## THEY ALL PACK GUNS

South Omaha Has Her Full Share of  
Trouble Now.

### ONE MAN WHO SLEEPS OUT

Bad Blood is Being Shown More  
Freely Each Day the Big  
Packing House Strike  
Hangs On.

OMAHA, Aug. 7.—The situation at South Omaha is more serious to-night than at any time since the strike began and Adjutant General Gage is closely watching the maneuvers of the angry strikers. All the packing houses are surrounded by strikers, most of whom are armed, desiring to enter the plants. The trade in revolvers has been rushing for the last week. Permits have been issued to many of the men to carry guns and each day the situation grows more serious.

A Frenchman who was anxious to go back to work, but was afraid he would be assaulted if he did, rigged himself out in a novel way and passed through the picket lines without being detected. He dressed himself in one of his wife's gowns and, accompanied by her, the pair walked into the plant without any questions being asked. The Frenchman is now hard at work, but he does not go home in the evening.

The packers still claim many of their old men want to come back to work, but are afraid to do so for fear they will be assaulted.

The strikers claim none of the old men have gone back to work, but on the other hand several more of the men came out yesterday, because they would not work for \$1.50 a day. The strikers appear to be more bold than at first in their assertions. The butchers are especially positive of winning and many of them declare openly that if they do not win the packers will regret it.

There have as yet been no acts of violence committed outside of scraps. It is claimed by the committee that 25 men quit at Hammond's this afternoon. Bad blood is being shown more freely each day the strike hangs on.

### THE PACKERS' STRIKE.

Chicago House Importing Help From  
New York.

CHICAGO, Aug. 7.—The force in Swift & Morris' packing house was increased this morning by the arrival of 50 butchers from New York. The applicants for work in other branches were numerous, but most of them were turned away.

### THREATENING AT OMAHA.

OMAHA, Aug. 7.—All the packing houses in South Omaha were working with a force to-day. The strikers form a picket line all around all the packing houses and when the men start to work or to leave they are taken in charge by the pickets. Many have been assaulted and badly beaten. The managers to-day appealed to the city for additional police protection.

### WASHINGTON GOSSIP.

Movements in the High Political Circles  
of the Nation.

WASHINGTON, Aug. 7.—President Cleveland gave to congress a clear statement of his views on special legislation for the retirement of army officers in a veto to-day of the bill for the relief of Eugene Wells, late captain of the 12th infantry. The bill authorized the president to appoint the beneficiary a second lieutenant of artillery, to be placed on the retired list for disability, without the usual examination by a retiring board. The president writes:

"Appointments to the army under the authority of the present legislation which named the proposed appointees, the purpose of which is the immediate retirement of the appointees, are open to serious objections, though I confess, I have been persuaded through sympathy and sentiment on a number of occasions to approve such legislation. When, however, it is proposed to make the retirement compulsory, and without reference to age or previous examination, a most objectionable feature is introduced.

"The cases covered by the special enactments referred to are usually such as should, for worthy of consideration, be provided for under general or corporation pension laws, leaving the retired list of the army to serve the legitimate purpose for which it was established. A recent decision in the house upon a bill similar to the one now before me drew from a memorandum of the house committee on military affairs, the declaration that hundreds of such bills were before that committee, and that there were 50 precedents for the passage of the particular one then under discussion. It seems to me this condition suggests such an encroachment upon the retired list of the army as should lead to the virtual abandonment of the legislation passed, upon sound policy and good administration.

"There are facts connected with the case covered by the bill now before me which, in my judgment, forbid its favorable consideration. I am impressed with the belief that the legislation of the kind proposed is of extremely doubtful expediency in any save very exceptional cases, and I am thoroughly convinced by the facts now before me that the discipline and efficiency of our army, as well as justice to its meritorious members, does not permit my approval on any ground of the bill herewith returned."

### TOOK A RECESS.

WASHINGTON, Aug. 7.—At 12 o'clock the tariff conferees took a recess. It was made known that Chairman Wilson and other conferees would attend the caucus. It was stated that the morning meeting had brought about no changes. No further action will be taken until after the house caucus.

### SPEAKING OF SUGAR.

WASHINGTON, Aug. 7.—Conservative democratic senators guardedly admit that there is foundation for the report that a movement may be made soon to put sugar on the free list. One said to-day it was liable to come in the shape of a motion to discharge the tariff conferees and

have the senate recede from its amendments on sugar.

### TALKING IT OVER WITH GROVER.

WASHINGTON, Aug. 7.—Chairman Wilson and Representative Breckinridge of Arkansas were at the white house for two hours last night, and the latest phase of the tariff situation was fully canvassed.

### BYNUM'S PLAN.

WASHINGTON, Aug. 7.—Bynum and Springer conferred at noon and drafted a resolution to serve as a basis of the caucus action. It does not direct the house conferees to recede from their position, but urges that they reach a speedy agreement. Provision is also made that if this agreement was not effected by Friday there would be another caucus. After consultation among the friends of the house conferees, it was decided not to introduce a substitute resolution, but to vote down the Bynum-Springer resolution.

### THE CAUCUS MEETS.

WASHINGTON, Aug. 7.—Chairman Holman called the house caucus to order at 3 o'clock to-day, 19 members being present. Bynum offered a resolution recognizing the fact of the disagreement on the tariff bill and declaring the conferees should meet in a spirit of liberality and by mutual concession agree upon a measure that will meet with the approval of both parties.

Wilson opposed the resolution.

### QUIT EARLY TO AVOID A ROW.

WASHINGTON, Aug. 7.—The senate held a short and uninteresting session to-day, adjourning at 2:40 p. m. The most important event of the proceedings was the passage of a resolution directing the president to take steps for the release of American citizens confined on the island of Cuba for participation in the recent rebellions. The early adjournment was due to a desire to avoid irritating remarks which it was thought on the democratic side would probably be heard later in the day from the republican senators and might lead to amendments which, at the present time, when the feeling is running high, might prove disagreeable.

### VEILED IN MYSTERY.

No One Knows What Queen Li's Envoys  
Are Doing Here.

WASHINGTON, Aug. 7.—There is some uncertainty manifested in congressional circles to know the exact purpose of the visit of Messrs. Parker, Cummins and Wideman, the royalist envoys from Hawaii. While they talked with various members of congress they have not considered to any one a definite impression of the ends which they hope to accomplish by their mission.

In a general way they reviewed the various wrongs attending the overthrow of the monarchy from their standpoint, and they have complained of the interference of Mr. Stevens who, they say, brought about the downfall. They represent that the present government cannot be considered a republic and they are not satisfied with the attitude of Mr. Willis, who is said to be as friendly to the American element as his predecessor.

But they do not ask the Americans to do anything in behalf of the deposed queen, nor do they state definitely why they are here. One of the two objects as suggested by members of congress to have brought the delegation, is to urge the administration to carry out its abandoned attempt to restore the queen, or make arrangements for pecuniary redress for her. The commissioners have expressly disclaimed either of these purposes, and their object is veiled in mystery.

### GIVEN A HEARING.

Western Industrial Army Leaders Plead  
With Congressmen.

WASHINGTON, Aug. 7.—Mr. Jeffries, the head of the contingent industrial army, from the state of Washington, and several other commonwealers now stationed on the outskirts of Washington, was given a hearing by the senate committee on education and labor to-day. They advocated the Peffer bill, which provides for an issue of \$250,000,000 for the construction of irrigation works in the arid region, for river and harbor improvement, and for the erection of public buildings, and the issuance of treasury notes to pay for the same. Those who spoke were E. J. Jeffries of Seattle, Wash.; Arthur Vinitte of Los Angeles, Cal.; A. Lawrence of San Francisco; Charles Chamman of Butte, Mont., and Stewart Brown of Pittsburgh.

### THEY'LL LOOK INTO IT.

Congressmen Appointed to Investigate  
the Case of Judge Rieks.

WASHINGTON, Aug. 7.—Steps were taken by the judiciary committee of the house to-day for an investigation of the charges against Judge A. J. Rieks made by the Central Labor union of Cleveland. It was agreed that no steps toward impeachment should be taken until more was known of the matter, and the case was referred to a sub-committee, of which Bailey of Texas is chairman. Bailey will introduce a resolution authorizing the judiciary committee to investigate the case.

### BROKE HIS NECK.

Singular Fate of Charles Smith at Walkerville This Morning.

BUTTE, Aug. 8.—Charles Smith, a boarder at the Palace hotel in Walkerville, fell out of a window and broke his neck about 1:30 o'clock this morning. Coroner Porter was notified and is conducting an inquest at the house as the STANDARD goes to press. No further particulars are obtainable at this hour. It is believed to be a case of suicide.

### No Such Good Luck.

CHICAGO, Aug. 7.—There is no probability that the western passenger lines will become involved in a war of rates over the action of the Union Pacific cutting the through rate from San Francisco to Chicago and the East. The roads have about concluded that the matter is not heavy enough to require any drastic measure, and the whole thing will probably be allowed to drop without further trouble.

### Wreck at Walls Walls.

WALLS WALLS, Wash., Aug. 7.—A freight train on the Oregon Railroad & Navigation company's road was wrecked at Alto bridge last night. Conductor W. E. Watson and brakeman David Wright and Fred Harrison were badly though not fatally injured.

## MRS. MING GOES TO JAIL

She Wouldn't Show Her Books to the  
Court as Ordered.

### FINED A HUNDRED DOLLARS

Judge Buck Made Up His Mind to  
Put a Stop to the Filibuster-  
ing—Judge Blake's  
Appeal.

Special Dispatch to the Standard.

HELENA, Aug. 7.—Judge Buck fined Mrs. Ming \$100 to-day and ordered her imprisoned in the county jail until she produced the books and papers relating to the estate and demanded by the referees. During the afternoon Sheriff Curtis went to Mrs. Ming's residence and escorted her to jail but she was not treated as a common prisoner. She was received in the residence part of the building where the sheriff and his family reside and where she was entertained by Mrs. Curtis.

In the meantime Judge Blake was preparing an application to the supreme court for a writ of habeas corpus. When the judge arrived Mrs. Ming went with him to the court house and swore to the affidavit, and returned to jail without the company of an officer.

Associate Justice Harwood was the only member of the supreme court in town to-day. He made an order directing the issuance of the writ which permits the release of Mrs. Ming on \$5,000 bonds until the return of the writ before the full court next Monday. She was released this evening.

Judge Blake in the contempt proceedings admitted that there was a conflict between Mrs. Ming's answer and her replies to questions, but he thought that she did not understand, and that she is really represented by the answer filed before the referees. Judge Blake stated that he had ascertained to his satisfaction that the books referred to by Mrs. Ming are such diaries usually kept by women, and in which all kinds of items are mixed up with entries in reference to the estate. He thinks they come under the constitutional provision of Montana, and the amendment to the constitution of the United States, in reference to private papers.

### IN LAST CHANCE GULCH.

Gossip About the Courts and a Number  
of People.

Special Dispatch to the Standard.

HELENA, Aug. 7.—Judge Knowles discharged T. H. Clark of Missoula to-day who was brought here on a charge of contempt during the strike for intimidating Northern Pacific employes.

James Brown, one of the Hogan army, who was held for attempting to escape from deputy marshals, was discharged by Commissioner Sprouts to-day, there being no evidence to prove the charge.

Alphonse Durango, indicted by the grand jury last winter for selling whiskey to Indians on the Crow reservation, has been captured and was brought here to-day.

Andrew Hansen, the colored man wanted in Butte for horse stealing, and who escaped from the city jail here, was captured at Craig to-day by Chief of Police Leyden and taken to Butte this evening.

Some of the coroner's pleasant friends played a joke upon him last night. A telephone message came to the city marshal's office saying that a man had hung himself in the Helena Lumber company's yard near the Northern Pacific depot. The doctor could not be reached by phone and the marshal got a hack and hunted him up. The coroner met the jokers on the way to the depot, and they tried to have him defer the inquest till morning, saying that it would not hurt the corpse to hang a few hours longer, but the coroner demurred and informed them that he knew his own business. He suspected something, however, and telephoned to the depot, and after considerable difficulty made out that the corpse was nothing but a stuffed saw man placed in the yard to frighten the night watchman.

### LO MAY BUY FIREWATER.

The Great White Father's Court Has  
Said It and It Goes.

PORTLAND, Ore., Aug. 7.—Judge Bellinger this morning rendered an important decision in the case of Thomas Hawks and Edward Kline, charged with selling liquor to Indians. He decided that the allotment of lands in severalty to Indians had the effect of removing them from under the charge of Indian agents, and gave them a standing as American citizens. As such the United States laws governing the Indian wards of the government do not apply to them, and the selling of liquor to an Indian who was not in charge of the United States Indian agents is not a punishable offense under the United States statutes.

The decision has a precedent, the opinion of Judge Hanford delivered in an Indian case of another character in 1892, but it is the first decision to this effect in a case directly in point.

### BRUTAL MURDER.

San Francisco the Scene of a Shocking  
Tragedy.

SAN FRANCISCO, Aug. 7.—Eibel Leroy, a disolute woman, was murdered in a shocking manner this afternoon in a lodging house on O'Farrell street. After a desperate struggle with Frank Larrabee, whose mistress she has been, he overpowered her and with a razor cut her throat. In the terrible struggle the woman's cheeks, neck and breast were frightfully slashed. Pushing the dying woman from him, Larrabee drew the razor across his own throat in an attempt to end his life. The woman very soon died to death, but Larrabee will live. The murder was caused by the woman's threat to leave him.

### FOILED BY THE ENGINEER.

Train Robbers See Their Plans Defeated  
By a Nervy Man.

CLEVELAND, Aug. 7.—An attempt was made last night to hold up the Lake Shore express train at Kessler, Ind., at the identical spot the same train was held up last fall. The train was just approach-

ing a split switch when the engineer noticed that the switch was turned so as to run the train on a siding where ties were piled. The engineer put on all steam and dashed through the pile, passing safely on to the main track through the split switch at a high rate of speed.

Masked men fired several shots at the train, none of which, however, took effect. The United States express carried a large amount of money. It is thought this was known to the desperadoes.

### CZARINA WON IT.

Montague's Cutter Took the Queen's Cup  
Yesterday.

COWES, OFF WIGHT, Aug. 7.—In the race for her majesty's cup in the royal yacht squadron to-day, for all yachts belonging to the squadron, the old queen's course was revised, and the Prince of Wales' cutter Britannia, Emperor William's cutter Meteor (formerly Thistle), Admiral Montague's 63-rater Casaria, Lord Dunraven's 63-rater Lesperano, W. R. Cookson's 63-rater Castanet and 61-rater Mohawk started. At 10 a. m. the Britannia crossed the line before the gun was fired and was therefore disqualified. The Casaria led, followed by the Meteor. Meteor finished first, but the Casaria won on time allowance.

### ABOUT THE BURLINGTON.

The New Line to Billings Has About  
Been Completed.

KANSAS CITY, Aug. 7.—It is announced here to-night that the Burlington route's new spur, from Sheridan, Wyo., to Billings, Mont., is fast approaching completion. This will bring the Burlington into direct connection with Portland, Ore., and Puget Sound points, the Northern Pacific being the connection. The new line makes the distance from Kansas City to Portland 400 miles shorter than any other line and will shorten the mileage to Puget Sound 200 miles.

### JEALOUSY.

The Green Eyed Monster Got in His  
Deadly Work Again Yesterday.

CHICAGO, Aug. 7.—Henry Russell, a mechanic living at No. 6 Sheldon street, killed his wife and himself at his home this afternoon. After quarrelling several hours, Russell carried the woman to the second story window, cut her throat and threw her almost decapitated body to the pavement below. Then leaning out of the window he fatally slashed his own throat in view of the crowd of spectators and died within a few minutes. Jealousy is the cause.

### WORRING THE RAILROADS.

Bridges Barred and Employes Shot At  
Down in Indiana.

BRAZIL, Ind., Aug. 7.—Last night a bridge north of the city on the Chicago & Eastern Illinois road and a bridge west of the city on the old "Peavine branch" of the same system were burned. The fires are believed to be the work of strikers or sympathizers.

Conductor Stevens of the south bound passenger train on the Chicago & Eastern Illinois was shot at last evening as the train was nearing Coal Bluff. Additional deputies have been sworn in.

### STRAIGHT DEMOCRATS.

They Were Eager in the Alabama Elec-  
tion.

The latest returns say the senate will have at least 8 democratic majority and the house not less than 10. Oates' majority is 35,000. The vote is short of that of 1892 by 40,000 or 50,000 on account of the new election law.

### ELOPED WITH THE DAUGHTER.

How Frank Steiner Won a Wife Against  
Her Papa's Wishes.

PHILIPSBURG, Aug. 7.—William Perriman of New Chicago telegraphed the authorities yesterday to keep on the lookout for one Frank Steiner, who had that day eloped with Mr. Perriman's daughter, Josephine, a young lady of 19 years. It was thought by the parents that the wayward couple had come to Philipsburg, but all search has failed to find them out. Steiner is about 30 years old and for some time has been employed on the ranch of Mr. Perriman.

COLORADO SPRINGS, Col., Aug. 7.—Adjutant General Tarsney was fined \$50 and costs by Judge Campbell for contempt of court in refusing to appear before the grand jury when summoned. He was ordered before the grand jury to testify regarding the outrage of which he was the victim.

## ON TRIAL FOR HIS LIE

C. J. Black Before a Jury Charged With  
an Awful Crime.

### HE DOESN'T SEEM TO WORRY

All the People Around Columbia  
Falls Are Deeply Interested in  
the Progress of the  
Inquiry.

Special Dispatch to the Standard.

KALISPEL, Mont., Aug. 7.—A jury was secured last night and the trial of C. J. Black, accused of the murder of Mrs. J. Cunningham, was commenced. County Attorney Logan made the opening statement on behalf of the state. Henry Heideman and C. H. Foot are defending.

The court house was packed to overflowing. Intense interest is taken by the people living in the vicinity of the home of the murdered woman. The prisoner is neatly dressed and is apparently unconcerned as to the outcome of his trial, and displays no emotion whatever. He is smooth shaven and very pale, as he has been confined closely in the county jail since May 1. His hair is jet black.

The first witness was Constable Wheeler who testified as to the distance. J. L. Lynch and other witnesses told of seeing Black in a saloon in Columbia Falls at 5:30 o'clock p. m. on the evening of the murder.

R. Sorey saw Mrs. Cunningham just out of Columbia Falls, on her way home. He was talking to her and Black passed them, going in their direction. Two other witnesses saw her cross the railroad track just out of town, and that was the last time she was seen alive.

Ernest Miller, the man who discovered the woman, ran across her accidentally while driving his cows home shortly after 6 o'clock. He immediately notified Cunningham, who mounted a horse and hastened to the scene of the murder. She was yet alive but insensible, and died in a few days.

C. F. Sully, justice of the peace of Columbia Falls, was called on the stand and just commenced to give his testimony, when court adjourned at 8:30 o'clock this evening.

### THE WAR IN THE EAST.

Thus Far the Japanese Hold Their Lead  
In Blood Letting.

LONDON, Aug. 7.—In the house of commons to-day Sir Edwin Gray, in reply to a question from Gourley, a prominent ship owner, said that Japan had promised that no warlike operations would be undertaken against Shanghai and approaches on the condition that China does not obstruct the approaches to Shanghai. Japan contends that the powers have no right to interfere with neutral vessels except in the event of a blockade, due notice of which should be given, or in case of a cor-tendant war.

### JAPS CAN'T COME EITHER.

WASHINGTON, Aug. 7.—The house judiciary to-day agreed to report against the admission of Japanese to citizenship. The decision was in reference to a bill providing that section 2,169 of the revised statutes shall not operate to exclude the Japanese.

### SINCHERY IS COMING.

WASHINGTON, Aug. 7.—Information has been received at the Japanese legation that Mr. Sinchiro Kurino, the new minister to this country, will leave Japan to-day for his new post of duty. He is expected here the latter part of the month.

### JAPAN'S ARMY IS ALL RIGHT.

The Japanese army has been brought up to a very high standard of efficiency, modeled very much after the tactics in vogue in Germany, and if the former government sought the assistance of foreign troops, which is not regarded as probable, it is likely that efforts will be made to obtain them from Germany.

### THEY TARRED TARNEY.

Prisoner Wilson Confesses How the Deed  
Was Done.

DENVER, Aug. 7.—Joe R. Wilson, an El Paso county ex-deputy sheriff captured in Missouri, has made a full confession of the tarring and feathering of Adjutant General Tarsney at Colorado Springs. According to his story Sheriff Bowers was the chief conspirator and released a murderer from jail to assist in the outrage. Bowers furnished the tar to Deputy Sheriff Quackenbush, and Mrs. Quackenbush ripped open a pillow to provide the feathers. The others engaged in the affair were Deputy Sheriff Bob Mullins, Captain Saxton and Sergeant Bancroft of Troop A, Colorado Springs; Sherman and Walter Crumley, hack drivers; "Shorty" Allen and Samuel Shollenberger. The scheme to kidnap Tarsney originated while the deputies were in camp at Gillette, and they carried it out at the first favorable opportunity.

Sheriff Bowers denounces the alleged confession of ex-Deputy Wilson, in so far as it implicates him in the outrage against Adjutant General Tarsney.

Chief of Police Armstrong to-day confirmed the report that Wilson had made a confession of the Tarsney outrage, but added: "As far as I know, Sheriff Bowers is not implicated by the confession."

### HARRY WON THE HONOR.

Of Being the First Man Hanged in Le-  
high County.

ALLENTOWN, Pa., Aug. 7.—Lehigh county's first legal hanging since the county was incorporated in 1812 took place this morning. Henry F. Johnson being the victim. He murdered his 3-year-old daughter so he would not have to provide for her.

### CAUGHT IN CHICAGO.

Jim Stratton, the Famous Mail Robber,  
Is the Man.

DENVER, Aug. 7.—Warden McLister of the Colorado penitentiary received a dispatch to-day from Chief Detective Shea of Chicago saying that James K. Stratton, the celebrated mail box robber, who escaped from the penitentiary, where he was serving a 21 year sentence, last September, has been captured in Chicago.
