those who pretend to know say the bank's affairs are in bad shape and it cannot pay 10 cents on the dollar.

TAXATION VALUES.

The Assessors Make a Schedule of Values on Personal Property. The assessors of the county held their annual meeting in the court room yesterday afternoon, all the assessors of the county being present.
