

HELPFUL WORDS

From An Albuquerque Citizen. Is your back lame and painful? Does it ache especially after exertion? Is there a soreness in the kidney region? These symptoms suggest weak kidneys.

Read this Albuquerque testimony: Mrs. Louise Burnette, 509 W. Silver Ave., Albuquerque, says: "One of my family had a bad back. This one had known of Doctor's Kidney Pills for a long time and began using them. They quickly made a cure and there has been no trouble since."

FEEL YOUNG!

It's Dr. Edwards' Olive Tablets For You!

Beware of the habit of constipation. It develops from just a few constipated days, unless you take yourself in hand. Coax the jaded bowel muscles back to normal action with Dr. Edwards' Olive Tablets, the substitute for calomel.

When backache comes on, and it seems as if you can't stand the pain and pressure in the small of your back and sides, do not feel that you must continue to suffer, but get a bottle of Policy Kidney Pills and begin taking them.

RUMOR OF NEW ROAD TO ROSWELL GAINS CREDENCE

Three Surveying Parties Said to Be at Work in Western Texas With View of Running Line to Pecos Valley City.

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL) Roswell, N. M., May 3.—Although there is no confirmation of rumor, Roswell believes that plans are under way for another railroad to be built from the east into this city.

One of these parties represents the Frisco and is working out of Lubbock. This is the road which has been built on paper many times and incidentally the first to build into Roswell. It would open an entirely new field for the system and for the past four years officials of that road have kept in touch with Roswell in various ways.

The Santa Fe is also said to be considering some extensions. The only known information on this subject, however, lies in the report that this company has two surveying parties out, one working from Clayton, Texas, and the other from La Mesa, Texas. Not because of these rumors, but because these representatives have made careful investigations and reports favorably, a number of large corporations have come to Roswell within the last year.

Another enterprise which has meant much to Roswell in the last year was the opening of the Glider hotel, one of the largest and best in the city. J. N. Glider, the owner, has large business connections in Texas and because of his business connections it was thought at the time of his investment that he had reason to believe another railroad would soon be built into Roswell.

CURRY COUNTY FARMERS WEAR SMILES OF JOY OVER SOAKING RAINS

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL) Clovis, N. M., May 3.—Curry county was again visited by a good rain yesterday afternoon. The indications are that the rain covered most of this section of the state, and continued for some time, making the second soaking rain that has fallen here in the past week.

It is amusing to watch the changing expressions on the faces of the people, especially the farmers. Sixty days ago when it was a little dry here and when the winds, as is always customary in the spring, blew a gale and, incidentally, a lot of sand across this country, there were a good many who made all kinds of pessimistic predictions for the future of Curry county, a dry year and no crops being a certainty, according to the way they had the situation sized up.

NEWS NOTES from BY DAISY DEAN MOVIELAND

Realizing that in pretty Louise Lovely, the clever Australian actress, they have found a star worthy of exploitation, Bluebird Photoplays have made sure to choose for her use scenarios that are best adapted to display her charm and grace of manner, as well as to bring out the full possibilities of her histrionic talents.

Louise Lovely in "The Gilded Spider."

Gertrude McCoy in "The Isle of Love." Excellent locations for that part of the story depicting the life of the heroine and her rescuer on an uninhabited island of the South Seas were found near Jacksonville, Fla. As the Gaumont picture studio is located there, the players have had their home-life at the same time that some of the most thrilling scenes of the photodrama were being filmed.

One of the big features of "The Isle of Love" is the burning of an ocean liner in mid-ocean. It is in these scenes that Earl O. Schenck as the wireless operator rescues Miss McCoy, first from fire, and then from death by drowning as they flounder in the water. Other picturesque scenes advance the story at a small seaside resort, where the heroine first meets the man whom later she scorns and then learns to love.

"Green-Eyed Monster Jealousy" was in great evidence the other day among the different players when Anita Stewart was inspecting a large seven-seated machine with the intention of purchasing it. The machine stood in front of the studios for nearly an hour and all the players who passed by looked longingly at the beautiful tan car as it stood chugging and puffing while the little star carefully examined the minutest details of the engine.

In the picturization of Peter B. Kyne's story, "The Three God-fathers," Director Jack Le Saint secured a photograph of a sandstorm on the Mojave desert, which will be shown in the film when released.

Ivy Close, of England, may be shown in film plays in America. She was the winner of an international beauty contest.

ENLOE UNANIMOUSLY RE-ELECTED HEAD OF SILVER CITY NORMAL

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL) Silver City, N. M., May 3.—By unanimous vote of the board of regents at a meeting held this week Prof. E. L. Enloe, for the past two years president of the New Mexico State Normal school, was re-elected to that position for a term of three years.

A substantial increase in salary also was voted President Enloe. The New Mexico normal has employed an enrollment of over 800 for the school year just closing, this including the summer school session, and enters upon a new school year with bright prospects for greater growth and success as one of the state's leading educational institutions.

During the incumbency of President Enloe, the normal has progressed at a steady rate and his administration of affairs have justified his selection for the vacancy created by the resignation of Dr. C. M. Light, after having served as president for many years.

Indications are for the biggest summer school in the normal's history. The summer session opens May 29 and extends over a period of six weeks. The teaching force will include leading members of the normal faculty, reinforced by some of New Mexico's best known educators. Teachers and students from all over the state will be in attendance and an enrollment of 800 is expected.

S. M. MILLER DIES OF BURNS; MYSTERY VEILS CAUSE OF INJURIES

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL) Roswell, N. M., May 3.—After a hard fight against big odds, S. M. Miller is dead. Just how Mr. Miller received the wounds which caused his death will never be known.

The man in a dying condition was found lying outside his dugout in the northern part of the county last Friday. He had been severely burned and was suffering from exposure. The story, which is built entirely on circumstantial evidence, is that Mr. Miller, who lives nine miles from any habitation, in a dugout near Dublin, found the interior of his house in flames. The indications are that he rushed into the fire to save what he could and was severely burned.

He was able to get beyond the reach of the fire and lay there for at least three days exposed to the weather. When he was found he was not only suffering from his wounds but had contracted pneumonia from the exposure. Mr. Miller was sixty years old and, as far as is known, had no relatives.

DEMING TO VOTE ON PROHIBITION JUNE 24

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL) Deming, N. M., May 3.—The first regular meeting of the new board of trustees of Deming was held Monday evening at the city hall. Mr. A. Norton, a resident of Deming, was elected chairman of that body. Emory Taylor was appointed night watchman in the place of John Warren. The position of plumbing inspector was abolished.

The board received the petition signed by 119 voters, asking for a local option election under the liquor law recently enacted. The election was set for June 24. Both "wets" and "drys" are working hard and it is expected that a close election will result. So far there has been a notable lack of bitterness that usually accompanies such elections. The "drys" are determined, however, and the liquor men, while accepting the challenge in a sportsmanlike manner are leaving nothing undone to secure their interests.

Burns Instructing Artesia Militia. Artesia, N. M., May 3.—Sergeant Dennis Burns, the efficient regular army instructor detailed to the New Mexico militia, is spending a month at this place instructing the local company in rifle work, sanitation, drilling, etc. He has the men out three nights each week and in addition takes a squad to the rifle range each Sunday morning for practice. Mr. Burns is very popular in Artesia, having spent several weeks here last summer working with the company. Mr. Burns has selected a plot range practically inside of town, for the Artesia company, and will have it in condition for use before he leaves here for some other point in New Mexico. He will be instructor for the national guard in this state until December of this year, when he will return to his company, which is now on the Mexican border.

County Tax Remittances. Santa Fe, May 3.—Following the laudable example set by County Treasurer Eugenio Romero, of San Miguel county, to be the first each month among the twenty-six county treasurers to remit the state tax collections, McKibben county today made its remittance for April, although it was only \$32.70, while San Juan county sent \$162.59 toward the salary of the district attorney.

SPIESS TO DELIVER COMMENCEMENT ADDRESS AT STATE COLLEGE

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL) State College, N. M., May 3.—Hon. Charles A. Spiess, of Las Vegas, will deliver the commencement address at the New Mexico state college on the morning of May 25, at which time the twelve members of the senior class will be graduated.

Mr. Spiess is one of the most prominent attorneys of New Mexico and was president of the New Mexico statehood convention of 1911. The college is fortunate in securing Mr. Spiess to deliver the address to the graduating class of 1916.

BUILDING GOING ON ACTIVELY IN SANTA FE

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL) Santa Fe, May 3.—Contract for a \$5,000 modern residence was let today by John Dendahl to Contractor August Reinhardt. The house will be built on Don Gaspar avenue, opposite the capital, on a lot adjoining the residence of Henry Dendahl, son of John Dendahl. Contract was also let for a business structure by Amado Gutierrez, a local baker, on Corrells road, opposite the executive mansion, and for two modern residences by J. R. DeMier on Montezuma avenue, near the capital.

Specifications are also being drawn for an addition to the residence of United States Weather Bureau Observer Charles E. Lincey. A congregational meeting was held this evening at the First Presbyterian church to pass upon the plans for an addition to the church building. Hon. Feanil Springer has also arranged for the remodeling of the Jaramilla house he recently bought on Lincoln avenue, adjoining the new museum building. The architecture will conform to that of the museum building.

TWELVE AGGIES WILL GRADUATE ON MAY 25

(SPECIAL CORRESPONDENCE TO MORNING JOURNAL) State College, N. M., May 3.—The New Mexico state college will graduate a class of twelve on May 25. Five of them will come from the school of engineering, while the school of agriculture will contribute four. The general science department graduates two, and the department of household economics will graduate the twelfth one. There are eleven boys and one girl to compose this year's class. The class day exercises will be held on the afternoon of Wednesday, May 24, at which time the class will give their last public exercises and present to the college the class gift. They will be graduated at the commencement exercises the following morning, when Hon. C. A. Spiess will deliver the commencement address, and Stanley Brown will give the class oration.

The members of the class and the course from which they will be graduated are as follows: Miss Ruth Phelps, State College, household economics; Stanley Brown, Las Cruces, general science, with major in chemistry; Edwin Hill, Las Cruces, general science, with major in history and economics; Robert Kirby, Mesilla Park, agriculture; Stanley Llewellyn, Las Cruces, agriculture; Homer Powers, Fort Stockton, agriculture; Fay Wagner, Albuquerque, agriculture; Charles Chaffee, El Paso, civil engineering; Lester Cox, Carlsbad, mechanical engineering; Carl Jackson, Fort Stockton, Texas, irrigation engineering; Anthony O'Leary, El Paso, electrical engineering; and Richard Pohl, Belen, civil engineering.

“ANURIC!” THE NEWEST DISCOVERY IN CHEMISTRY

This is a recent discovery of Doctor Pierce, who is head of the Invalida Hotel and Surgical Institute at Buffalo, N. Y. Experiments at Doctor Pierce's Hospital for several years proved that there is no other eliminator of uric acid that can be compared to it. For those easily recognized symptoms of inflammation—as backache, swelling urine and frequent urination, as well as sediment in the urine, or if uric acid in the blood has caused rheumatism, it is simply wonderful how surely "Anuric" acts. The best of results are always obtained in cases of acute rheumatism in the joints, in gravel and gout, and invariably the pains and stiffness which so frequently and persistently accompany the disease rapidly disappear.

Go to your nearest drug store and simply ask for a 50-cent package of "Anuric," manufactured by Dr. Pierce, or even write Doctor Pierce for a free sample. If you suspect kidney or bladder trouble, send him a sample of your water and describe symptoms. Doctor Pierce's chemist will examine it, then Dr. Pierce will report to you, without fee or charge.

NOTE:—French scientists affirm that "Anuric" is thirty-seven times more active than lithia in eliminating uric acid, and is a harmless but reliable chemical compound that may be safely given to children, but should be used only by grown-ups who actually wish to restore their kidneys to perfect health, by conscientiously using one box—or more in extreme cases—as "Anuric" (thanks to Doctor Pierce's achievement) is by far the most perfect kidney and bladder corrector obtainable.

Dr. Pierce's Pellets are the original Blue Pills. One little Pellet for a laxative—three for a cathartic.

What Does Your Food Cost? You could easily spend two dollars for a meal and not get as much real, body-building nutrition as you get in two Shredded Wheat Biscuits, the food that contains all the muscle-making material in the whole wheat grain prepared in a digestible form.

Two Shredded Wheat Biscuits with milk or cream will make a complete, perfect meal, at a cost of not over five cents. A food for youngsters and grown-ups. Eat it for breakfast with milk or cream; eat it for luncheon with fresh berries or other fruits. Made at Niagara Falls, N. Y.

A Fine Aid For Mother-to-be

We are all greatly indebted to those who tell their experiences. And among the many things which we read about and are of immediate importance to the expectant mother, is a splendid external remedy called "Mother's Friend." This is applied over the muscles of the stomach. It is deeply penetrating in its influence. Mother's Friend everywhere tells of its soothing effect, how it allays pains incident to stretching of tendons and muscles. They tell of comfortable, of calm, powerful nights, an absence of those distresses peculiar to the period of expectancy, relief from morning sickness, no more of that apprehension with which so many young women's minds become burdened. It is a splendid help. Get a bottle of "Mother's Friend" from your nearest druggist. Ask your husband to get it for you. Then write to Bradford Regulator Co., 48 Lanier Bldg., Atlanta, Ga., for a very handsome and instructive book. It is filled with suggestive ideas of great help to all women interested in the subject of maternal health. And best of all are some letters from mothers that are real inspirations. Write today.

CITY LEGAL NOTICE

PROPOSALS FOR REHAL OF PAUPER DEAD. Sealed bids will be received for the burial of pauper dead, furnishing of ambulance service, both day and night and for contagious cases by the City of Albuquerque, N. M. Bids to cover a period of two years from May 15, 1916, to May 15, 1918. Sealed bids will be opened by the city council at special or regular meeting to be held on or after May 13, 1916, and contract to be let to the lowest and best bidder. Each bidder is required to deposit a certified check of \$25.00 to insure the good faith of the bid, said check to be returned when contract is entered into. All bids to be directed to the city clerk and marked "Bid for furnishing teams and drivers," and must be in the hands of said clerk not later than 12 o'clock noon, Monday, May 15, 1916. The city ordinances are to be considered a part of this advertisement and all bids shall be in accordance therewith. All bids subject to rejection by the city. THOMAS HUGHES, City Clerk.

The Old and the New Drudgery fades to a memory when you banish the hot stove, heavy irons and many steps of the old-fashioned ironing day, by using the G-E Electric Flatiron Ironing becomes an agreeable task because this iron concentrates the heat on the work, without heating the hand, and stays clean and smooth all the time. Your work is finished quickly and easily with a G-E Iron. We will gladly demonstrate this household necessity for you. Come and see our complete line of electrical goods. ALBUQUERQUE GAS, ELECTRIC LIGHT & POWER CO. PHONE 98.

clerk and marked "Bid for furnishing Ambulance Service and Burial of Pauper Dead," and must be in the hands of the city clerk by noon Monday, May 15, 1916. The city ordinances are to be considered a part of this advertisement and all bids shall be in accordance therewith. All bids subject to rejection by the city council. THOMAS HUGHES, City Clerk.

BID FOR FEEDING CITY PRISONERS, JANITOR OF CITY HALL AND CITY JAILER. Bids will be received by the city of Albuquerque, N. M., for the feeding of city prisoners, for performing the work of janitor of all the city hall (except the fire department) which includes the care of the furnace, and for performing the work of city jailer. Bid to cover period of two years from May 15, 1916, to May 15, 1918. Bids must be in hands of City Clerk by noon Monday, May 15, 1916. Same will be opened by the city council at a special or regular meeting to be held on the 13th of May, 1916, or any date thereafter. City Council reserves right to reject any or all bids. A certified check of \$10.00 must accompany each bid, same to be returned when contract is entered into. THOMAS HUGHES, City Clerk.

PROPOSALS FOR CITY PRINTING. Sealed bids will be received from newspapers published in the city of Albuquerque, New Mexico, for city printing from May 15, 1916, to May 15, 1918, said bids to be opened by the city council at special or regular meeting to be held on or after May 13, 1916. Each bidder will be required to enclose with his bid a certified check for ten dollars (\$10.00), payable to the city to insure good faith of bid, checks to be returned to bidders when contract is entered into. The person or corporation to whom contract is let will be required to furnish bond in the sum of two hundred dollars (\$200.00), to be approved by the mayor and conditioned for the faithful performance of the contract. Sealed bids are to be directed to the city clerk and marked "Bids for City Printing," and must be in the hands of the clerk not later than 12 o'clock noon, Monday, May 15, 1916. All bids must specify the amount to be charged for brevier inch for the first insertion and as much charged for subsequent insertions, and to be based on the printing of ordinances, proclamations, notices, minutes, etc. Bid must include what charge will be made for printing two copies of all ordinances passed and published. Stock for same to be furnished by the city clerk. Also for the printing of 100 copies of all ordinances passed and published. Stock to be furnished by printer. All bids subject to rejection by the City Council. THOMAS HUGHES, City Clerk.

PROPOSALS FOR CITY TEAMS. Sealed bids will be received for the furnishing to the city of Albuquerque, N. M., for the period of two years, three two-horse teams, three eight-drum wagons, harness and drivers thereof, with the privilege of ten additional teams, dump wagons and drivers thereof, to be furnished when demanded. Contract to run for two years from May 15, 1916, to May 15, 1918. Said teams to be used for city purposes under the direction of the street committee six days in the week, and ten hours per day, with the privilege of one or two teams being called to work on Sundays when desired; said work to be done, however, to be additional work and to be paid for pro rata in accordance with bid. Each and every one of said horses to weigh at least (2000) twelve hundred pounds and the drivers thereof to be able to handle teams capable of performing the work required. Sealed bids will be opened by the city council at special or regular meeting to be held on or after May 15, 1916, and contract to be let to the lowest and best bidder. Each bidder is required to deposit a certified check for (\$25) twenty-five dollars to insure the good faith of the bid, said check to be returned when contract is entered into. The party whose bid is accepted will be required to give bond in the sum of five hundred dollars conditioned for the faithful performance of the contract. All bids to be directed to the city clerk and marked "Bid for furnishing teams and drivers," and must be in the hands of said clerk not later than 12 o'clock noon, Monday, May 15, 1916. The city ordinances are to be considered a part of this advertisement and all bids shall be in accordance therewith. All bids subject to rejection by the city. THOMAS HUGHES, City Clerk.
