JURORS WILL BE DISCHARGED UPON CLOSE OF CASE

Last Trial Scheduled for Jury for Term Expected to Reach End Today; Nieto Defense Nearly Complete.

The September term of the district court, as far as the jury is concerned, will close today with the verdict in this case—in the Nieto case, Judge H. E. Haywood will discharge the panel for the term when the twelve of its members, hearing the Nieto case, have completed their service, as no more cases, either civil or criminal, appear on the docket for trial by jury.

The Nieto case, in which Mrs. Estelita Nieto is suing the City Electric company for \$5,000, asserting she was injured by being struck by a trolley car, will go to the jury probably this morning. The plaintiff, who began her case Monday, finished it yesterday and the defense began. The defense has only one or two witnesses to place on the stand today, it was said.

LAWYERS WANT AN ATTORNEY IN PROBATE COURT

Appoint Committee to Learn Whether Candidates Will Withdraw in Favor of Professional Man.

Attorneys will not permit the standard set for the probate court by the late Julius Stank and Judge John Barron Burg to deteriorate without an effort to prevent it. They took action to keep up the standard of the court last night at a meeting held at the chamber of commerce. Nearly every attorney in Albuquerque was there or represented.

The attorneys' plan is, first, to ascertain whether the candidates nominated by the republicans and democrats, both of whom are laymen, will retain a lawyer in the probate court and, if they consent, to have both parties name lawyers as candidates for both parties to agree upon one man.

No personal attack was made at last night's meeting upon either the republican or democratic candidate. The lawyers were influenced not by any feeling against either of the candidates but by the opinion that the probate judgeship was a "job" for an attorney.

Neither were the lawyers actuated by desire to place any particular one of their number on the bench. They will not insist upon any particular candidate or candidates. If he is a competent attorney that will satisfy them.

Committee Non-partisan.

John E. Simms, president of last night's meeting and Peter C. Roder was secretary. Mr. Simms was authorized by resolution, offered by H. H. Jamison and seconded by Laurence E. Lee, to appoint a committee to wait upon the republican and democratic central committees in an effort to place a lawyer in the probate court. The non-partisan character of the attorney's efforts is indicated in the make-up of the committee, which consists of three republicans and three democrats. Members of the committee are M. E. Hickey, Col. J. W. Dolson, Peter C. Roder, Senator Isaac Barth, City Attorney W. A. Keeler and George C. Taylor. The last three are democrats.

This committee will meet at 9:15 o'clock this morning in Mr. Taylor's office in the Cromwell building, Second street and Gold avenue. At this meeting arrangements are to be made for the committee's conference with the republican and democratic central committees. The attorneys' committee will ask the central committees whether their candidates will resign in favor of attorneys. The conference probably will be held today.

Poor Estates Might Suffer.

Attorneys pointed out in defense of their stand that weighty technical questions must be decided at times by the probate judge. Of course, there is opportunity to appeal to the district court, but that is not the point. That would mean but little to rich estates, but to poor estates it would mean more. Also, attorneys said, the district court's business is heavy and an increase in the way of appeals from the probate court would overcrowd the docket and handicap the court.

The attorneys are not making any attack upon the present candidates as to their character or intelligence. They feel, however, that the probate court, which in Bernalillo county handles many rich estates, requires a technical knowledge which no one except a professional man possesses.

The attorneys' efforts are directed only toward placing a trained man in the office. They are not supporting any candidate. Privately, it was said, however, that Thomas K. B. Maddison, district clerk, a member of the Bernalillo County Bar association, would be qualified in the event that both parties agreed upon one candidate, because of the fact that he has kept free from mingling in partisan politics.

Backing No Candidate.

In the event that both parties decide to put up candidates—at the present ones withdraw, of course—there would be a greater number of possibilities. Assistant United States Attorney H. G. Coors, Judge John Barron Burg, John W. Wilson and Thomas N. Wilkerson have been mentioned as candidates. However, the attorneys instructed their committee only to ascertain whether the judgeship might be filled by a lawyer. There were no instructions to recommend any candidates.
