CORNER OF CHESTNUT STREET AND SECOND AVENUE.

DODGE CITY,

KAS.

TWIN HILL LITERARY

We have not seen mention of this society through your paper, it surely deserves mentioning as it is one of the best we have ever attended. Twin Hill is the name of the school house, it is located near the Saw Log, in the north part of district No. 16, this is where the literary derived its name.

The president called the house to order which followed by reading of minutes of last meeting. Next in order was the program which was as follows:

- 1 Song.—Pull for the shore, by Society.
- 2 Selection.—Our party, by Cons Merrill.
- 3 Rec.—Only a boy, by Thomas Hanna.
- 4 Rec.—Little Ethel, by Edna Merrill.
- 5 Song.—Susan dear, by Lem Pogue.
- 6 Rec.—Scrambling for bread and butter, John Hanna.
- 7 Lecture.—Wag-noodle Baxter.
- 8 Stamp speech.—Lem Pogue.
- 9 Dial.—From India, Lillie and U Hanna.
- 10 Song.—Beware, beware, Lillie Hanna and Bell Pettiflow.
- 11 Rec.—A pen picture of Kansas life, Mary Bratley.
- 12 Song.—The house-wife complaint, Aron Carmichael.
- 13 Tableau.—Courtship scene on Sunday night.
- 14 Music.—Frank Melendore.
- 15 Dec.—The Deacon's ride.
- 16 Nonsense oh, nonsense.—Colored man.
- 17 Select reading.—Oliver Stelman.
- 18 Music.—Twin Hill band.
- 19 Rec.—The little star, Nellie Crawford.
- 20 Dialogue.—By Schuyler Tinklepaugh, and others.
- 21 Dialogue.—The water melon, Hugh Bratley, and others.

Next in order was recess, followed by the debate. The question for debate was "Resolved that the negro is granted a better chance to make a living than the poor whites. After the question being thoroughly discussed, the affirmative willingly gave over to the negative.

Electing of officers to preside over the society for the next term (six weeks) was in order, which are as follows, Pres. A. N. Anna, Vice Pres. E. L. Griffith, Sec. Lelia Pogue, Treas. Mrs. Pogue, Chorister R. N. Ames, Marshal Mr. Pogue, followed by critics report. The society then adjourned till next Wednesday evening.

We believe Mr. Pogue's statement about Jack is about true "he cannot compare himself to any one thing" if his looks do not deceive, he is about thirty years old and still bacheling.

During the holiday week we had a neck tie party here for the purpose of getting money to procure curtains for the society. Proceeds were \$7.10. Mrs. Pogue was selected to get the curtains and prepare them, for which she should receive the best of thanks for the manner in which the curtains were put up, and the mechanical form of adjusting them.

WILBURN ITEMS.

More cold weather last week. Business lively again Saturday. It seemed like old times to see so many teams in town.

Every one seems to be complaining of colds in this part.

Mr. Noble, of Alton, is visiting the uncle Mr. C. P. Brown.

M. W. Brown has his hands full taking care of the teams this cold weather.

Miss Coffey, and Fanny Reynolds took a trip over-land to Ingleswood last week, returning Saturday.

C. P. Brown, and Mr. Noble made a flying trip to Minneola Saturday.

Mrs. Snyder, and daughter of Dodge City was visiting Mr. Carey Smith's family.

Mrs. C. P. Brown was confined to the house last week with a cold on her lungs. She is able to be out again.

Mrs. Miller, one mile north of town has been sick sometimes, but is now convalescing.

Mrs. Carey Smith has not been able to be out for sometime on account of sore eyes.

M. E. quarterly meeting at Fowler last Sunday. A number of citizens from this place went down to attend the meeting.

Dr. Lamb and family took up their residence in this place last Wednesday. The doctor having previously purchased the residence left vacant by Mr. Clawson. We welcome them to our midst.

A number of citizens from this vicinity went to Minneola last week to get sight of the railroad. Finished laying track to that place Thursday. The next day expected the cars in.

A social party given at the hotel in this place the 17th, was enjoyed, dancing the principal amusement.

The Wilburn school are preparing an extra literary program for next Saturday evening, 28th. A small admission fee will be taken at the door. The funds to be used to purchase material to put the bell on the school building.

The Wilburn Literary Society had a very good turn out Saturday evening, and a very interesting program. Had an interesting debate on the question. Resolved that the railroads, telegraph lines and coal mines should be owned and operated by the Government, which was decided in the affirmative.

News reached this place last week of the death of Carey Smith's mother, aged 79 years. She left this place a year and a half ago for Nebraska, before that time she had made her home with Mr. Smith.

Milo Allen has traded his farm for C. P. Brown's residence here in Wilburn. On Dit.

FROM MT HOPE.

The Sunday School at Mt Hope is one of the permanent institutions of the neighborhood. It was organized three years ago with Mr. Hillyard as the first superintendent, and still maintains all its original with much increased interest. The average attendance is over fifty. Every effort is put forth to make it as successful as possible. Mr. J. Goodwine is the present superintendent Mrs. Grafton Asst. Supt. Olin Goodwine, Sec.

The Lyceum Tuesday evening, Jan 17 was unusually interesting. The house was crowded, and until a late hour the audience listened to an excellent program that would do credit to any community. Throughout the country there is a great interest taken in these literary societies. We debate on the "free trade issue" Tuesday evening Jan. 24.

The school board has recently purchased, for the use of the school, "Yaggy's Anatomical study." This is a physiological chart, and manikin, especially adapted to teach the effects of intoxicating liquors. The board deserves great credit for this purchase. No one who has once seen it can doubt its usefulness.

The attendance at school during the past few weeks has not been so good as usual, on account of the severe cold weather.

Miss Edith Enderly who is attending school in Dodge City, is reported very sick with the diphtheria. Hopeful.

FROM SPEARVILLE.

"Tony" Kolley's little child has been very sick but is now better.

Mr. J. G. Howard had the body of his wife exhumed Monday and removed to McPherson to be placed beside her father who is buried at that place.

John Chilcote left on the train Wednesday in answer to a telegram that his father, Ernor Chilcote, was laying very sick at the residence of his daughter, Mrs. A. A. Miller, in Missouri.

Sporeville Blade.

Miss Lizzie Mason recently made a visit to McPherson.

Mr. Ovid Allen started this week on an extended eastern visit.

Rev. Burns is improving in health, and expects soon to be able for active duty.

A protracted meeting is in progress at the M. E. church, under charge of Rev. E. S. MacCartney, of Dodge City.

W. H. Beach recently lost six fine cows, their death supposed to be caused by feeding to much millet hay.

Geo. Hall made a business trip to Bucklin last week.

The oyster supper and concert at the school hall last Saturday night was well attended, and all seemed to enjoy the occasion. We understand the receipts were nearly \$30. Proceeds for the benefit of the M. E. church. Its success is largely due to the efforts of Mr. Geo. Winans, who undoubtedly belongs to the "E.H." class. May his shadow never grow less.

Rev. Ole Baird of Bucklin is in the city the guest of the Methodist pastor. Rex.

SPARKS FROM SNYDER.

Miss Etta Griffith's school at the Hobble school house will close next Saturday. She has given very good satisfaction.

The Vance boy's have returned from Colorado where they have been working during the winter. We are glad to see Jacob's face once more.

Dr. C. H. Beach is still troubled with his hip, he is beginning to think he will never recover the use of it.

Twins at Albert Griffith's both girls, Albert is happy he says, they will have a new school house in his end of the district before long.

Miss Mollie Iles began school last Monday at Pawnee Rock. We wish success to Mollie, for she is a first-class teacher, and never without a school when she will accept one.

Died Monday morning Elias Bohr, age 18 years 2 months, and 3 days, son of J. B. Bohr, and S. A. Bohr.

The farmers in this neighborhood are strongly opposed to bonding the county for a sugar factory at Dodge City, or any where else in the county, for it will only benefit a few that live near it. It will not pay to haul cane more than three miles, but we will all have to pay our share of the taxes, and those few that live in the vicinity get the sole benefit. The time is coming and is not far off when the bonds we now have will be a terrible drag on the people. It is not the fair thing to ridicule a man that objects to high taxes because he does not pay two or three hundred dollars, his fifteen or thirty is just as hard for him to raise as it is for him that has to pay more, and as a rule those that are most in favor of bonding are real estate brokers, and they expect to realize out of the boom it will give city property, while the farmer that holds on to his place will have to bear the burden for years. J. L. R.

TEACHERS' ASSOCIATION.

Report of Teachers' Association held at Ford City, Kansas, Jan. 20-21, 1888.

The opening session Friday evening was well attended. In the absence of the president, E. D. Webb, Prof. Powelson was chosen president, pro tem.

After some fitting remarks by the president the program was carried out.

First, a song, "My Country" was finely rendered by the Ford City choir; then followed the invocation by Rev. Courder, of Ford City. Following another song, was the address of welcome, by E. H. Madison. This hearty welcome was heartily applauded, and received a most hearty response by J. A. Beadle. Such kind words cast such a good feeling over the audience that all joined in singing the next song.

Prof. Groendyke's address, next, met such applause which bespoke for its merits.

After another song, all were requested to repair themselves to the banquet hall, where an excellent repast awaited them.

Saturday morning meeting opened by some songs. In the absence of Professor Akins, the first topic was omitted. The second topic, "The Teacher as a member of society," was ably given by E. H. Madison in an extemporaneous speech. The discussion followed by Miss Anna Kreigh, Supt. Groendyke, and replied by Mr. Madison; after which quite spirited remarks were made by Mr. Shaw, an able speaker, Mr. Prouty, of the Boomer, and Rev. Courder.

The fourth topic, "The art of explanation," by J. A. Beadle, was an excellent paper. Another paper on the same subject was well read by Miss Emma Page; Discussion followed by Messrs. Madison, Ames and Groendyke.

J. A. Neilan had an excellent paper on "How to secure the co-operation of parents," which was followed by a fine paper, read by Mrs. Pierce, on the same subject.

All being most anxious to hear Prof. Powelson's paper on "Moral instruction in the school room," he was called on; but the train then coming prevented it. Many immediately took the bus(?) for the depot (?) As the secretary was among the number, she is unable to give the proceedings which followed at the meeting.

Most gratefully will the citizens of Ford be remembered by the teachers and friends whom they entertained at the meeting. The kind and hearty reception given could not be surpassed in its bounteousness. The good cheer which pervaded the whole atmosphere; the good things so lavishly bestowed; the talks and responses, were really bewildering. The Silver Cornet Band contributed not a little to the entertainment.

The Republicans of Ford county are called upon to meet at the court house, in Dodge City, Thursday Feb. 2d, at 2 p. m., for the purpose of organizing a Republican Club. The meeting is called by W. W. Apperson, Chairman Rep. Co. Com., and G. W. Milton, Member State Com. 16th Dist.

STAND BY YOUR PAPER.

Remember that the Globe is not getting out this edition, as the Globe has announced in its issue of the 17th, that Mr. Smith is getting out the edition. Mr. Smith has repeatedly stated the same thing. All that Frost has to do with it is that Mr. Smith has stipulated to give him a certain price to do the press work. It is a disgrace to the press of Dodge City to be thus compelled to depend on strangers to come in and do the work we ought to be doing. Let us be men and stand by our rights.

The edition the TIMES is preparing is in every way superior to the one these strangers are issuing. We are working to bring people to Dodge City and Ford county, and to put money into the pockets of our people. These strangers are working the game for what there is in it. They are not identified with us. They are working every town in the west for what there is in it. Let the people of Dodge City stand by their home paper, the one that stands by them the year through. We mean business. We have large property interests here and have sense enough to work for the general good of the people. We say this that our people may not be led astray by misrepresentation.

FINE MUSICAL TALENT.

But few of the residents of Dodge City appreciate how good an orchestra we have, and the old adage, "A prophet is not without honor save in his own country," finds a good illustration in the high esteem in which Beeson's orchestra is held in other towns. The leader was called to the stage by the manager of the Crismer & Davies company, (which by the way gave one of the best entertainments in "Called Back" last Wednesday evening which has been witnessed in our city in a long time,) and complimented Mr. Beeson in the highest manner, saying the music was the best they had found in Kansas.

The orchestra filled an engagement at Nickerson recently where their playing attracted the attention of the musicians from Hutchinson and Wichita, and the result was Beeson's orchestra has been engaged to play in those towns for all the best dances.

Lovers of good music in Dodge would be very grateful to the management of the opera house if the orchestra could be regularly engaged to play for all entertainments. It would add greatly to the pleasure of the audience, and be a just recognition of the merits of Mr. Beeson and his assistants.

"One policeman can do all the business in his line at Ottawa."—Ex.

We congratulate the citizens of Ottawa, and know from personal observation that in Ottawa prohibition prohibits. To Ottawa belongs the credit of banishing the liquor traffic long before the prohibition law was enacted, being the first city in the state to take and maintain the position that the best interests of the city, financially as well as morally, would be subserved by such a course. The present prosperous condition of this thriving young city is the best attestation of the facts that they were right, both in their reasoning and conclusions. Ottawa is today the cleanest, best governed and most prosperous town of its size in the state. It has splendid schools, churches, a noble college, grand railroad facilities, work shops, factories and many industries which cannot fail to make it a large and prosperous city, among the best in the west. Not long since, in a large assembly representing every interest it was unanimously resolved that the suppression of the liquor traffic, in that community was the primal cause of its prosperity. We commend the above to the citizens and especially the mayor, council and officers of Dodge City, and say "go thou and do like wise."

OBITUARY.

Enzor Chilcote was born in Hunting-ton county Pa. Nov. 1st 1821, and was therefore just a little past 66 years old at his death Jan. 21st 1888.

In boyhood he moved to Newark Ohio, and was there one of the pioneers of famous old Licking county, until spring of 1884, when the death of his wife, he moved with some of his boys to Kansas. He located fifteen miles east of Dodge City, but resided with two sons in Spearville most of the time since 1884. He gave up active labor and business, but greatly enjoyed the salubrious air and sunshine of Kansas, and maintained a happy disposition to the last. A few months ago, realizing that his sands of life were nearly run, he started to visit his old Ohio home, and friends, and stopping to visit a daughter at Carthage, Mo. he took cold, resulting in pneumonia, and with a severe attack of rheumatism, in his death, at the last named place last Saturday morning. He was at the time surrounded by his children, three sons and two daughters, and after each one had arrived and were recognized he seemed perfectly content. One son is here, one at Spearville, and one at Golden City Mo. He was taken to rest beside his companion in Ohio, where with the beautiful service of the Masonic order to which he belonged, he was buried this week.

Frost slops over this week and says his book edition is 25,000. In another local he slops back again and says it is 215,000. It is such a whopper that even he is embarrassed over telling it. You had better stick to the 15,000, Brother Frost.

COLLEGE NOTES.

School was dismissed Wednesday at 11.30 a. m. on account of the funeral of Mr. Zimmermann.

The Geometry class has finished the last book in geometry, and are now solving the practical problems.

Prof. Newton says that he thinks one of the members of the advanced algebra class is beginning to get rather indifferent about being on time at recitations.

Prof. Powelson is beginning to stir the pupils up about singing books, some of the pupils having neglected to get one.

SEND IN THE NAMES.

We wish every reader of the TIMES to send us the names and address of all their friends to whom they wish a copy of the special illustrated edition of the TIMES sent, and we will mail to each address, a copy free of charge. We wish our eastern readers particularly to do this, and be liberal in supplying us with names. We want as many as we can get.

Major J. H. Harmony, of the firm of Hastings, Harmony & Todd, has recently made a prolonged visit to Kansas City, and reports Dodge City property, and the general prospects of our city, as greatly in the favor of eastern capitalists. He also heard of the probability of many excursions during the early spring, to points in Western Kansas, chief among which is our own city. Let our citizens now do their duty on the arrival of these speculators. Our real estate men can do nothing without the co-operation of property owners. Therefore let all who have property to sell, list it with these firms, that they may offer all the inducements possible to speculators, and thereby give our prosperous city its well deserved boom. Put your property in at such prices that buyers will not think of going elsewhere to purchase, as every piece of property sold to an eastern speculator is so much added to the future value of all home investments. Already our fame has gone abroad as a point with competent lines of railroads, as one soon to be the educational center of Western Kansas, and as the commercial metropolis of the Western plains, which are rapidly opening up for the future maintenance of a larger farming population than any other equal region in the United States.

The Globe man says, that his boom edition will be published by the press in 13 leading cities of the east and west. Would it not be better for you to run off the other 195,000 copies on your hand press. You could continue to do the circular work of this grand and glorious edition. Let us suggest that it would be cheaper to have the Dodge City TIMES run off the whole edition for you on its fine power press, than to have all this matter set up 13 different times. We have plenty of time as the illustrated edition of the TIMES will not be published until the 15th of February.
