

IDAHO IS INTERESTED

She Has a Share in the Fight With the Northern Pacific.

AS TO THE MINERAL LANDS

Action Taken by the State Legislature Regarding This Matter—The Hartman Bill Com-mended.

Special Correspondence of the Standard.

WARDNER, Idaho, Jan. 24.—The miners of the Coeur d'Alene mineral belt are taking much interest in the fight with the Northern Pacific Railroad company for possession of the mineral lands of the northwestern states. There is a large tract of mineral-bearing land in this part of the world that will be affected by the settlement of this question. In the state legislature now in session at Boise Representative Neill of this county has been active in pushing consideration of this question. A joint committee was appointed to draft a memorial with reference to the mineral lands within the Northern Pacific grant.

The committee recommended that the following be at once telegraphed to the United States senate and a copy be mailed to the Montana legislature:

To the Honorable Senate of the United States: The legislature of the state of Idaho respectfully urges upon your honorable body the importance of the immediate passage of the bill known as the Hartman mineral land bill, providing for the segregation of the mineral lands from the grant to the Northern Pacific Railroad company within the states of Montana and Idaho. We urge immediate action because of the great material interests involved. Memorial in due form will follow by mail.

The committee also recommended adoption of the following memorial:

To the Honorable Senate of the United States: Your memorialist, the legislature of the state of Idaho, respectfully represents to your honorable body as follows, to wit: That a large portion of the lands within the limits of the grants to the Northern Pacific Railroad company in the state of Idaho is known to be mineral lands; that many valuable mines and prospects are located upon the odd sections within the limits of said grant. That the issuing of patents to said land, thus vesting title thereto in the said railway company must result in irreparable loss to mine owners, prospectors and all people living in the great mining districts situated within the limits of said grant. That the immediate passage of the bill known as the Hartman mineral land bill, now pending before your honorable body, which provides for segregation of these mineral lands from the operation of said grant, before the issuing of patent, is absolutely necessary to the end that the rights of miners and prospectors as well as communities generally within the limits of said grant, may be protected.

The Boise Statesman says: A concurrent resolution was also presented by the committee instructing the governor to take proper steps to enjoin the secretary of the interior from issuing patents to the Northern Pacific to mineral lands held and claimed by Idaho citizens and to confer with the state officials of Montana with that end in view.

After reading the report Wyman of the joint committee explained the reasons for the committee urging haste in the premises. The ruling of the secretary of the interior requiring the miners to establish the existence of mineral in the Northern Pacific grant at this time worked a great hardship on the miners, in the dead of winter, to establish that fact; therefore, unless proceedings were stayed, the miners would not be able to file their contents within the prescribed 60 days.

Neill of Shoshone said that in his opinion the secretary of the interior had been flirting with the Northern Pacific. He had recommended to the house the passage of the Hartman bill, but, a short time afterwards, reversed himself in a recommendation to the senate. Something was accountable for the secretary's change of heart, a thing that was in direct conflict with the decision of the United States supreme court. Neill went over the entire question and, in conclusion, asked that there be not a dissenting vote against the committee's report.

Bennett of Owyhee said he thought the people was greater than congress or the secretary of the interior. To require the miners to establish whether or not ground covered with 10 feet of snow was mineral or nonmineral was preposterous. Everything possible should be done to stay proceedings to the end that the interests of the people be subserved.

The report of the committee was adopted unanimously.

BUSY ENOUGH.

Gallatin's Court Officers Have Their Hands Full.

Special Correspondence of the Standard.

BOZEMAN, Jan. 23.—The district court is still grinding away upon criminal cases. These cases are taking a good deal of time and about half of them are fired out of court before coming to the jury.

On Saturday last George Shatto, George Trent, Charles Parcher and Charles Holland were tried for stealing a saddle and some harness from Vic Cline last fall and Shatto turned state's evidence, pleading guilty and trying to implicate Parcher in the theft. The jury, however, rendered a verdict of not guilty in the case of Parcher, Holland and Trent, while Shatto will be held over and will be tried for the theft later on, and having already pleaded guilty will probably be convicted.

This week started off with the State vs. Charles Anderson and Otto Linden, who were accused of highway robbery at Logan on Oct. 31, of which they were convicted, and they will be sentenced to the pen on Saturday by Judge Armstrong. The case of the Singer Manufacturing company against W. C. Atherden and his bondsmen, M. J. Flannery and June Wilcox, on an alleged shortage in the accounts of W. C. Atherden, was non-suited.

In the action for divorce by Mary J. McTaggart against William McTaggart the jury found for the plaintiff, the divorce being granted with the matter of alimony and the custody of the child to be decided by the judge.

A special meeting of the city council was called on Tuesday to consider the question of the health of the city, and ordinance No. 127 was passed. It is called "An ordinance to prevent the spread of contagious and infectious diseases." This ordinance orders that all physicians and surgeons shall report in writing to the health officer, within 24 hours, all cases of contagious or infectious diseases which they shall attend. Any householder in whose dwelling there shall occur a case of any such disease, shall immediately notify the health officer of the same. The ordinance thus restricts the moving of any article of clothing or other property from an infected house; no occupant of

the premises shall be allowed to change his residence without the consent of the health officer, and the board of health shall separate, isolate and cause the quarantine of the sick and the disinfection of homes, and use such special care as they deem necessary to prevent the spreading of disease in this city. Any person who shall violate any of the provisions of the ordinance shall be fined not less than \$5 nor more than \$100 and the costs of prosecution. A large number of copies of this ordinance were printed and a copy left at every home in the city, accompanied by a letter earnestly requesting that every one carefully read the ordinance and aid in the securing of an impartial execution of the law and also calling attention to the penalties prescribed for the violation of any provision of the ordinance.

STOCKS AND BONDS.

New York Markets.

NEW YORK, Jan. 24.—This has been a rather dull day on the stock exchange. On opening speculation was firm, and during the first 45 minutes the tendency was upward. Then came a slight reaction, followed by a quick recovery after which the market became stagnant until about 1:30 o'clock, when heavy sales of lead caused a sharp break in these shares. The closing prices were fairly well divided by the gains and losses.

CLOSING STOCKS.

Table with columns for stock names and prices. Includes U. S. 4's registered, U. S. 4's coupon, Pacific 4's bid, etc.

Money Market.

NEW YORK, Jan. 24.—Money easy; closed at 1 1/2 per cent. Sterling exchange strong, \$18.90 @ 18.95 for demand and \$18.80 @ 18.85 for 60 days. Government bonds—Firm.

Petroleum—Strong; February closed, \$1.23 bid.

Hops—Steady.

Coffee—Firm; January, \$14.50; March, \$14.15; May, \$14.15.

Metals Market.

Lead—Strong; brokers' price, \$3.02 1/2; exchange price, \$3.10. Copper—Quiet. Brokers' price, \$10.00; exchange, \$9.85.

London Wool Sales.

LONDON, Jan. 24.—At the wool auction sales to day a fair amount was offered and the bidding was generally animated. Intercorrelations were, however, still dull and American buying caused firmness. The better grades of cross breeds were steadily purchased by Yorkshire.

Grain Market.

CHICAGO, Jan. 24.—Closing: May wheat, 54 1/2, corn, 45 1/2. Oats—29 1/2. Pork—\$10.62. Lard—\$6.62. Ribs—\$5.57. Receipts—Wheat, 37,000 bushels; corn, 160,000 bushels; oats, 83,000 bushels.

The Cattle Market.

CHICAGO, Jan. 24.—The supply of cattle was not large, 15,000 head, but there were too many of them. There was very little life in trade, and in almost every instance buyers were able to get liberal concessions from yesterday's prices. Receipts here and shipping orders sold principally at \$3.50 @ 4.75 and prices below \$2.15 bought the bulk of the cows and bulls. Extra beefers and export bulls are still quoted around \$3.65 and inferior stuff was offered at \$1.25 @ 1.50.

The continued decline in the product keeps the hog market pointing downward. It fell off 10c, to-day, or to \$3.65 @ 4.25 for common to choice 150 to 200 pound hogs, and \$3.00 @ 4.40 for poor to prime heavy hogs. The circumstance of unexpectedly light receipts did not count for anything. There was an unchanged market for sheep. Sales were on the basis of \$2.47 1/2 for poor to choice sheep and \$2.64.80 for lambs. Fancy sheep are quoted as high as \$4 and fancy lambs at \$4.60 @ 4.75.

Receipts—Cattle, 15,000; calves, 100; hogs, 24,000; sheep, 12,000.

There to public favor any more than is to learning. This is true, at all events, in America, where in transit, excellence is necessary to secure and retain the popular favor. The reason the Northern Western Line is one of the most popular railroads is that it service is not only always up to date but away ahead of the date. In our opinion, this is the Best Line between Chicago and the Twin Cities.—The Excursionist, Chicago.

Cheap Ocean Rates.

Reduced rates to Austria, Germany, Sweden and all points in Europe. Tickets to Chicago, New York, Boston, Philadelphia and all eastern and Canadian points. Call at Butte, Anaconda & Pacific passenger depot for rates, maps, etc.

From now on the Great Northern sleeper leaving Butte on the Atlantic express will run through to St. Paul without change, and beginning Monday dining cars will be run on through trains in and out of Butte.

Afraid of Pneumonia.

Mrs. Catherine Black of Le Roy, N. Y., took a severe cold. The physician feared pneumonia. She took one bottle of Parke's Cough Syrup and says: "It acted like magic. Stopped my cough and I am perfectly well now. I recommend it to every one for throat and lung troubles, as I believe it saved my life." Sold by Smith Drug Co. and Parson D'Acueil Drug Co.

In Olden Times.

People overlooked the importance of permanent beneficial effects and were satisfied with transient relief; but now that it is generally known that syrup of Elix will permanently cure habitual constipation, well-to-do men will not buy other laxatives, which act for a time, but finally injure the system.

Singers and artists generally are users of Brown's Bronchial Troches for coughs, colds, hoarseness and throat irritations. They afford instant relief. Avoid imitations.

Faster! Faster! Faster!

On And After December 16th You can come from St. Paul to Butte Over the Northern Pacific And save Five hours and Forty-five minutes In time Over any competing line.

Railroad Notes.

J. W. Hatley of Batavia, N. Y., conductor on N. Y. C. railway, and one of the best known men on the road, said of Parke's Tea: "For 10 years I have suffered from constipation. Tried everything and found nothing of lasting value. Hearing so many talking about Parke's Tea, I tried it without much hope. The first dose moved my bowels easily and now I am cured. It works like magic." Sold by Smith Drug Co. and Parson D'Acueil Drug Co.

MISSOULA MENTION.

MISSOULA, Jan. 24.—Fred Ritchie of Butte is endeavoring to secure the Mascot theater building and if successful will at once rebuild. Large blocks of ice as clear as crystal and about 18 inches in thickness are being stored away in ice houses. The fall of the beautiful continues in Missoula and vicinity. At least six inches has been added to the already ample snow fall. Dr. Hanson's horse, Ben Lomond, became frightened yesterday and ran away. Ben Foster goes to Northern Pacific hospital Monday to have another operation performed. Ben has long been a sufferer of some hip disease. Harry Cheaney, proprietor of the Florence, has about completed the new club rooms in his brilliant hall. The Chinamen will celebrate their new year on Front street to-day.

Freed From the Gag. Colonel Cockerill was for a time the editor of the New York World, and under his administration, it was as warm in its devotion to the single gold standard as is now. A little later Colonel Cockerill was editor of the Morning Advertiser and also of the Commercial Advertiser. Both of these journals were and are opposed to the restoration of silver. Colonel Cockerill was compelled to conform his views to the policy of the counting room.

But in his letter, contributed to the Recorder of Monday, Colonel Cockerill declares that "we would be untrue to the highest and best interests of all our people if we should yield to the demands of the money changers of Europe and demonetize silver. Let us have our own currency," he insists, "upon a ratio satisfactory to ourselves alone, and without the slightest reference to what Europe may desire."

Being no longer trammelled by the counting rooms of the World and the two Advertisers, Colonel Cockerill is able to speak out in his own person and protest against the wreck and ruin brought upon our people by a monetary policy dictated by European money changers through their agents and partners in Wall Street.—Atlanta Constitution.

Time Is Money.

If you are contemplating an eastern trip the Northern Pacific is the shortest, quickest and most comfortable route to St. Paul, Chicago, Omaha, Kansas City and all eastern points. Pullman Palace vestibuled sleeping cars, first and second class day coaches on all trains in and out of Butte.

The Northern Pacific is the only line operating Pullman Palace vestibuled sleeping cars between Butte and St. Paul. "A Observer will not fail to notice Close that in each large section of our country some one particular railroad will be found always a little in advance of its competitors. In the great Northwest this enviable position belongs to the North-Western Line."—The Health and Home, Minneapolis.

"The Of Railway trains in the Northwest and without a superior in King America is the North-Western Bee Limited between Minneapolis, St. Paul and Chicago. It is the finest train this side of Chicago, the finest train running out of the Twin Cities and is luxurious enough for a king."—The Commercial Bulletin, Minneapolis.

BITTER ROOT RANCHES

- FOR SALE \$500 70 acres with good title and water. \$600 100 acres, homestead, all fenced. \$1000 100 acres near P. O., school and depot. \$1500 80 acres, plenty of water, young orchard. \$1800 80 acres fruit land, all fenced, small orchard. \$2000 240 acres, 80 under fence, good building. \$2200 120 acres grain land, good building, plenty of water. \$2500 100 acres fruit land, water, school, church and dwelling, 1/2 mile. \$3000 100 acres hay and grain land, plenty of water. \$4000 100 acres, good water right and buildings, 4000 bearing fruit trees. \$5000 640 acres, 520 of it timber, good water right, a bargain and a good investment.
