

AUSTRIA'S REPLY TO AMERICA IS EXPECTED SOON

Submarine, Which Sank Ancona, May Be Lost as No Report, Since Incident, Has Been Received.

BY MORNING JOURNAL SPECIAL LEADER WIRE. Washington, Dec. 13.—Austria-Hungary's reply to the American note on the sinking of the Italian steamship Ancona is looked for by state department officials by the end of this week.

The charge, it was said, did not indicate what the action of Austria-Hungary might be, explaining that he had not heard from the foreign office upon the subject.

Germany Involved. Much attention has been attracted in official and diplomatic circles by that portion of the note which referred to "the acquiescence of Germany" in the attitude of the United States toward the use of submarines in attacking vessels of commerce.

Conversations between Secretary Lansing and Count von Bernstorff, the German ambassador, looking toward a settlement of the Lusitania controversy have been in progress many weeks and it is stated authoritatively that the views of the United States and Germany still are so widely different that faint hope is seen of any early agreement.

Submarine May Be Lost. Officials here were interested in press dispatches from Vienna which reported that the Austria-Hungarian government had been unable to communicate with the commander of the submarine which sank the Ancona and suggesting that the undersea vessel might have been destroyed.

Dispatches relating to the Standard Oil tank Communipaw have been particularly puzzling. A consular cablegram from Malta, tonight, announced that she had arrived today at Alexandria, Egypt, and that "casualties" would be reported by Alexandria.

Communiaw Mystery. Dispatches relating to the Standard Oil tank Communipaw have been particularly puzzling. A consular cablegram from Malta, tonight, announced that she had arrived today at Alexandria, Egypt, and that "casualties" would be reported by Alexandria.

Richmond, Va., Dec. 13.—The Southern States Suffrage association today elected Miss Kate Gordon of Louisiana president. A resolution was adopted calling upon the democratic party as the dominant party in the south to adopt a plank favoring woman suffrage.

Why's "Gets-It" for Corns, Like a Kiss?

Because Everybody Tries It, Everybody Likes It, It's Painless and Takes But a Moment to Apply.

"Never in My Life Saw Anything Act So Quickly and Magically as 'Gets-It'." Remedy on earth today, "Gets-It" will surely get that corn or callus you've been trying for a long time to get rid of.

IRISH FIGHTERS SACRIFICED TO SAVE THE ARMY

British Force, Outnumbered Ten to One, and Poorly Equipped, Is Overwhelmed by Bulgarian Attack.

BY MORNING JOURNAL SPECIAL LEADER WIRE. London, Dec. 13 (15:25 p. m.)—How two companies of the Royal Inniskilling Fusiliers, and another of the Irish regiments forming the British divisions, which are making a fighting retreat from Serbia, sacrificed themselves to cover the retreat of their comrades, is told by the wounded who have reached British headquarters in Macedonia.

The British, according to the correspondent of Reuters Telegram company in a dispatch from the British headquarters, were outnumbered ten to one by the Bulgarians, who were well supplied. Last Monday morning they were awakened by a heavy bombardment by the Bulgarians, who poured a hail of shot and shell on them.

The Bulgarian infantry then advanced to the attack in massed formation and were punished severely, but the scarcity of British guns did not permit them to take proper toll of the advancing Bulgarians. The British emptied their rifles rapidly into the crush and tried to stem the tide with bayonets but were overborne by sheer weight of numbers and the position was lost.

Two companies of Inniskilling fusiliers, held on to the ridge, known as Kevic Crest, and kept back the Bulgarians the whole morning, though they were supported only by rifle fire. Hardly a man escaped, but their stand impressed and delayed the Bulgarians, thus giving the British much needed time to complete defensive dispositions in the third line, where the Bulgarians were finally held up for four days.

A recent dispatch from the Balkan theater of the war described severe engagements in the withdrawal of the British forces in which the Irish division showed great bravery. Much of the fighting was at close quarters, owing to the mist but the Munster fusiliers, the Dublin fusiliers and the Connaught fusiliers, said the dispatch, repeatedly drove the enemy off with the bayonet, inflicting heavy losses.

PLACER GOLD FOUND IN JICARILLA DISTRICT

SPECIAL CORRESPONDENCE TO MORNING JOURNAL. Santa Fe, Dec. 13.—Mining engineers have recently determined that there are 3,000 acres of placer ground north of Juncos mountain in the Jicarilla district that averages \$2.25 per cubic yard. The deposits are twelve to fourteen feet in depth. The scarcity of water thus far has prevented the working of the Jicarilla placers on an extensive scale.

The gold is of unusual fineness, running \$13.50 per ounce. The placers can be worked only with pans and rockers and much of it is done by Mexican "ambushes" and a few Americans. They sink holes during the dry weather to bedrock and throw the dirt out on dump piles near the gulch. When the winter snows melt and water runs down the gulch, they sluice the dirt and save the gold. One old Mexican has made a good living for forty years panning gold in the rainy season.

SPECIAL CORRESPONDENCE TO MORNING JOURNAL. Santa Fe, Dec. 13.—Four hundred pupils of the Grant building at San Diego visited the New Mexico building

HEAVY INCREASE IN LIQUOR TAX IS SUGGESTED

It Is Asserted That Spirits Can Stand One Dollar a Gallon Raise; Tobacco Also May Be Levied On.

WASHINGTON, Dec. 13.—When President Wilson told the democratic national committee that the Underwood tariff act is not in the slightest degree a failure, he touched the button which means trouble for the whiskey, beer and tobacco interests.

Many democrats had been smothering all eye at the tariff as a way out of the system of direct taxation suggested and recommended by the president in his message to congress.

But when the president declared the Underwood tariff law perfect he stole the democratic of congress from amending that law for the purpose of raising the revenue needed. At the same time his recommendations for direct taxes on various things have caused a storm of revolt, participated in by some men who are in a position to make their opposition felt.

ZEPPELIN AIR SHIP DESTROYED BY RUSSIANS

Craft, After Being Hit by Shell, Explodes and Debris, With Bodies of Crew, Falls Inside Slav Lines.

BY MORNING JOURNAL SPECIAL LEADER WIRE. Petrograd (via London), Dec. 13, 15:15 p. m.—Russian artillery destroyed a Zeppelin airship the night of December 5, according to details which have just arrived here, near the station of Kalkin on the Ljuban-Romina railway.

The dirigible made its appearance from the direction of Novo Alexandrov, passing over the Russian positions going toward Leningrad. It was located by a powerful searchlight and Russian artillery opened fire. The Zeppelin, however, rose to a higher altitude and became lost in the clouds.

Presently the airship, reappeared over Kalkin. Its motors had been stopped, which is usually the indication that bombs are about to be dropped. At that time the machine was directly over the railway station and the artillery began shelling it. One of the shells made a hit and the airship became enveloped in flames. Under the glare of the searchlights watchers saw it disappear in a cloud of smoke and heard a loud explosion.

MARKS AND KRONEN AT LOWEST FIGURE

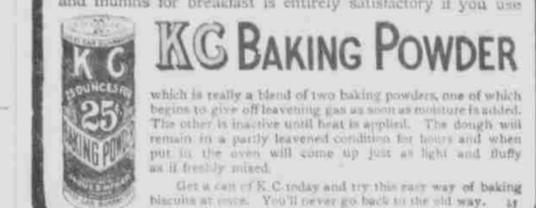

NEW YORK, Dec. 13.—The value of the purchasing power of German money in this market as represented by marks fell to its lowest level today when bills of exchange on Berlin dropped to seventy and one-half a cent from a cent from the recent minimum. In substance, marks, normally quoted at 23 1/2 cents, were worth only 19 1/2 cents.

Incidentally, Austrian exchange or kronen fell to lowest rates, but in this instance the decline was sentimental, rather than actual, no sales of exchange in Vienna being reported. The extreme weakness of exchange on the Teutonic countries was ascribed to unconfirmed rumors that the reichsbank or imperial bank of Germany contemplates assuming command of all the gold now privately held within the empire.

Mix the Breakfast Biscuits the Night Before

Set Them Away in a Cool Place and Bake them Fresh in the Morning

If the family do not all eat breakfast together, you can bake a few at a time. If you are having hot biscuits for supper, mix and cut out enough more for breakfast. They will be much nicer freshly baked than warmed over.

KG BAKING POWDER

which is really a blend of two baking powders, one of which begins to give off leavening gas as soon as moisture is added. The other is inactive until heat is applied.

Get a can of K.C. today and try this easy way of baking biscuits at once. You'll never go back to the old way.

NO PEACE PROPOSALS POSSIBLE FROM TURKS

WASHINGTON, Dec. 13.—The application of Marshallo Seney for a permit to leave the United States to visit Turkey, is being refused.

The Treasury's report for month of August 1915, is approved. A letter from Postmaster H. C. Doolittle in regard to his application to be referred to County Surveyor.
