'THE RAIDERS' AND 'A LOVE RIOT' NOW AT PASTIME THEATER H. B. Warner, who is starred in "The Raiders," begins the story as a junior clerk in a broker's office. From afar he worships his employer's daughter, never dreaming that his chance to win her is so close at hand. It comes when Haldeman, the broker, goes away to the Adirondacks for a brief rest, leaving his affairs in the hands of his broker, Burnes. Burnes is a schemer, and he at once plans to get control of the Haldeman stocks. But first he dispatches two henchmen to insure Haldeman's staying away in the mountain camp until the deal is put through. Haldeman's duty is prevented from getting away, and, miles from civilization, he sees no chance of rescue. But Warner, in the role of Scott Wells, the broker's clerk, has overheard some details of the conspiracy, so, with the assistance of Haldeman's daughter, Dorothy, he takes the place of Haldeman on the floor of the exchange and fights Burnes to a finish. Then, having handicapped Burnes so he can do no more mischief, he goes to the rescue of Haldeman in the mountains. The speedy trip which he makes with Dorothy in a high power car is filled with thrills of the first order, while the rescue itself is as tense as a gun and desperate men can make it. What happens when Haldeman is put back into his place of power is something more than poetic justice—the film finishes with a smashing situation of rare power. In addition to the drama "Charlie Murray and Louis Fazenda" will be seen in "A Love Riot," a screaming two-reel Keystone comedy. 'THE NE'ER-DO-WELL' WILL SOON APPEAR AT THE CRYSTAL THEATER "The Ne'er-do-well," by Rex Beach, the Selig spectacular drama filmed by the Selig Polyscope company, features Wheeler Oakman and Kathlyn Williams and an all-star cast. The hero is Kirk Anthony, a college graduate and veteran football player, and since graduation the coach of his university team. On the evening following a football victory the last of the season, Kirk and others start out to celebrate. Late that night he finds himself on shipboard, and when he awakens he is without money and without baggage. During the voyage Kirk becomes acquainted with a woman, Mrs. Stephen Cortlandt, whom he learns to admire very much. She is really a diplomatic agent of great influence one day while Kirk is out hunting he meets in a forest bower a Spanish girl who is known only as "Chiquita." He falls desperately in love with her and tries vainly to discover her identity. The story of his making good, of his winning of Chiquita despite the counter plottings of Mrs. Cortlandt, of the clearing of his name, and of the final decisive intervention, in Panamanian affairs of old Darwin A. Anthony is strongly engrossing and varied by many richly humorous episodes. Chiquita is by far the most charming feminine character Rex Beach has drawn, and Kathlyn Williams as Edith Cortlandt is an exceedingly convincing and fascinating type. "The Ne'er-do-well" will be shown for the entire week of June 12 to 18 at the Crystal Theater. The Albuquerque Boys' Band, directed by Fred K. Ellis, will play several numbers at the high school for the Interstate Milk Maids' Convention tonight. Interstate Milk Maids' convention high school auditorium, tonight, 8:15 o'clock. Auspices W. C. CADILLAC EIGHT ADDED TO TONY'S TAXICAB SERVICE

Latest Model Touring Car Puts Man Who Took Tax Out of Taxi in Limelight Again.

With the big majority of Albuquerque people the word "Tony" has come to be considered ample guarantee of all things demanded by particular taxi patrons. And now Tony Michelbach, the man who took the tax out of taxi locally by reducing the fare to 25 cents anywhere in the city limits, has again sprung a big surprise. This time it's a new-model eight-cylinder Cadillac touring car added to the big string of cars in the Tony Taxi Service.

The growth of the Tony Taxi Service is nothing short of phenomenal and furnishes a practical demonstration of the fact that satisfactory service is certain to get the business. Tony began his taxi business with a Ford car. The Ford, after the nature of the species, was always on the job. But Tony wasn't long in realizing that the taxi demands of Albuquerque were rapidly increasing and sufficient to warrant him in putting on more cars. In rapid succession he added one Ford and then another. Recognized as responsible for this city's cheap taxi rate, the Tony line's business increased by leaps and bounds. The three Fords couldn't take care of the calls that came in at all hours of the day and night.

Thereafter, as business grew, Tony bought two Dodge Brothers closed cars, handsome, up-to-date, electric-lighted vehicles. Later he bought a Dodge Brothers touring car and a 1916 Buick model 55 touring car. He has continued to move upward in character of vehicles purchased, ending today with the finest car on the Albuquerque market, the Cadillac.

The last five cars Michelbach has bought from N. M. Cadillac and associates in the New Mexico Motor company, who now have the state selling rights for the Cadillac and Dodge Brothers cars and district agency for the Buick.

"I'm going to give my patrons the best there is," said Tony yesterday morning, as he pushed the starter in the new Cadillac. "I believe this is the best car sold in the local market. The business justifies the cost to have it. I can find and it is going to have it. With a battery of eight modern cars Tony is prepared to take care of a heavy volume of business with speed and comfort to patrons.
