

NEW DEPOT IS ASSURED

CITY COUNCIL GRANTS PETITION OF THE NORTHERN PACIFIC RAILWAY COMPANY.

GOODSELL ACCEPTS

Ordinance Providing For Vacation of Several Streets to Permit Building of Union Station is Unanimously Adopted by City Fathers—Applause Greets Action.

From Wednesday's Daily.

According to a clause in the ordinance passed by the city council last night, whereby several street crossings over the Northern Pacific Railway company's right of way are vacated to permit the building of a new \$55,000 union depot between Twenty-third and Twenty-fourth streets, the construction work on the new structure must be started within three months in order that the railway company may avail itself of the privileges granted. The adoption of the ordinance followed the reading of the railway company's petition and its endorsement by W. A. Selvidge of the railroad committee of the chamber of commerce on behalf of that organization.

Immediately after General Superintendent Goodsell had signed the acceptance of the ordinance on behalf of the Northern Pacific he stated that construction work on the depot would be started just as soon as the present occupants of the ground move their buildings. He expressed pleasure over the fact that the city had acceded to the demands of the railway company and the hearty approval of the action of the city council shown by the citizens.

Question is Live Issue.

That the question of granting the railway company's petition was a live issue was shown by the large number of business men and other citizens who attended the meeting of the city council last night. Both the endorsement of the ordinance by the chamber of commerce and its adoption were greeted with applause.

The adoption of the ordinance was unanimous and Mayor Foster stated that he would take greater pleasure signing the ordinance than any other he had ever appended his signature to. Alderman Soule declared that he believed the passage of the ordinance not only meant a new depot, but that both sides of the city would be more closely allied than ever.

The ordinance provides for the vacation of street crossings across the railway company's right of way at Twenty-fifth, Twenty-fourth, Twenty-third, Twenty-second, Twenty-first and Twentieth streets, in consideration of which the company offers to reopen Twenty-eighth street and build a subway at Twenty-first street at least 30 feet wide.

Having purchased a steam traction engine and plowing outfit we are offering to sell fifty head of well broken brood mares weighing from 1250 to 1600.

These mares have all been bred to the Imp. Belgian Stallion, Azore, that took the blue ribbon in his class (1 year and under 2 years) at the Chicago International Fat Stock show five years ago. He weighed 1800 at the time and now weighs a ton and wears a collar every day, could easily be fed up to 2400.

If any of the mares should not prove to be in foal they may be returned for the season free. The mares may be seen at my Broadview ranch, thirty-five miles north of Billings on the Lavina stage road, as also a lot of yearlings from the same horse.

The mares will be sold at private sale, singly or in pairs, on terms to suit purchasers, provided good bankable paper is presented; 8% discount for cash. Now is your chance to get as good a pair of mares as can be found anywhere and raise the best team in Yellowstone County. Apply to

BOOSTERS' MEETING THURSDAY NIGHT

WILL COMPLETE ORGANIZATION OF "25,000 CLUB."

From Wednesday's Daily. Tomorrow night a meeting of the "25,000 club" will be held in the council chamber of the city hall, and it is expected that at that time organization will be perfected and the report of the executive committee on the dollar dinner will be heard.

Plans for a carnival to be given by the club and the chamber of commerce some time this summer will probably be discussed, as the club and the chamber of commerce have presented a petition to the city council asking that no licenses be granted to traveling carnival companies this season and stating that it is the intention of both organizations to cooperate in providing such an entertainment in this city.

A proposition which means much to the welfare of Billings will be taken up and it is urged that everyone should attend.

NIMRODS GET FISHING RATE

FARE AND A THIRD FOR ROUND TRIP TO LOCAL POINTS.

IS EFFECTIVE AT ONCE

Northern Pacific Officials Grant Special Rate for Week-End Excursions and Fishermen—Sell Tickets Every Saturday and Sunday.

From Wednesday's Daily. The local officials of the Northern Pacific have received notice that the railway company has granted special round trip rates for fishermen and week-end summer tourists which became effective last Saturday, and excursion tickets will be sold each Saturday from now until October 31. The rate is effective for local points only and the tickets are good on all passenger trains except the North Coast Limited.

Last year the company did not grant such a rate, but it is understood that this year the sportsmen of this city agitated a movement looking to the establishment of round trip rates between local points, and the announcement that such rates would be effective is the result.

For children under 12 years of age and over 5 years, one-half of the adult fare will apply. The usual amount of baggage, 150 pounds, will be carried on each full fare ticket, and excess will be charged at regular baggage rates.

Butte, Helena and Billings are the only terminals in the state where the rate is in effect. The rate is practically one and one-third for the round trip and the fares to the various rate points out of this city are as follows: Billings to Columbus and return, \$1.60; Billings to Wilsey and return, \$1.35; Billings to Selmes and return, \$1.75; Billings to Merritt and return, \$1.90; Billings to Red Lodge and return, \$2.35.

PUTS OUT FIRES IN FRONT OF NORTHERN

EXPERIMENTS MADE WITH FIRE EXTINGUISHER.

From Wednesday's Daily. C. E. Steward, representing the Duxpowder Fire Extinguisher company of Chicago, gave some demonstrations of extinguishing fires in front of the Northern hotel last night. Both oil and wood tests were given. About a gallon of coal oil was thrown all over the inside of a small room-like box, and ignited. A few handfuls of powder stopped the fire at once.

The same frame structure was filled with kindling and set fire again, oil being used in addition to the wood. This made a very hot fire, but one tin tube of Duxpowder stopped it in less than five seconds. The powder throws off a carbon dioxide gas which when brought in contact with heat which excludes the oxygen from the atmosphere, smothering the fire at once.

DAVIDSON BRINGS PRISONER.

Man Stole Ranchers' Overcoat from Columbus Hotel. From Wednesday's Daily. Deputy Sheriff Charles Davidson of Columbus brought a prisoner to the county jail in this city yesterday. KENNEDY IS NOW HUMANE OFFICER

BUTTE NEWSPAPER MAN WILL SUCCEED SCHOENFELD.

From Wednesday's Daily. Announcement has been made that Governor Norris has appointed J. M. Kennedy, a well known newspaper man of Butte, secretary of the bureau of child and animal protection to succeed Otto Schoenfeld, who recently resigned. The appointment is effective June 1.

Mr. Kennedy is one of the best known newspaper men and politicians in the state and has many friends in Billings. He was formerly state senator from Silver Bow county and at one time was speaker in the lower house of the state legislature. He was one of the founders and for some time editor of the Butte Evening News and was always a staunch supporter of Helme in his fight with the Amalgamated.

Mr. Kennedy has held many municipal offices of trust in this state. For some time he was city clerk of Butte and during the time he was police magistrate of Anaconda he became

notable for the capable manner in which he handled juvenile cases. Shortly after a visit to this city last fall Mr. Kennedy became editor of the Boulder Age-Sentinel, and is at present engaged in the brokerage business in Butte.

WOMEN ACTED AS SPIRITUALISTS

WORKED GRAFT ON BLIND WOMAN FOR HER MONEY.

TREATMENT BY SPIRITS

After Long Wait No Improvement is Made and Mrs. Crow, a Widow, Grows Suspicious of Evil Intentions of "Doctors"—Arrests Follow.

Denver, April 25.—Mrs. Leonora Pierce, aged 19 and Miss Creya Fulmer, 22 years, were arrested in this city today on the charge of having obtained nearly \$20,000 from Mrs. Harrietta Crow, 67 years old and blind by false pretenses.

Mrs. Crow, who is the widow of a prominent business man of Dillon, Mont., was introduced to Mrs. Pierce about a year ago by a spiritualist. Mrs. Pierce, it is said, claimed she could restore Mrs. Crow's sight by spiritual treatment, and on three different occasions, it is charged, obtained from her \$5,000 fees for her services.

Miss Fulmer was introduced as an assistant to Mrs. Pierce and they would talk with Mrs. Crow for hours at a time, inducing her to believe she was recovering her eyesight, when there was really no improvement in her condition. Recently Mrs. Crow's suspicions began to be aroused and she consulted her attorney, who caused the arrest of Mrs. Pierce and Miss Fulmer today.

FAINTS WHILE ON THE STAND

WITNESS IN LAND FRAUD CASES BECOMES ILL.

FORGERY CHARGE MADE

Witnesses Declare Their Names Were Forged to Enable Defendants to Use Their Right to Secure School or Government Lands.

Washington, April 29.—A sensation not on the program of either side was provided in criminal court today when H. F. Bartels of Portland, Ore., one of the witnesses called by the government to testify in the so-called land frauds investigation, suddenly became ill and lapsed into unconsciousness.

Mr. Bartels had just left the witness stand after testifying concerning his connection with one of the minor transactions by which it is sought to establish the conspiracy to wrongfully acquire state and government lands as adjudged against the four defendants, Hyde, Enson, Dimond and Schneider. The government continued today offering the same character of testimony with which most of the past two days has been consumed, Lillian York of Portland and Fred Whittenstram of Rocco, Ore., being the first two witnesses called. The latter stated that he sold his "school land rights" for \$1 Mrs. York, wife of M. York, who testified yesterday, stated, however, that the signature of her name as it appeared on the application and assignment blanks were forged.

Objection was made by the defense to the testimony of Whittenstram but the testimony was admitted under objection and exception. Signatures Forged. Eugene E. Page, an auctioneer of Portland, testified that the signature of his name to an "application to purchase" and an assignment of the land claim was a forgery in each case.

Clarence P. Ford of Portland stated that he received \$5 upon disposing of his school rights, and exactly similar testimony was given by Edward L. Alken, also of Portland, who said his wife, too, received \$5 for disposition of his school land rights.

H. F. Bartels, a fire insurance agent of Portland, identified his signature on papers of the same character, but he could not remember signing it.

COLORED MAN'S HOUSE ROBBED

WILLIAM REED AND CHARLES WILLIAMS SUSPECTED.

BOTH UNDER ARREST

Police Claim That Reed, Who Was Arrested at Livingston, Has Made a Confession Implicating Williams—Officers Will Investigate.

From Wednesday's Daily. William Reed, a colored man who was arrested at Livingston yesterday on suspicion of being implicated in the burglary of the house of Henry Davis, another colored man, of this city, was brought to Billings last night and lodged in the city jail. It is said that Reed confessed at Livingston, and that he implicated Charles Williams in the crime.

Davis' house is located on South Twenty-fourth street, and it was burglarized Monday afternoon. The affair was reported to the police yesterday morning and Davis stated at that time that he suspected Reed of committing the crime. Reed was intercepted at Livingston, and it is said his statements made to the sheriff of Park county led to the arrest of Williams in this city soon after.

Davis says that a gun and several pieces of jewelry were stolen from the house and the police claim that Reed has confessed that he received part of the proceeds resulting from the sale of the gun.

The police will make a thorough investigation of the case, and in the meanwhile both of the prisoners are being "sweated" vigorously.

FOR POSTOFFICE NEAR BROADVIEW

PETITION BEING CIRCULATED AMONG THE FARMERS.

From Wednesday's Daily. A petition is being circulated among the ranchers residing in the vicinity of Broadview, asking that Miss Rebecca Nyer, a niece of Dr. Thorne, head of the colony located at that section, be appointed postmistress at Broadview and that a postoffice be located at her homestead. Miss Nyer is a trained nurse by profession and has recently returned from a trip to Nebraska where she assisted in founding a hospital.

The petition asks that the mail be carried on the Lavina stage until the Billings & Northern railroad is completed. When the road is completed the postoffice will be located at the railroad town, which will be named Broadview, and which is located about five miles from Dr. Sudduth's ranch.

Now it is said that a "doctored" telegram caused the New York legislature to vote down Gov. Hughes' anti-race-track bill. These "sure-thing" race horse telegrams often prove disappointing in the end.—Helena Independent.
