THE WEATHER.

The daily record of the thermometer in this city is reported by A. T. Playter, druggist, First street. The record for yesterday was: 7 a. m., 26 degrees; 12 m., 63 degrees; 4 p. m., 65 degrees; 8 p. m., 62 degrees.

Subscriptions to the Standard will be received at the business office, or at the store of Crockett & King, Main street. Advertising rates can be learned at the business office, Standard Building, corner of Main and Third streets.

Grand Democratic Rally

TO-MORROW NIGHT

EVANS HALL, SATURDAY NIGHT, under the auspices of the Anaconda Democratic Club.

At this meeting Hon. W. W. Dixon, of Butte, and Charles Hardenbrook, of Race Track, will address the voters.

ABOUT THE CITY.

The work of adding a fire escape to the walls of the Montana is rapidly approaching completion.

All members of the Carroll democratic club are requested to hold themselves ready for the rally Saturday evening.

Material has been drawn to the lot on Oak street on which the new engine house is to be built. The building will be completed within sixty days.

It is understood that a substantial building, two stories in height, with a well-lighted basement, will be built without delay on the corner of Main and First streets.

The members of the Methodist Episcopal church are holding frequent meetings in which deep interest is taken. A new church is soon to be built at the corner of Oak and Third streets.

"Jack" Omerheim is considering the advisability of opening up a tent saloon on the corner opposite his old stand until Mr. Copius erects his new building, which will be put up as rapidly as brick and mortar can be laid.

The Alert Hose company wishes it distinctly understood that it has purchased fifty feet of rope which, should a fire bug be caught in Anaconda, will be used in a summary and salutary manner. A word to the wise is sufficient.

William Martin, of this city, and Miss Jane Perkins, of Deer Lodge Valley, were married yesterday at Deer Lodge. The groom is a young man well known and highly respected in this city. His many friends extended their congratulations.

From John Daly, who was in the city yesterday, a STANDARD reporter learned that his place property in Daly's Gulch had not been in operation for some time, owing to a lack of water. No more work will be done the present season.

The ordinance regarding sidewalks must be carried out within twenty-five days and delinquents are reminded that, thereafter, the city will do the work and charge the expense to the property improved.

Anacoda is coming down the home-stretch in good form. The total registry reported last night was 1822 votes. It has been decided to keep the registry office in this city open for all who wish to register next Sunday. Probably the vote will be largely recorded, however, by Saturday noon.

In the police court yesterday Frank Jones was arraigned for disturbing the peace and resisting an officer. The charge was not proven and Mr. Jones was discharged. His friends seem to think that the officer who arrested him used unnecessary violence, and threaten to sue the city for damages.

"The" Quinn has a tent set up on the site of his saloon, which was destroyed by the recent fire. The place is provided with all the modern conveniences. The new quarters are not as large as the smelter or as handsome as "The Montana," but the genial proprietor says that the goods are all wool and a yard wide.

C. M. Parr, who for the past year has been conducting a vegetable and grocery store in this city, made an assignment yesterday. Charles Aspling is the assignee. A statement of the assets and liabilities could not be obtained last evening, but it is understood that they are nearly equal. It is hoped that Mr. Parr may be able to tide over his troubles.

Unless you register you cannot vote. Registry at Phillipsburg. Special to the Standard.

PHILLIPSBURG, Mont., Sept. 12.—Total number of voters registered up to date is: Phillipsburg, 807; Granite, 729.

Wanted Situation. As bookkeeper or accounts to post, by a competent man. Good city reference given. Address A. Dickey, care of Standard office.

IN POLITICS AT HOME

Adding to the Long List of Names on the Registry Book.

Next Saturday's Mass Meeting Announced, With Speakers Who Are Worth Hearing—Candidates Who Are Looking Out for Votes.

Plenty of voters in town are willing to wager that Anaconda's registry will crowd a round two thousand when the clock strikes ten next Saturday night. The town has been thoroughly canvassed from end to end. Democrats started in at the business before the state delegates were fairly out of town, and they have been putting in their best ticks ever since. The local republicans were a little tardy in getting started, but they have been awake this week, and their war cry is that no voter shall escape.

There's plenty of political activity in town. You hear politics talked on every corner, and the rival candidates on the county ticket are making effort to get in the current of popular favor. If there is any break in the democratic forces, no intelligence to that effect has reached the newspaper offices. A great deal of quiet work is going on, and the prediction may confidently be made that the democratic majority in this city will be a total that will surprise the opposition.

Many inquiries are afloat regarding the practical operation of the Australian system, under which the October vote is to be polled. Most of the questions are general in their nature and find their answer in the text of the law, which the STANDARD has printed in full and to which all inquiries are referred. The forms of law under which the vote is to be cast are new to every citizen of Montana and it is probable that, in many instances, hardship will result. So far as this city is concerned, both political parties will have men at the polls who have studied the law and who know how it works, so that the work will be carried out in all its details on election day.

The headquarters of the central committee are visited daily by representative democrats from every section of the territory. Secretary Webb has received no end of letters calling for Mr. Toole's famous speech in congress, on the admission of Montana, and that document is going broadcast to voters. It is proving to be a capital campaign pamphlet.

NEXT SATURDAY NIGHT.

Democrats Who Propose to Keep the Ball Rolling Till Election.

The Anaconda Democratic Club proposes to conduct a series of public meetings successfully inaugurated last week. The turn-out of last Saturday night was a complete success in point of numbers, and working members of the club are more than pleased with the good results that have followed the first formal presentation of the campaign issues.

The second meeting of the club will be held next Saturday evening, in the opera house. The committee have been fortunate enough to secure the services of Hon. W. W. Dixon for that occasion. That he will have an immense audience is assured. There is no man of prominence in professional ranks in this city, and a higher esteem by the public than Judge Dixon. Last Saturday night, in the hearing of an immense audience in Butte, he argued the questions of the hour in an impressive address, exposing the wrongs of the registry law and presenting the just claims of the democratic candidates to favorable consideration at the polls. Following Judge Dixon next Saturday evening will be an address by Charles Hardenbrook, of Race Track.

The members of the Anaconda club invite all voters to attend the meetings which they are announcing. The Carroll Club has expressed its intention to turn out in force next Saturday night and help to make the rally a success.

See that your name is registered.

The List of Meetings.

The democratic state central committee announces the following meetings to be held in Deer Lodge county:

- Phillipsburg—Hon. W. Y. Pemberton and Hon. R. B. Smith, September 17.
- Granite—Hon. W. Y. Pemberton and Hon. R. B. Smith, September 19.
- Deer Lodge—Hon. W. Y. Pemberton and Hon. R. B. Smith, September 19.
- Phillipsburg—Hon. Martin Maginnis and Hon. Joseph K. Toole, September 28.
- Deer Lodge—Hon. Joseph K. Toole, September 28.
- Granite—Hon. Martin Maginnis, September 27.
- Anacoda—Hon. Martin Maginnis and Hon. Joseph K. Toole, September 28.

It will be seen that the meeting in this city is announced for a late day in the campaign. Both Mr. Toole and Major Maginnis will speak on that occasion. The arrangements for the affair here in excellent hands and it is proposed to make the occasion one of the most enthusiastic rallies ever held in Deer Lodge county.

Now is the time to register.

PERSONAL MENTION.

J. H. Temple, representing A. A. Devor & Son, of Chicago, is registered at the Montana hotel.

John A. Leggett, of Butte, came to Anaconda yesterday.

J. R. B. Coon, of Butte, is stopping at the Montana.

Frank Hollywood left for home yesterday evening.

Among the guests registered at the Montana yesterday is the name of J. J. McAllister, Butte.

Major J. H. Almon and Oscar Soudan, both representing the Pacific Mutual Accident Insurance company, San Francisco, are in town at present.

Jease Searles, for some time past connected with his father in the management of the Fort Benton River Press, is in town visiting relatives.

George E. Moulthrop, formerly of this city and now of the civil engineering firm of Ray & Moulthrop, Butte, came down here yesterday.

P. J. Brophy, of Butte, is in the city on business.

Shot in the Leg.

Late last evening Dr. McKenzie, of this city was summoned by messenger to attend Joseph McGugan, an employe at the Blue Eyed Nellie mine, who had been accidentally shot. When he returned from the camp this morning, the doctor reported that Mr. McGugan had been shot in the right leg, just above the knee, the wound resulting from the accidental discharge of a revolver in the hands of one of his associates. The wound was probed, but the bullet was not removed by the attending physician. It is not thought to be serious.

IT IS NOT SETTLED

No Action Taken About Sewers at Last Night's Meeting of the Council.

No business of importance was transacted at the special meeting of the city council held last evening. The intention of the aldermen was to dispose of the sewer question and award the work. One bid was presented, but no action was taken and the members of the council concluded to leave the question open until Saturday evening, when another extra meeting will be held.

In the opinion of the aldermen the main sewer which it is proposed to build through Second street can be finished in good style at a figure below the sum in which it is proposed to bond the town. They have most particular inquiry regarding the cost of the pipe and have figures which were submitted by the city engineer covering the expense of digging the trench and filling the same. All the bids thus far received exceed the estimates submitted and the aldermen propose to see whether the work cannot be brought to a price which the estimator will cover. Already there is talk of extending the sewer system so as to make provision for the central part of the town. The city has nothing to do with the expense of lateral lines, but it is probable that, with the main sewer in its place, connections will be made before bad weather comes, which will provide facilities for the extension of First street and the section of Main street extending from Third to Front.

Now is the time to register.

DEER LODGE TOPICS.

Stray Items Gathered by the "Standard's" Correspondent at the County Seat.

DEER LODGE, Sept. 12.—The loss of Dr. J. H. Owings, caused by the shelving on one side of his drug store falling last night, will be, it is estimated, in the neighborhood of \$1,000. The cause of the falling was the heavy weight upon the shelving and the bad fastenings.

The registration at 3 o'clock this afternoon, in the Deer Lodge district, numbers 591, and will doubtless reach over 600. This exceeds all expectations, and shows a large percentage of increase in the voting population of this precinct.

The highest vote ever cast in this precinct was last year, when it reached 418. Mr. L. H. Zenger, the registration agent, had determined, on the advice of good counsel, not to keep his office open on the 15th inst., but since the opinion of Attorney General Clayberg has been published, he will allow a person to register and take the chances.

Miss Maggie Wolfe, county superintendent of public schools, has just returned from an extended trip into the northern part of the county. She visited the school at Ovando, which is 55 miles northwest of Avon on the Northern Pacific railroad. Ovando is situated in the valley of the Big Blackfoot and has 300 scholars within the limits of its school district. Miss Wolfe says that the valley is rapidly filling up with a good population. Fires are started in the mountains and while they are causing a great deal of trouble it is thought the citizens can keep them from the valleys.

Hon. M. W. White, ex-member of the Montana legislature, is in town from Blackfoot City and reports registration progressing rapidly in that part of the county.

Mr. Angus McDonald of Phillipsburg, candidate on the Democratic ticket for county commissioner, came up last evening and is shaking hands with the boys.

Van. Wier, an aide of upper Deer Lodge valley, were in town to-day on business.

William Martin of Anaconda and Jane Perkins of censusy Creek were married to-day at Deer Lodge.

Martiz Bros., two young men of Deer Lodge, are soon to open a new store in Deer Lodge and will sell fruits, fine confectioneries and cigars, and have a general news stand and make a specialty of music and musical instruments. They will have the building now occupied by Peter Lansing.

Notes From Missoula.

MISSOULA, Mont., Sept. 12.—The registration lists show 1,650 names to-night. It is now estimated that about 1,150 voters will register here.

The funeral of Mayor Sloan's infant daughter occurred to-day, and was one of the largest in the history of the city.

The Northern Pacific commenced action to-day to condemn the right of way down the Missoula river against twenty-two settlers in this city and in Frenchtown. The Washington and Idaho company is made a party to the action, which is in the nature of a retaliatory measure against the Washington and Idaho, which has a similar case against the Northern Pacific. The trouble over the right of way promises to be sufficiently serious to impede the progress of construction work and cause a delay in the course of the country in the west for a line, and the fight for the first line will be hot.

See that your name is registered.

Notice.

All accounts due the Water Company must be paid at their office in the Standard building before the 15th inst., and orders for the preceding month, or expense of collecting will be added, and the service stopped. Hereafter, the published regulations of the company including the foregoing, will be rigidly enforced. Office hours 8 a. m. to 6 p. m. D. F. HALLAHAN, Sec.

Don't neglect to register.

Coal.

The Montana Lumber & Produce company are now receiving large consignments of Lehigh, stove and nut, Colorado, anthracite and Rock Springs coal selected especially for use, which they are prepared to furnish to consumers at bottom prices, in small lots or by the car load.

Mr. Chant, piano tuner, from the well known firm of Estey & Camp, Chicago, is making a short stay in Butte and will visit Anaconda next week. Orders for tuning should be sent care Montana Hotel.

The Atlantean House.

A. J. Blix, proprietor of the Grand Central Hotel, has decided to change the name of this well known hotel. It will hereafter be known to the public as the Atlantean House.

Notice.

The undersigned, having discontinued his business, hereby authorizes Mr. N. H. Morley to collect all outstanding bills and give receipts for the same. WM. SUTTER.

Important to Cigar Dealers.

DILLON FALLS IN LINE.

Major Maginnis Receives a Rousing Reception in Old Beaverhead.

His Telling Speeches are Winning for the Democratic Ticket in Every Nook and Corner of the County.

Special Correspondence of the Standard.

DILLON, Sept. 12.—The campaign in old Beaverhead county is active, vigorous and aggressive on the part of the democrats, who are making a gallant fight for the reclamation of our county from republican misrule. Registration is being carefully attended to, and democratic gains are reported in nearly every precinct in the county. In Dillon 520 votes are registered, and an effort will be made to have every democratic voter registered before next Saturday night.

The campaign opened on Monday night at Glendale. It was the largest political meeting ever held in that town. Major Maginnis and Hon. "Wash" Stapleton addressed the meeting, which was an enthusiastic demonstration. It was a democratic ovation, an outpouring of democrats from the northern precincts of the county, indicating that Trapper Gulch will roll up 100 democratic majority in October.

The democratic meeting at the opera house Tuesday night was large and enthusiastic. Major Maginnis arrived from Glendale in the afternoon. He was escorted into Dillon with a line of carriages and received by a large crowd, the brass band rendering popular music. The preparations for the meeting were ample in every particular, and the hall was packed to its full capacity, 600 people being present. The speech of Major Maginnis was listened to with marked attention, and its sentiments elicited frequent bursts of applause. It was favorably received and created an impression that will last and have its effect until the sun goes down on the first Tuesday in October. He stated facts, unanswerable, in relation to the history of the democratic party, proving that that party had ever been the friend of the working man, not only in Montana, but throughout the entire country. In referring to Montana matters the retired old war horse of the republicans—Col. W. H. Sanders—was eloquently roasted and impaled. The Sanders wing of the republicans who were present grinned and took their medicine quietly, while the anti-Sanders men, supposed to include General Whitely, readily relished the scathing exposure of Sanders "tricks that are dark and vain."

One part of Major Maginnis' speech that was particularly forcible and convincing was his exposure of the "salary grab" law enacted by the last legislative assembly of Montana solely for the benefit of republican office-holders at the expense of the taxpayers. Under former democratic legislatures county officers received fair fees and salaries and there was no grumbling. By an accident the last legislative assembly was republican, and of a party measure, unprecedented in Montana, it enacted a law that will prove burdensome on the people of every county by raising the salaries and fees of county officials fully 100 per cent in many instances. This "salary grab," when fully understood, is enough to defeat the republican party at the polls, for when it is explained the people will render a verdict against it, and return to the old standard of economy in administering public affairs under democratic rule.

The speech of Major Maginnis was repeated in the evening at the opera house, that cannot be successfully refuted. The meeting was the largest one that has been held in Dillon for a long time. It was enthusiastic and will have a great effect on the short campaign.

Yesterday morning Major Maginnis, accompanied by Hon. Phil H. Poindexter, started to fill appointments in Madison county. He will speak at Twin Bridges, Sheridan, Laurin and Virginia City in that county. His canvass in southern Montana is proving a brilliant reception everywhere and democrats and republicans feel sure that Martin Maginnis will again prove "a sure winner" at the October polls. One thing is certain, the democratic vote in southern Montana will be largely augmented.

BEAVERHEAD.

Boulder's Murder Trial.

Special to the Standard. BOULDER, Sept. 12.—The jury in the Freeman case came into court at 10:30 to-night, and returned a verdict of guilty as charged, and recommending the prisoner to the mercy of the court.

The evidence in the case was resumed this morning in the district court. A. L. Shepherd testified for the territory, and A. P. Dougherty and George Smith for the defense. And John P. Freeman went upon the stand on his own behalf. He stated that he was under the influence of whisky at the time of the shooting, and had no recollection of the occurrence. At noon the evidence was all in, and Judge Blake read his instructions to the jury. After the noon recess, J. H. Duffy opened the argument for the territory and was followed by E. Warren Toole for the defense. He asked for an acquittal on the ground that the most that had been proved was criminal carelessness, while the indictment was for willful manslaughter. County Attorney Hay closed for the prosecution, and the jury returned at 4 o'clock.

Other cases. The Chas. North-western Lumber Co. vs. John Motherspaw, defendant's default entered and cause referred to W. L. Lippencott to take evidence. Beatty vs. McDermott, defendants motion for judgment on pleadings, over-ruled. The evidence was submitted to the court without a jury, and judgment ordered for the plaintiff.

Notice.
