

HIDES BACK ON THE FREE LIST IN TARIFF BILL

Boots, Shoes and Leather Are Treated Likewise; Senate Concurs in Action Taken by the House.

(By The Associated Press.) Washington, Aug. 9.—Hides, boots and shoes and leather were voted back to the tariff free list today by the senate, which thus concurred in action taken by the house more than a year ago.

With hides sent back to the free list, Senator Simon U. Clark, for the committee moved that the senate disagree to the amendment proposing a rate of 12 cents a pair and 5 per cent ad valorem on boots and shoes and leather, enameled upholstery leather and glove leather, finished in the white or in the crust.

This motion prevailed without a roll call and a substitute the senate approved the house provisions proposing a duty of 20 per cent ad valorem on chamois skins, pianoforte, pianoforte action, player piano action leather, enameled upholstery leather and glove leather, finished in the white or in the crust.

Without roll call the senate then cut from 4 to 3 per cent the proposed duty on bags, baskets, belts, satchels, card cases, pocket-books, jewel boxes, portfolios and other boxes and cases wholly or in chief value of leather.

On such articles permanently finished and furnished, traveling, bottle, drinking, dining or luncheon, sewing, manure or similar sets the duty was made 45 per cent ad valorem in place of the 60 per cent originally proposed.

The fight over the duties on leather gloves carried the senate into its first night session in several weeks and resulted in the approval of a minimum of 10 per cent and a maximum of 70 per cent, except on gloves made from the hides of cattle.

These were placed on the free list, because of the removal of the duty on hides as were harness, saddles and bridles, on which the committee had proposed a duty of 20 per cent.

On gloves made of horsehide and pigskin a rate of 25 per cent ad valorem was approved. Senator Reed, democrat of Missouri, had objected to high taxes on such gloves, which he said, were worn largely by farmers and workers.

In the six hours debate which preceded the vote, Senator Lodge of Massachusetts, the republican leader, and Senator Walsh, of the same state, a democratic member of the finance committee, were found fighting side by side against the duties.

Senators Lenroot, republican, Wisconsin, and Pomerene, democrat, Ohio, also made extended speeches against removing hides from the free list, while Senators Bursum, republican, New Mexico; Jones, democrat, New Mexico; McCumber, republican, North Dakota, in charge of the bill; Steiwer, republican, Oregon and Goodin, supported the committee's recommendation.

Secretary Lenroot charged that the 5 per cent ad valorem protective duty proposed by boots and shoes was "a bait to get votes for the tariff on hides."

There was a sharp disagreement between proponents and opponents as to how much the proposed hide duties would increase the price of shoes and as to whether the cattle raisers or the Chicago meat packers would get the benefit from the tariff. Opponents placed the increase on shoes at from 25 cents a pair to 25 cents, while advocates said the increased cost would range from 1-2 cents to 6 cents a pair.

Senator Lenroot argued that 90 per cent of the farmers of the country would lose by reason of a tariff on hides as they had only one or two hides to sell a year while they were compelled to buy many pairs of shoes for their families.

LIQUOR RUNNERS PREPARED UPON BY MODERN PIRATES

Official Reports of Piracy Are Infrequent Because Smugglers Are Law Breakers Themselves.

(By The Associated Press.) Miami, Fla., Aug. 9.—(By Associated Press.)—When Bobby hides are chased to the harbor or under the house and in the wide eyed wonder peruses a paper-backed chronicle of Morgan, Captain Kidd, and other gentry who roamed the seas under the Jolly Roger, he usually expresses regret that he did not live a century or two ago so he could have joined the adventurers.

The boy may not know it, but the sea rovers are on the job again and the escapades of liquor pirates off the southeastern coast of Florida and in the Bahamas, are being reported in the newspapers.

Official reports of piracy have not been frequent. The liquor smugglers who have been held up at the occurrence of a robbery, profit and loss and make no complaint because they are law breakers, themselves. The states naturally do not tell about their operations but numerous stories of holdups and robberies leak out through underground sources and there is every indication that prohibition officers are not the only people the liquor runners are constantly on the lookout for.

Hanford Mobely, 18, held in jail at West Palm Beach as one of the four men charged with the robbery of the Bank of Stuart, at Stuart, Fla., several months ago, also has a piracy charge hanging over him. Just what part he is believed to have taken in the hold-up, the federal authorities have not stated, but they have announced that if Mobely was granted his liberty on bail, or was acquitted of the robbery charge, he would be arrested immediately on a federal warrant charging piracy.

The most recent case of alleged piracy to be made public officially resulted in the shooting to death of George Edgcomb, negro master of the British schooner, William H. Albury, at Cat Key, in the Bahamas a short distance from here, and the theft of \$2,000 and \$3,000 from the vessel. The robbery occurred July 20. The Albury, according to British officials, has been engaged in the Bahamas carrying trade between the Bahamas and Jamaica. Dody Carey, cashier aboard the Albury, was sent to Miami by the British commissioner at Miami, to tell the story of the holdup to the British consul and state and federal officials here.

Wanted to Buy Liquor The Albury was at anchor at Cat Key, Carey said when an auxiliary schooner, said to be the Falcon, appeared. Three men were aboard the Falcon and after anchoring they boarded the Albury and informed Captain Edgcomb they wished to purchase a cargo of liquor. They were entertained by Edgcomb during the forenoon while the crew piled \$2,100 worth of liquor on deck to be transferred to the Falcon, according to the account.

At noon the Albury's crew, according to Edgcomb and Carey went below. Carey was working on his books in his stateroom when one of the visitors appeared, pointed a pistol at him and ordered him to hand over what cash he had. Carey gave him more than \$2,000. The other visitors in the meantime had gone below and covered the Albury's crew with pistols. Edgcomb was pacing the deck within view of the cabin when one of the men saw him. The master was ordered to enter but seeing the pistol turned his back, he was fired and the captain fell dead.

The crew of the Albury then was locked in the cabin and the visitors departed. The prisoners, within a few moments, regained their liberty. The Falcon, which had been absent from Miami several days, having been loaned by its owner, a man said to have recently been released from the Florida penitentiary, was found at her mooring in the harbor here the next morning, having entered port sometime during the night.

34 REVOLUTIONISTS ACCUSED OF TREASON SENTENCED BY COURT

(By The Associated Press.) Moscow, Aug. 9.—Thirty-one of the high treason revolutionists accused of high treason were held under close guard here today following their conviction and sentence by the revolutionary tribunal. Fourteen of these were under sentence of death and the remainder face prison terms of from two to ten years.

The central executive committee upheld the sentence of 12 of those whose sentence was fixed at death, but an indefinite stay of execution has been ordered on pardon of Semenoff, Lydia Konopova and others among those sentenced. The committee also agreed to request the tribunal to grant pardons to Semenoff, Lydia Konopova and others among those sentenced. The committee also agreed to request the tribunal to grant pardons to Semenoff, Lydia Konopova and others among those sentenced.

Defiance of the court was shown by twenty-two of the social revolutionists during pronouncement of sentence which came late last night, these defendants refusing to stand up with the others. This group was ushered from the hall by armed soldiers, and sentence was then pronounced.

GIRL'S PLAYING IN NET JOURNEY IS SENSATIONAL

Miss Helen Willis Forces Mrs. Molla Mallory to Three Sets Before Acknowledging Defeat.

(By The Associated Press.) Glencove, N. Y., Aug. 9.—The sensational play of Miss Helen Willis of San Francisco, national girls' tennis champion, who forced Mrs. Molla Mallory, the national champion, to three sets before acknowledging defeat, featured the round before the semifinals in the Metropolitan women's singles championship. The score was 2-6, 6-0, 4-2 and analysis of the sets showed that the brilliant western girl gave Mrs. Mallory one of the closest contests she has had this season on American courts.

Results of the day's play brought the singles competition to the semi-final round with one western survivor, Mrs. May Sutton Bundy of Los Angeles, arrayed against three eastern girls. Besides Mrs. Mallory the other semi-finalists are Mrs. Marion Zinderstein Jessup of Wilmington, Del., and Miss Leslie Bancroft of West Newton, Mass.

Mrs. Bundy disposed of Miss Edith Sigourney of Boston, 6-1, 6-4. Mrs. Jessup eliminated Mrs. Frank H. Godfrey of Boston, 6-2, 6-2, and Miss Bancroft won her way to the semi-finals by defeating Miss Helen Hooker of New York 6-2, 6-3.

Doubles play also reached the semi-finals, the four surviving teams being Miss Willis and Mrs. Molla Mallory, Mrs. Bundy and Mrs. William Henry of Los Angeles; Mrs. Mallory and Miss Sigourney, and Mrs. Godfrey and Miss Katherine Gardner of Boston.

Miss Willis, against the champion, flashed the best tennis she has shown this year on eastern courts. Her service and powerful forehand drives, placed repeatedly near to her opponent's backhand on the first set, Mrs. Mallory took the offensive in the second set and although Miss Willis audaciously attempted to come up to the net, she was not equal to the driving power of the champion's drives.

STALLION STAKE IS CARRIED OFF BY LEE WORTHY

(By The Associated Press.) North Randall, Cleveland, Aug. 9.—(By The Associated Press.)—Setting his own pace, Lee Worthy, the unbeaten son of Lee Worthy, won the \$11,000 championship stallion stake of the third year-old colts of the season, in straight heats at North Randall today and in doing so broke three records, one of which is said to be a world's record.

Lee Worthy was driven by Ben White of Cleveland, who teamed him to victory in the Maton stakes at Toledo last week in the fastest heat trotted by a three-year-old this year. This time, 2:05 1/2, was lowered by half a second in the first heat today. In trotting the mile in 2:05, Lee Worthy also clipped a second off the stake record. He trotted the last half in 1:00 1/2 and the last quarter in :29 1/2.

In the second heat Peter Earl challenged Lee Worthy in the stretch and forced him to step the last quarter in 28 1/2 seconds, said to be the fastest last quarter ever trotted by a three-year-old. Exponentially closed in, the defeat of Car Washburn in the Plain Dealer \$5,000 purse and Bill Sharen in the 2:14 trot marked the day's racing. Both were odds on favorites.

The Plain Dealer went to the Great Volo, after one of the greatest struggles in the history of the stake. Four heats were necessary to decide the winner. The 2:12 pace also resulted in four heats, Mary Coffee winning the first and fourth.

Alleged to Have Disappeared With \$1,600 Belonging to the Government of the United States.

(By The Associated Press.) El Paso, Tex., Aug. 9.—Adolph Dietrich, Jr., head tax collector for the El Paso street railway company who disappeared with approximately \$1,600 belonging to the United States government, was arrested in Guadalupe, Mexico, today and jailed in Juarez by Mexican immigration authorities. Only \$24 was found on him. Dietrich, who formerly served in the United States army, said he was a German citizen and claimed protection of the German consul agent. As he had no German passport, Mexican authorities have charged him with entering the country illegally and asked Mexico City for instructions. John W. Dye, American consul in Juarez, wired the state department asking that the Mexican government be requested to deport Dietrich to the United States.

Dietrich said: "You will find that I have been framed. I did not steal the money. I was taken to Mexico and robbed. Then I returned to the United States, picked up another car and returned to Mexico. I am innocent of any wrong doing."

3-CENT LAND GRAZING RENTAL ESTABLISHED FOR WEST COUNTIES

(Continued From Page One.)

appeared before the commission and pointed out the great variation which existed in grazing land tax valuations within the districts.

The following valuations were set: District No. 1—Assessed at \$2 per acre; Counties of Colfax, Union. District No. 2—Assessed at \$1.75 per acre; Counties of Mora, San Miguel, Harding, Quay, Lea, Roosevelt. District No. 3—Assessed at \$1.50 per acre; Counties of Taos, Rio Arriba, Santa Fe, Guadalupe, Lincoln, Torrance, Chaves, Eddy, Otero, DeBaca.

District No. 4—Assessed at \$1 per acre; Counties of Bernalillo, Curry, Dona Ana, Grant, Hidalgo, Luna, McKinley, Sandoval, San Juan, Sierra, Socorro, Valencia, Catron.

Cattle Valuations Fixed. At the suggestion of the representatives of the state cattle and horse growers' association, the tax valuations were also fixed on livestock in the various districts. It is also believed that this will tend to stabilize the industry to a great extent.

District Number 1, which is composed of the counties of Chaves, Colfax, Curry, DeBaca, Eddy, Guadalupe, Lea, Mora, Quay, Roosevelt, Rio Arriba, San Miguel, Taos, Torrance, Union and Harding, was taken as basis district and the following tax valuations were set on cattle in these counties—the first column showing the cattle valuation on common range or pasture; the second column the value on graded range or pasture cattle and the third column showing the valuation on pure bred and registered cattle:

Calves or coming yearling heifers	\$10	\$12	\$18
Calves or coming yearling steers	10	12	18
and under 2 yrs.	15	17	27
Steers over 2 yrs.	23	25	27
Heifers and Cows over 2 years	18	21	40
Bulls	25	40	50
Unclassified	18	26	

District No. II Cattle in Bernalillo, Lincoln, Otero, Sandoval, McKinley, Santa Fe, Sierra, Socorro and Catron counties were valued at \$1 less per head than District No. I.

District No. III Cattle in Dona Ana, Grant, Hidalgo, Luna, San Juan and Valencia counties were valued at \$2 less per head than District No. I.

(By The Associated Press.) New York, Aug. 9.—America's defense of the Davis cup, emblematic of world supremacy in tennis, will be in the hands of present national champion, two of his predecessors and a youngster near to international competition, when the challenge round is played at Forest Hills, Long Island, September 1, 2 and 4.

William T. Tilden, II, of Philadelphia, present title holder, which is said to be a surprise, and Richard W. Williams, II, of Boston, both title holders of the past, and Vincent Richards of Yonkers, the sensational youth whose shadow has been preceding him for several years, will compose the team. Williams will be the captain, as he was last year.

The selections were made this afternoon at a three hour sitting of the Davis cup committee, which has spent the last few weeks watching all the best players in the country. Which of them will play in the singles and doubles was not to be decided until the last 24 hours before play starts.

The appointment of Richards, who, though only 19 years old, is the third ranking player in the country, came as a surprise. He displaces Richard Washburn of New York, doubles team mate of Williams and a thoroughly seasoned international match player and a veteran of Davis cup contests.

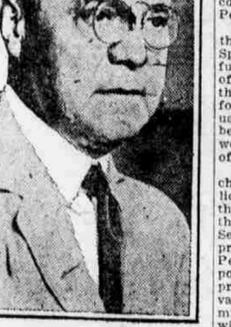

Richards is a protege of Tilden and first came into prominence in the tennis world when, paired with the Philadelphiaan, he became national doubles champion when but 15 years old. He is the present junior champion and, while critics agree that his style is not completely developed they conceded him to be one of the best volleys on the courts.

Williams was American champion in 1914 and 1916 and, with Washburn for a partner, won the doubles match from Japan in the Davis cup challenge trials last year. He is ranked No. 6 of American players and received his early training in the game while abroad.

Tilden has been American champion for two years and last year won the British championship, the so-called world's title at Wimbledon, England, but did not return this year to defend his laurels.

PRESIDENT NAMES NEW FLEET HEAD

(By The Associated Press.) Washington, Aug. 9.—President Harding has named J. B. Smull president of the Emergency Fleet Corporation, President Harding has named J. B. Smull president. The revamping was made necessary by the resignations of Vice Presidents Farley and Kimball.

J. B. Smull. In the reorganization of the Emergency Fleet Corporation, President Harding has named J. B. Smull president. The revamping was made necessary by the resignations of Vice Presidents Farley and Kimball.

INVENTION OF THE 'TELETYPE' IS ANNOUNCED

Typewriting In An Airplane Is Recorded at a Ground Station Miles Away, Reel-off In Print.

(By The Associated Press.) Washington, Aug. 9.—Typewriting in an airplane flying among the clouds, with radio machinery duplicating the letters at a ground station miles away and reel-off in print is a development announced today by the navy department as giving to naval aircraft a means of communication in advance of radio, telegraph and telephone systems now in current use.

Successes already attained by experts working in conjunction with the navy, the department announced, in the practicality of the new scheme, that a development will be of incalculable value to all forms of aviation, commercial and military, follows inevitably on the heels of the work now being done by the navy, it is predicted.

The device has been named the "Teletype." It resembles the commercial typewriter, in that a keyboard having the letters of the alphabet and other symbols on it is arranged for hand operation. Each key is connected to the radio installation in the plane and when a letter is struck, a radio impulse is flashed from the antenna on the plane to the receiving stations below, where the letter is reproduced on paper.

A reversal of the operation so that the plane can receive messages from ground stations is said to be only a matter of detail. "This," the statement said, "will be a marked step in advance, in that it will allow explicit directions to scouting and combat units in flight by the commander in chief of the fleet and will enable scouts and other types of planes to convey accurate and detailed information to the high command."

NO MORE "OUCH" NO MORE "DARN" No more "Gee How My Sole Feet Burn"—Pains from Corns, Bunions and Callouses Go as if by Magic!

GYPSY FOOT RELIEF a secret from the desert Ends Foot Misery Quick! Apply it to a minute—Three minutes later put on shoes, then walk and run all you like and work on your feet as much as you wish! No more soaking your feet in medicated baths; no cracking the skin with powders; no inconvenience; no fuss with plasters—no bother!

The annoying agony from sore, burning, calloused, tired feet stops, while pains from corns and bunions disappear as if by magic. Results amazing! Thousands now talking about Gypsy Foot Relief—a wonderful secret from the desert! Try it tonight—jump around with joy tomorrow! Successful results in every case or have back the price you pay. Sold in this city by all good druggists, including Alvarado Pharmacy, Briggs Pharmacy and Woodworth's Drug Store.

GROUNDWORK IS LAID FOR STATES TO AID IN COAL DISTRIBUTION

(By The Associated Press.) Washington, Aug. 9.—Groundwork for co-operation between state emergency fuel organizations and the federal central coal distribution committee was begun today at conferences between Fuel Distributor Spencer and the state coal committees of Michigan and Pennsylvania.

Arrangements were made with the Michigan committee. Mr. Spencer said, for caring for the fuel needs of that state by means of orders for coal passing through the central committee, while efforts to relieve the great lakes situation are already under way, the beginning having been made with weekly shipments of 200,000 tons of coal.

W. D. B. Atney, of Harrisburg, chairman of the Pennsylvania public utilities committee, which is the emergency fuel organization of that state, met with Mr. Spencer, Secretary Hoover and about twenty producing coal operators from Pennsylvania. It was decided to postpone the question of fixing a price for coal mined in Pennsylvania until Friday, when a committee of the operators is to meet with the state fuel committee in Philadelphia. Among matters discussed with the central distribution committee, Mr. Atney said, was the matter of shipments of coal into Pennsylvania.

Gas produced from sewage is being used to run engines at the sewage disposal works of Birmingham, England.

ASK IMPEACHMENT FOR GOVERNOR OF INDIANA

(By The Associated Press.) Terre Haute, Ind., Aug. 9.—(By The Associated Press.)—Impeachment for Gov. Warren T. McCray, for his action in sending troops into the coal field here was demanded by a mass meeting of striking miners and union labor men here this afternoon, following a demonstration on the streets when more than 4,000 men staged a protest parade.

The parade was made up of miners, striking railway shopmen and members of unions not on strike. Banners denouncing the governor, mine operators and railroad executives were carried in the parade. Following the march a mass meeting was held at the court house, where addresses were made by labor leaders.

BURLEIGH GRIMES IS SUSPENDED AND FINED (By The Associated Press.) New York, Aug. 9.—Burleigh Grimes, Brooklyn National league pitcher, was fined \$200 and indefinitely suspended by the club for insubordination to Manager Wilbert Robinson during the game with Cincinnati at Brooklyn last Sunday.

When Grimes was taken from the game because of the trade's heavy hitting, he slammed the ball against the wire screen back of the home plate and then argued vehemently with Robinson in the players' dugout.

YOUNG MOTHER NOW STRONG

Her Mother's Faith in Lydia E. Pinkham's Vegetable Compound led Her to Try it

Kenosha, Wisconsin—"I cannot say enough in praise of Lydia E. Pinkham's Compound. My mother had great faith in it as she had taken much of it and when I had trouble after my baby was born she gave it to me. It helped me so much more than anything else had done that I advise all women with female trouble to give it a fair trial and I am sure they will feel as I do about it.—Mrs. FRED P. HANSEN, 562 Symmonds St., Kenosha, Wisconsin.

A medicine that has been in use nearly fifty years and that receives the praise and commendation of mothers and grandmothers is worth your consideration. If you are suffering from troubles that sometimes follow child-birth bear in mind that Lydia E. Pinkham's Vegetable Compound is a woman's medicine. It is especially adapted to correct such troubles.

The letters we publish ought to convince you; ask some of your women friends or neighbors—they know their worth. You will, too, if you give it a fair trial.

Colorado of course you will visit.

Summer Excursion Fares are much lower Colorado Springs offers you the Pikes Peak Region Pueblo invites you to the San Isabel National Forest Denver is gateway to Rocky Mountain National Park

Will be glad to send you our free booklets "Colorado Summer" and "Off the Beaten Path". R. W. HOYT, Agent, Albuquerque, N. M. Phone 204.
