<b>JUNE 5th</b>	Official test made at Carlsbad, New Mexico, shows <b>65c per cent saving in gasoline consumption.</b>

# THE THOMAS DEVICES

have set a new mark in the saving of gasoline to automobile owners throughout the southwest

*Think of It. Your Gasoline Bill*  
*Reduced One Half*

THIS INVENTION GOES TO THE HEART OF REALLY BIG HAPPENINGS IN THE AUTOMOBILE INDUSTRY FOR THE YEAR 1916.

Before two hundred devices were placed on the market, eight states were closed under contract and numerous counties throughout the country.

THIS DEVICE IS SO SIMPLE IN CONSTRUCTION AND OPERATION THAT ANY AUTOMOBILE OWNER WILL BUY IT ON SIGHT.

One of the leading engineers of the country and a member of the Association of American Automobile Engineers, said: "You have an article of great merit to the automobile industry and it is based upon sound, scientific engineering principles."

### THIS IS WHAT ONE OWNER SAYS:

"I have increased my mileage on my Buick Six '55" from nine and ten miles to seventeen and eighteen miles, not by making careful test, but from ordinary use on any kind of a trip I might take. I have taken the spark plugs out once in eleven months and then only found a small amount of carbon on them. The power has increased, I should say, about thirty-three per cent."

### THESE DEVICES ARE MANUFACTURED IN TWO MODELS

**"The Thomas Vaporizer"**  
 With Mixer and Condensing Bowl  
**Price \$10.00**

**"Thomas Mileage Producer"**  
 With Mixer and Auxiliary Air Plug  
**Price \$7.50**

BOTH GUARANTEED FOR THE LIFE OF YOUR MOTOR; MONEY BACK IN THIRTY DAYS IF NOT SATISFACTORY. YOU ARE TO BE THE JUDGE. Mail Orders Given Prompt Attention. We Pay Transportation Charges.

**Dealers Attention** We have a few states open for the right parties. We offer a very liberal proposition to dealers and traveling men. For particulars address:

**THOMAS MANUFACTURING COMPANY**  
 ALBUQUERQUE, NEW MEXICO
