

BONDS AND STOCKS.

Up and Down in Market Values on the New York Exchange.

New York, Nov. 15.—The stock prices this evening are generally higher than last evening, while a few shares show very marked advances.

Petroleum opened steady at 109 1/2 and advanced to 110 1/2 in the first hour. Realizing sales then caused a decline to 109 1/2, after which the market rallied and closed strong at 110 1/2.

Stock Exchange: Opened 109 1/2; highest 110 1/2; lowest 109 1/2; closed 110. Consolidated Exchange: Opening, 110; highest, 110 1/2; lowest, 109 1/2; closing, 110 1/2. Total sales \$94,000 barrels.

General Schofield's suggestions. WASHINGTON, Nov. 15.—General Schofield in his annual report suggests that hereafter promotions from the grade of second lieutenant to that of colonel in cases of all officers who are not now above the lowest grade, should be made according to seniority of commission of the service.

A GOLD BONANZA. An Extraordinary Strike Reported in the Smoky South. RALEIGH, N. C., Nov. 15.—The Carolina Watchman, published at Salisbury, has sent a mining expert to Montgomery county to investigate the rumors of an important gold find there.

Second Trip of the Baltimore. PHILADELPHIA, Nov. 15.—The new cruiser Baltimore made a second trip today. In four hours a steady run on a northeast by east course from Cape Henlopen the speed developed was even more remarkable than on the first trip, being 20.2 knots an hour against 19.8 knots before, but whether she developed more or less than 9,000 horse power, called for by the contract, cannot be told until the result is worked out by the government engineers.

He Had the Small-pox. CHICAGO, Nov. 15.—A sensation was created this afternoon when a young man walked into the city health office and announced that he had the small-pox. An examination proved his statement to be true.

West Point Cadets. WASHINGTON, Nov. 15.—Colonel Wilson, superintendent of the West Point military academy, in his annual report strongly recommends that the appointment of cadets be confined to the June examination, as appointments during the summer recess result in a large per cent of failures.

NORTHWEST NEWS.

Topics of General Interest in the Four New States and Elsewhere.

Among the women horse owners of the country, Miss Kittie Wilkins of Idaho probably takes the lead. She is the owner of a large cattle ranch on Bruneau river, fifty miles from Boise City, where, besides other stock, she has 800 Norman and Percheron horses.

The value of real estate two miles west of Missoula can be readily appreciated when it is stated that the land upon which is located the track of the Missoula Racing association was purchased a few months ago for \$3,000 and last week mortgaged for \$1,500 on long time and at exceedingly low rate of interest.

A. M. Otto, traveling auditor of the Northern Pacific express company, who a short time ago was relieved of his duties for reasons best known to the company, has been reinstated with honor, and he has resumed his run on the road.

A Washington dispatch says: It is not certain that the site selected for a navy yard on Puget sound will be finally agreed to. It leaked out to-day that Secretary Tracy has referred the report of the commissioners to Commodore White, chief of yards and docks, for his opinion thereon, and that the latter gave it and severely commented on the report.

The Seattle Journal publishes a rumor to the effect that an eastern and English syndicate are negotiating for the purchase of the Port Blakely mills, together with all the other lands and property of the firm.

Two nice milk cows, harnessed to a buggy, formed a part of an immigrant outfit that passed down Main street in Baker City the other day. The old gentleman who handled the ribbons over this quaint outfit, looking as though he had made his trip "the plains across," can settle down and go to raising cattle.

The residents of Oring, Wash., are proud of the fact that they have a sensation in the shape of an elopement. Last week Mrs. Sophia Johnson, the 400 pound wife of Isak Johnson, proprietor of the Scandinavian hotel, packed up all the available furniture in the hotel and fled with the cook, a diminutive specimen of humanity that weighs only about 100 pounds.

According to the Okecho Review a wrong impression prevails regarding the effect of last summer's drought in Eastern Oregon. The past season was a severe one for the residents of this county but not so bad that any of them will offer plenty to eat, or to make any ready to sell cattle for less than they are worth.

Secretary Windom's lead ore decision has affected a good many mining camps in Idaho. This is a case in point: "Bayhorse," which two weeks ago, was a "booming" camp, with hundreds of people in prosperous circumstances, is being rapidly deserted.

The Mormon Church Was to Rule. SALT LAKE, Nov. 15.—In continuation of the investigation into the oaths administered in the Mormon ceremonies hostile to the United States today, Levi Axtell swore that the penalty for divulging the secrets was death. It is understood that the setting up of the kingdom of God on the ruins of the United States meant that the Mormon church was to rule.

The French Constitution. PARIS, Nov. 15.—It is expected that the government will send a communication to the chamber Monday declaring the necessity of a practical business policy for the future, and that the questions of revision of the constitution and the separation of the church and state must be abandoned.

Jefferson Davis in New Orleans. NEW ORLEANS, Nov. 15.—Jefferson Davis is a passenger on the steamer Leathers, which will arrive here about noon tomorrow. He is only suffering from general debility.

Burned to Death. DANBURY, Conn., Nov. 15.—Two children of Robert Hennessy, in the absence of their mother to-day, were playing with matches at set fire to themselves. They were burned to death.

The Iron Market Collapse. GLASGOW, Nov. 15.—The boom in the pig-iron market has collapsed. The bull account is overburdened. Warrants have fallen 13 shillings. At Middlesbrough warrants declined 18s. and hematite 14s.

Mexican Notes. CITY OF MEXICO, Nov. 15.—The governor has authorized the construction of a railroad from Bagdad to the Gulf of Mexico to Matamoros, opposite Brownsville, Tex. The report of fighting on the Mexican side of the Rio Grande at Mier is a canard.

George Washington Lynched. MAGNOLIA, Miss., Nov. 15.—George Washington, colored, was lynched this morning near Magnolia for having attempted to outrage a white woman.

Death of an Ex-President's Son. BUFFALO, Nov. 15.—MINNIE POWERS FILLMORE, son of the late Millard F. Fillmore, thirteenth president of the United States, died to-night of apoplexy.

Livery Stables Burned. CLARKSVILLE, Tenn., Nov. 15.—James T. Giles' livery stable burned to-night, together with fifteen fine horses, including the famous trotter, Singlewood, valued at \$7,000. The total loss is \$40,000.

Omaha Herald: Stupid man: "I've hired a new typewriter." Wife (to him): "Indeed?" Stupid man (contingently): "Yes, a machine. One of the kind you can take anywhere with you, and hold on your lap, and—" (Conquered of tears.) Stupid man (an hour later): "But, my dear, it's a machine, not a girl."

neapolis firm for obtaining money under false pretences. We have not heard the contractors' statement, but there is evidently a "nigger" in the woodpile.—Great Falls Leader.

The working men of Granite, including the Miners' Union, Granite Mountain and Bi-Metallic works, have entered a protest against the present physicians in charge of the Miners hospital at that place. They positively refuse to contribute to the hospital fund after November 15th, if the physicians, Drs. Pleasants and Small, are not removed.

Marshall McClure, the eccentric newspaper founder, is said to have gone to Butte, Montana, to establish another paper.—Bismarck Tribune.

The report that Thos. Couch was contemplating retirement from the management of the Boston & Montana company's affairs is without foundation. While troops are occupied in marking the spot upon which each of the Custer command fell, they found four skeletons which had been bleaching for thirteen years. They were buried with military honors.

Es-governor Carpenter, Judge Wade and F. W. Cole, the code commission, have partially finished their labors. They have completed the civil code and filed the same with the secretary of state. It is comprised of four parts. Part I relates to persons; part II relates to property; part III relates to obligations, and part IV contains general provisions relating to persons, property and obligations.

The rails which have been sent forward for the Neilhart branch are intended to be put down immediately for several miles of the route in order to permit the hauling of a large lot of bridge timbers. A few miles out on the line there are several bridges which will take over a million feet of square lumber. To haul this lumber by teams would be too expensive, consequently the track will be laid immediately to a point as near the bridge sites as possible.—River Press.

MAKING IT HOT FOR JEWS. LAKE POWERS, La., Nov. 15.—Louis Parventhal of Vicksburg came here today from Thompkins Bend and reports that about 1 o'clock this morning Alsatia's store was shot into about 15 or more times and the placard "no Jews after the first of January. A warning of fire and lead will make you leave," tacked on the front of the building. It was reported that a Goodrich landing was also shot into about 20 times. There were 50 empty rifle shells found on the levee this morning in front of their store.

A Scourge in the South. HOPKINSVILLE, Ky., Nov. 15.—There is great excitement in Webster county over the reappearance of the terrible spotted fever scourge that raged in this county last winter. A number of cases are reported from the villages surrounding Dixon, all being the same disease in a most malignant form. Everything possible is being done to prevent its spread and keep the terrified people from deserting their homes as they did last year.

The New Torpedo. WASHINGTON, Nov. 15.—Secretary Tracy yesterday appointed a board of officers to supervise the test of the controllable automobile torpedo under the terms proposed by Secretary Whitney last winter. The torpedo contained in the device is driven through water by a carbolic acid engine. Its movements are controlled by electricity from the ship from which it is started. The torpedo is to be exploded by electricity.
