GERMAN CONFESSES PLOT TO WRECK SHIPS CARRYING ARMS

(Continued From Page One)

...the plot to wreck ships carrying arms... (text continues with details of the plot and the role of the German agent)

GERMAN GAINS AIDE REPORTED BY BERLIN

Berlin, Oct. 25 (via London, 7:15 p. m.)—The following official communication was issued today:

"Western theater: In Champagne, the French attacked near Tahure and around our salient north of Lens... (text continues with details of military movements and casualties)

STRONG REPRESENTATIONS MAY BE SENT TO BERLIN

Washington, Oct. 25.—If the state department determines that Robert Fay is telling the truth in his story to the New York police of how he, a lieutenant in the German army, was sent to the United States for the purpose of assisting by explosives shipments leaving American ports for Europe, the matter will be made the subject of vigorous representations to the German government.

GARRANZA TROOPS ARE HELD UP BY S. P. ROAD

San Antonio, Tex., Oct. 25.—The 2,000 Carranza troops en route to the defense of Arca, Texas, which are to move over United States territory were held at Piedras Negras tonight and may be detained there for several days.

BRITISH TRAMP STEAMER HASTILY QUITS FRISCO

San Francisco, Oct. 25.—The British tramp steamer Elangor sailed from here today with sealed orders from the British consulate and under the name of the United States customs authorities that she must depart for the Langorose coast in California with twenty-five tons of black gunpowder in her hold and a cargo of lumber. The customs authorities asked that she be detained a while longer, or else give further information concerning her cargo and destination. The British consul took the former alternative.

Clifton, Ariz., Oct. 25.—More wreckage has been called for tomorrow in Clifton, Morenci and Metcalf to consider a plan of arbitration for settlement of the strike of the employees of the Arizona, the Phoenix and the Detroit copper companies.

The meetings are to be held under the auspices of the strikers. All citizens as well as strikers without regard for union affiliations, have been invited to attend.

Should the meeting approve the proposition, it is planned to submit it by telegraph to the managers of the mines now at El Paso.

The closing of the mine meetings following the strike through the three camps by strikers.

A mass meeting announced for late today to hear the proposition given by the mine managers to the strikers' committee at the conclusion of their late Saturday night meeting.

CAROLINA FARRARA, aged 25, DOBROTA LINSK, aged 18, FLORENCE RAKER, aged 21, CECILIA ROSS, aged 17, JERETHA DONAPPLER, aged 24, THIAK BRENNING, aged 20, LILIA BERNINI, aged 24, MYRTLE MILLER, aged 29, MARCELLA RAUCH, aged 17, PETRA VALLEY.

HUNT CHAMPION OF GREAT PLAIN PEOPLE

Phoenix, Ariz., Oct. 25.—Governor George W. P. Hunt, for whose recall from office petitions were filed in a petition drive, declared today that "big interests" were behind the movement because his actions did not suit them.

The governor returned to Phoenix today from Antonio, Ill., for a week of rest, where he dedicated a monument to the memory of the late President McKinley.

"Every time I have not acted to suit the big interests, they have threatened to recall me," Governor Hunt said. "I have no fear of a recall, for what I have done I did for the best interest of the state."

The mining officials behind the recall and they are the object of a cruel denunciation who are trying to ruin Arizona, the governor asserted when asked if he believed his activities would result in the striking miners at Clifton being responsible for the circulation of the petitions.

"I would be false to the trust imposed on me by the people of the state," Governor Hunt declared. "If I recall from the state of duty."

It was said tonight that a statewide circulation of the recall petition would be begun tomorrow by those interested in the recall movement.

PROPOSITION MAY BE APPROVED BY MANAGERS

El Paso, Tex., Oct. 25.—The proposition to arbitrate was approved in the strike of the Clifton-Morenci-Metcalf copper mines to be submitted tomorrow to mass meetings of the strikers and a dissent of those camps for final submission to the mine managers. The proposition has been prepared by the strikers' committee, but not submitted to the mine managers during the conference last week.

After the conference the strikers' committee explained that the proposition had been submitted to the mine managers had, instead, handed them a letter assuring the strikers' committee was influenced by the Western Federation of Miners and containing the following summary and proposal:

"We repeat the position taken by us at the previous conference and which position we intend to maintain."

"First: That under no condition will we consent to be dominated by the Western Federation of Miners or any whatever name or title it may assume."

"Second: When the employees have returned to work on the same conditions as existed prior to the strike, the Western Federation of Miners, if restored, the company will be glad to discuss with their employees as they have been willing to do, any grievances or other questions which the employees wish to take up with the mine managers."

Mine managers here tonight stated in commenting upon the dispatches tonight from Clifton, that their position was unchanged.

400 YEARS OF RULE BY HOHENZOLLERNS

Berlin, Oct. 25 (via Wireless to San Francisco).—All the churches of Berlin held services yesterday in commemoration of the 400th anniversary of the establishment of Hohenzollern rule over Brandenburg. The service in the cathedral was headed by King-Prince William, Emperor Augustus Victor, Chancellor von Bethmann-Hollweg, many generals and admirals and the diplomatic corps, including the American ambassador.

The service outside the cathedral were attended by thousands of persons who could not gain admittance. Emperor William was cheered on enthusiastically.

ENGLAND TIRED OF ADVENTUROUS BOYS

Washington, Oct. 25.—So many adventurous young Americans have been working their way across the Atlantic on the horse and mule transports with the purpose of enlisting in the British army that the British embassy here gave notice today that hereafter such persons would not be allowed to land on British soil.

Many of these Americans have been under age and in some instances their parents have sought their discharge from the British army and return to the United States through representation by the state department.

In the future any American reaching British ports as hostlers will be required to continue in the same service or return home.

PLAN REJECTED BY MANAGERS TO BE PROPOSED CONGREGATIONAL COUNCIL OPPOSES PREPAREDNESS

Miners at Clifton, Morenci and Metcalf to Hold Meetings and Suggest Arbitration on Former Suggested Basis.

By Morning Journal Special Leaded Wire.

New Haven, Conn., Oct. 25.—A resolution to place the national council of congregational churches on record against a militaristic policy in the United States was referred to a special committee tonight before the national conference of the churches, which is adjourned until Wednesday when a report is expected.

This action followed an all-day discussion of the wording of the proposed resolution. When finally a draft prepared by Rev. Dr. C. C. Carter of Hartford, Conn., seemed assured of adoption, Rev. F. N. White, of Walla Walla, Wash., proposed that it be sent to the business committee.

Referred to Committee.

President S. R. L. Penrose, of Williams College, of Washington, proposed a special committee, and his point was carried, 151 to 59. Moderator Beardsley named Dr. Carter, Rev. G. G. Atkins, of Providence, R. I., the Penrose and Rev. A. N. Armstrong, of St. Louis, and James Lyman, of Illinois.

The program of the day included the annual meeting of the American Missionary association. President H. C. King, of Oberlin college, was reported as presiding.

A list of sixty corporate members was adopted under changes in the constitution, twenty to serve each six, four and two years. An incident was the declaration of Rev. G. G. Atkins, of Providence, R. I., that Rev. Dr. H. H. Proctor, of Atlanta, could be named the first negro, it is thought, to be a corporate member of the body.

Among the speakers in the afternoon were Rev. Dr. P. Bradley, of Cleveland, Rev. Dr. H. H. Proctor, of Atlanta, and Rev. R. B. Dicks, of Hawaii, and in the evening Rev. Henry R. Cloud, Hooker T. Washington and President King, of Oberlin college.

A resolution to place the national council of congregational churches on record against increased armaments in the United States was presented by the business committee on behalf of Rev. Dr. Charles E. Jefferson, of Broadway, New York.

Moderator R. M. Beardsley, of Kansas City, offered an amendment which would ask all churches in the country without regard to creed to join in a movement against military and naval armaments and towards a just peace in Europe.

The Jefferson resolution, in part follows:

"Resolved, that we view with pain and solicitude the organized and desperate efforts to stampede the nation this time with wild and extravagant promises for ships and guns and place upon record now our earnest objection to the committing of our government to a policy of so-called preparedness for which Europe is now paying an appalling price."

"We appeal to the president and to the members of congress, soon to assemble, to lend the energy of our government to the elaboration of the program of disarmament, but to the working out in cooperation with other governments of a plan of international organization which shall render the requirements of the present world (trade) impossible."

Didn't Know Conditions.

Rev. H. A. Atkinson, of Boston, explained the report of the commission on social service, and features of that report were emphasized by Fred H. Hill, of Northfield, Minn. Mr. Hill said that the visit of Mr. Rockefeller to Colorado was because he was a religious man and a social service supporter.

Real trouble in Colorado, Mr. Hill said, was that men who own and control the stock of property have had no knowledge of actual conditions. He said that Mr. Rockefeller's visit gives promise of better things.

Dr. Gladston's Views.

When the Jefferson anti-preparedness resolution was up for discussion late this afternoon, Rev. Dr. Washington Gladden, of Columbus, O., the committee chairman, endorsed it.

TWO POLICEMEN ARE CHARGED WITH MURDER

Los Angeles, Calif., Oct. 25.—Police Sergeant William Cabill and Patrolman Samuel Shanno were charged today with the murder of Chester Nelson, the youth who was killed by the same bullet that wounded his companion, Frank Ward, when the officers opened fire on the boys last Friday because they failed to stop their motorcycle in obedience to a call to halt.

Frank Ward, the wounded boy, was still alive tonight.

DEAFNESS CANNOT BE CURED

Local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. This tube is inflamed by a poisonous mucus which is secreted by the inflamed mucous membrane of the throat, and which is carried to the Eustachian tube by the action of the muscles of the throat, when the tube is closed by Catarrh, when it is not closed, the mucus settles in the middle ear, and the hearing is lost. Deafness cannot be cured by local application, but it can be cured by Hall's Catarrh Cure. Send for circular, free.

TRY THIS FOR A COLD--IT'S FINE!

"Pape's Cold Compound" Ends Severe Colds or Grippe in Few Hours.

You can end a cold and break up a severe cold either in head, chest, body or limbs, by taking a dose of "Pape's Cold Compound" every two hours until these doses are taken.

It promptly opens closed-up nostrils and air passages in the head, stops heavy discharges or nose running, relieves a sick, headache, dizziness, feverishness, sore throat, soreness, soreness and stiffness.

Don't stay stuffed-up! Quit blowing and snuffing! Breathe your stimulating head—nothing else in the world gives such prompt relief as "Pape's Cold Compound" which costs only 25 cents at any drug store. It acts without assistance, notes clear, and causes no inconvenience. Be sure you get the genuine.

No Ground for Suspicion.

New Orleans, Oct. 25.—Federal officials stated here today that investigation of the power yacht "Pain Sifter," which was driven ashore near Cole Blanche, La., in last month's hurricane, had satisfied the authorities there was no foundation for suspicion that the boat might be intended for participation in a commerce raiding expedition against Mexico.

COFFEE CLAIMS ITS VICTIMS BY HUNDREDS

Prominent Nerve Specialist Says Coffee Drinking Has Produced a New Disease—Chronic Caffeinism.

"There is a distinct type of cases," says Dr. Wm. M. Lewinsky, consulting neurologist to the Manhattan Eye and Ear Hospital, "of a patient among the poorer class of people, but by no means confined to the class, of functional nervous disorder (caused by coffee drinking), to which the elastic term 'neurasthenia' or chronic caffeineism is its broadest significance may be aptly applied."

"In cases of neurasthenia, (nervous coffee drinking)," adds Dr. Otto Justner.

"I have seen hundreds of victims of this disease," continues Dr. Lewinsky. "Among commercial travelers, brokers, newspaper editors, writers, and men connected with the news department of the daily papers."

"They usually complain of the following symptoms, which are more or less pronounced: General headache and nervousness, apprehension in regard to the future, excessive irritability, mental depression and irritability, insomnia or restless sleep, bad dreams and sudden starting in sleep, yawning in profuse perspiration, general tremulousness and diminished muscular power, cardiac palpitations, loss of appetite and constipation."

"NOTE—It is a fact worthy of note that the American food-drink, Instant Postum—has come widely into popular use and favor with the recognition of the harmfulness of coffee. Postum has a flavor resembling Old Java, but is entirely free from caffeine or any other harmful ingredient."

PRESIDENT PONDERS NOTE TO ENGLAND

Washington, Oct. 25.—President Wilson still had under consideration the long note to Great Britain concerning the interference with American trade. Officials were unable to predict when the communication would be dispatched. It has been before the president two weeks and prior to that was in the process of preparation for several months.

ABOUT 300,000 BABIES DIE BEFORE ONE YEAR

The Census Bureau estimates that 300,000 babies die in this country last year before the age of one year, and it is stated that one-half of these deaths were needless if all mothers were strong and infants were breast-fed.

Expectant mothers should strive to increase their strength with the strength-building fats in Scott's Emulsion which improves the blood, suppresses nervousness, aids the quality of milk, and feeds the very life cells.

Physicians prescribe Scott's Emulsion; it is doubly important during nursing. No alcohol. Every drug store has it. Insist on Scott's white-cod medicine. No advanced prices.

Scott & Bowne, Bloomfield, N. J. 18-07
