RECENT REFLECTIONS.

Vote the peoples party ticket, Democrats. When they say they do not want you, Tell 'em "Bats!" They have spurned you with disdain, They despise you—that is plain; But be meek and don't complain.

REPUBLICANS MEET.

A Lively Interest Taken in the Choice of Nominees—The Convention Speaks Out Clearly for Republicanism and Protection—Enthusiastic Work.

MORNING SESSION. The delegates met at 11 o'clock to transact the business of temporary organization and so facilitate matters this afternoon, it making the session too long to transact all the business at one time.

AFTERNOON SESSION. The court room was crowded when the convention met at 2 p. m. There was a larger number of delegates present than in two years.

Mr. Nottorf was then called for and said a few words of thanks very gracefully. He said he had always been a republican and would always be.

On motion of Mr. Lamb, A. C. Romig was nominated unanimously for surveyor and made a brief talk.

On motion of Dr. Hodge, D. Huggins was named for coroner. Considerable sport was had out of the nomination of some leading citizens like Stambaugh, Mead, Hodge, and others.

The nomination of candidates for high school trustees resulted in the selection of Hon. J. W. Gibson, of Jefferson, and Dr. T. C. Ayres, of Cheever. They are gentlemen who will add strength to the high school board and will be received with much favor.

STRONG RESOLUTIONS. The committee on resolutions reported the following platform of principles: I. The republicans of Dickinson county, in convention assembled, reaffirm and express their devotion to those principles which have always guided the republican party in promoting the peace, prosperity and happiness of the American people.

II. We affirm that the republican party stands today where it has always stood with nothing to regret, nothing to explain, nothing to apologize for.

III. We commend the pure, patriotic, statesmanlike, splendid administration of President Harrison.

IV. We do not forget the admonition of General Washington, who said: " cherish the public credit as a most important source of strength and our security; and to this end we are in favor of both gold and silver and also paper money based upon coin, all equal and at all times interchangeable—equal in fact and law. We want no seventy-five cent silver dollars.

V. We commend the silver legislation of the last congress, which has added over \$70,000,000 to the actual circulation of the country since the bill became a law.

VI. We believe in America for Americans; we believe in home rather than foreign manufactures; we believe the consumer should be brought as near the producer as possible; we favor protection for American industry and agriculture or manufactures.

VII. We favor twenty rather than thirteen pounds of sugar for a dollar.

VIII. We commend the reciprocal trade relations with other countries inaugurated by the present administration, whereby there has been and will be created an "additional market for many millions of pounds of beef and many hundred of thousands of barrels of pork and flour."

IX. WHEREAS, the stock in trade of the peoples party speakers and newspapers is the public defamation of the good name of Kansas and her people, and

WHEREAS, by their incessant "calamity howl" and threats of repudiation of honest debts, they have severely impaired the credit of the state and rendered it very difficult and in many cases impossible for farmers to procure renewals of their loans; and

WHEREAS, by such disparagement of the public and private credit of the state many farmers will lose their land, therefore,

Resolved, That we denounce all such defamers of our state as its most destructive enemies and pledge ourselves to do everything in our power to counteract the serious results thus brought upon us to again restore credit and confidence in the good intentions of the people of our state.

members. He says southwest Dickinson is republican this year. A number of members were in the alliance before it became a political organization. Then they left it.

Of the six G. A. R. portraits that looked down on the delegates all represented republicans: Logan, Grant, Sherman, Sheridan, Farragut, Lincoln.

W. A. Hawley, the secretary, is one of south Dickinson's up and coming young republicans. He is a live business man and a hustler.

J. S. Hollinger, who for two years has been the efficient chairman of the republican central committee, was a prominent figure. Mr. Hollinger has done much work for the party and there is no more enthusiastic worker in central Kansas for straight republicanism.

Calamity had no place in the thoughts of the delegates. They were all in favor of prosperity and advancement.

Bill Lamb, Detroit's big and jolly rustler, was in the front ranks and got in a word of advice frequently.

County Commissioner Kerpke came in from Union to take part in the convention. He is one of the county's most successful farmers and straightest republicans.

Burton's motto, "Repudiate the repudiators," was quoted with considerable pleasure by the delegates. That was what they were there for.

Mr. Frey was somewhat embarrassed in making his acceptance speech but he will not be embarrassed in November when it comes to counting the votes. He is a winner.

It was a bitter pill to the democratic and alliance onlookers to see the large attendance and hearty enthusiasm.

Judge Humphrey's strong endorsement shows how the republicans view the judicial fight.

Chas. M. Brenizer is eminently a man whom the office sought. He is one of Buckeye township's best known farmers. He is a Pennsylvanian and has resided in Dickinson county for 20 years.

When S. J. Ellison said in his speech to the convention that "no one will ever be ashamed that they voted for me" he was right. During his four years of work as under sheriff he has proved his ability. He is a young man of sterling capabilities and is worthy of the honor paid him. He has grown to manhood in Dickinson county, has always been faithful to his trusts and will make a model sheriff.

In F. E. Nottorf south Dickinson has a good candidate. Successful as a farmer and business man he will also prove a winner as candidate for county clerk. He is a son-in-law of the late W. E. Meek and has resided in Hope township since boyhood. He is straight, forward and capable and will fulfill his duties with ability. He has a wide acquaintance and will be elected.

James Frey, of Enterprise, will make a winning race for register of deeds. He is a self made man and has been honored by his townsmen by being chosen justice of the peace for many years. He is popular as a business man, speaks both English and German and will be found to have a support in November that will sweep everything before him.

Any one of the candidates prominently mentioned for the respective offices would have found at his back a united determined party and each would have contributed to the campaign distinct elements of strength. But taken as a whole the successful ticket is unassailable and in its selection the convention has made no mistake. The candidates who were not chosen are no sulkers and will roll up their sleeves for the ticket.

A. C. Romig has made a model surveyor and it was a good move to renominate him. No better mathematician can be found in the county and when he has surveyed a plat everyone knows it is done correctly. He will be supported by all regardless of party.

E. Keller has the somewhat modest position of coroner. He has acted acceptably in that position and will be again chosen.

C. A. Scherer and F. V. Close have reason to be proud of the race they made. Their friends stood by them bravely but there were not quite enough of them. Both gentlemen are worthy citizens and made a good canvass.
