

"SPEAR HEAD" AN OLD TIME FAVORITE

The Most Popular Chew for a Third of a Century

PURE, RICH, FRUITY-SWEET

The man who chews gets by far the most wholesome enjoyment and satisfaction out of tobacco, especially if he chews plug tobacco.

For more than a generation Spear Head has held first place as the favorite high-grade plug chewing tobacco.

This unique distinction is due solely to the wonderful quality and flavor of Spear Head—the richest, mellowest, tastiest chew in the whole world.

Spear Head is the choicest of all red Barley, hand-stemmed and made into mellow-sweet plugs in a perfectly clean, most sanitary factory.

You can't chew the flavor out of Spear Head, because it's a part of the tobacco. That rich, ripe Barley taste keeps on pleasing you as long as you keep on chewing.

Chew Spear Head and you'll be chewing the purest and most satisfying tobacco that it's possible to make. In 5c and 10c cuts.

County Tax Remittances.

Santa Fe, Feb. 8.—State Treasurer C. N. Marron today received \$18,943.51 from Colfax county, and \$21,969.56 from Valencia county. These two remittances with those from San Miguel and Chaves, enabled the state treasurer to pay up all salaries and to make a distribution of funds to the state institutions: University, \$2,260,747; Agricultural college, \$1,521,832; School of Mines, \$1,394,300; Military institute, \$1,195,531; Normal university, \$1,056,141; Silver City Normal school, \$1,809,525; Deaf and dumb school, \$1,594,711; Spanish American Normal, \$417,250; Blind asylum, \$978.45; Insane asylum, \$3,290,774; Miners' hospital, \$134,611; Reform school, \$1,998,775; capitol, \$652,157; state roads, \$1,449,600; penitentiary, \$2,956,522.

BREAK A CHILD'S COLD BY GIVING SYRUP OF FIGS

Cleanses the little liver and bowels and they get well quick.

When your child suffers from a cold don't wait; give the little stomach, liver and bowels a gentle, thorough cleansing at once. When cross, nervous, listless, pale, doesn't sleep, eat or act naturally; if breath is bad, stomach sour, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

If your child coughs, snuffles and has a throat cold or is feverish or has a sore throat give a good dose of "California Syrup of Figs," to evacuate the bowels no difference what other treatment is given.

COLFAX COUNTY BOYS AND GIRLS HEAR FARRELL

Seventy Prosperous Kiowa Valley Farmers Attend Meeting and Learn of Successful Juvenile Club Work.

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL) Raton, N. M., Feb. 8.—On February 4 and 5 Mr. George E. Farrell, assistant in boys' and girls' club work from Washington, D. C., and Mr. J. H. Toulouse, who has been employed as assistant from New Mexico in this work, were in Colfax county. On Friday the day was spent in visiting the various schools of the county, where the club work was explained in detail. The boys and girls enjoyed very much Mr. Farrell's instructive and entertaining talk.

Kiowa Valley Meeting. On Saturday Mr. Farrell and Mr. Toulouse attended the farmers' meeting in Kiowa valley, which had been arranged by Mr. Martineau. Seventy farmers of this prosperous community were present at the meeting. Mr. Farrell explained the purpose and importance of boys' and girls' club work in agriculture by citing actual demonstrations of things accomplished by energetic boys and girls. Parents, who were present at the meeting were very much interested in Mr. Farrell's talk. There is no doubt but that a strong boys' and girls' club will be organized in this locality.

Mr. Toulouse also discussed matters in connection with boys' and girls' club work and promised the people that he would be back at a later date to assist in the organization of the club.

"Kiowa Day," February 18. At this meeting arrangements were definitely made for "Kiowa day" of farmers' week in Colfax county, which will be on February 18. A great deal of interest was shown by the farmers in this important educational meeting.

Mr. Martineau explained to the farmers the plan of seed improvement which is being actively supported by the First National bank of Raton. It is the intention of this institution to purchase high-grade Turkey Red seed wheat and bring it into Colfax county to sell to farmers at actual cost. Farmers will be able to buy this seed for cash and in the event, that some are unable to pay for seed at planting time, they will be able to secure it by signing a note payable within one year without interest.

Carload of Seed. The farmers of Kiowa valley are very anxious to co-operate with the bank in this plan and enough of those present signified their intention to secure seed to justify the bringing in of one carload for this district.

Colfax county is well adapted to the production of a high grade of milling wheat and if all farming communities will co-operate as the Kiowa farmers are planning to do, the wheat produced in the county will soon be uniform in quality and highly standardized.

CHICKEN FANCIERS ARE LODGED BEHIND BARS

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL) Gallup, N. M., Feb. 8.—Two John Does, rather intelligent Mexicans, were arrested here Monday evening by city officials. City Marshal Dugan was out around the outskirts of town looking for clues of the parties who had entered the chicken coop of Mrs. M. P. Hight, and stolen therefrom four thoroughbred white wyandotte hens which were valued at \$30. A few white feathers in an alley attracted his attention and he proceeded to investigate, and entered a cabin in the rear of an adjoining lot and interviewed a couple of Mexicans who were keeping bachelor quarters there. In the room he found a sack full of feathers and two or three dozen legs of chickens. Two of the white wyandotte chickens were dressed and hanging up in the cabin. The four chickens were numbered rings on their legs and the numbers were identified by Mrs. Hight.

After the two were arrested they confessed to having taken the chickens also that they had entered the Golden Rule store and stolen several things from there. They also confessed to having burglarized the Miss Anna Jones home which is about a quarter of a mile out from the city limits. New pieces of clothing were found in their cabin which were identified by the Golden Rule people. Blankets and other household ware were identified by Miss Anna Jones as her property. One of the Mexicans was identified as the man who had attempted to hold up and rob a local barber Saturday night about 11 o'clock when he was on his way from work. He was attacked by two Mexicans and one of them struck him on the head with an iron pipe, but he partly warded off the blow with his arm and it failed to knock him down. He fought the two off, and got away. Earlier the same two, according to description given, held up and robbed Charles Martineau, a man past fifty years of age. He had but a few pieces of change which they took. They refused to acknowledge that they had done the holding up. They were bound over to the grand jury in \$1,000 bond which they were unable to give.

Santa Fe Society Notes

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL) Santa Fe, Feb. 8.—Several pictures recently exhibited at the museum are winning fame in eastern centers. Ufer's "The Bland Chief," has been bought for the city of Chicago by the art commission, being the only western picture to be thus honored this year. Last year, it was one of Victor Higgins' pictures that was purchased for the city. "Gifts From the Apaches" by J. H. Sharp, exhibited here some months ago, appears as cover on the "American Magazine of Art," which also prints a picture by Daniel Garber, cousin of Mrs. J. H. Wagner of this city, and who expects to be in Santa Fe for the summer school. Irving Coose's "Making Pottery" was given the highest number of votes out of 6,000 ballots cast at the American Federation of Arts exhibit at the University of Oklahoma. Mr. and Mrs. Arthur Seligman, of New York, and Mrs. F. E. Nuding today became charter members of the New Mexico Society of the Archaeological Institute. Rev. F. H. Vermillion, of Las Cruces, and Mrs. Sarah Fischer, of Red Oak, la., became members of the local society. Mr. Vermillion was supplied with pictures of the cliff dwellings and other nearby views which he will use in a number of articles he is writing for church papers.

Sylvanna C. Morley recently delivered a lecture on the Mayas at the University of Pennsylvania, Philadelphia.

Siegfried Kahn, of Albuquerque, has presented the museum with more specimens of Villa mona.

The following registered at the museum: G. S. Billemer, Denver; H. C. Matheson, Chicago; Miss Jeannette Kramer, Honolulu; Mrs. Vera Vogt Mosser, Kansas City; Mr. and Mrs. S. M. Kirk, Orville, O.; H. F. Vermillion, Las Cruces; Mr. and Mrs. F. A. Wood, Minneapolis.

LINCOLN'S BIRTHDAY TO BE CELEBRATED IN SCHOOLS OF STATE

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL) Santa Fe, Feb. 8.—On Lincoln's birthday anniversary, February 12, the public schools of New Mexico will observe the twenty-fifth anniversary of the signing of the bill creating the present public school system of New Mexico. Superintendent of Public Instruction Alvan N. White urges that in every one of the two thousand school rooms of the state reference be made to the anniversary and to the magnificent growth and advancement of the public schools since then.

Amado Chavez of Albuquerque, but first of Santa Fe, was appointed the first superintendent of public instruction. He was succeeded by three other Spanish Americans, who have all since died: Placido Sandoval, 1891 to 1895; Manuel C. de Rueda, 1895 to 1897; J. Franco Chavez, 1897 to 1904. Amado Chavez served again from 1904 to 1905 and then Hiram Hadley, the Nestor among the modern educators of the state, was appointed by Governor M. A. Otero. James G. Clark served from 1907 to 1912 who was succeeded by the present incumbent, Alvan N. White in 1912.

To Observe Pay-up Week.

East Las Vegas, N. M., Feb. 8.—National Pay-up week will be observed here, beginning tomorrow, by the Las Vegas merchants. The object of the movement is to show purchasers the injustice in allowing small bills to drag along. It is stated that thousands of dollars are tied up in every community, kept out of circulation for the betterment of the town, but the large number of small accounts that are unpaid for periods extending over more than thirty days. The merchants contend that these accounts, in the aggregate, are more bothersome than those of persons who are known to be poor pay. This kind of a credit business is said to increase the prices which merchants must charge for their goods, and the cash customers are urged to participate in making Pay-up week a success just as earnestly as those who are expected to do the paying up.

Holdup Men Lose Nerve.

East Las Vegas, N. M., Feb. 8.—Clancy Whistler, a motorman employed by the Las Vegas Transit company, was struck on the nose last night in a scuffle with two men on the front platform of his car. The men made no effort to rob Whistler, but hopped off the car, and he is at a loss to know whether they were amateur holdups who became frightened when he showed fight or whether they were some young men acquaintances who tried to "job" him. The young men had their coat collars pulled up and their hairpins covered the greater part of their faces. The police are investigating.

Assessment Ordered Reduced.

Santa Fe, Feb. 8.—Judge M. C. Mechem has ordered a reduction of the Victoria Land and Cattle company in Socorro and Sierra counties. From \$494,668 to \$262,450 and a cut of \$3 a head on 3,007 head of cattle.

AFTER LAGRIPPE—WHAT?

Coughs that "hang on" after lagrippe exhaust the strength and lower the vital resistance. F. G. Provo, Bedford, Ind., writes: "An attack of lagrippe left me with a severe cough. I tried everything, I lost in weight and got so thin I looked as if I would never get well. I tried Foley's Honey and Tar and two bottles cured me. I am now well and back to my normal weight." Foley's Honey and Tar gets right at the trouble. It is a safe, reliable remedy. Sold everywhere.

Big Increase in Licenses. Santa Fe, Feb. 8.—New Mexico's prosperity is reflected in the fact that the secretary of state has issued 65 per cent more automobile licenses than he had to this date last year, the number issued being 4,242, representing that many automobiles valued at \$1,000,000 as against 2,567 last year.

Governor Appoints Notaries. Santa Fe, Feb. 8.—Governor McDonald today appointed Jeanette Gregg of Mayhill, Otero county, and Ida N. White of Folsom, Union county notaries public.

NEWS NOTES from BY DAISY DEAN MOVIE LAND

Next time Lucille Taft goes up for a joy ride in her aeroplane and loops the loop three or four times without breathing a word of it to a soul, the "big boss" of the Gaumont studios at Jacksonville, Florida, is going to use some real harsh language with his dare-devil star.

For some months Miss Taft has been perfecting herself in the art of flying under the direction of Aviator Beeche. The theory of the loop the loop had been explained to her at her own request, but the aviator thought that she merely asked out of curiosity. Then not long ago she went aloft near the Gaumont studios in South Jacksonville. When over the St. Johns' river and 2,000 feet above Mother Earth, she made three spectacular loops.

Director Richard Garrick was among the first to reach her, when she volplaned back to earth. "Now, I'll tell you this, young lady," he stormed, "if you do that again you will be acting directly contrary to my orders. I have no desire to throw away \$20,000 we have invested in 'The Drifter,' just because you dive into the next world before we take the final scenes. And besides," here his voice softened somewhat, "we don't wish to lose you."

ESTELLE MARDO BECOMES STAR

Estelle Mardo, well known for her work with D. W. Griffiths, Lawrence Marston, Frank Crane and others, has been elevated to stardom, and henceforth will be seen in only "leading woman" roles. With whom she will play opposite has not yet been selected. Miss Mardo, who long a familiar face in screen productions, never before has had the opportunity to star. Her winsome personality, as reflected by the picture camera, and her wondrous grace and charm have brought the recognition they deserve. An early release will see her as the bright, particular star of the photoplay.

FIGHTING PARSON, FARNUM'S NEXT ROLE

William Farnum will be seen in a forthcoming Fox feature picture as a lumber jack, who later becomes a militant, two-faced fighting person with his former companions as members of his flock.

It is a kind of character in which Mr. Farnum is seen at his best. The picture is called "The Fighting Blood," and is being filmed at the Edendale (Calif.) studios under the direction of Oscar C. Apfel.

June Lee, the littlest William Fox star, now in Kingston, Jamaica, working in the million dollar Annette Kellerman picture, being produced under the direction of Herbert Brenon, has forsaken dolls of every description. Animals now engage the attention of this little film star, and to date she has a St. Bernard dog, a horned toad, a baby elephant and a baby swan.

EDUCATOR GOING TO MOONLIGHT SCHOOL

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL) Santa Fe, Feb. 8.—"I'm going to moonlight school, too, only I am learning Spanish while you are learning English," declared Rupert F. Asplund, of the department of education, last night in addressing one of Johnny Conway's moonlight schools. He struck a popular chord and was cheered to an echo, especially as he exemplified what he had learned in the moonlight by making a brief address in Spanish.

There were sixty pupils in the school, a score of them quite aged, the others young men and women, capable to make up what they lost by not attending school when boys and girls. Short talks were also made by Superintendent White, who was accompanied by Mrs. White and L. C. Mersfelder, accompanied by Mrs. Mersfelder. Letters received from all over the state by the department of education show that in practically every county the moonlight school movement is taking hold and that by the next census illiteracy will have been stamped out and a stain removed from the escutcheon of the commonwealth.

Gross-Kelly Increase Capital.

East Las Vegas, N. M., Feb. 8.—Announcement was made here Monday afternoon that Gross-Kelly & Co., early in their annual meeting in this city early last month, authorized the increase of the capital stock to \$1,000,000. This announcement comes on the heels of that of a few weeks ago to the effect that Gross-Kelly & Co. expected to erect in the near future a modern wholesale building in Albuquerque. The company's business has grown to such an extent recently that increases in facilities for handling it and an increase in the capital stock were deemed necessary.

Game License Fund.

Santa Fe, Feb. 8.—Game Warden Trinidad C. de Bach has received this year for this year \$2,244.15 on game licenses issued. He appointed Frank Riley of Taos a deputy on salary up on recommendation of the Taos Game Protective association. He reported that Edward Eble, deputy game warden, who died at Las Cruces, had collected \$1,267 of game license fees last year. The game warden today finished signing the cards appointing each member of the Santa Fe Game Protective association, a deputy game warden.

Mersfelder Back From Trip.

Santa Fe, Feb. 8.—Supervisor of Industrial Education L. C. Mersfelder has returned from an inspection trip to Willard, Clovis and Portales. At the latter two places he found the rooms crowded very much. At Clovis a fine domestic science and manual training equipment is being installed. At Willard a new four-room building is just being occupied.

Big Increase in Licenses.

Santa Fe, Feb. 8.—New Mexico's prosperity is reflected in the fact that the secretary of state has issued 65 per cent more automobile licenses than he had to this date last year, the number issued being 4,242, representing that many automobiles valued at \$1,000,000 as against 2,567 last year.

Governor Appoints Notaries.

Santa Fe, Feb. 8.—Governor McDonald today appointed Jeanette Gregg of Mayhill, Otero county, and Ida N. White of Folsom, Union county notaries public.

Real estate problems—purchases, sales or trade—can easily solve by Journal's "Real Estate" column. Do it today.

Lucille Taft in her flying togs.

She is one of the bright stars of the Gaumont forces and will be seen here soon in "The Drifter."

PRISONERS DISCHARGED BY U. S. COMMISSIONER

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL) Santa Fe, Feb. 8.—United States Commissioner Melvin T. Dunlavy today released from custody Jose Maria Tafuya who had served ninety days, and Jesus Urbina who served ninety days for selling liquor to an Indian. Mr. Dunlavy also discharged Harry E. Hill who had served ninety days and had been fined \$100 and costs for selling liquor to an Indian, and Hosten-on-day-she-be-Tah, an Indian from Shiprock, the Navajo agency, who had served ninety days for stealing a string of beads.

New Shorthand Class

To accommodate a number of present students and others intending to enter soon, a new shorthand class will be started at the Albuquerque Business college at once. Nearly all of the students, entering shorthand classes in September, are nearing graduation and the others are progressing rapidly and very satisfactorily. The Success Plan System is proving very popular and the efficiency of those who have been pursuing the study for a few months only speaks well for its authors.

Lime Against Tuberculosis

In the May 25, 1912, issue of the Journal of the American Medical Association appeared this statement concerning calcium (lime) medication in the treatment of tuberculosis: "Under the systematic, continued and persistent regime of calcium assimilation, Van Uzean has seen a number of his patients improve. The spitting clears up, the tubercle bacilli, which finally disappear, and the patients are discharged with healed pulmonary tuberculosis."

Well Known Remedy Relieves Chronic Case

Important to Dispose of Waste from the Stomach With Regularity.

People frequently attribute to failure of the digestive organs conditions that are primarily due to inactive bowels, and apply remedies that from their very nature are more apt to aggravate than to relieve the disorder.

When the bowels act regularly the stomach is in better shape to perform its allotted tasks and can usually be depended upon. To keep the bowels in condition there is no more effective remedy than the combination of simple laxative herbs known as Dr. Caldwell's Syrup Pepsin which is sold in drug stores for fifty cents a bottle.

Dr. Caldwell has prescribed this remedy in his practice for over a quarter of a century and it is today the standard household remedy in thousands of homes. Mr. Thos. DeLoach, with the Department of the Interior, Office of Indian Affairs, at Washington, wrote Dr. Caldwell recently that "Dr. Caldwell's Syrup Pepsin is the best laxative I have any knowledge of and the cleaning up guaranteed by its use relieves every organ."

MR. THOS. DELOACH. A bottle of Dr. Caldwell's Syrup Pepsin should be on hand in every home for use when needed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 454 Washington St., Monticello, Ill.
