THURSDAY, AUGUST 12, 1897.

Rainfall Tuesday .35 of an inch.

Tuesday afternoon's rain extended over the county.

Farmers are rejoicing over the prospects of a corn crop.

J. M. Kirkpatrick is in Haskell county this week on legal business.

Lecture at M. E. church Thursday evening, August 12th. Admission 15c.

Mrs. J. H. Crawford left Thursday last for a visit to her former home in Indiana.

Wheat is keeping a stiff price in all the markets. The export of wheat is larger than common.

George Saxton of Topeka, spent a couple of days here, visiting his daughter, Mrs. Paul Henkel.

Rev. W. O. Woolver, formerly a student in Soule college, was married at Flagler, Iowa, a few weeks ago.

Rev. H. B. Johnson will preach at the Presbyterian church next Sabbath morning and evening. All are cordially invited.

One hundred cities of Kansas contain a population of 1000 or more. Dodge City has a population of 2060, and ranks 521 in number.

Large purchases of grain have been made in this country by Italy, Austria, France and Egypt, countries which rarely before have purchased cereals in the United States.

J. C. Baird of Spearville, was in the city yesterday. He says three threshers are at work near Spearville. Wheat is turning out well, the average yield being twenty bushels to the acre.

"Jesus paid it all," came floating to us in the June twilight the other evening. In a few minutes we discovered the singer. He owes us for three years' subscription.—White Cloud Globe.

Christian Schumann, who lives 12 miles south of Spearville, out, bound and shocked 175 acres of wheat this season, doing all the work himself with a binder. Schumann is a man 45 years of age. He was unable to procure help.

The boiler for the Santa Fe railway shop at this station has arrived, and will be put in place this week. The repair shops will give employment to a number of mechanics. It is the intention to repair all engines on this division at the shops here.

Services will be held at St. Cornelius church next Sunday morning and evening. Morning prayer, litany and sermon at 11 a. m. Evening prayer and sermon at 8 p. m. Sunday school at 10 a. m. Subject of sermon in the morning "Profit and Loss." Subject in the evening, "The Unity of the Old and the New Testaments." All are invited.

A wave of prosperity has struck the Leader office. Bro. Lucas has received a box of printing material and will soon make improvements on his paper. The wave of prosperity has been long reaching the Leader; but it comes to the just and unjust—Republicans and Populist alike; if he only waits. All things come to those who wait.

The interview with H. Juneau, on Alaska, published last week, is reproduced in the Wichita Beacon, with a "scare head," as a special from Dodge City. The GLOBE-REPUBLICAN is pleased that its work sometimes finds a wide range, whether credited or not. But Mr. Juneau says to take out those pricks in the moss and put them in the Devil's club, a thorny vine.

The lightning struck the school house in several places, in Spearville, during the storm Saturday night. The north wall of the building is cracked in two places, extending from the top to the ground. The roof was damaged slightly, the lightning ripped up some of the shingles, apparently running both ways. The electrical disturbance at Spearville is said to have been varied and eccentric, Saturday night.

The Arkansas river is full again.

Recollect the social dance Saturday night.

Miss Maud Rankin, who has been sick, is able to be out.

Sims & Sims are paying 67 cents for good No. 3 wheat, today.

The lecture at the M. E. church tonight will be interesting. Rev. D. E. Hoover is an entertaining speaker.

New brands of flour—the celebrated Empress and Electric Light—the cheapest and best flour in the country, according to its excellent quality. For sale by SIMS & SIMS.

E. Heusta was absent seven weeks in the harvest fields of Pawnee county. During this time he stacked the grain of 615 acres for John Wolk, an enterprising farmer, who has 10,000 bushels of wheat.

Engineer Madigan made the run between Pierceville and Dodge City, Sunday morning, in thirty-six minutes. The distance is thirty-seven and one-half miles and the man who thinks Mr. Madigan has lost his nerve or is getting too old to run is not posted.—La Junta Tribune.

The Democratic assertion that trusts and a protective tariff go hand in hand is somewhat weakened by the fact that trusts never flourished in the United States as they did during the three years of the late Democratic tariff, which has happily passed.

Monday, a contract was signed by Chas. Price and O. T. Hard, of Dodge City, for a foot race of 75 yards, on the La Junta track, August 17th. The side bet amounts to \$500 a side, and considerable interest is being taken in the race. Many of the railroad boys running into Dodge are enthusiastic supporters of Mr. Hard and say he is a hard man to beat, and will back their judgment. The race is for blood and a large crowd will probably be in attendance.—La Junta Tribune.

Mike Sutton of Dodge City, who is the first short grass statesman to know the joys of a federal office, is now collector of internal revenue for the district of Kansas. He was formerly inducted into that office at the close of business yesterday afternoon. The transfer was made by Special Agent W. H. Sewell of Greenville, Ind., who made a short address, congratulating Mr. Sutton and complimenting Col. R. B. Morris, the retiring collector, on his conduct of the office.

Mr. Sutton was accompanied to Leavenworth by a large party of personal and political friends, from Western Kansas, who came to see him safely settled in his new position. Among them were his law partner, Ed H. Madison of Dodge City; L. J. Pettyjohn and Henry Mason of Garden City; Thomas Scates of Liberal, and H. D. Thorpe of Lakin. Senator Baker was also present when the transfer was made.

The oath of office was administered by Attorney Jackson, notary public.

Upon receiving his commission Mr. Sutton made a brief address, thanking his friends.

Chief Clerk Feagans will be retained, and it is not probable that there will be any immediate changes. One of the collector's western friends said that Capt. Henry Booth of Larned, would get the first place available.

Mr. Sutton will retain his residence at Dodge City, but will spend most of his time in Leavenworth.—Leavenworth Times, Aug. 11th.

MARRIED.—Last night, the 11th inst., at the home of the bride's mother, Mrs. Mary Crawford, by Rev. D. E. Hoover, pastor of the M. E. church, Mr. A. H. Lighter to Miss Lida A. Crawford. A number of relatives and friends witnessed the interesting ceremony, and at the conclusion of the marriage congratulated the bride and groom upon their happy undertaking. Both groom and bride are young people highly esteemed, and they have many friends who wish them abundant joy in the married realm. Whom God hath joined together let no man put asunder.

At the Normal Institute the class in civil government was asked to name the Congressman-at-Large from Kansas. One of the young lady students said: Mr. Fitzgerald (meaning the representative from Ford county to the legislature.) The teacher interrupted, and said Col. Harris is the Congressman-at-Large. It is not presumed that the people can keep in mind the various officers of the State; but the teacher showed a lapse of memory. Col. Harris was Congressman-at-Large four years ago. He is now a United States Senator. Col. Dick Blue, a Republican, has been a Congressman-at-Large since Col. Harris served in that capacity. Parson Botkin is now the Congressman-at-Large, and he is a Pop. But no one in the class corrected the mistake.

One firm alone in this county has purchased \$40,000 worth of cattle, the surplus of the farmers in the German settlement in Ford county. This is a rough estimate, but is pretty near the truth. Our German settlement neighbors have sold cattle to other dealers, but not to this amount. It is safe to say that the aggregate surplus of cattle sold in one year amounts to \$60,000 in a rough guess. There are not more than 100 families in the settlement, and an even distribution of this wealth would give to each family \$600. With the product in butter and cheese, wheat, corn, chickens, and other products, the German settlement farmers are in a prosperous condition. As we understand it, the farmers in Windthorst settlement are well to do, in marked contrast to their condition 18 years ago, when the settlement was established.

A city ordinance appears in this issue of the GLOBE-REPUBLICAN. There is generally nothing remarkable about a city ordinance. This one is for the purpose of raising city revenue, and if there is anything that is not taxed for city support it is the newspapers and post-office. There will rise up as this ordinance is read, a slow solemn kick, and as time goes on the kicks will become numerous. The drug stores having permits to sell whisky for medicinal purposes have surrendered their permits. They do not wish to pay a city license and a State tax, and permit, too. The Palace Drug Store and W. S. Amos, the only two druggists having permits, say the sales of whisky have not been so great as reported; but they are willing to give up the permits, as they do not care to deal in the traffic under the circumstances. There are now no pieces in the city where liquors are sold, and in cases of sickness, where liquors are used, or are needed, there would be no way of obtaining liquor.

Michael Reinaker, a farmer who lived twenty miles west of Larned, in jumping or sliding off a load of hay struck upon a pitchfork in such a way that the handle ran into his body a distance of about twelve inches. He was alive when picked up, but the doctors say he cannot live. The accident occurred Aug. 4th.

GETTING READY

Every expectant mother has a trying ordeal to face. If she does not

get ready for it, there is no telling what may happen. Child-birth is full of uncertainties if of Nature is not given proper assistance.

Mother's Friend

is the best help you can use at this time. It is a liniment, and when regularly applied several months before baby comes, it makes the advent easy and nearly painless. It relieves and prevents "morning sickness," relaxes the overstrained muscles, relieves the distended feeling, shortens labor, makes recovery rapid and certain without any dangerous after-effects. Mother's friend is good for only one purpose, viz: to relieve motherhood of danger and pain.

Handsome Residence Grounds.

The Spearfish (S. D.), Register has the following regarding the home of former Dodge City citizens. Mrs. Driskell is the daughter of Mr. and Mrs. A. J. Anthony of this city. The Register says: "Probably the finest private residence grounds in Spearfish is that of Mr. and Mrs. W. W. Driskill. Located in the western part of the city, amid the forest giants which have for years stood in silent grandeur near the rushing Spearfish, and which have perhaps in times gone by cast their refreshing shade over the dusky red men and Indian maidens when they held undisputed possession of this garden spot of the west, it has long been converted by the hand of man into a miniature paradise, where the poet might receive inspiration for such a legend as Longfellow's "Hiawatha," or the descriptive writer might easily find material for the fabric of an entertaining novel. While the grounds are not extensive, they are none the less interesting to the student of nature. During the past two weeks improvements have been made which added materially to their previous appearance. Two irregular-shaped ponds have been constructed for the accommodation of hundreds of speckled trout, in which they may find a safe and comfortable retreat the year round. One of the ponds was constructed several years ago, and is well stocked with the finny tribe. The second pond is considerably larger, and while it has not yet arrived at a condition fit for the reception of trout, it is nevertheless slowly filling up with the cold spring water from which both ponds are supplied, and will soon be ready for occupancy by its future inhabitants. Two spring houses, through which flow a continuous stream of pure, cold water, are not the least interesting objects which attract a visitor's attention. These springs and ponds never freeze in winter, nor is ice required for domestic purposes during the warmest days of summer, the water in the spring houses being at a sufficient temperature to keep everything in proper condition without the use of ice. The grounds proper, while not yet arrived at that state of perfection mapped out by the owners, are nevertheless attractive, and is a striking illustration of what may be accomplished by many other residents of this city by the exercise of judgment and a little labor. On one of the forest trees overlooking the ponds an electric light has been swung, and during the pleasant summer evenings the scene is charming. Mr. and Mrs. Driskill have expended considerable time and money in transforming the grounds from their primitive condition to the present state of perfection, and the enjoyment derived is fully commensurate with the cost.

A Good Word for the Newspapers.

At a recent business convention ex-Governor Francis of Missouri, who is in a position to know whereof he speaks paid tribute to the local newspapers as follows: "Each year the local newspaper gives from \$500 to \$5000 in free lines to the community it which it is located. No other agency can or will do this. The editor, in proportion to his means, does more for his town than any other ten men, and in all fairness with men, ought to be supported—not because you like him or his writing, but because the local paper is the best investment a community can make. It may not be brilliantly edited or crowned with thought, but financially it is of more benefit to the community than the preacher or teacher. Understand me, I don't mean mentally or morally, and yet on the moral questions you will find most of the local papers on the right side. Today the editors of the home papers do the most for the least money of any people on the face of the earth."

A Remarkable Cure of Chronic Diarrhoea.

In 1862, when I served my country as a private in Company A, 167th Pennsylvania Volunteers, I contracted chronic diarrhoea. It has given me a great deal of trouble ever since. I had tried a dozen different medicines and several prominent doctors without any permanent relief. Not long ago a friend sent me a sample bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and after that I bought and took a 60-cent bottle; and now I am entirely cured. I cannot be thankful enough to you for this great Remedy, and recommend it to all suffering veterans. If in doubt write me. Yours gratefully, HENRY STERNBERGER, Allentown, Pa. Sold by W. F. PINE, City Drug Store.

Mr. Bryan is not repeating his little joke about the absence of "General Prosperity" these days. Nor is he saying anything about wheat and silver keeping pace with each other in the markets of the world.

The recent call for a conference of silver leaders is understood to be for the purpose of deciding how they shall explain the fact that wheat has advanced 33 cents per bushel while silver has fallen 10 cents per ounce.

On to Buffalo.

The W. R. C. and Ladies of the G. A. R. having selected the Santa Fe as their official route to the G. A. R. encampment at Buffalo, have also arranged for a special train to leave Kansas and Missouri river points Saturday, August 21st, and to run through solid, with no change of cars of any description. Members of the G. A. R., their families and friends are cordially invited to join our party. We will have the first train from the west, and it will consist of free reclining chair cars, also Pullman palace and tourist sleepers, that will run through to Buffalo without change. Inquire of nearest Santa Fe agent, or W. J. Black, G. P. A., for particulars.

Something to Depend on.

Mr. James Jones, of the drug firm of Jones & Son, Cowden, Ill., in speaking of Dr. King's New Discovery, says that last winter his wife was attacked with La Grippe, and her case grew so serious that physicians at Cowden and Pana could do nothing for her. It seemed to develop into Hasty Consumption. Having Dr. King's New Discovery in store, and selling lots of it, he took a bottle home, and to the surprise of all she began to get better from first dose, and half dozen dollar bottles cured her sound and well. Dr. King's New Discovery for Consumption, Coughs and Colds is guaranteed to do this good work. Try it. Free trial bottles at the City Drug Store.
