

**FOUR YEARS OF AGONY.**

Whole Foot Nothing But Proud Flesh—Had to Use Crutches—Cuticura Remedies the Best on Earth.

"In the year 1899 the side of my right foot was cut off from the little toe down to the heel, and the physician who had charge of me was trying to sew up the side of my foot, but with no success. At last my whole foot and way up above my calf was nothing but proud flesh. I suffered untold agonies for four years, and tried different physicians and all kinds of ointments. I could walk only with crutches. In two weeks afterwards I saw a change in my limb. Then I began using Cuticura Soap and Ointment often during the day, and kept it up for seven months, when my limb was healed up just the same as if I never had trouble. It is eight months now since I stopped using Cuticura Remedies, the best on God's earth. I am working at the present day after five years of suffering. The cost of Cuticura Ointment and Soap was only \$6, but the doctors' bills were more like \$600. John M. Lloyd, 718 S. Arch Ave., Alliance, Ohio, June 27, 1905."

**THE CAMERA FIEND.**

Man Was Not Satisfied with Ordinary Amusement Like Taking Pictures.

A well-known criminal lawyer one day sauntered into a police court just as a case was called. It appeared that the defendant had no attorney, and the judge glanced about the room to see whom he might assign to the case. "I'll take it, judge," the late comer said, wishing to pass away the time. "By the way, what is the man charged with?" the attorney presently asked. "He's a camera fiend of the worst sort, Mr. Brown," the judge said with a slight smile. "I expect to send him to the workhouse for about three months." "What!" the lawyer shouted, indignantly. "Your honor must be joking. Send a man to the rock pile for three months for a little harmless amusement like taking pictures?" "Well," the judge said, mildly, "he don't take pictures much—it's the cameras he takes."

**Railway Tariff Simplified.**

Germany has just revised its railway tariff, which involves a multiplication of tickets. It is calculated that a traveler with a small family going from Muthouse to Bale will find himself furnished with 60 tickets, in addition to which are those for baggage.

Missouri Republicans Dispatched Business with a Rush at the Judicial Convention.

**WELCOMED BY GOV. FOLK.**

John Kennish and James T. Neville Were Placed in Nomination for Justices of Supreme Court on First Ballot.

Jefferson City, Mo., July 27.—The republican state judicial convention was called to order in the chamber of the house of representatives Thursday by Temporary Chairman Judge J. G. Park of Kansas city for the nomination of two candidates for justices of the supreme court, one for the short term of two years, and one for the long term of ten years.

Gov. Folk delivered an address of welcome. He put the convention into a jovial humor, by saying "you may have noticed escaping gas, a thing never discovered here before." He said further:

"While we differ politically I welcome you as chief executive of the state. I have tried to be governor of no class but of all the people of the state. Parties should not attempt to win by partisanship but because they stand for something that is good for the people."

Temporary Chairman Park delivered a short address paying high compliment to the office of supreme court judge. Committees were announced and the convention took a brief recess.

Upon reconvening the convention adopted the report of the resolutions committee declaring that only men of high character should receive the support of republicans and endorsing the records of Jurists Scott and Napton irrespective of politics. The national and state republican administrations were endorsed.

Temporary organization was made permanent and a resolution was adopted to vote for both candidates for supreme judge at the same time, the one receiving the highest vote to be nominated for the long term and the next highest vote to nominate for the short term providing each candidate should receive a majority of the votes cast.

The candidates placed before the convention were: Assistant Attorney General John Kennish of Holt county; Judge James T. Neville, of Greene; N. D. Thurman of Callaway; and Charles C. Allen of St. Louis. Judge Edward Higbee of Kirksville was also named but withdrew in favor of John Kennish and Judge Neville.

John Kennish, assistant attorney general was nominated for long term and Judge James T. Neville of Springfield, for the short term, on first ballot.

Kennish received 496½ votes; Neville 445½; Allen 229½; Thurman 108½. Mr. Kennish addressed the convention briefly declaring he had not made any effort to secure the nomination but accepted it and pledged himself that if elected he would decide cases that came before him strictly according to the law.

Judge Neville followed by saying that he did not get what he wanted but he now accepted what he got.

It was currently reported that the fact that Allen's law partner is an attorney for the Waters-Pierce Oil company militated against Allen's nomination. The convention adjourned sine die.

**NEW STANDARD OIL MOVE.**

Federal Grand Jury Will Convene in Chicago August 6 to Take Testimony—New Evidence.

Chicago, July 29.—Standard Oil company methods of transporting its products are to be investigated August 6 when a federal court grand jury will convene in Chicago to take testimony on that subject. The decision to draw a special grand jury was reached late Friday afternoon after an all-day's conference between the government lawyers in the case and Judge Landis in the United States district court issued the order for the jury.

District Attorney J. J. Sullivan of Cleveland, Assistant District Attorney Francis Hanchett, Special Agent T. C. M. Shimbler, of the department of commerce and labor; Assistant District Attorney General Oliver E. Pagan and Special United States Attorney C. B. Morrison were in the conference at which it was decided to call a grand jury instead of filing an information against the defendants to place them on trial. It is declared that new and important evidence was discovered Friday, bringing about the change of programme.

**An Iowa Aeronaut Injured.**

Salt Lake City, July 30.—Joseph McMann, an aeronaut from a small town near Des Moines, Ia., will probably die as the result of a fall at the Salt Palace Sunday. He ascended in a cannon attached to a balloon. When the cannon, sustained by a parachute was cut loose from the balloon McMann undertook to drop from the muzzle of the cannon with a second parachute. The apparatus did not work properly and the aeronaut dropped 150 feet. Both ankles were broken and he was injured internally.

**A Large Movement of Wheat.**

Kansas City, July 31.—The railroads reported 985 cars of wheat brought into Kansas City Monday morning, making the largest receipts on record for a single day, except on August 6, 1900, when 990 cars arrived.

Unalaska, in the Alaskan Islands, a Desolate Spot—Where White Men May Not Land.

Unalaska resembles other northern stations, having warehouses, docks, the inevitable Greek church and a score of wooden cabins. Whalers leave here for the Arctic regions.

Dutch Harbor is a station for our revenue fleet. There is much coming and going of ships of all nations; there are quite a formidable fleet, and only two ships out of twelve carry colors of the same country.

Just before entering the harbor one notices a detached rock high against the side of the cliff. It bears a striking resemblance to a Russian priest in full robes. Touched by the sunset light, he seemed to stand blessing the harbor.

Sailing north out into Behring sea, one looks back at the desolate, silent, treeless islands, which seem to wall the edge of the world. Hundreds of miles west they run toward Vladivostok.

Two hundred and forty miles north of Unalaska are the Pribilof islands; not large, but the greatest seal islands in the world. There are many fur seals around the shores of Behring sea and the Aleutian islands, but the great mass of them are bred on the Pribilof group. No white man is permitted to land on these breeding grounds without a permit, signed by the secretary of the treasury of the United States.—Outdoor Life.

**HIS ONE WEAK SPOT.**

Prominent Minnesota Merchant Cured to Stay Cured by Doan's Kidney Pills.

O. C. Hayden, of O. C. Hayden & Co., dry goods merchants, of Albert Lea, Minn., says: "I was so lame that I could hardly walk."

There was an unaccountable weakness of the back, and constant pain and aching. I could find no rest and was very uncomfortable at night. As my health was good in every other way, I could not understand this trouble. It was just as if all the strength had gone from my back. After suffering for some time I began using Doan's Kidney Pills. The remedy acted at once upon the kidneys, and when normal action was restored, the trouble with my back disappeared. I have not had any return of it."

**ABOUT WOMEN.**

Freshness is not to be despised in women, vegetables or flowers.

A woman of gushing proclivities is apt to consider herself irresistible.

The woman who nags her husband deservedly sits down to a lonely meal.

Wise is the woman who does not expect a man's devotion at election time.

The woman who constantly quotes her husband seldom realizes what an intolerable bore she is to others.

A woman with a musical voice may babble of coal dust and sauer kraut, and still compel you to think of lute strings.—Exchange.

Laundry work at home would be much more satisfactory if the right Starch were used. In order to get the desired stiffness, it is usually necessary to use so much starch that the beauty and fineness of the fabric is hidden behind a paste of varying thickness, which not only destroys the appearance, but also affects the wearing quality of the goods. This trouble can be entirely overcome by using Defiance Starch, as it can be applied much more thinly because of its greater strength than other makes.

**Scotch Welcome Automobileists.**

Motor car reliability trials were held in Scotland recently, and the drivers were astounded at their reception along the route. In every town and village the women and children lined the roadside and shouted enthusiastic welcomes. Sprays of lilies and other flowers were thrown into the cars as they passed, and invitations to stop were given.

The extraordinary popularity of fine white goods this summer makes the choice of Starch a matter of great importance. Defiance Starch, being free from all injurious chemicals, is the only one which is safe to use on fine fabrics. Its great strength as a stiffener makes half the usual quantity of Starch necessary, with the result of perfect finish, equal to that when the goods were new.

in the laundry. All three things are important, but the last is absolutely necessary. No matter how fine the material or how daintily made, bad starch and poor laundry work will spoil the effect and ruin the clothes. **DEFIANCE STARCH** is pure, will not rot the clothes nor cause them to crack. It sells at 10c a sixteen ounce package everywhere. Other starches, much inferior, sell at 10c for twelve ounce package. Insist on getting **DEFIANCE STARCH** and be sure of results.
