## LOCAL NEWS.

### STATE PRINTER.

George W. Martin was elected State Printer on the first ballot, by the Kansas Legislature, on the 23d inst. The vote stood: Martin, 87; Dodsworth, 52; Baker, 28, and Ratsall, 2.

### ARRIVAL OF SOLDIERS.

Six companies of the 23d Infantry, under command of Col. Jeff. C. Davis, arrived in town, by special train, on Tuesday. They leave for the southern country, and will be stationed at Camp Supply and the new post, near "Sheridan's Roost," on the Canadian.

### ANOTHER FLOUR MILL.

Mr. Heimer, of Winterset, Iowa, was in this city last week, and made arrangements for putting up a flouring mill. He purchased two acres of land from Mr. Evans, through Samuel Marshall, agent. This site adjoins the land purchased by Hendrix, May & Co., a few weeks since, also for a mill-site. A new steam flouring mill will be erected by Mr. Heimer.

### DISTRICT COURT.

Tom. O'Haran, on trial for the murder of Ex-County Surveyor H. T. McCarty, plead guilty to manslaughter in the first degree, and was sentenced to twelve years and three months in the Penitentiary.

Dan. Woodard, convicted of shooting Frank Trask, was sentenced to six years and three months in the penitentiary. He protested his innocence to the last.

The Court adjourned on Friday night of last week.

### A JURY OF HIS COUNTRYMEN.

The Globe states that Dutch Henry "has been tried by a jury of his countrymen and acquitted." Does the Globe wish to cast a reflection upon the nationality to which "Dutch Henry" belongs? In a former newspaper connection the editor of the Globe sneeringly referred to the Dutch. His well known hatred of the Dutch crops out whenever an occasion offers. If a nation of Dutchmen are to be derided and sneered by the animated bean-pole of the Globe, we shall endeavor to meet his reflection. DR. S. GALLAND.

### TEACHERS' ASSOCIATION.

The Ford County Teachers' Association met at the school house, in this city, on Saturday last. Quite a large number of citizens were present, besides several from the east end of the county. We understand that the programme which had been prepared was not fully carried out, as several who had been assigned topics were absent, while others were not prepared. The following teachers were present: Miss Nina Van Voorhis, Mr. Whitaker, Mr. J. E. Henderson, Prof. Roberts and Miss Anna E. Fleming.

It was resolved that the meeting should meet every two months, and that there should be two sessions during the day, and also a night session, and that the executive committee procure the services of some prominent lecturer for that occasion.

Under the existing law, if the widow of a soldier who lost his life in the military service remarries she forfeits her pension. This is held to be in the nature of a prohibition upon marriage, and therefore contrary to public policy, and not conducive to good morals. A bill has been introduced in the House removing this obstacle to marriage upon pensioned widows, and giving them an opportunity to contract new matrimonial alliances without forfeiting the beneficiary favor of the Government. —[Times-Journal.]

The remnant of the Cheyenne band captured near Fort Robinson will be brought to Fort Leavenworth. It will not require a formidable guard, as one report states there were but seven left, three squaws and four children, of whom three are wounded.

The next session of the South Kansas M. E. Conference will be held at Hutchinson, commencing March 5th. The people of Hutchinson are making extensive preparation for the gathering.

### JOTTINGS FROM THE PAN HANDLE.

—The Panhandle is a remarkably quiet dwelling place just now, since the Indian excitement of a few weeks ago.

—The most important affair of this post is Lee & Reynolds' trading establishment. They have fitted up excellent buildings, and always keep a general stock of the freshest goods on hand, and always sell, as a general thing, at lower figures than at either Supply or Dodge City.

—In the way of improvements at the post, we notice a splendid stone building is rapidly verging on completion, under the management of Lieut. Winnie, A. Q. M. This building is intended as a chapel, school house and library.

—This post is supplied with some fine libraries, besides the post library, which is composed of between three and four hundred volumes. Company I, 19th Infantry, has an excellent library of some 400 volumes of the choicest books, standard authors, while Co. A, 19th Infantry, is the possessor of a fine company library of some 500 volumes.

—Little Robe, of whom we have had great cause to fear, has returned toward his reservation at Reno, and other bands that went hunting near Antelope Hills, have also returned toward Reno. This latter party have been hunting on the Canadian river, and once or twice had quite a threatening appearance, but as soon as they learned the Little Robe had started back, they became quite submissive.

—The Post Quartermaster's safe was robbed, on the night of the 18th inst., of some \$400. Lieut. Winnie, the very careful Quartermaster, and Mr. Drake, his chief clerk, usually have pretty large sums of money in the safe, but luckily, owing to the non-arrival of the paymaster and other causes, the robbers secured but a small sum.

—It is astonishing to a casual observer how the Panhandle is settling up, and to see the vast herds of sheep and cattle that are grazing over the broad prairies would make a new comer think this was the great farm whence come the immense herds of Texas cattle that annually arrive at Dodge City. Nor are they all Texas cattle, according to the acceptance of the phrase, but many are what we would call "native," or northern cattle.

—The troops have returned to Fort Elliott from their campaign after Little Robe. Co. I, of the 19th Infantry, and Co. F of the 4th Cavalry, have been down in the vicinity of Clenden, a new town, some sixty miles south of Elliott, for several weeks. These companies returned in the early part of the week; also Co. A of the 19th Infantry, arrived at the Post on the 20th inst., under command of Lieut. A. L. Smith, from Fort Supply, I. T., which it left on the 15th inst. This makes five companies at this post, three of infantry, Companies A, C and I, of the 19th Infantry, and Companies B and F, 4th Cavalry; the latter companies each about sixty strong, making the strength of the post about 230 strong.

—The boys are looking a little blue since they have learned that the paymaster has concluded not to brave a trip, in dead of winter, to this post, and they think it strange indeed if he cannot travel when teams and escorts, as well as the tri-weekly mail, are making regular trips; but it seems that it is not enough that six months pay is already due the cavalry, he must add two more. It does seem that this should not be permitted. The paymaster is paid by the government to do his duty, and a Captain of one of the companies, ordered to the frontier, might just as reasonably refuse to go as the paymaster. We sometimes think old-fogysism should be laid on the shelf and younger and more willing gentlemen commissioned to dispense Uncle Sam's currency to the boys. It may be possible that officers having charge of such matters do not think of the suffering that this non-payment incurs to the poor enlisted man. It is not now as it was prior to the war; then the ranks were filled with men having no

outside responsibility. But now we have a superior class. Eight-tenths have outside responsibilities. Some have wives, some mothers, some fathers, young brothers and sisters claiming support from the enlisted man's stipends. Then does it not occur to officials having control over this matter that they are causing the wolf to enter the desolate homes of many of the toilers of Uncle Sam? Acts of Congress and the laws and regulations that govern the army expressly require that troops shall be paid bi-monthly.

—The vicinity of Fort Elliott presents some queer habitations; one house, for instance, contains a hotel, restaurant, tailor-shop, saloon, shoemaker shop, dance house and house of ill-fame, all under one roof. VIATOR.  
Fort Elliott, Texas, Jan. 26, 1879.

### THE DEATH RATE OF

Our country is getting to be fearfully alarming, the average of life being lessened every year, without any reasonable cause, death resulting generally from the most insignificant origin. At this season of the year especially, a cold is such a common thing that in the hurry of every day life we are apt to overlook the dangers attending it and often find too late, that a Fever or Lung trouble has already set in. Thousands lose their lives in this way every winter, while had Boshee's German Syrup been taken, a cure would have resulted, and a large bill from a Doctor been avoided. For all diseases of the Throat and Lungs, Boshee's German Syrup has proven itself to be the greatest discovery of its kind in medicine. Every Druggist in this country will tell you of its wonderful effect. Over 50,000 bottles sold last year without a single failure known.

I HEREBY GIVE NOTICE that I will not be responsible and will not pay any bills unless said accounts were contracted by written orders from myself or wife.
