CANADIAN FISHERS MAKE HEROIC ATTEMPT AT RESCUE

Member of Parliament and Ten Companions Drowned in Terrible Marine Disaster.

When the steamer struck there were 15 persons on board, including a crew of 14 and H. J. Leslie, of Halifax, one of the firm owning the steamer and a member of parliament. The accident occurred in a violent storm, the danger of a terrible sea being increased by blinding snow. After the steamer struck the snow abated sufficiently for five of those on board to row to land. The others decided to remain on the vessel until calm weather, but later in the day under the beating of tremendous waves the steamer began to go to pieces and it became necessary for them to leave in one of the ship's boats. When the twelve men were about half way to the shore, a great wave swamped their craft. Captain Pride, of the Luenberg, managed to cling to the boat until help reached him.

FISHERMEN MAKE BRAVE ATTEMPT TO RESCUE THE CREW

Stang Da Nord, Magdalena Islands, Dec. 5.—Full particulars of the loss of the steamer Luenberg with one of her owners, R. J. Leslie, and ten of her crew at Outer Sand Beach, opposite Amherst harbor, ten miles south of this port, were received today. The steamer struck the beach during a thick snow storm early yesterday morning and is a total wreck. The steamer and cargo were valued at \$50,000.

The steamer was attempting to enter Amherst harbor at the time of the disaster. The thick northeast snow storm prevailed and a heavy sea constantly swept the vessel's decks. The lighthouse at Amherst could be seen at times, however, and Captain Pride supposed he cleared the beach. Suddenly a great wave literally picked up the steamer and left her stranded directly opposite the entrance to the harbor.

BOYCOTT NOT HELD PANG ON DIVING OUT STEAMSHIP

CAPTAIN OF CRUISER RALEIGH SAYS IT'S GETTING WORSE

San Francisco, Cal., Dec. 5.—Captain A. C. Baker of the cruiser Raleigh, who has been detached for several months to study commercial and political conditions in China, was a passenger on the Manchuria, arriving today from the Orient, on his way to Washington, to lay before the president and his advisers the results of his investigations. "It is nonsense," said Captain Baker, "to talk of the boycott as dying out. The commercial situation in the south of China is absolutely at the mercy of the guilds. There are many who are ready and they control trade with an iron hand, and they have given orders not to handle American goods. It is almost impossible to get at these guilds. We have treaties guaranteeing free circulation of our goods, but supporting the coolies on the docks, the cartmen on the streets and everybody connected with the handling of goods refuses to touch them, what are you to do? American warehouses in Canton are full to the roof with flour and they can't budge it. In the meantime Australian merchants are chartering everything they can get their hands on to get their inferior flour into the market, to take advantage of our difficulty.
