Final Test of Strength in National League Shows Trolley Dodgers Out Ahead of Field in Pennant Race.

FIRST GAME TO BE PLAYED SATURDAY

Struggle Opens in Beantown for Two Days, Then Transfers to Sleepville for Two; Brisk Demand for Seats.

New York, Oct. 3.—The Boston American League club and the Brooklyn Nationals will meet in the 1916 world's series, the opening game of which will be played on Braves' field at Boston next Saturday, October 7.

The teams will remain in Boston over Sunday and play the second game of the series there on Monday, October 9, after which they will return to Brooklyn for two games at Ebbetts field on Tuesday and Wednesday, October 10 and 11.

These details were arranged today before the pennant winning in the National league was not known at that time, and the same dates that applied to Brooklyn and also applied to the Philadelphia Nationals.

Originally, it was intended to hold the national commission conference here today, but later it was decided to defer it until tomorrow.

When he appeared early this morning there was a hurried consultation at which it was decided to hold the meeting as originally scheduled.

President Lanning suggested that the series be opened at the park of the Boston Nationals, where the American league will stage all their home games, owing to its immense seating capacity.

The commission also dismissed the proposal to alternate the games between the contending cities.

J. G. Taylor-Spink of St. Louis was named as the official scorer for the national commission, and the Baseball Writers' association chapters of Boston and Brooklyn were given the right to nominate one member in each city to act as second official scorer in his home city.

After naming the list of eligible players of the three clubs and announcing that the commission would meet for further business at 3 p. m. in Boston, Friday, October 6, the conference adjourned to attend the game in which Brooklyn captured the National league pennant after one of the closest and most exciting races in the history of the senior league.

THE WEATHER

THE WEATHER FORECAST. Denver, Colo., Oct. 3.—New Mexico: Wednesday and Thursday generally fair, cooler east portion Thursday.

Can the Leopard Change Its Spots?

Five years ago, at a time when New Mexico was a normally republican state, the republican candidates for the principal state offices were overwhelmingly defeated.

One of the principal reasons for their defeat was HUBBELLISM. Frank Hubbell was not a candidate for any office, but the fact that his influence was exerted in the nomination of the ticket was sufficient to defeat it.

This year Frank Hubbell is in his own person a candidate for the highest office in the gift of the people of New Mexico. He actually wants to be United States senator.

If the limit of Hubbellism was sufficient to defeat the republican ticket in 1911, what is to be said of the candidacy of Hubbell himself for United States senator in 1916?

Has Hubbellism become less disreputable in 1916 than it was in 1911? Is Hubbell more respectable politically now than he was five years ago? Does he stand for any different principles in politics today than then? Has he reformed?

The nomination of Frank Hubbell for United States senator was an insult to the people of New Mexico. Will the decent citizens of the state, republicans or democrats, submit tamely to that insult?

The Journal challenges "Cap" Gillenwater, Hubbell's political manager, to name one solitary qualification that his man has for the office that he seeks. It challenges any supporter of Hubbell to give a single reason why he should be sent to the United States senate.

It challenges any one who knows the man to tell whether he is representative of the intelligence, patriotism and virtue of the state.

There are many things to be said about Frank Hubbell. But let's be fair to him. Let's give him and his friends a chance to say something in his favor. Before going further with the subject let's ask them to answer this question:

WHAT QUALIFICATION HAS FRANK HUBBELL FOR UNITED STATES SENATOR?

was disgusted with the playing of his team, Manager John J. McGraw of the New York National league club, left the playing field at Ebbetts field in the fifth inning of today's game between Brooklyn and New York.

In a statement after the game, in which Brooklyn clinched the National league pennant, McGraw asserted that although he did not believe any of the players tried deliberately to favor Brooklyn, they had refused to obey orders and had disregarded signals.

"When Ferritt wound up with a man on first base, allowing the runner to steal second, I lost my patience and left the bench," declared the New York leader. "I have worked too hard this year to stand around and watch playing like that, and I refuse to be connected with it."

After receiving congratulations over Brooklyn's victory, Charles H. Ebbetts, president of the club, announced that he was ready to retire from baseball whenever a purchaser for his club appeared, "with the price." President Ebbetts has been connected with the Brooklyn club for thirty-four years, as secretary and president. He declared that as he is 56 years old, he has earned a rest and desires to retire.

HEAVY TOLL OF DEATH TAKEN IN BRIDGE TRAGEDY AT CLEVELAND

Cars Collide, Causing Structure to Collapse and Plunge Passengers Thirty Feet to Railroad Tracks Below.

TELEPHONE OPERATOR HEROINE OF OCCASION

Girl Sitting at Switchboard Sees Accident and Immediately Summons Ambulance and Doctors.

Cleveland, O., Oct. 3.—Four bodies have been recovered, several other dead are believed to be in the wreckage and more than thirty are in hospitals as the toll of a bridge tragedy early this evening, when two street cars collided on the West Third street bridge, causing it to collapse and precipitate the cars thirty feet to the Baltimore and Ohio railroad tracks below. There were forty persons on one car and twenty on the other.

The accident occurred when a southbound Scanton road car carrying a crowd of woman shoppers home at the rush hour, broke away from the motorman on a hill approaching the bridge and tore down upon the north approach to the bridge, just as a northbound car reached the same point. The runaway car jumped the track and struck the northbound car. The combined weight of the two cars and the shock of the collision was too much for the wooden bridge, which sagged and then gave way.

WANTS U. S. TO PARTICIPATE IN TRADE PARLEY

David Lloyd-George Sends Informal Invitation for America to Join England in Making an Investigation.

New York, Oct. 3.—An informal invitation from David Lloyd-George, war secretary, and Lord chief justice—Russett, London, Oct. 3.—The United States to send an industrial commission to that country similar to the one now investigating opportunities for foreign trade in France, was read here today at a luncheon of the American Manufacturers' Export association. It was contained in a letter from W. W. Nicholas, chairman of the commission, read by E. M. Herr, of the Westinghouse Electric & Manufacturing company, president of the association.

Mr. Lloyd-George is saying that he hoped a similar commission would be sent not only to England, but to the rest of the world, which, he said, "is big enough for us all." The expenses of the commission now in France have been underwritten by some of the members of the association, Mr. Herr announced.

Erwin Thompson, United States commercial attaché to The Hague, advised the members of the association not to take any stock in the belief that Germany will flood the world with cheap goods after the war. He said she would want twice as many goods when peace comes as she took before the war, and, he said, her credit will be good for all this country will hear, but gold would be scarce there and long credit would have to be extended.

El Paso, Tex., Oct. 3.—Andrew Garcia, inspector general of Carranza consultates in the United States, today denied that an ultimatum had been prepared by General Carranza for presentation to the United States for the immediate withdrawal of the punitive expedition.

SITUATION IN DOBRUDJA STILL UNCERTAIN; NEWS IS CONFLICTING

Rumanians Continue to Gain in Transylvania, but Bucharest and Sophia Send Out Reports at Variance.

RAIN INTERFERES WITH OPERATIONS ON SOMME

Violent Fighting in Progress in Russia and Galicia; Serbs Victorious Over Bulgars in Macedonia.

Although Rumanians continue to gain against Austro-Germans in Transylvania, the situation in Dobrudja, which has attained added interest since the crossing of the Danube into Bulgaria, by Rumanian forces, remains uncertain.

Bucharest says violent fighting continues all along the line from Constantza to the Danube, with the Teutonic allies offering stubborn resistance. Nothing is corroborated, however, concerning the troops which invaded Bulgaria.

Sofia says that only "several battalions" of Rumanians made their way across the river, and Berlin reports the destruction behind them, by German monitors, of the pontoon bridge over which they passed.

An unofficial dispatch from Rome asserts that Field Marshal von Mackensen has ordered the evacuation of the Dobrudja fortress of Silistra and Tutrinia, recently captured by the Teutonic allies, in fear of their being enveloped by the Rumanians.

Paris, Oct. 3.—England appears to be coming definitely around to the plan proposed by the American league to enforce peace, to maintain world peace after the war, in the opinion of William H. Taft, president of the league. This belief, Mr. Taft said tonight, is based upon the utterances of Viscount Bryce, the former British ambassador at Washington. He termed Viscount Bryce's statement one "of the most hopeful things that has happened in the last two years."

"It is hopeful," Mr. Taft said, "because it shows in a convincing way that the thought of England's statement and leaders of opinion are turning toward the future, that they are anxiously considering what can be done after the war to prevent a recurrence of such suffering and calamities as Europe is now enduring. The thought of the world is turning more and more definitely toward America, as the hope of the world, and this may be done in no small degree to the propaganda carried on by the league to enforce peace."

El Paso, Tex., Oct. 3.—Tomorrow in Francisco, Villa's militia and many Mexicans in Durango and El Paso believe that he will carry out his reported threat to take Pared, Chihuahua City and Juarez on San Francisco day. The new company is controlled by D. R. Child, John P. Rothbart and Maurice Holtzberger and some affiliated stockholders. It is expected that the plant will be ready and lights will be installed within the next two months.

TO RAISE GREAT FUND FOR ARMENIAN RELIEF

Washington, Oct. 3.—The greatest American relief campaign to be undertaken since organization of the Belgian Relief commission, was launched today by the American committee for Armenian and Syrian relief. An exhaustive summary of the whole Armenian and Syrian situation was made public and will be sent to ministers of 120,000 churches all over the country, and to many leading citizens and relief organizations.

A fund of \$5,000,000 is called for to relieve 1,000,000 destitute, exiled and starving Armenians and Syrian, scattered broadcast over Turkey, Persia, Syria and Palestine. The appeal declares that of nearly 2,000,000 Armenians originally in their native country, three-quarters of a million have been massacred or have died of wounds, disease, or exhaustion since the war began.

The state department, through urgent negotiations, recently secured Turkey's consent to extension of American relief, provided it is distributed jointly by the American Red Cross and the Turkish Red Cross. Today it was announced that the allied blockade had been lifted to allow passage of the supplies. October 21 and 22 have set aside by proclamation by President Wilson as relief days and the appeal being sent broadcast by the committee calls for sermons in every pulpit in the country and articles in every newspaper.

Troops Pursue Bandits. El Paso, Oct. 3.—Thirty-five hundred Carranza troops are leaving Chihuahua City over the Mexico-Northwestern railroad for the line at Santa Ysabel, 32 miles distant, to proceed against the Villistas who fought the de facto forces of General Matias Ramos at Cuahuahua on September 25. These forces are in command of General Carlos Ojuna and include those which have been brought from Saltillo and other garrisons in central Mexico to participate in the hunt for Villa. The report of this troop movement was brought to the border today by Americans arriving from Chihuahua City.

So far the state department has given no indication of what it will do, but it is believed that the protests will be transmitted first to the American members of the joint commission now in session at Atlanta City to be drawn to the attention of their Mexican colleagues.
