

MR. PLUMB'S BIG BLUFF

He Tackled the Senator From Florida and Found a Hornet's Nest.

New Millions of Acres of Public Land Have Been Gobbled Up By Corporations Under the Swamp Land Act.

WASHINGTON, Jan. 14.—Among the bills reported from committee and placed on the calendar in the senate to-day were the following: To declare unlawful trusts and combinations in restraint of trade and production (Sherman's bill); authorizing the purchase of a site for a building for the supreme court. Mr. George offered a resolution which was referred, instructing the committee on finance to inquire into the propriety of reducing penal bonds required of manufacturers of liquors in all cases, or at least where manufacture is carried on by manual labor of the manufacturer.

The resolution heretofore offered by Mr. Call in relation to claims in Florida under the swamp land grant and in relation to alleged unlawful selections of land in Florida were taken up and Mr. Call addressed the senate. The burden of his remarks was that lands which were not swamp and overflowed but which were fit for cultivation had been selected under the swamp land act, to the injury of the people's rights. He asserted that 25,000,000 acres had been selected and approved in all states as swamp and overflowed lands, while everybody knew no such extent of territory as large as Europe existed in the United States which had been passed in Florida under the swamp and overflowed land act, he asserted that 11,000,000 were high and dry. Mr. Plumb said Florida contained about 40,000,000 acres and more than one half of this had been given by the United States to the state for various purposes. Every single acre of land so granted had been placed under the control of the legislature of Florida. Some sixteen or eighteen million acres had been granted as swamp and overflowed land, but Mr. Call had just told the senate that most of it was not swamp but arable land. So much greater was the dereliction of the senators from that state, he said, that he would not be surprised if they had brought their complaint against his own state after being so cowardly to proclaim the land swamp. Mr. Call said he had no objection to say that Mr. Call had, some sessions ago, appealed to him as chairman of the committee on public lands, to report a bill to ratify the grant of land to certain railroad lands in Florida so that all alleged frauds (said Mr. Plumb) will be condoned under certain circumstances, but were not condoned in the report of the committee. He said he had always been in the habit of impugning senators covertly or openly, and he (Plumb) had sometimes been inclined to reply to him but to convict him of falsehood.

Mr. Call replied to Mr. Plumb. He said: "I will not be moved, Mr. President, by this extraneous matter. I am here from Kansas to follow his bad manners, nor his contemptible methods. He cannot have a poorer opinion of me than I have of the senator from Kansas. He has not been in the habit of violating decorum, but if the senator thinks by his idle bravado, by his defense of this vast spoliation of the people, and by his interest of those who have profited by it, that he can intimidate me from defending the rights of the people of my state, I treat him with the scorn and contempt which his position in the senate is well known in relation to this question in the state of Florida. The officials of that state are as honorable as I am, and still it would remain true that a large number of people have been deprived of their rights to these lands."

Mr. Dolph, as a member of the committee on public lands, made an explanation in justification of the action of that committee in the last congress in respect to a resolution of Mr. Call on the same subject, and attempted to make the slightest imputation on that committee. Without action on the resolution, the senate, after an executive session, adjourned.

WASHINGTON, Jan. 14.—In the house to-day Mr. McKinley from the committee on ways and means reported back a bill to simplify the laws relating to the collection of revenue. It was ordered printed and re-committed. Mr. Perkins of Kansas moved that the house go into committee of the whole for the consideration of the bill to provide town site entry lands in Oklahoma. This was antagonized by Adams of Illinois who wished the house to consider the Siletz matter and the motion was defeated 65 to 87. Mr. Blaud demanded tellers. The friends of the Oklahoma bill were again defeated, 96 to 108, and Mr. Adams called up the Siletz report, which was approved by appropriating \$75,000 to reimburse members. Mr. Adams argued in favor of the bill, holding the sergeant-at-arms to be a public officer. Hon. J. H. Hamilton of California, advocated the adoption of his bill permitting members to bring suit in the court of claims for the recovery of their salaries in any case where the bill of the majority, because he could find no statute declaring the sergeant-at-arms a disbursing officer. He thought the house should not appropriate public money to pay a claim. Mr. Holman contended that the fund remaining in the office of the sergeant-at-arms—\$83,000—should be divided pro rata among the members who were losers by the defeat of the bill. Pending further debate the house adjourned.

Chicago on the Utah Pacific. DENVER, Colo., Jan. 14.—The Times tonight says circulars are now in the hands of writers announcing the appointment of a Johnson general freight agent of the Union Pacific-Fort Worth consolidation in Denver, with W. W. Newlin as general freight agent at Fort Worth, and George Ady as general passenger agent at Denver.

BONDS AND STOCKS.

Up and Down in Market Values on the New York Exchange.

NEW YORK, Jan. 14.—The stock market to-day was dull with moderate business in a few stocks only, and irregular in volume. The general part of the day, and declines are the rule this evening. The opinion of Chairman Walker in regard to the Union Pacific-Northwestern alliance became known toward the close and resulted in selling Union Pacific down a fraction and had some effect upon the remainder of the list. Liquidation in Wisconsin Central made further progress and that stock was moderately weak throughout the day. The final changes are declines in all but a few cases and Wisconsin shows a loss of 1/4 and Lackawanna one per cent.

BOSTON, Jan. 14.—The wool market is steady on fine washed fleeces and particularly firm on decline and combing selections, which are in demand. Territory wools are moving slowly, owing to the heavy shrinkage of considerable of the stock offering. Prices take a wide range, as to quality, from 50c to \$1.50, and medium at 50c to 55c. California wools are dull so far as sales are concerned, the considerable quantity arriving going direct to manufacturers.

A Big Fortune at Stake. NEW YORK, Jan. 14.—Judge Wallace yesterday handed down a decision holding that ex-Sheriff Foster cannot be held responsible for \$600,000 seized from Leon Barnard, a canon of the church of Rome, and also dismissed the suit in the name of the Catholic prebendary against the ex-sheriff. The \$600,000 in question is a part of a fortune of \$2,000,000 that had been accumulated by the bishopric of Tournai, Belgium, in the course of a century. Through a change of bishops this great fortune was unearthed in 1873, when Bishop Dumont, for some offense or other was suspended by Bishop Duranseau. The new prelate was directed to get money for which suit was brought away from his predecessor, entrusted it to the care of Canon Barnard, a priest of the diocese, and the latter ran away with it to this country.

The Iowa Deadlock. DES MOINES, Jan. 14.—After being called to order this morning the house began on the fifth ballot for temporary secretary. The ballot resulted as yesterday, 50 to 50. After taking five more ballots, which resulted the same way, the house adjourned till 10 o'clock to-morrow morning. Gardner of Washington, republican, is quite ill and occupies a cot in the house chamber. The first thing done in the senate this morning was the swearing in of new members. After the introduction of a few resolutions the senate adjourned until 3 o'clock this afternoon to give the democrats time to caucus on candidates for senate positions.

An Editor Assaulted. KANSAS CITY, Jan. 13.—Charles Jones assaulted one Hammerslough in the street to-day. Jones is a son of Major Jones, superintendent of the national water works company, and Hammerslough is proprietor of the Standard-Globe. Hammerslough did not strike back, but contented himself with glaring his face. The men were finally separated and Jones taken to the police court where Hammerslough charged \$100. Articles which have appeared in the Globe and which Jones considered derogatory to the honesty of his father inspired the assault.

Senator Wilson Re-Elected. ANNAPOLIS, Md., Jan. 14.—The senate and house went into joint session to-day and re-elected E. K. Wilson, democrat, United States senator for the term of six years, beginning March 4, 1891. The republicans cast their votes for the Hon. Thomas S. Hodson, of Somerset county. Mr. Wilson is a particular representative of the eastern shore in the upper house of congress, a peculiar state law requiring that one of the two United States senators shall be an eastern shoreman.

May Complete the Big Ditch. PARIS, Jan. 14.—The Paris says the president of the French commission sent out to investigate the affairs of the Panama Canal company on the isthmus in a speech made at Aspinwall said that the canal would be completed.

THE NEW OHIO SENATOR

Calvin S. Brice Receives a Majority of the Votes Cast Yesterday.

The Result Proves the Futility of Rumors of a Split Being with Complaint—The Legislature to Meet in Joint Session To-day.

COLUMBUS, O., Jan. 14.—Calvin S. Brice was to-day at noon elected to the United States senate, receiving a majority of the votes in either branch of the legislature. Shaw, of the Lima district, nominated Brice; Ganser of Zanesville seconded the nomination. Schneider of Cincinnati nominated Murat Halstead. Music of Chillicothe nominated Governor Foster. The vote in the senate was Halstead 1, Foster 14 and Brice 19. In the house a call was demanded to bring in the members. Brown, democrat, of Hancock, who is sick, was carried to the hall in a chair. The only other democrats absent were Schneider of Cincinnati and Troeger of Holmes and Lawler of Franklin, who is ill.

William Blair, republicans, were absent. Hunt of Sandusky presented the name of Calvin S. Brice, which was seconded by Bellville of Montgomery. Representative Braman named Charles Foster, which was seconded by Representative Lawler. On the roll call the vote of the house was as follows: Brice, 73; Foster, 26; Blair, 1. The result will be canvassed by the senate and house in joint session to-morrow. The joint result of the two branches is, Brice 75, Foster 60, Halstead 1 and Neil 1.

State Reception at the White House. WASHINGTON, Jan. 14.—The first of the evening state receptions of President Harrison's administration was quite a brilliant affair, given in honor of the diplomatic corps, whose members attended more generally than usual. This fact is in part attributable to the presence of delegates to the Pan-American conference, many of whom had never witnessed an event of this kind in this country. Among the present were the members of the cabinet, nearly all the justices of the supreme court, many senators and representatives, and a large number of other prominent officials. The president was assisted in receiving the guests by Mrs. Harrison, Mrs. Morton, and nearly all the ladies of the cabinet household.

Investigating a Swindle. CHICAGO, Jan. 14.—The matter of the fraudulent failure of Deirnel Bros. was again on hearing to-day. Attorney Mayes said it was utterly impossible in view of the complicated condition of affairs to get at the bottom of the swindle for some time since the president of the bank purchased nearly \$300,000 worth of goods, although knowing they were insolvent. These goods have been stored in warehouses, and they borrowed money with a view to their sale. The bank failed a day or two ago and now stand at \$300,000. One firm of creditors to-day filed a bill charging fraud on the part of the president of the bank of the most glaring description. It was brought on for hearing to-day, and by the firm January 3 and 4, days on which transfers of their property to relatives was actively pushed.

Secretary Window's Call. WASHINGTON, Jan. 14.—Secretary Window's call for 10 per cent. of the amount of public moneys held by National banks expires to-morrow. So far only 18 banks out of 130 called upon have responded. The amount surrendered, however, is far in excess of the amount called for, so that some of the banks gave up the entire amount held by them and a number of others surrendered all above the amount necessary for the transaction of current public business. The total amount of bonds purchased to date in liquidation of these deposits is \$6,711,500. The future course of the department in this matter will be determined in a few days.

No Match for Our Boys. NEW YORK, Jan. 14.—A letter from an associated press correspondent, with the squadron of evolution, dated from Lisbon, tells of the adventures of the mercenary in Lisbon. On the 27th of December the English residents of Lisbon challenged the American sailors to a game of football. The contest was held on the main of cadets of the fleet was organized and the American boys did their opponents up to perfection. Neither team played the other's game, but the Americans said, "We will play you your way first, then you play ours." The proposal was agreed to with the result as above. The Englishmen afterwards gave a dinner to the American team.

Appealing to Governor Hill. ALBANY, Jan. 14.—Civil Justice Mitchell, of New York city, as counsel for Mike Donovan, who was charged with the murder of James Wakely, who was wanted by Governor Lowery, of Mississippi, charged with aiding and abetting the Sullivan-Kilrain flight, appeared before Governor Hill yesterday afternoon, and requested him not to allow the prisoners to be taken out of the state. He claimed the indictments against the men were defective. Pending the governor's decision Justice Mitchell submit authorities touching on similar cases.

THEY FOUND POINTER.

A Party of Farmers go Gunning for a Negro With Fatal Results.

St. LOUIS, Jan. 14.—A serious shooting affair occurred near Bridgeton, 18 miles east of this city, on the Washburn railroad, yesterday. Reports involving the name of Miss Christina Amelung, a young lady of 19, a daughter of William Amelung, a farmer, Mr. Amelung had had a colored man, Fallone Pointer, in his employ, and as the story goes, Pointer had been boasting of intimate relations with Miss Amelung. This report was first heard three weeks ago, and the Amelung boys, John, William, Edward and Frank, ever since have been determined to punish Pointer for telling such stories. They called to their assistance their brothers-in-law, Otto Christ, Herman and Luke Amelung, and yesterday the party started out to find the offending negro. A call was made at the house of Creed Hall, but Pointer had gone with Elder Hunt to the house of Paul Bevin to assist Miss Bevin, who had been confined to her bed for four months with dropsy. There he was found. Bevin answered knock at the door and was told they had come to arrest Pointer. Bevin told them not to make a disturbance as his daughter was sick. Hunt asked them if they had a warrant. Herman Amelung pushed by him into the house, revolver in hand, and pointing it at Pointer, said that was warrant enough for him. Mrs. Bevin seized a shot gun, when Otto Amelung stepped upon her and attempted to take it from her. Bevin came her assistance and a terrible struggle ensued, during which two of the Amelungs seized Pointer, who defended himself desperately. He was struck over the head with a revolver and knocked down with a chair, when he grabbed a flat iron with which he struck Herman Amelung a blow on the head. The men then ran out and began firing through the doors. Mrs. Bevin, who had run into the kitchen, screamed, and Pointer, picking up the flat iron, rushed into the room, and Amelung was in the doorway, revolver in hand. Pointer fired full in his face. He fell back and was carried away by his friends. Pointer was carried to Bridgeton, where he gave himself up, as it was feared he would again be attacked. The wounded man received the full charge in the face, both eyes being shot out.

Quinlan, a prominent cattle dealer of this city, to collect a note given him by Quinlan during a recent night poker game, in which Guion is said to have won \$30,000. TURF GOSSIP.

From the Spirit of the Times.

Mr. Haggins's Hatched Col Paso yearlings, 100 head, by Darvel, Sir Madoc, under All, Warwick Joe Daniels, etc., will be sold by Mr. William Easton, in New York on Monday, June 30. Messrs. Clay & Woodford, of the Runnymede Stable, Florida, Ky., have purchased of Mr. D. D. Bell, Lexington, Ky., the bay colt Hueneme, foaled 1888, by Imp Billie, dam Virgie D., by Virgil, for \$5,500. Whistle Jacket, the English sprinter, sold at auction at Newmarket on December 18, for 2,000 guineas. His distance is five furlongs, and he would, it is believed, give Volunteer, Britannic or Fortham a race. Mr. R. Tucker has purchased of Lyle & Palmer, Nashville, Tenn., the brown colt, foaled 1888, by Vanderbilt, dam Nina Turner (Telle Doe's dam), by Hinawatha, a full brother to Madison; also the bay colt, foaled 1888, by Vanderbilt, dam Miss Gertrude, by Giengarry. John Hyland, the trainer, said the other day that he intended remaining at Jerome Park, Collierville, Tenn., for the winter. While the track will not be used for racing, unless somebody leases it for that purpose, it is probable that it will be kept busy as a track for using trials it is utilized for other purposes, which does not seem likely.

Our correspondent "H" writes from Saratoga Springs: "George Ayres has the only stable of thoroughbreds here this winter. He occupies the Col. McDaniel stable and has Bob Lisle, 5-year-old; Kentucky Ban, 4 years; Sable and Wabasa, 3-year-olds of his own; Fresno, 3 years, and a 2-year-old bay colt belonging to J. B. Haggins." The English stallion Balfie died on the 6th, at the Ludwick Stud, Hatfield, Herts. He was foaled in 1872, a son of Paudin-Bobanah, an 4 1/2. The horse succeeded in his horse in the colors of Prince Soltkyoff, winning 13 races, the Hopeful and Burwell at two, the Biennial at Ascot, Goodwood and Grand Duke, which also won the Claret and at Newmarket for four.

Reports from Louisville state that Spokane, the Kentucky and American Derby winner of last season, escaped from his stable at Louisville, where he was kept in broken glass, the wounds then made subsequently festered and gave him great trouble. The larger pieces of glass were removed, but the colt suffered greatly from it, and there were great fears of lockjaw. One of the curious facts regarding Bravo, the recent winner of the Melbourne cup, is that his owner, Mr. W. T. Jones, has been visiting in England, and last summer cabled home for the horse to be shipped to England for racing. His trainer, Mr. J. B. G. Jones, in Australia, and was given his way, with the splendid result of winning the richest all-aged event of the world—\$28,575.

Christian; treasurer, George Fingst; secretary, Frank Walker; executive committee, Thomas Bruce Carr, Smith Dickins, Graves, Martin L. Hare and Patrick Dickins.

At the annual meeting of the Barber and Harper County Horse-Breeders' association, held at Indianopolis under the title of the Indianapolis trotting and pacing association. The capital stock of the association was fixed at \$10,000 and nearly \$4,000 was at once subscribed. The following officers were elected: President, Bruce Carr; vice-president, William F. Christian; treasurer, George Fingst; secretary, Frank Walker; executive committee, Thomas Bruce Carr, Smith Dickins, Graves, Martin L. Hare and Patrick Dickins.

We Americans who are flaunting the large sums of money added to our Futurity, Junior Champion, Realization and Westchester, which they stakes shortly pause. The Australians have completely discredited us. The recent Melbourne cup had the magnificent sum of \$25,000 added by the Victorian Racing club, and a quarter of the value of \$850, while a gold mounted whip, valued at \$250, was provided for the rider of the winner. The second horse received \$5,000 and the third \$2,500. How is that? And it was for a miserable three-quarter mile skurry, either. It was a race over a two-mile course, with 140 pounds as the top weight. That is horse racing.

The Australian horse, Abercorn, showed a marvelous flight of speed at the late Melbourne meeting, where, Nov. 9, he won the Canterbury plate, two miles and a quarter, in 4:12. The horses ran very slow until the last mile and a half, which they ran in 2:35; the mile and a quarter in 2:05, and the last five furlongs in 1:02 1/2. The horse is a son of the late champion of the Melbourne Stakes, one mile and a quarter, in 2:07 1/2, with 129 lbs. up, beating the great Carbine. Americans must not question the time, it is more perfectly trotted at anywhere in the world, and the Australian newspapers are ridiculing us for our flying starts. In Australia they do not allow a horse to start from a walk, as here.

A dispatch from Nashville states that Mr. Estill, the manager and agent of Mr. Theodore Winter's stable, has left the city for California, and that he has arranged for the entire stable, consisting of El Rio Rey, Joe Courtney, Don Jose, Racial, Barrett, etc., now wintering at the Westchester course, to be shipped to Nashville during the present month, and will bring, in February, from California to Nashville, the entire lot of Winter's 2-year-olds, including "A. J. Rey, the favorite of the members. This means a change from the plan originally outlined. Mr. Estill said some time since that he thought the present lot would remain at Westchester, and race at the eastern spring meetings, while the 2-year-olds would be brought on in March and take part at the St. Louis and Chicago meetings, which they would be brought to Monmouth late in July.
