

PLANS COMPLETE FOR NEW HARVEY HOUSE AT ASH FORK

Santa Fe to Expend \$115,000 in Buildings.

GENERAL PLAN MODELED AFTER THE ALVARADO

With the completion and approval of the plans for the proposed new Harvey hotel and depot at Ash Fork, to replace the buildings recently destroyed by fire it is stated that the Santa Fe is to spend at least \$115,000 on these buildings, making of the Ash Fork hotel the finest in Arizona, aside from the elegant El Tovar at the Grand Canyon.

The new hotel will be of the mission style and will be two stories in height connected by an arcade with the depot which will be a one-story building. The general plan resembles very much the Alvarado hotel. The walls and foundation of both buildings will be of what is known as reinforced concrete, built in a very substantial manner, and the design and specifications indicate that the finish, both inside and out will be unsurpassed in the west for beauty, durability and economy of plan.

The grounds upon which the hotel will stand are situated about 1200 feet west of the site of the present depot, and will cover a space 420 by 200 feet, while the hotel proper, which is in the shape of an L, will face 180 feet to the north, with an eastern exposure of about 150 feet.

On the west end of the ground floor of the hotel building is situated the lunch counter room, an apartment 37 by 37 feet and fitted with a circular lunch counter capable of seating a large number of people. This will open to a kitchen 18 by 50 feet. A room to be used as a barber shop is next to the kitchen, opening into a bar room 22 by 24 feet, which is connected with the general office by means of a short hallway. Immediately adjoining the general office is a waiting room 13 by 23 feet and check room 12 by 13 feet and a private office room 10 by 13 feet.

The dining room is situated on the northeast corner and is 37 by 65 feet in dimensions. A hallway connects the dining room with the kitchen on the east side of the building on each side of which are rooms to be used as dish room and pantry respectively, each 15 by 14 feet in dimension. The kitchen will occupy the southeast corner, and will open into a meat room 14 by 14 feet, which is divided from the bakery department 18 1/2 by 24 feet by a hallway. A storeroom 18 1/2 by 21 1/2 feet occupies the southeast corner, while across the hall will be located the refrigerator room 14 by 22 feet.

An Electric Light Plant. About the center of the enclosure the building containing the machinery for the refrigerator and electric light plant will be located. It will be a one-story structure and its equipment will take care of the ice supply, cold storage and electric light features of the entire concern. The building which will occupy the south boundary of the yard will contain a fuel room 14 by 22 feet, a charcoal room 15 by 15 feet, an oil room 10 by 16 feet, a supply room, 10 by 15 feet, a toilet room 1 1/2 by 30 feet, and a steam laundry apartment 14 1/2 by 22 feet in dimensions.

The upper story plan of the hotel contemplates 54 living rooms, several of which are fitted with private baths and closets and the remainder so arranged that baths and closets are provided for in groups, and all other appointments are provided for which are only found in first class hotels. An open balcony will extend all along the front part of the building, while a covered and screened porch will be built along the back.

The New Depot. The depot, which will lie west of the hotel, will be a one-story structure, and will be connected with the hotel by an arcade. The design shows a ladies' and gentlemen's waiting room, each 24 by 26 feet. The baggage room, 24 by 28 feet, will be situated at the west end of the depot, while the office building will occupy the center of the north side and be in dimensions 15 by 28 feet.

Trackage changes. The company also contemplates many extensive changes in the railroad yards and the tracks. Three new tracks will be built on the north side of the depot, two for the accommodation of passenger trains on the main line and one for the use of similar trains on the S. F. P. and P.

An interlocking switch tower will be also built, which will control the out of the yards and depot tracks. Several tracks will be changed, new water pipe lines will be laid and four new water towers will be erected and new water tanks to accommodate a larger water storage will be constructed.

SAY RAILROAD EMPLOYEES WILL OPPOSE RATE REGULATION. Organized railroad labor will align itself with the elements which are opposed to the proposed regulation of freight rates by the government, writes C. Arthur Williams, Washington correspondent of the Houston Post. This statement may be denied by those in authority in the various railroad organizations, but it is true, nevertheless.

The facts in the premises have developed during the past few days through four of the big organization chiefs who have been here for the purpose of attending a hearing regarding safety appliances. These are Warren E. Stone, chief of the Brotherhood of Locomotive Engineers; E. E. Clark, at the head of the Order of Railway Conductors; P. H. Morrison, chief of the Brotherhood of Trainmen; and A. J. Harraban, chief of the Brotherhood of Locomotive Firemen.

The position of these leaders is that anything which affects the earning capacity of the railroads affects the labor employed, and especially the high class men like those who make up the four organizations referred to here. These organizations are prepared to make an active fight, if necessary, and it is not to be doubted that in such an event the strength of the anti-legislation forces will be greatly augmented.

HARRIMAN LINES HAVE BOUGHT 140,000 TONS OF RAILS. Union Pacific interests are in the market for an additional 25,000 tons of steel rails, and inquiries are being made for delivery early next year. So far the Harriman lines have bought 140,000 tons of rails.

High grades of whiskies, wines, etc. Val Blaux best Milwaukee beer. All goods delivered free. Ernest Meyers & Co., 116 West Silver ave.

LIMITED MAY HAVE NEWS BULLETINS

SANTA FE SAID TO BE PLANNING ANOTHER CONVENIENCE FOR TRAVELERS.

It is understood that another innovation for the convenience of the traveling public is about to be installed by the Santa Fe on the California Limited. For several seasons the travelers on the limited have been furnished frequently all along the line with market quotations, so that the busy man may keep track of operations on Wall street and in the wheat pit almost as well as if he were sitting beside his ticker. But this service is now to be extended so as to take in the general news of importance, which will be delivered on board the limited in bulletin form at points where an Associated Press wire can be reached or delivery made from a news bureau off the railroad wires. This idea has just been worked out with considerable detail by the Southern Pacific on its California lines, especially the lines between San Francisco and Los Angeles, and is said to make a great hit with the traveling public.

THE REAL CAUSE

The Ancient Sculp-Fever Theory Exploded.

At one time dandruff was attributed to the result of a feverish condition of the scalp, which threw off the dried cuticle in scales.

Professor Utna, Hamburg, Germany, noted authority on skin diseases, explodes this theory and says that dandruff is a germ disease. This germ is really responsible for the dandruff and for so many bald heads. It can be cured if it is combated in the right way. The right way, of course, and the only way, is to kill the germ.

Newborn's Herpicide does this, and permits the hair to grow luxuriantly, just as nature intended it should. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. B. H. Briggs & Co., special agents.

HIS NEW SUIT

The Young Man will be greatly interested in our handsome new Fall Suits. The more fashion-fastidious the Young Man may be, the more certain will be his satisfaction here. Coats are just the right length, Vests just the right cut, Trousers just the right width at knee and bottom, fabrics of latest design. —The Very Ideal of Steelton.

Few of the best Custom Tailors can equal, and not one can excel, in producing such fashionable garments for the Young Man's wear. The Fall styles are unusually attractive. Young Men's Suits at—
\$12.50—\$15.00—\$18.50
\$20.00—\$22.50—\$26.50

Don't buy an Overcoat before you see me. I believe my Overcoats to be superior in every respect. By superior Coats I mean Overcoats that are different from the common horde.

These prices are certainly reasonable, and you'll think so the moment you see the Suits and match the prices to the garments. Right this way, Mr. Young Man. We'll suit you to perfection and fill your soul with joy.

Something New Every Day
Every Express Brings Us Some New Styles and We are Receiving and Distributing More and Better Garments For Women Than at Any Time in Our History.
Every Day Something New

THE HIGHEST TEST of a store's efficiency is to be found in the lasting satisfaction of its patrons. "If you are satisfied, tell others—if you are not, tell us." In this epigram is to be found the open secret of this store's success. We are demonstrating day by day—and every day—our capacity and fitness to cater for the people—all the people. We know no caste or class. We provide for the wants of the workman as carefully—and conscientiously—as we do for the tastes and the wishes of the wealthy. Our stocks represent the good—better—and best grades of the leading manufacturers. Our prices represent the best values obtainable. Our styles reflect the genius of the designer and the skill of the craftsman—as well as every fad and fancy of the hour—in quantity, quality, variety and style broad enough to meet the views of every walk of life. Read on.

Special Offerings for This Week

All Extraordinary Values

The cuts illustrate a few of our many styles of Women's and Misses' Suits. We have taken our entire stock of Ladies' and Misses' Suits and Coats and lot numbered them for easy selling. Each style in each lot has been very materially reduced and those needing a Coat or Suit will do well to attend this sale. The lots have been divided as follows:

Lot No. 1—12 Suits
Consists of all our Suits received early this season and the values in this lot are up to \$12.50. Mostly small sizes for misses and small women. Choice for \$7.48

Lot No. 2—22 Suits
In this lot you will find the short jacket and medium length jacket suits. New goods in all colors and all sizes. Values up to \$15.00—Choice for \$10.48.

Lot No. 3—23 Suits
Consists of all new stylish suits and new materials, in the medium and full length coat suits. In all colors and sizes. The regular selling price up to \$28. Choice \$12.98

Lot No. 4—22 Suits
In this lot you will find velvet suits, broadcloth and 3/4 length cheviot suits; also short jacket and shirtwaist suits; made of shadow check mohair and mannish suitings. Regular selling values up to \$27.50. Choice for \$12.98.

Lot No. 5—75 Suits
In this assortment comes all our best grade of suits, in short, medium and long coat effects in all sizes and all colors. The values in this lot are up to \$75. Absolutely no suit reserved and a liberal discount will be allowed from the regular selling prices of these.

JACKETS AND SHORT COATS Reduced—likewise divided into lot numbers—consisting of Ladies' Jackets, medium length coats; some plain tailor made, others with cape attached. Made of covert, kerseys, broadcloth and mannish mixtures, and all divided into four lots, as follows:
Lot No. 1 goes at \$2.50.
Lot No. 2 goes at \$5.00.
Lot No. 3 goes at \$7.50.
Lot No. 4 goes at \$10.00.
and not a jacket in the lot but what is worth 50 per cent more than this sale price, and some of them double.

Clean-up Sale of Remnants of Dress Goods
We offer our entire accumulation of remnants and short lengths of Black, Colored and Fancy Dress Goods, such as Volles, Vellings, Challes, Henriettas, Mohairs, Albatross and Fancy Mixtures, specially desirable for ladies' waists, skirts and children's school dresses and coats, priced regardless of cost or value, in two lots, as follows:
Remnants worth up to 65c the yard, for 30c.
Remnants worth up to 85c and \$1.00, at, per yard, 50c.

Pattern Lengths Reduced One-third
All our Dress Pattern lengths go in this sale. Also remember that we have no two alike and that prices on these dress patterns have been reduced fully one-third.

Fancy Velvets, worth to \$1.25, at 50c the yard
To boom our big Velvet selling, we have taken several styles of Fancy Velvets and offer them for less than the cost to import.

Fancy Printed Cord Velvets, in mottled mixtures, embroidered, with color dots, illuminated Velveteen, shadowdown, the shimmering, glossy Velveteen, in neat designs. Choice of any of the styles, only 50c

Children's and Misses' Long Coats also reduced very materially from the regular selling prices. We are determined to reduce our stock of Ready-to-Wear goods, hence the above sale.
