Mark Hanna tells the Republicans to look out for A. Pathy. He is a sort of hold-up.

The Democrats will make their campaign in the middle west. There is no hope of carrying any of the eastern states.

The Globe-Democrat says Missouri may surprise the Democrats in the Republican majority which the State will give.

As the campaign advances it becomes more and more evident that the friends of good government, true patriotism, sound money and protection to American interests are uniting to oppose those who stand for the reverse of these civic virtues.

There are now twelve presidential tickets in the field—Socialist Labor, Socialist Democrat, United Christian, People's party, Middle-of-the-road, DeLeon Socialist, Prohibition, Silver Republican, National party, Union Reform, Republican, Democrat.

A Shocking Calamity

"Lately befell a railroad laborer," writes Dr. A. Kelleit, of Williford, Ark. "His foot was badly crushed, but Buckner's Arnica Salve quickly cured him. It's simply wonderful for Burns, Boils, Piles and all skin eruptions. It's the world's champion healer. Cure guaranteed. 25c. Sold by W. F. Pine.

Keep on hand all extra parts of harnesses. S. M. S. & S. M. S.

There is a good joke on a well known democrat who put up \$5 on a bet—a "bluff" which he made on a republican. This occurred on Monday. On Tuesday the democrat asked to withdraw the bet, and in the kindness of his heart the republican consented.

The county canvass has not shown much activity yet. There is no apathy but real interest is felt. It is believed the Republican ticket will be elected, and there is an apparent lack of confidence on the part of the fusionist. They show little vigor and much indifference except among the leaders.

The editor of the Wellington Mail is in receipt of a long personal letter from Lyman Naugle which he closes as follows: "California will go strong for McKinley. I state this as a fact not in the nature of a boast. In fact, it is of no use for Bryan to count on a single Pacific coast state. They are all for McKinley because of the expansion issue."

The Republican Judicial convention was held at Bucklin, Kansas, last Monday and Hon. E. H. Madison was nominated by acclamation to fill the unexpired term of F. C. Price who resigned about a year ago. Mr. Madison is a lawyer and a gentleman and abundantly competent to fill the position. He has given entire satisfaction since his appointment. We have none but favorable comment for Mr. Madison and should he be the victor in November we shall feel that the 31st district has a competent and able judge.—Meade News, (Democrat.)

Although the Memphis Scimitar is a Southern Democratic paper, it is not duly impressed with Mr. Bryan's Indianapolis speech of acceptance. According to that representative organ of progressive Southern opinion, the Democratic candidate's delectation was "composed of about equal parts of misapplied sentiment, garbled history and championship of semi-savages whose hands are red with American blood—a speech which will be welcomed by the bolomen in the jungle and Europeans who are jealous of our country's progress in wealth, power and international progress."

Official intelligence of the massacre of more than a dozen American missionaries, their wives and children—gives to America a claim for reparation against China scarcely second to that of Germany. These are the American victors of Mongol fury in the Chinese province of Shansi:

Rev. and Mrs. C. W. Price and one child.
Rev. and Mrs. E. R. Atwater and two children.
Rev. and Mrs. D. N. Clapp.
Rev. G. L. Williams.
Rev. F. W. Davis.
Miss Rowena Bird.
Miss Mary L. Partridge.

A Chicago dispatch says: "Kansas who have flopped from Bryan to McKinley have been listed by the Republican national committee, and every Republican who has come from Kansas to Chicago has talked about a return to old party conditions and an old time Republican majority. Kansas was included in the list of fifteen states in which the Republican national committee has sought to get the names of conspicuous floppers. In 1896 Kansas gave Bryan a plurality of 12,269. In 1900 the Republicans count upon a plurality of 30,000. Forty-nine names are upon the list submitted by Chairman Al-bough of the Kansas committee.

"Every man whose name is upon the list," he writes "has been a factor in the past for the opposition, and will have quite an influence in the community this year."

A Night of Terror.

"Awful anxiety was felt for the widow of the brave General Burnham of Machias, Me., when the doctors said she would die from Pneumonia before morning," writes Mrs. S. A. Lincoln, who attended her that fearful night, but she begged for Dr. King's New Discovery, which had more than once saved her life, and cured her of Consumption. After taking, she slept all night. Further use entirely cured her." This marvellous medicine is guaranteed to cure all Throat, Chest and Lung Diseases. Only 50c and \$1.00. Trial bottle free at W. F. Pine's drug store.

Abraham Lincoln showed that he was decidedly in favor of expansion when he said: "Having practiced the acquisition of territory for nearly sixty years, the question of constitutional power to do so is no longer an open one." Thomas Jefferson said: "I am persuaded that no constitution was ever so well calculated as ours for extensive empire and self-government." President Buchanan said: "Expansion is in the future policy of this country, and only cowards fear and oppose it." Stephen A. Douglas said: Just as fast as our interests and our destiny requires additional territory in the North, in the South, or in the islands of the sea, I am for it. I tell you to increase, and multiply, and expand is the law of this nation's existence."

General D. H. McIntyre of Mexico, Mo., a lifelong Democrat, has left his party on account of Bryanism. He admits that he leaves the Democratic party very reluctantly, but he felt that he could not conscientiously support the "fallacious doctrine now advocated by Bryan and his party." General McIntyre says:

The silver question is the real issue in this campaign, but for policy the men who are conducting it are saying very little, although Mr. Bryan made it more prominent in the platform at Kansas City than any other issue. You notice that Mr. Bryan has refused to answer the question whether or not he will discharge the obligations of the government with silver if elected.

As I look over the history of the country for the last forty years I find that thirty-two years of this time the country has been under Republican rule, and that it has prospered during this time need not be argued. Look in any direction and you find signs of improvement and advancement. It can't possibly be that the Republican party has been so detrimental to public interests.

Another Swindle.

A new fakir is abroad in the rural regions. He drives through the country selling soap at \$5 a box, which sum includes the price of 40 yards of carpet, selected from samples which he has in his wagon, says an exchange. He takes the \$5, leaves the soap, promises to deliver the carpet of the selected sample within a week and drives away. The soap is probably worth 50 cents. It says with the purchaser. The carpet is worth probably \$15, but it stays with the fakir and has not yet been delivered to a single victim. Farm families should be on their guard against all fakirs.—Parsons Sun.

"The Montgomery, (Ala.) Advertiser" says: "The entire and final elimination of the negro from politics, will cause a new alignment of political forces in this State, and it will be largely on the tariff issue. There are in Alabama today hundreds and thousands of good men who are protectionists in principle. They believe in the Republican theory of a protective tariff, but they have continued to vote with the Democrats, and have done so solely on the race question. If any plan can be devised by which the colored race will cease to be a factor or a disturbing element in our politics men who are opposed to the old Democracy theory of a low tariff or a tariff only for revenue will unite with the party which stands for their belief on the question. Then we will have in Alabama two parties composed of the white citizens of Alabama and all equally interested, according to their views in the welfare of the State. This, in our judgment, is a consummation much to be desired."

Over thirty out of one hundred people are troubled with constipation and doctors claim this is the indirect cause of three-fourths of all sickness. If you are one of the thirty, why don't you take Gatlins' Anti-Bilious Compound? It permanently cures habitual constipation. Your money back if you are not cured. Price 25 cents. Free samples at all drug stores. For sale by all druggists.

As the campaign advances it becomes more and more evident that the friends of good government, true patriotism, sound money and protection to American interests are uniting to oppose those who stand for the reverse of these civic virtues.

The seventeenth annual State reunion of the Grand Army of the Republic, Department of Kansas, will be held in Hutchinson, September 24 to 29, 1900. The 20th and 21st Kansas regiments of the Spanish-American war will meet at the same time.

One fare for the round trip. A partial list of the speakers: Governors Roosevelt and Stanley; Generals Jno. C. Black and J. M. Longnecker, Past Department Commander Illinois G. A. R.; Hon. Leo Ransier, Commander in Chief G. A. R.; Hon. J. W. Breidenthal; Col. U. B. Pearsall; Major Wm. Warner; Hon. Chas. Curtis; Hon. Chester I. Long, and a score of others of equal ability and of national reputation.

Half the World is in Darkness as to the cause of their ill health. If they would start to treat their kidneys with Foley's Kidney Cure, the weariness of the body and mind, backache, headache and rheumatic pains would disappear. W. S. Amos.

The Dodge City GLOBE-REPUBLICAN publishes a weekly local lumber market report. Now that there is so much building going on this example might be profitable for others to follow. Profitable in two ways: first because it will be examined by readers, and second because the dealer who furnishes the quotations can well afford to pay for the report if it gives credit to a local lumberman, by name. By the way, the Cimarron Jacksonian speaks of a call from Editor Klaine, of the GLOBE-REPUBLICAN, which is eulogistic both of Judge Klaine and of his paper.—The Printer, Wichita.

Ulcers, open or obstinate sores, scalds and piles, quickly cured by Banner Salve, the most healing medicine in the world. W. S. Amos.

Our cattlemen should prepare to take their cattle thru the winter without figuring on a great "death loss" as heretofore. That "death loss" business is a fraud; and it grates so on one to pass over the pastures in the winter and see the poor cattle weaving their bodies around in starvation, preparing to increase the "death loss." The "death loss" is usually in excess of the profits, and that should not be. As I have stated before, if the cattlemen would do business according to their several abilities, there would be less death losses, but it is because of the numerous \$1000 capacity fellows doing a \$50,000 business, that we have so much of "death loss."—Clark County Clipper.

"I had a running sore on my leg for seven years," writes Mrs. Jas. Forest of Cheppewa Falls, Wis., "and spent hundreds of dollars in trying to get it healed. Two boxes of Banner Salve entirely cured it." W. S. Amos.

For some unaccountable cause, prairie chickens do not seem to be as plentiful as they were even ten days ago.—Jetmore Herald.

A good many consumptives would be cured and the worst cases comforted and relieved by using Foley's Honey and Tar. Suggest it to those afflicted. You should do this as a friend. W. S. Amos.

J. M. Wrigley sent in a wagon load of water melons a few days ago that averaged 50 pounds each.—Clark County Clipper.

Krause's Little Liver Pills do not gripe or sicken and may be given to a child or aged person without danger of causing any unpleasant results. Sold by W. F. Pine.

I have been asked when is the game law out. The law provides that chickens and quails, and some other birds may be killed during the months of October and November only and there is a whole lot of penalties and other things attached to the law.—Clark County Clipper.

Foley's Kidney Cure is a pure medicine, and contains in concentrated form, remedies recognized by the most skillful of the medical profession as the most effective agents for the cure of kidney and bladder diseases. W. S. Amos.

The Mail and Breeze and the GLOBE-REPUBLICAN is furnished at \$1.50 a year. The Mail and Breeze and GLOBE-REPUBLICAN will be sent during the campaign for 25 cents.

Don't Sling Mud.

Do not lose your head. Talk politics but don't get mad. Then go to W. F. Pine's drug store and get a trial bottle of Dr. Caldwell's Syrup Pepsin.

Judge Madison was nominated for District Judge by the republican convention at Bucklin last Tuesday, by acclamation. Judge Madison has made a good record as Judge up to the present time, and will be a formidable candidate, no matter who is nominated on the other ticket.—Clark County Clipper.

The great success of Chamberlain's Colic, Cholera and Diarrhoea Remedy in the treatment of bowel complaints has made it standard over the greater part of the civilized world. For sale by W. S. Amos.

Down in Wellington the color line is drawn on printers. The Daily Mail says: "A leading barber threatens to discharge his colored bootblack if he is seen talking to any of the printers again. He thinks barbers and bootblacks should be classed above printers and should not speak to them on the streets."

Working Night and Day.

The busiest and mightiest little thing that ever was made is Dr. King's New Life Pills. These pills change weakness into strength, listlessness into energy, brain-fog into mental power. They're wonderful in building up the health. Only 25c per box. Sold by W. F. Pine.

Fred Boyd and daughter Dora; P. F. Sughrue, the twin brother of Mike Sughrue, and Miss Murtie Gray, all of Dodge City, were guests of the Sughrue family here the latter part of last week. Ford county being long on school teachers, the young ladies came down to obtain schools in this county.—Clark County Clipper.

Modern science has done much for humanity; it has demonstrated that there is a better way of curing a bad cold than by disarranging the stomach with nauseating syrups. Krause's Cold Cure is a recognized specific for colds and influenza, and has been in use for ten years without a failure to cure. Sold by W. F. Pine.

It has been truly said that the happiest people in the world are those who keep out of debt, out of politics, out of office, shun notoriety, make an honest living by honest means, follow the golden rule, humbly serve the living God, and neglect no opportunity of doing good.—Jetmore Herald.

A Word to Mother.

Mothers of children affected with croup or a severe cold need not hesitate to administer Chamberlain's Cough Remedy. It contains no opiate nor narcotic in any form and may be given as confidently to the babe as to an adult. The great success that has attended its use in the treatment of colds and croup has won for it the approval and praise it has received throughout the United States and in many foreign lands. For sale by W. S. Amos.

Indianapolis, Ind., Nov. 16, '99. Pepsin Syrup Co.

Dear Sirs:—We have been keeping house for five years and are never without Dr. Caldwell's Syrup Pepsin. We find nothing to equal it for stomach troubles and my children like it as well as candy. One night recently my wife was giving a dose to our baby (1 1/2 years old) and Nelda (our little girl, 4 years old) cried for some, too. Her mamma told her she didn't need it and then she said: "Can't I lick the spoon?" It is so pleasant to take, the effects are so good, we hate to be without Dr. Caldwell's Syrup Pepsin.

Cours truly, LAKE D. WERTHERS, Mgr. Enterprise Hotel. Sold by W. F. Pine.

L. K. Van Horne has opened the flour mill at Ford. He will pay the highest market price for wheat, and will exchange flour for wheat. 4w.

Had Almost Given Up, but Was Brought Back to Perfect Health by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

READ HIS EDITORIAL. From The Times, Hillsville, Va. I suffered with diarrhoea for a long time and thought I was past being cured. I had spent much time and money and almost decided to give up all hopes of recovery and await the result, but noticing the advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy and also some testimonials stating how some wonderful cures had been wrought by this remedy, I decided to try it. After taking a few doses I was entirely well of that trouble, and I wish to say further to my readers and fellow-sufferers that I am a hale and hearty man to-day and feel as well as I ever did in my life.—O.
