

GEN. MACARTHUR'S REPORT.

Captured Correspondence Shows Course of Filipino Leaders.

AN ARMY FOR MANY YEARS.

Washington, Nov. 13.—"The Filipinos," says General MacArthur in his report "are not a warlike or ferocious people. Left to themselves a large number of them would gladly accept American supremacy, which they are gradually coming to understand means individual liberty and absolute security in their lives and property. They have been maddened, however, during the past five years by rhetorical sophistry, and stimulants applied to national pride, until power of discriminating in matters of public concern or private interest has been almost entirely suspended."

General MacArthur notes captured correspondence to show the efforts of the insurgent leaders to intimidate and control the people. He declares that the guerilla bands would not exist except for the support they received from the towns. He says that the education of the Filipinos will tend to secure their submission, but indicates that this will take a great deal of time and patience and an adequate force.

In closing his report, General MacArthur, after speaking of the establishment of a republican form of government in the islands, says: "In the light of existing conditions it is difficult to realize that there is any possibility of such a future for the islands, especially so as at present and for many years to come, the necessity of a large American military and naval force is too apparent to admit of discussion."

Indiana Legislators.

Indianapolis, Ind., Nov. 10.—Complete returns from 47 of the 92 counties in Indiana, unofficial or estimated, show a net gain per county for McKinley of 150. If this ratio is carried out the Republicans will have carried the state by 32,809. There are several heavy Democratic counties to be heard from, however. The Republicans have elected nine congressmen in Indiana and the Democrats four. The Indiana congressional delegation remains the same as it stood in the last congress with the exception of the Fifth district, where E. S. Holliday, Republican, succeeds George Faris, Republican. Official returns are in from 15 counties. The plurality for McKinley will be between 20,000 and 25,000. The legislature is 41 Republican on joint ballot, from present indications.

Idaho Strongly Fusion.

Boise, Idaho, Nov. 10.—Out of probably 50,000 votes cast in the state, 44,834 have been heard from on president. The figures stand: Bryan, 22,753; McKinley, 21,581. Bryan's majority, 1,172. The legislature stands 23 Republicans to 42 fusionists. There are several seats in doubt but the fusionists will have a large majority after these are settled. The fusion state ticket will have several hundred more majority than the national ticket.

Colorado Heavily Fusion.

Denver, Nov. 10.—The fusionists will have a majority of 74 on joint ballot in the legislature, which will elect a successor to United States Senator Wolcott.

It appears from the returns that the senate will consist of 24 fusionists and one republican, while in the house the fusionists will number 53 and the republicans 12.

Congressman Miller.

Topelca, Nov. 9.—Congressman Miller carried every county in the Fourth district. His estimated majority by counties follows: Osage, 150; Lyon, 150; Morris, 330; Marion, 800; Butler, 150; Greenwood, 300; Woodson, 300; Wabawnee, 450; Chase, 50; Pottawatomie, 475; Coffey, 150. Total 3,205.

Nebraska Still Uncertain.

Lincoln, Neb., Nov. 10.—The State Journal has complete returns on president from 76 of the 90 counties in the state. Careful estimates on the remaining fourteen shows that McKinley has carried the state by 7,885. The Journal has returns from fifty-nine counties on governor. This makes Deitrich, Republican, 692 votes ahead of Poynter, fusion. The remaining counties should slightly increase his lead, but as Deitrich has run behind McKinley the result is doubtful. The Populist state committee claims Poynter's election by 1,500. So close is the legislature that the official count on the 13 members from Douglas county may be necessary to decide.

In The Bay of Fundy.

Halifax, N. S., Nov. 13.—Among the rocks and shoals at the entrance of the Bay of Fundy the steamer City of Monticello, bound from St. John for Yarmouth, was overwhelmed by the mountainous seas only four miles from her destination and engulfed with seven of her passengers and 32 of her crew of 27. A heavy gale was raging at the time and there was a tremendous sea. The Monticello carried a full freight and a fairly large passenger list.

BURIED OVER 40 YEARS.

Money And Silverware Found in Box at Root of Tree.

Lynn, Wis., Nov. 12.—While engaged in cutting down a maple tree which grew in his pasture, Andrew Olesen discovered a cavity near its base, and on investigation found a wooden box about two feet square filled with plunder. Among its contents were 120 silver dollars of both American and Mexican mintage. The dates were from 1846 to 1859. About \$200 in gold coin, consisting of eagles and double eagles; several pounds of old gold and silver watch cases, candlesticks and a large quantity of solid silver knives, forks and spoons. This discovery recalls the fact that some 20 years ago a well-to-do farmer living between here and Romadka, the next station west, was supposed to have been murdered and his home robbed and then burned.

Last year a skeleton of a human being was discovered buried by the roadside, nearby where Olesen found the buried property.

Rock Island Extensions.

Topelca, Nov. 13.—Two important extensions have been decided upon by the Rock Island management, and will be completed in the immediate near future. They are the Fort Sill extension, and the extension of the southern line of the road from Liberal, Kansas to El Paso.

The extension from Anadarko to Fort Sill is a line of about 30 miles, branching off of the Rock Island line running from Chickasha to Mangum. This line, together with the line to Fort Sill, will be exceedingly valuable in the opening of the Kiowa reservation. Work is being pushed from Anadarko to Fort Sill and this line will be in operation by early spring.

Recruits Still Going to Africa.

London, Nov. 13.—The ministers have given up speculating as to when peace will be restored and to use Lord Salisbury's phrase ancient China, they are "waiting for the situation to develop itself." Generals and regiments are returning, but others are constantly leaving England to replace them. A recruiting depot is being established in London to supply 1,000 men for General Baden-Powell's South African police force and reinforcing detachments are constantly going to join the regiments in the Transvaal.

The Hong Kong Junta.

London, Nov. 13.—An official of the foreign office said to a representative of the Associated Press: "The extent of the steps we could take in this matter entirely depends on the strength of the case Washington can make out against the junta. If it is proved that the junta is materially assisting the cause of the Filipinos we certainly shall only be acting in the spirit of ordinary international friendship in suppressing the organization."

Daughters of 1812.

New York, Nov. 12.—The Empire State society, daughters of 1812, has received permission from Secretary Elihu Root and Col. Mills of West Point to place a tablet commemorative of the heroes of 1812 in the chapel at West Point. The tablet will be of black marble with gilt lettering, and will be the second placed in the chapel by a patriotic society. The first was unveiled last spring by the Daughters of the Revolution.

Arizona Democratic.

Phoenix, Ariz., Nov. 10.—Marcus A. Smith of Tucson, the Democratic candidate for delegate to congress, is elected by a majority of 955 over Murphy, Republican.

Steyn Still For War.

Pretoria, Nov. 12.—Surrendered burghers assert that Mr. Steyn, after a council of war with General Botha and General Delarey, addressed the burghers with great passion, urging them to continue the war. He told them that he was going south and hoped to return with 5,000 men, assuring them that he knew that Germany had delivered an ultimatum to Great Britain demanding restoration of the republic.

Missouri as Usual.

St. Louis, Nov. 10.—Based upon returns from 81 counties, the Democratic state central committee now claims Missouri for Bryan and Dockery, for governor by pluralities of about 45,000 and 35,000 respectively. While the Democrats confidently claim a majority of 50 or 60 on joint ballot in the legislature, Mr. Atkins says that their majority will not be over fifteen or twenty and possibly lower than that. He concedes, however, on the face of the returns now at hand, that the Democrats will have a majority.

General Gomez Is Done.

Havana, Nov. 13.—General Maximo Gomez has written a letter to the newspapers declaring that he will accept no public office in Cuba under the republic. He adds that his mission as a revolutionist terminated when the revolution triumphed. What remains must be done by the people with calmness, and not by the military. He says that Cuba presents a great field for improvement and that his retired life ought to convince every one of the sincerity of his intentions.

DISCUSSED FOREIGN AFFAIRS

And Cuba, The Philippines And Puerto Rico.

PRESENT POLICY CONTINUED.

Washington, Nov. 12.—The cabinet in session discussed the Chinese situation as well as other matters pertaining to Cuba, the Philippines and Puerto Rico.

Two of three hours that the session lasted were occupied in a discussion of foreign affairs, necessitated in part by the fact that the president intends to exhaustively treat this subject in his forthcoming message to congress. Reference was made to the expressions in portions of the European press that the United States policy regarding China would undergo a marked change immediately after the election. It is authoritatively announced that, after a most exhaustive review of every step of the Chinese difficulty, from its inception up to the present moment, delivered by Secretary Hay, the cabinet ratified every detail, and moreover unanimously expressed its judgment that the policy so far pursued should be continued without a change, to its logical conclusion. Accordingly the present legation guard at Peking will be maintained and such troops as yet remain to be withdrawn, according to the original program, will be shipped to Manila. With this addition to his force, General MacArthur is expected to renew the campaign against the rebellious Filipinos with the greatest energy. Administration officials here think that as soon as the result of the election becomes known throughout the Philippines the resistance to the authority of the United States will be overcome.

Typhoon at Hong Kong.

Hong Kong, Nov. 13.—A typhoon struck Hong Kong, lasting all night. A British river gunboat was sunk, but her crew is reported safe. Great damage and loss of life occurred among the native craft, but it is impossible yet to ascertain the full extent.

The troops at Kowloon, who were housed in tents and temporary makeshift barracks, were in pitiable plight. The hospital roof was stripped off, but there were no casualties. An admiral's dredge in the Canton river was capsized, and two of her crew drowned.

Swarm of Robbers Expected.

Tacoma, Wash., Nov. 13.—Oriental advices state that four to six million Chinese north of Peking are in danger of starving, their crops having been a total failure. One million piculs of tribute rice were to be dispatched from Shanghai and distributed among the hungry hordes from Tien Tsin and Peking, but the military officers at Shanghai gave orders that no rice should be sent out of Central China. There is danger that a swarm of robbers will be sent out of the famine district.

Twelfth Ohio District.

Columbus, O., Nov. 10.—The official count in the Twelfth Ohio congressional district, completed, gives Emmett Tompkins, Republican, a majority of 8 votes over John J. Lentz, Democrat, the present representative. The district is nominally about 250 Democratic.

A Brutal Murder.

Detroit, Mich., Nov. 12.—Michael Goldman of Bay City, known in the ring as Kid O'Brien, who was knocked down and out by Bernard Carroll of this city before the Cadillac Athletic club, died from concussion of the brain without recovering consciousness.

Result in Nebraska.

Omaha, Neb., Nov. 10.—Almost complete returns give McKinley a plurality in Nebraska of over 6,000. The republican state ticket is elected by from 1,500 to 2,000. The republicans elect congressmen in the 1st and 2nd, and the fusionists in the 3d, 4th, 5th and 6th districts. The legislature, the returns on which are not yet completed, will probably stand: Senate: republicans, 16; fusionists 16; vacant 1. House: republicans, 51; fusionists, 49.

Washington Mixed.

Portland, Ore., Nov. 10.—Complete returns to the Oregonian from one-third of the counties in the state of Washington and partial returns from all but three Rogers, Democrat, for Governor, has a plurality of 1,530, over Flak, Republican.

Portland, Ore., Nov. 10.—Based on returns from four-fifths of the total vote of Washington, McKinley has a plurality of 11,304.

Soldiers' Votes to Decide Bet.

Topelca, Nov. 13.—There are all kinds of bets tied up on account of the soldier vote in the Philippines. The Republicans by the score here wagered that Stanley would carry Shawnee county by 2,000 plurality. The official count of the home vote gives him 1,950. Shawnee county has 120 soldiers in the Philippines. The returns from the archipelago will not arrive for forty days. It the meantime the bets are hung up and there are many anxious to hear the result.

GOVERNOR'S PROCLAMATION.

Recites a List of Blessings to be Thankful For.

Topelca, Nov. 12.—Governor Stanley has issued the following Thanksgiving proclamation:

"Kansas has been blessed with another fruitful year. Well filled granaries, swelling bank deposits, increasing herds, intelligent wage-earners well employed, growing cities, productive farms, happy homes, a splendid citizenship—are substantial evidences of her prosperity.

"Two hundred school houses and many churches were built during the year. Those bear witness to the interest of our people in intellectual and moral advancement.

"An all-wise Providence has bestowed His blessing with a lavish hand, for which we ought to rejoice and be thankful."

"In conformity with a well established and time-honored custom, I hereby designate Thursday, November 29, 1900, as a day of public Thanksgiving, and request that the people refrain from secular pursuits, and meet in their respective places of worship on that day and give thanks to Almighty God for the blessings which He has vouchsafed to us as a people."

Legislation Plans.

Washington, Nov. 10.—Mr. Payne, chairman of the ways and means committee of the house, will call a meeting of the Republican members of his committee for November 20 to outline a partial program for legislative work in the house at the approaching session. One of the matters to come before this meeting will be the proposed reduction of war revenue taxes. He did not think, however, that the reduction would exceed \$15,000,000. Much, he thought, would depend on the state of affairs in the Philippines when the bill came up for consideration. If a considerable army had to be maintained there for any length of time it might be thought wise not to cut down the revenues too much. There were, however, a number of items in the present law that might be wisely eliminated, and these would receive attention. Mr. Payne said he thought the ship subsidy bill would be taken up and an effort made to pass it at the coming session.

Congressman Bailey's Mother.

Seneca, Kan., Nov. 13.—Mrs. Bailey, wife of Monroe Bailey, of Baileyville, and mother of Congressman-at-Large W. J. Bailey, died last night at her home near Baileyville of paralysis, aged 76 years. She was stricken shortly after the congressman's return from Washington, four months ago, and has been helpless ever since. The son was a faithful watcher and has been almost constantly at her bedside during the illness.

Standard Oil Hits 700 Flat.

New York, Nov. 13.—Standard Oil certificates are quoted at 700 bid, none offered, as against 655, at last report, and until this offer the highest on record. The par value of the company's outstanding stock is \$97,700,000 and \$700 per share indicates a market value of \$682,500,000. During the year the company has paid \$46,800,000 in dividends.

Wheatley Is Beaten.

Topelca, Kan., Nov. 13.—The official count from the third district, received here says that A. M. Jackson fus onist, has been elected to congress, defeating George W. Wheatley by a majority of 282. There are 300 Third district voters in the Philippines yet to be heard from. Republicans announce that they will contest Jackson's election.

Congressman Calderhead.

Abilene, Kas., Nov. 10.—The returns from the Fifth district gives Calderhead, Republican, the following counties by the majorities named: Dickinson 450; Ottawa, 90; Geary, 216; Riley, 600; Washington, 500; Republic, 480; Mar-500; Cloud, 160. Vincent has Clay by 70. Salina is about even. Calderhead's majority, 3,100.

Illinois Complete.

Chicago, Nov. 10.—Complete unofficial returns from the state show the total vote for president to have been: McKinley, 593,023; Bryan, 497,930; plurality 95,093. The plurality of Yates, Republican, for governor, is 65,124. It is still impossible to give the makeup of the next Illinois legislature with accuracy. The returns seem to pull down the Republican claims, although there is no reason to doubt that the legislature will be Republican. The figures, according to returns received indicate as follows: House: Republicans, 78; Democrats, 75; senate, Republicans, 33; Democrats, 18. Republican majority on joint ballot, 18.

Secretary Root Goes to Cuba.

New York, Nov. 13.—Secretary of War Elihu Root has gone to Cuba, in company with some Cuban officials. "I am going," he said to a reporter, "to Cuba again to observe the general condition of affairs, as I was unable to visit the eastern end of the island on the occasion of my former visit last spring. I expect to be gone about two weeks. I have no particular object in view, only the general object of familiarizing myself with the precise condition of affairs in Cuba."

SMALL ADVANCES IN IRON.

Leather Still Climbing—Its Products Remaining Unchanged.

HEAVY CUT IN REFINED SUGAR.

New York, Nov. 12.—Dun's weekly market resume says that iron markets are in an encouraging condition. No violent speculation is threatened, but in numerous instances better demand has caused small advances. Pig iron is eagerly sought at all markets, large contracts being placed at 25 to 50 cents a ton above the bottom point recently quoted. In partially manufactured forms, improvement is definite, while large building operations will keep structural material moving freely. More ships are planned and bridges require material. Railroads are buying most products freely. Orders for export are numerous, and foreign makers have been compelled to reduce prices for steel rails.

Spot cotton has not advanced as expected on the approach of frost. Actual damage has not come and belief in a current yield of 10,400,000 bales is stronger.

Russian ports send out wheat freely and even in Argentina the outlook for the crop is less discouraging, although the quality in some districts will be inferior. Western receipts are fairly large, but the movement of corn into sight and out of the country is extremely light.

A heavy cut in the price of refined sugar by all the large interests brings standard granulated to 5.60.

Speculation in hides is out of proportion to the boot and shoe trade. Prices at Chicago have advanced for some months, and leather has only partially responded, while boots and shoes average the same price as two months ago, when the bottom was reached after a long season of declining values. New England shops are doing well at present, but any attempt to secure better quotations promptly restricts business. This state of affairs cannot continue indefinitely. Tardy winter weather is making havoc with textile industries and almost counteracts the election. Wool is more active at Boston than at any previous time this year, but speculation is re-appearing. Prices are steady and holders are confident, although heavy stocks are available.

Spanish-American Congress.

Madrid, Nov. 13.—Many of the delegates to the Spanish-American congress have not yet arrived here. Cuba and Puerto Rico are not represented officially, though private corporations have sent delegates. The non-arrival of many of the delegates has inspired fear that the congress will be a "fizzle." The Liberal sounds a note of alarm and urges the congress to work earnestly to secure the unity of all the Latin people of America, adding: "For if the labors of congress were abortive, the result will be to the advantage of the United States."

Building Material Required.

Galveston, Nov. 13.—Miss Cara Barton says that the chilly weather is causing great suffering among the homeless people. It will be almost a miracle if pneumonia and kindred diseases do not follow the cold spell, if it continues, and further cold weather is inevitable from this time on. The appeals which were sent out for building material have not met with the generous responses that followed the appeal for food and clothing which went out immediately after the storm.

Burning Nursery Stock.

Atlanta, Ga., Nov. 12.—The department of entomology has burned 30,000 trees from a Nashville nursery, which, it is alleged, were infested with the San Jose scale. State Entomologist Scott then went to Woodbury to destroy 20,000 more trees which he has collected there. The trees, it is said, had been shipped into the state without the proper certificate.

Nebraska Congressmen.

Omaha, Neb., Nov. 10.—The Republican committee concedes one state senator in Douglas county to the Democrats and one representative, stating also that the official count may change two other representatives. This would give the Republicans a safe majority on joint ballot. The congressmen in the state are: Two Republican, Burkett and Mercer; three Fusionists, Stark, Shallenberger and Robinson, with the Sixth district, represented by Neville, Populist, who is a candidate for re-election, still in doubt.

Rural Delivery Appropriation.

Washington, Nov. 13.—The appropriation for rural delivery service which the Postmaster General will ask from Congress for the next fiscal year probably will be upward of two and a half million dollars as it is proposed to extend the service to all parts of the country. The estimates which will be submitted to Congress for the regular free delivery service it is understood will be \$17,140,000, an increase of 8.8 per cent over the appropriation for last year.

THE LATEST NEWS IN BRIEF

Women voted for president in four states this year.

A fall of meteors is scheduled to reach this planet Nov. 14.

"Coh" Harvey has removed from Chicago to Rogers, Arkansas.

Edward Gillette, aged 17, was killed in a foot ball game in Chicago.

New spouters have reduced the price of crude coal oil two cents a barrel.

A monthly mail service has been inaugurated between San Francisco and Tahiti.

Russia is to send an agent to the United States to study our homestead legislation.

Cuba will be represented at the Pan-American exposition at Buffalo with typical Cuban buildings.

The campaign against Jew-baiters has caused numerous duels in the French military schools.

The last of the plague sufferers in Glasgow have recovered and have been dismissed from the hospital.

Spanish speaking cigar makers in Tampa, Florida, have started a strike against American workmen.

Miss Myra Hershey, of Muscatine, Ia., will give the site and erect a public hospital and give it to the city.

Democratic losses in Missouri are accounted for by the fact that there was no fusion in the state this year.

Election day was clear and pleasant in nearly every portion of the country, as predicted by the weather bureau.

It was claimed that there were 5,000 names of persons on the Denver registration list who had no right to vote.

Washington elected Republican presidential electors and all the state ticket except governor; also the two congressmen.

Postmaster General Smith will, in his report, again call attention to abuses of second class mail matter privileges.

Chicago packers have raised all dressed meats a level one cent per pound and the retailers raised cut meats from three to five cents.

The church furniture trust which controls the National Furniture works in Richmond, Ind., has closed the plant for an indefinite period.

The Standard Oil company's stock has risen to 65 since the last dividend. The company has paid 47 per cent dividends during the last 12 months.

John Wanamaker has deposited \$50,000 to be used as a fund from which to pay expenses for investigations of frauds against the ballot.

An executive order places all the land within the limits of the military reservation at Fort Sherman, Idaho, under the control of the secretary of the interior.

Admiral Dewey having placed his collection of gifts in the National museum for the benefit of the public for a long time has now removed the gifts to his own home.

Four handsome Pullmans have just been placed on the Rock Island for daily service between Chicago and Fort Worth.

A Lincoln, Neb., correspondent estimates that Colonel W. J. Bryan traveled during the campaign 16,000 miles and made 600 speeches.

The telephone systems of the Russian cities, hitherto operated by the state will be sold at auction November 30. It is understood the St. Petersburg municipal government will bid for the local franchise.

The October customs receipts at Manila were \$1,088,000 Mexican; increase over September \$150,000. Total revenue for the month was \$2,200,000.

Maine this year ships 400 car loads of Christmas trees to New York for distribution over the country. They cost 15 cents in Maine and in New York sell for \$1.15.

President Cleveland voted early, his act disproving the widely published statement that he was going duck hunting to be gone several days including election day.
