

## JAIL BREAK AT GLENDIVE

UNDERSHERIFF LEAVES YALE LOCK TO CELL UNFASTENED.

## PRISONERS GET OUT

Unhook Latch and Climb on Top of Cell When He Leaves Supper and After He Takes Empty Dishes Away They Bore Hole Through Jail Wall and Crawl to Freedom.

(Special to The Gazette.) Glendive, Mont., Sept. 16.—James Edwards, waiting trial for boxcar robbery, and James Thompson, bound over on a charge of highway robbery, made an easy escape from the county jail here last night.

After giving the four prisoners their supper within the cage, Undersheriff J. L. Patterson went to his own supper, leaving the Yale lock that held the cage belt in place, unfastened, though hanging through the hole in the end of the cell. With a broom handle Thompson, according to the story of the two remaining prisoners, worked the belt back and forth until the padlock was worked out of place. It was then easy to open the cage door.

After making their exit into the outer jail corridor, Thompson and Edwards replaced the lock just as the undersheriff left it, and then climbed to the top of the cage, lying flat down. The officer shortly returned, took out the supper dishes, did not investigate as to whether all the prisoners were in the cage, snapped the lock and went away for the night.

Being loose in the corridor, Thompson and Edwards found little difficulty in making a hole through the brick wall of the building. Sheriff Andrew Larson has wired descriptions to the various cities east and west, but there is little hope of their recapture. This is the second jail escape to occur here in the past two months. The other time Undersheriff Patterson allowed a man to walk away from him while they were pumping water. Thompson, one of the men who escaped last night, had a parole from a state penitentiary on his person, but the officers had never discovered it; nor had they found two large knives which he carried into the jail with him.

## LIVINGSTON MEN ON STRIKE

BOILERMAKERS WALK OUT ON UNION'S ORDERS.

## WANT HIGHER WAGES

Demanding 47 1/2 Cents an Hour—Machinists Can Work but Short Time Without Them, and Prospects Are Said to Tend Toward Bigger Strike.

(Special to The Gazette.) Livingston, Sept. 16.—There are no boilermakers at work in the Livingston shops of the Northern Pacific this morning. The union of Boilermakers and Helpers, numbering about 60, have joined the general strike for nine hours and 45 cents an hour.

The boilermakers at this point have been getting the benefit of the nine hours since the first of the month, when the nine-hour schedule went into effect for the machinists, but concluded to go out on strike for 45 cents an hour, when the strike was announced at headquarters.

The machinists asked for 45 cents as well, but they agreed to return to work for 42 1/2 cents. The boilermakers asked for 47 1/2 cents, but would compromise for 45 cents. Now they refuse to go back for less than 47 1/2 cents. If the boilermakers win their fight, the trouble may begin all over again between the machinists and the company. Some of the machinists are not satisfied with 42 1/2 cents and conditions look rather ominous in the present crippled state of affairs brought about by the boilermakers' strike.

The work at the machine shops, as far as the machinists are concerned, can go on but a short time until it will be absolutely necessary to have the services of the boilermakers. Traffic on the road makes it highly important that engines be kept in constant repair. Machinists can carry the work of repair just so far and then there is apt to be a serious halt if the strike of the boilermakers is not adjusted by that time. Nothing has been heard from the company as yet, and there is no sign of a settlement in sight.

## H. H. ROGERS SEES END

HEAD OF AMALGAMATED AND STANDARD OIL COMPANY SICK MAN.

## BODY IS DISTORTED

His Son Declares in Court That His Father Has Signed But Two Checks and a Power of Attorney Since July 22, and is Incapable of Attending to His Business Affairs.

(By Associated Press.)

Boston, Sept. 16.—That Henry H. Rogers is in such a very weak physical condition that his face is distorted and his speech is affected, that his left side is not in its normal state and that he is unable to transact any business or even discuss ordinary affairs, was the substance of testimony given by Mr. Rogers' son-in-law, Robert K. Roughton, in the supreme court this afternoon.

H. H. Rogers, Jr., testified that his father had signed but three checks and a power of attorney since July 22. His condition, Mr. Rogers, Jr., said, has shown signs of improvement during the past few weeks. Mr. Roughton testified that recently Mr. Rogers told him to take up the business as he, Mr. Rogers, "was about done for."

After hearing this testimony Judge Hammond denied the motion to make H. H. Rogers come into court for the purpose of showing that he was incapable of testifying.

## FREEDOM IS SHORT LIVED

(By Associated Press.)

Los Angeles, Sept. 16.—Ontario Villarejo, Retardo Flores and Livarado, alleged Mexican revolutionists, were released from custody by the police today on criminal charges of resisting an officer, only to be immediately re-arrested on charges of murder and robbery. The Mexican consul swore to affidavits that the allegations were true and said they were based upon representations of Mr. Croel, former Mexican ambassador to the United States.

## LABOR IN CANADA FIGHT EXCLUSION

WORKERS' CONGRESS AT WINNIPEG DEMAND CLOSING DOOR.

(By Special Service to The Gazette.) Winnipeg, Man., Sept. 16.—According to the labor delegates from east and west, one of the biggest questions which will come before the congress which opened here today will be the problem of the Asiatic immigration into Canada. Delegates are unanimously in favor of absolute restriction and a resolution to that effect which passed congress last year will be reaffirmed. A plank will be adopted along the same lines in the platform of the labor party.

J. H. McVety, president of the Vancouver labor council, who is better fitted to speak on the subject than any other labor man, spoke most emphatically today on the subject, coming out squarely for absolute exclusion. Much has been given to the public through the medium of the press that is far from being based on fact, said Mr. McVety.

"The constant cry that labor is unobtainable to carry on the work of development and maintenance of industries is not literally true. I have seen white men turned away from factories in Vancouver, because the labor market was overstocked. There is positively no shortage of skilled or unskilled workmen on the Pacific coast, and the statements that only through the importation of Japanese, Chinese and Hindus can railway construction work be carried on satisfactorily and the country fulfill its destiny, are harmful, misleading and untrue.

"The orientals cannot be used as laborers on the railway lines when even the first of the cold weather comes, because they are so susceptible to climatic conditions that they become almost useless when the thermometer falls below freezing.

## PARK SEASON IS CLOSING

END OF WEEK WILL SEE LAST OF TOURISTS LEAVE.

## MANY SAW WONDERLAND

Steady and Large Traffic Throughout the Season—Hotels and Similar Places to Close First of Next Week.

(Special to The Gazette.)

Livingston, Sept. 16.—The Yellowstone park season is drawing to a close. The end of the week will see the complete evacuation of the park, so far as tourist transportation is concerned.

The last ticket was sold Sunday afternoon. The twice-a-day passenger train on the park branch will be pulled off September 19 and the old mixed daily train of passenger and freight will be resumed. The hotels will close the first part of the week and the army of employes will seek other employment. The camping companies are handling their last parties and will be ready to pull up camp and be out at the close of the week.

The summer has been a very gratifying one to the Park Transportation company and the various camping companies. The travel has been heavy and steady enough to keep everybody busy and satisfied. The absence of a rush of numerous big excursions parties, and of notable foreign signers, has been observed this year, but nevertheless the season has been distinguished by its steady travel of individual tourists and small parties, sufficient to show up financially with any former year of heavy travel.

## POOR JAIL FOR WOMEN.

Lack of Proper Confinement Place Causes Discharge of Quilty.

(Special to The Gazette.) Livingston, Sept. 16.—Dot Williams and Vivian Thomas, who were held here in jail since their arrest last week in Billings on complaint of Mrs. Vocht, charging them with having stolen wearing apparel from herself and her daughter-in-law, Mrs. Hendricks, had their troubles adjusted in Judge Bender's court today and were released.

The girls pleaded guilty and restored the stolen garments. The judge refrained from complying with what he might construe as the strict letter of the law, if the county jail had any decent accommodations for female prisoners. Under the circumstances, rather than commit what would be considered an offense in committing the prisoners to jail, the judge released the prisoners.

## HUSBAND RETURNS GOODS.

So Wife Pleads and He is Discharged From Custody.

(Special to The Gazette.) Livingston, Sept. 16.—Tony Slevenco, on complaint of his wife, appeared before Judge Bender today, charged with the larceny of a gold pin and a gold watch, the property of his wife. His wife appeared also, but this time in behalf of her husband, claiming he had restored the stolen property and was forgiven. He was discharged.

## SEVENTEEN IDENTIFIED

TWENTY-FOUR KILLED IN EARLY MORNING COLLISION IN NEW HAMPSHIRE.

## BLUNDER IN ORDER

Passenger and Freight Train Meet in Collision—Freight Train Tried to Run on Passenger Train's Schedule—Blame Not Placed—Of 35 Injured, 12 Leave Hospital.

(By Associated Press.)

Hanover, N. H., Sept. 16.—Twelve of the 24 persons who were taken to the Mary Hitchcock hospital, suffering from injuries received from the railroad accident at West Haven early yesterday morning, which was the cause of the death of 25 persons, had recovered sufficiently to leave the hospital today. Fifteen persons still remain at the hospital. Most of the injured at the hospital are in a critical condition.

An investigation of the terrible disaster, by which more than a score of persons lost their lives and a greater number received injuries by a collision of freight and express trains on the Boston & Wayne railroad, was begun today. According to the railroad officials a blunder in handling railroad orders was the cause of the accident, but the identity of the employee who caused the blunder remains to be determined. ## "SUNNY JIMS" MEET IN LOS ANGELES

HUMORISTS OF NEWSPAPER WORLD HOLD CONVENTION.

(By Special Service to The Gazette.)

Los Angeles, Cal., Sept. 16.—If a shaking of distant earthquakes is felt in other sections of the country this week, there need be no alarm. It will only be Los Angeles splittin' its sides a-laffin'. Every citizen of Angelton has sewed his buttons on tight, in anticipation of the convention here this week of the American Press Humorists' association. Leading professional funny fellows from all sections of the country are congregated in the city, and will be entertained during the week by a banquet, ball and trips to Pasadena, Mt. Lowe, the beaches and to towns on the kite-shaped track. The California Development society and the chamber of commerce will assist local newspaper men in giving the visiting humorists a jolly good time.

The principal feature of the week will take place Friday afternoon, when a dozen distinguished humorists will appear in an all-star bill at the Temple auditorium for the benefit of the Bill Nye monument fund. The memorial will be erected at Laramie, Wyo., the citizens of that city, where Nye did some of his best work, having promised to contribute liberally to the project. Numerous suggestions as to the form the memorial should take have been submitted, and these will be considered by the association's officers and a special monument committee.

## POPE PIUS X ON MODERNISTS

DECLARES THEIR TEACHINGS LEAD TO ATHEISM.

## WARNS THE FAITHFUL

Censorship by Representatives of the Catholic Church Will Be Placed on All Publications Which Members of Organization Shall Read.

(By Associated Press.)

Rome, Sept. 16.—The Osservatore Romano, organ of the vatican, today issued an important encyclical of Pope Pius X., on modernism, which really is a completion of his recent proclamation. The document sets forth that modernism is a danger to the church and it refers in detail to modernism. He condemns it as dangerous in philosophy, faith, theology, history, criticism and reforms, and arrives at the conclusion that modernism is the synthesis of all heresy and must logically lead to atheism. It makes the following provisions:

First: The teachings of philosophy, positive theology, etc., is to be carried out in the church schools and universities in a Catholic spirit.

Second: Modernists are to be removed from professorships and the direction of educational institutions.

Third: The clergy and faithful are not to be allowed to read modernist publications.

Fourth: A committee of censorship is to be established in every diocese to pass upon the publications which the clergy and faithful shall be permitted to read.

Fifth: The encyclical of the late pope, Leo XII, prohibiting the clergy from assuming the directions, without their bishop's permission providing for supervision of the ecclesiastical writers, is confirmed.

Sixth: Ecclesiastical congresses, except on rare occasions, are prohibited.

Seventh: A council is to be constituted in every diocese to combat modern errors.

## EXCHANGED CHILDREN

IRISH WASHERWOMAN'S BABY GIRL SUBSTITUTED FOR SON OF PRINCESS.

## BY CLARA WARD

California Woman Declares That Fraud Was Perpetrated at Birth of First Child of Prince and Princess de Chimay—Executor of Ward Estate Declares Story False.

(By Associated Press.)

Chicago, Sept. 16.—Mrs. Mary Martin of Oakland, Cal., spent Sunday at a Chicago hotel and is quoted today by the Inter Ocean as telling a strange story about Clara Ward, daughter of the deceased Detroit millionaire.

Clara was divorced from the Prince de Chimay and her escapades and narratives with a subsequent marriage and divorce from a violinist named Rigo, caused an immense amount of gossip.

Mrs. Martin's published story is that one of the two children that the prince has had in his custody is not the child of the princess, but of a poor Irish woman. The impression is that in 1891 the wife of the prince gave birth to a son in a New York hospital. She substituted a girl for him, sending the boy out into the world unnamed and unknown. Mrs. Martin was accompanied yesterday by a youth of 16, whom she asserts is the son of the prince and princess.

Mrs. Martin says that her home in Oakland is guarded day and night by two Filipinos and that the Ward relatives are bound to spoil her plan, but she is bound at any cost that the son of the princess shall get his rights.

Thomas R. Lyon, executor of the Ward estate, and uncle of Clara, says he has known of Mrs. Martin's story and that it is absolutely false. He added that his niece is living in Italy with her husband, Reinaldo, and that the children of the prince are now with him in Belgium. He says Mrs. Martin has frequently written him asking for money.

## OKLAHOMANS ELECT TODAY

CONSTITUTION WILL PROBABLY CARRY—ALL CLAIM VICTORY.

(By Special Service to The Gazette.) Oklahoma City, Sept. 16.—On the eve of the first election for state officers to be held in the new state, both parties are clamorous of victory.

It is comparatively certain that the constitution will be adopted, as thousands of voters who do not like its provisions will vote for it in order to secure speedy statehood. Republicans claim that Secretary Taft's recent speech aroused a strong feeling against the document, but the democrats allege that Taft's criticism was more than offset by Bryan's praise.

Governor Frazier, the territorial chief executive, who is the republican gubernatorial nominee, is highly popular and apparently has the best chance of election of any man on the republican ticket. C. N. Haskell, the democratic nominee, is confident of victory at the polls tomorrow, and estimates his majority at 40,000.
