The Methodist and Baptist churches held very entertaining services last Sunday. "Children's Day" was very appropriately celebrated to the profit and delight of the little ones.
We would be under many obligations to our former patrons if they would bring the TIMES office some samples of your best grain and vegetables to exhibit to eastern parties who may be calling at our sanctum.
Mrs. W. H. Howard returned last week from an extended visit east. She says the spring is very backward and times are dull, and that a great many people are contemplating coming to Kansas in the fall.
A murder was committed in Hodgeman county near Burdett, on Sunday evening last. A man named Studebaker assassinated his neighbor Andrews without a word of warning.
Mrs. H. F. May, accompanied by M. W. Sutton and son Stuart, left for her home at Decatur, Illinois, on Wednesday of this week. Mr. Sutton will attend the national convention at Chicago before returning to this city.
J. M. Kirkpatrick will remove into the TIMES office the last of the week, where he can be found by all his patrons. In connection with D. F. Owens he will continue to do a general real estate and loan business.
A pleasant party was given at the residence of Mr. W. Moore, on Military avenue, last Friday night in honor of Miss McLain of Newton. A large number were present, and a very enjoyable time was had.

Some of the farmers report oats scalded, but we are glad to say that this is only in parts of the county. One of our most prominent farmers reports that he has about seventy acres that would average 40 bushels to the acre. Corn and other grains are doing well.

Having bought the stock and also the accounts of J. W. Gibbs & Co. we would respectfully request that all persons knowing themselves indebted to the above named firm will call in and settle. And oblige R. M. Wright & Co.
The Rev. I. W. Reed, of Springfield, Ill, was in the city last week. Mr. Reed has an interest in a section of land north-east of the city. He went away favorably impressed with Dodge City, and confident that we would continue to have the largest and most prosperous city in the west. He says his land is not for sale, that his money is well invested.
Mr. H. H. Carter was appointed city marshal by the mayor, last Friday night. The appointment was unanimously confirmed by the council. Mr. Carter has proven himself to be a judicious and efficient officer and given general satisfaction to law abiding citizens but is a terror to evil doers.
The passenger engine collided with the freight engine in South Dodge last Wednesday morning. A switch had been left open upon which was standing the train for the east. The west bound train was nearing the depot and running at a low rate of speed when the collision occurred, causing but little damage and a delay of a few hours.
The Globe man now thinks the city printing "was only a little matter." It was only a few weeks past that he thought it absolutely essential in order to sustain him in business. Guess he has forgotten the little speech he made before the council. He is liable to forget such little things.
The editor of the Globe seems worried over the fact that an occasional article in the TIMES sets forth the principles of the prohibition party, yet in the same issue of his little pretended republican sheet he has a column and a half of illustrated prohibition news, and three columns and a half of democratic news. "Oh! consistency thou art a jewel!"
We had the pleasure of a visit from two of Indiana's distinguished sons this week. The Hon. Bruce Carr, Auditor of state (Republican) and Hon. L. P. Harlan, Atty. at Law and ex-chairman of the Democratic state central committee. They are looking after some of Ford county's fine land. Mr. Carr says Indiana will surely go republican this fall because of the bad record of the democratic party, some of whom now languish in durance vile. Also because of the democratic free trade policy, which is not in harmony in that state with their best business interests.

The gas well is progressing rapidly. and is now at a depth of about 350 feet. The company are very much encouraged as the prospects give every assurance of success. The Board of trade expresses itself as willing to encourage the enterprise and back it if necessary.
The laying of track on the Dodge City, Montezuma and Trinidad is progressing rapidly. The material is about all collected at Dodge City so that there will be no delay on that account. Montezuma rejoices in the prospect of soon being a railroad town.

The following table taken from the third annual report of the Kansas State Board of Health, shows the vital statistics of Ford county for 1887. Total births for 1887—353, marriages for 1887 160, deaths for 1887—68. Comparison with other counties show that in the number of births Ford county ranks sixth, in marriages 5th, in deaths 22, of all the counties in the state.
If any one feels aggrieved at the TIMES for not making appropriate mention of church or Sunday school services, society meetings or entertainments of any kind, remember that we cannot be present at all these gatherings, and we depend on those interested to see that we get the items desired published. We again ask the various churches, Sunday schools, secret orders, associations and stock companies to bring us your items and we cheerfully give you a place in our columns.
The Dodge City hose company, in the hose team races at Wichita, for the championship of the state, came off victorious, time, thirty-nine and one-fourth. But they had a hard time to get justice done them. Wichita showed how low, mean and dirty they could be and, but the interference of other departments would not have given Dodge anything; but "every dog has his day," so look out Wichita, that you do not get paid back in your own coin.—Bucklin Herald.
DIED—Blanche B., daughter of Mr. and Mrs. E. J. Renner, San Louis Valley, Col. Mr. Renner had resigned his position as city marshal of Dodge City and taken the child to the mountains in the vain hope of restoring the health of the little one so much beloved. She was called and went to him who said: "Suffer little children to come unto me and forbid them not for of such is the kingdom of heaven."
AT WORK ON THE OMAHA, DODGE CITY AND SOUTHERN.—The surveyors on the Omaha, Dodge City and Southern railroad began work Wednesday morning. It is the intention of the company to push work as rapidly as possible from Dodge City to Omaha. Capitalists and railroad men recognize this line as one of the most important of any in the whole country, and are already bidding for its stock and control.
It will be made an independent system and will reach the coal fields over the Dodge City, Montezuma and Trinidad railroad. Its main line will reach the great stock ranges of the west and make through connections with the Gulf of Mexico. From Omaha it extends in all directions, reaching every important point of the north. Capital is now secured and the success of the enterprise is an assured fact.
MARRIED.—At the residence of the bride's parents, thirteen miles north of this city, on Wednesday June 6th, Miss Etta Christon to Mr. James H. Williams, of Montezuma. Rev. W. E. Rehorn officiating. Mr. Williams is a young man of excellent character and of the best business qualifications. He is the treasurer of Gray county, and cashier of the bank of Montezuma. The bride is quite prominent in the social circles, and an earnest worker in the Christian church. She has manifested unusual business ability giving her pronounced success in all she undertook. She is a natural leader in society, and a graduate of the Eureka college, of Illinois. They took the afternoon train for the east. After they return they will reside at Montezuma, where the nest is already provided.
FIREMEN'S TOURNAMENT AT WICHITA.
The firemen's part of the entertainment was quite interesting, it being quite evident that there was no monkey business but pure hard work. They appeared between heats with running a reel two hundred yards, throwing out two hundred feet of hose and making nozzle and hydrant attachments.
The following shows companies engaged, and time in seconds:

On last Saturday evening a very pleasant company was entertained at the home of Mrs. Munsell on sixth avenue, the occasion being a musical soiree under the auspices of Mrs. Munsell, assisted by her musical friends.

1. Piano Duet "Westward Ho," Miss Harri and Mrs. Munsell.
2. Song—"Thy Scattered an' I," Watson
3. Instrumental Selection, Listz
4. Song—"Laddie," Miss Inez Hard.
