LOCAL BRIVITIES.

The late hot spell prevailed over a vast extent of country.

M. W. Sutton was in Trinidad this week, taking depositions in a railroad case.

Leland Eagle-Optic (Dem.): It looks like a walk over for the Republicans this fall.

Dr. Holmbeck, Gray county's representative to the legislature, was in the city, Monday.

Mrs. G. M. Tobias with Eleanor, left for a two months visit in Ohio and Indiana last Tuesday.

L. N. York, formerly a citizen of Dodge, but living near Eald, Ok., is in the city on business.

The High School opened Monday morning with 47 pupils. The enrollment last year was about 20, on the first day.

Mrs. Warren Baker jumped out of her buggy, Sunday evening, and sustained a severe sprain in her foot, and is unable to walk.

The late dry weather has made good fall pasturage. The grass is fattening and nutritious.

Mrs. Behler, of Doniphan county, Kansas, who has been visiting her sister, Mrs. L. D. Pierce, has returned to her home.

L. D. Pierce, on the South side, has a pumpkin vine that measures thirty-six feet, and on this vine is growing five large pumpkins of the Kershaw variety.

The Southwest Kansas Baptist Association which held its session here last week, adjourned to meet in Garden City on the first Thursday before the third Sunday in September next, at 10 o'clock a. m.

The Rock Island had four cars of harvest excursionists on their regular train on the 11th. The excursionists were from points in the east and were bound for different points in Kansas, Indian territory and Oklahoma.

Chris Behl, road overseer, informs us that he will plow fire guards as soon as the ground is in condition. The sod has been too dry. The road overseers all over the county have been prevented from plowing fire guards owing to the dry sod.

Six persons were baptised in the Baptist church on Friday night, as a result of the conversions made during the revival. Communion services will be held next Sunday, at which time these converts will receive the right hand of fellowship, and other members of the church will be restored to membership.

Manager Pearce shows good judgment in having Beeson's orchestra for his playhouse. The Mattie Vickers troupe was heard complementing the Orchestra on their way to the hotel after the play was over, Miss Vickers saying that is just what we have been told that we would have a musical treat when we got to Dodge City, and the people of the city show their appreciation of this organization by the encores they got.

Charley Schneider and Arthur Powers returned home from Hugoton, Saturday, after having made an examination of the records of Stevens county. In spite of the fact that they were cut off for three weeks from church, barber shop and ice water privileges, they still returned some traces of civilization. They got back into civilization gradually by stopping a day in Dodge City.—Garden City Herald.

We have understood that the highest state of civilization exists at Garden City. But it ends there.

The ringing of the school bell makes pleasant music.

Every day brings a number of loads of grain to the city.

Mrs. N. G. Collins, who has been very sick, is recovering slowly.

Dr. A. H. Hard, who has been dangerously sick on the mend. He is suffering with an attack of malarial fever.

Mrs. Warren and Mrs. Hinkle intend removing to Denver. Mrs. Warren is offering her household goods for sale.

L. D. Pierce brought to this office a watermelon that would balance a 50 pound sack of flour—at least, those who lifted the melon said it was that heavy.

E. T. Stockwell, wife and daughter, returned Sunday morning from a few weeks visit on their ranch 40 miles from Denver. They are much improved in health.

"Fin de siecle" has not yet reached Dodge City. It is coming this way. And yet there are some people who believe Dodge is "up to date"—"fin de siecle."

John H. Churchill and wife left on Saturday for Albuquerque, N. M., where they attend the National Irrigation convention. They will return about Sunday next.

Mrs. W. T. Coolidge left Monday for Elk City, Kansas. Mr. Coolidge and Arthur Rapp leave to-day for the same place, in a wagon. Mr. Coolidge will be absent three weeks.

Rev. Kane of Garden City, preached in the Methodist church Sunday morning, and in the Baptist church in the evening. Elder Shanklin preached in the Baptist church in the morning and in the Methodist church in the evening.

Mattie Vicker's was "all right," she has a good company and gave a first rate show, the night was rather warm for a large audience, but those who attended were well repaid and enjoyed the treat. R. T. Brown, as Dick Vinton was "out of sight" and Mattie Vickers "didn't do a thing" to make you feel sad.

H. B. Frazier, of Viola, Ill., who owns a section of land, 15 miles northwest, is here looking after his crop. He has fifteen stacks of wheat that will probably thresh one hundred bushels to the stack. The wheat will yield ten bushels to the acre. Mr. Frazier has purchased a quarter section of land adjoining his section.

Alex. Alter and Miss Emma Prince, daughter of Comrade Prince, were married at the Soldier's Home, Saturday morning, Judge Burson tying the nuptial knot in gorgeous style. The GLOBE-REPUBLICAN extends to the bride and groom hearty congratulations. May their shadows never grow less, and long life and prosperity attend them.

There is a fusion of Republicans and Democrats against Populists in Seward county, and the state committee wants to "head it off" for they believe it will be demoralizing to the Republican party next year. Demoralization is the result of fusion. Demoralization begins early, and it is having that effect in the Populist and Democratic parties in Ford county.

Freight trains Nos. 36 & 37 collided Saturday night at Blanchett and created a wreck. Three engines were demolished and fireman Charley Slusher was buried beneath the debris and instantly killed. W. J. Hendricks of Dodge City, Kansas, who was beating his way, also killed. He was 28 years old and had \$126 in his pocket. Engineer George Roberts of Ludlow was seriously injured by jumping from the train. The loss to the Railroad Co. was heavy.—Corinth (Ky.) Independent, Sept. 12.

We mentioned the death of young Hendricks in the GLOBE-REPUBLICAN last week.

A small notice in last week's GLOBE-REPUBLICAN about a lost dog, led to his recovery. The dog belonged to the family of R. W. Evans, and had taken a hide under a seat in the car in which sat a young lady from Cimarron, who had been visiting Miss Mary Evans. The dog was of course carried to Cimarron, and turned over by the railroad conductor to Baron Roebcher, station agent and also president of the society for the prevention of cruelty to animals. Baron Roebcher carefully provided for the dog, as a hen gathereth her brood under her wings. Learning of the dog's whereabouts, Miss Mary Evans went up to Cimarron, Monday morning, and returned in the evening with the dog. There was rejoicing at both ends of the line—in the family of R. W. Evans, on the return of the dog, and at the home of the Baron, who was anxious to be relieved of his charge. And advertising pays.

Mrs. Ed. Kirkpatrick has almost fully recovered from her recent sickness.

L. R. Miller shipped four cars of wheat last week, and is preparing to ship several more cars.

There is quite a political "racket" up in Gray county. They know how to "get 'em up" in Gray.

A party of ten prospective land buyers came in from the east Wednesday and went down to Haskell county to look over that country. They were accompanied by J. F. Kern.—Garden City Herald.

Windthorst Picnic.

The annual picnic at Tasset Grove will be held on Wednesday, October 24, for the benefit of the Catholic church at Windthorst. Everybody cordially invited.

Notice.

Notice is hereby given that on the 28th day of September 1895, I will pay a dividend of 2 per cent to the creditors on claims allowed in the estate of A. G. Landis.
J. S. EVANS, Assignee.

The report now is that if the warm weather continues for two weeks that there will be a very fair crop of alfalfa seed. The warm weather is quite trying, but we will stand it if it makes a crop of seed. That would mean many thousands of dollars in the pockets of our farmers, worth more to them than several crops of wheat and oats.—Garden City Herald.

Peaches.

Miss Nannie Slaven brought to our house a basket of peaches that beats any thing we have seen this year. In the basket were a dozen peaches, all very large—larger than any peaches we have seen this year—the largest peach weighing sixteen ounces. The peaches are of the free stone variety and are very delicious. They were grown on Miss Slaven's premises in the city.

Mrs. R. W. Evans also presented the editor with a sack of delicious peaches that were grown on her residence lot.

Capt. J. N. Pope brought our office a basket of his fine peaches, grown on his place in the west part of the city.

For one day we were surfeited with fine fruit, and of course extend our thanks.

A Prairie Fire.

The warm and exceedingly dry weather of the few weeks past has dried up the prairie grass until it is like tinder. A prairie fire started in near Meade yesterday afternoon and continued to burn until dark. The flames were carried many miles by the heavy wind blowing at the time, but judging from the smoke the fire did not cut a wide swath, though the smoke was dense and was carried many miles, giving the appearance of a vast conflagration. We have not heard of any particular damage being done, except that some stacks of hay were burned. Another fire was observed in the northwest some miles away last night.

A good deal of care and caution must be used in the prevention of prairie fires.

School Attendance.

Prof. Warren Baker, Superintendent of the Dodge City public schools, gives us the number of pupils enrolled in the different rooms. The enrollment is much larger than that last year, especially in the High School. There were only a little more than 20 in the High School last year. The schools this year start off in fine condition with promising success. The following is the enrollment:

High School.....	49
Miss Hale.....	35
Miss Hobble.....	46
Miss Mianer.....	54
Mrs. Lillis.....	56

Lawn Party.

Tuesday evening, Sept. 17, 1895, a party was given at the home of Mr. and Mrs. H. S. Huestis, in honor of Miss Sadie Huestis and Miss Abbie Dodge. The lawn was beautifully illuminated with lanterns. Handsome flowers decorated the tables. The affair was fin de siecle. Refreshments were served in a large tent, and judging from what the young people told the hostesses before leaving, we know they had a very good time. Those present were:

Misses Alice Shaw, Nellie Huestis, Tilly Black, Ermine Young, Fay Evans, Lottie Driskell, Ella Hickerson, Carrie Hobble, Carrie Driskell, Maggie Hobble, Jessie Logan, Beattie Easton, Nellie Driskell, Grace Rose, Violet Imel, Myrtle Rose, Cora Burgess, Myrtle Black, Ollie Burgess, Myrtle Chambers, Harriet Hobble, Lulu Richardson, Gertrude Jordan, Mattie Kinkad, May Chambers, Bertha Stockwell, Lucy Logan, Miss Harris, Mesdames Chambers, Black, Smith, H. Huestis, Evans, Dodge, Swan, Mr. and Mrs. H. S. Huestis.

Children Cry for Pitcher's Castoria.

Steel vs. Cast Iron.

Steel has superceded iron in all structural work where the greatest strength and durability are required. The old-fashioned cast-iron stove has made way for the

Majestic Steel Range

which is made of cold-rolled steel (the strongest steel) and malleable iron (iron that, by an expensive process, is made unbreakable), and the whole construction is riveted by hand (the honest way).

The MAJESTIC is built on honor to last the user a lifetime—a long lifetime.

Mike Sutton, of Dodge City, was among the prominent attorneys in attendance at court this week. Mike says the name of "Sike Mutton," which was given him by the Jacksonian several years ago, will cling to him through life.—Cimarron Jacksonian.

B. F. Milton, a prominent politician and lawyer of Dodge City, was in attendance at court this week. Mr. Milton was honored by being chosen Judge pro tem at Monday's session, and filled the position to the entire satisfaction of all members of the bar. We have heard it suggested that he would be a good man to fill the place permanently in case our present judicial boundaries are knocked into a "cocked hat," which is very likely to happen.—Cimarron Jacksonian.

Christian Endeavor.

At the Christian Endeavor, at the Christian church, Sunday evening, Sept. 22, the "Pledge," the bugbear of so many young christians, will be discussed in detail, and we will endeavor to prove by experience and scripture quotations that it is not a burden but rather a help to the christian.

We cordially invite everyone to come and especially those who are interested in this matter or who have a wrong impression as to what the pledge is. Services begin at 6:45.

The second-hand store of Sughrue & Coons was again broken in, Sunday night, but no article was missed. This is the third time this store has been broken in. Last spring a window was broken and the store entered, and some watches and other goods taken. An attempt was made previously to enter the store, the breaking of the window Sunday night was the third attempt at burglary.

Several years ago I was taken with a severe attack of flux. I was sick in bed about ten days and could get nothing to relieve me until I used Chamberlain's Colic, Cholera and Diarrhoea Remedy, which cured me and has been a household remedy with us ever since. J. C. MARLOW, Decaturville, Mo. For sale by W. F. Pine.

Send a postal asking for free sample copy and supplement of benefits. We supply the Kansas Farmer—regular subscription \$1.00, and the GLOBE-REPUBLICAN, both papers one year for only \$1.50.

Its Value Recognized by Physicians.

As a rule I am opposed to proprietary medicines. Still I value a good one, especially when such is the source of relief from pain. As a topical (external) application I have found Chamberlain's Pain Balm the best remedy I have ever used for neuralgia of any kind. I have conscientiously recommended it to many persons. WILLIAM HORNE, M. D., Jamesville, Wis. Sold by W. F. Pine.

In a recent letter to the manufacturers Mr. W. F. Benjamin, editor of the Spectator, Rushford, N. Y., says: "It may be a pleasure to you to know the high esteem in which Chamberlain's medicine are held by the people of your own state, where they must be best known. An aunt of mine, who resides at Dexter, Iowa, was about to visit me a few years since, and before leaving home wrote me, asking if they were sold here, stating if they were not she would bring a quantity with her, as she did not like to be without them." The medicines referred to are Chamberlain's Cough Remedy, famous for its cures of colds and croup; Chamberlain's Pain Balm for rheumatism, lame back, pains in the side and chest, and Chamberlain's Colic, Cholera, and Diarrhoea Remedy for bowel complaints. These medicines have been in constant use in Iowa for almost a quarter of a century. The people have learned that they are articles of great worth and merit, and unequalled by any other. They are for sale here by W. F. Pine.
