MANY WOMEN THERE

Also a Large Number of Sunday School Children.

THE CRITTENTON SERVICES

Increased Interest in the Work of Establishing a Rescue Mission in Butte - Union Meetings To-Day.

That there are many ladies in Butte who are interested in the work of the Florence home to be established in this city was shown by the attendance at the meeting yesterday afternoon in the Auditorium for the purpose of organizing a rescue band. Mr. Morton presided and Rev. T. H. Hicks was secretary. Mr. Morton explained the work of the band and stated that it was to act in conjunction with the home in finding out the needy and deserving cases and bringing them to the home. Volunteers were called for and the following ladies responded: Mrs. E. Gates, Mrs. William Costello, Mrs. L. J. Hensley, Mrs. Lean Simons, Mrs. M. B. Marks, Mrs. J. Range, Mrs. A. A. Selfridge, Mrs. E. P. Triol, Mrs. H. T. Swenson, Mrs. J. Davidson, Mrs. E. Frakes, Mrs. A. H. Wetthey, Mrs. Francis Faulkner, Mrs. J. H. Mallin, Mrs. G. W. Robinson, Mrs. J. Hoatson, Mrs. E. M. Tower, Mrs. G. C. Stull, Mrs. A. Gray, Mrs. H. M. Patterson, Mrs. James Evans, Mrs. E. A. Rundle, Mrs. Ella E. Belcher, Mrs. H. R. Edwards, Mrs. E. G. Porter, Mrs. N. B. Davidson, Mrs. J. D. Stemmions, Miss A. M. Resenor. At a meeting afterwards the following officers were elected: President, Mrs. Faulkner; vice president, Mrs. Wetthey; secretary, Miss Resenor; treasurer, Mrs. Stemmions.

Long before 2 o'clock yesterday the children were trooping towards the Auditorium from all parts of the city. When the doors were opened they poured in, and in a few minutes every seat was occupied. Even the platform was filled with children. Parents and Sunday school teachers were there with their various charges and the superintendents of the various Sunday schools were present. In many cases the children were seated by classes, as in their own Sunday schools. Rev. Mr. Taber led in prayer and then Mr. Crittenton spoke to his juvenile audience.

The evening meeting showed only increased interest. Every seat was occupied. By request Mr. Wallace sang "Where is My Wandering Boy Tonight?" The concluding refrain was changed to "Where is my wandering girl to-night?" the alteration evidently suggested by the work of the rescue mission. Mr. Carpenter was again the speaker of the evening. After saying that he expected a great many conversions next week, he read the description of the heavenly Jerusalem, as we have it in Revelation 21:23, 24. "And St. John saw the holy city, New Jerusalem, coming down from God out of heaven, prepared as a bride adorned for her husband, and I heard a great voice crying out of heaven, saying: 'Behold the tabernacle of God is with men and he will dwell with them and they shall be His people and God Himself shall be with them and be their God and God shall wipe away all tears from their eyes, and there shall be no more death, neither sorrow, nor crying, neither shall there be any more pain; for the former things are passed away.'"

Mr. Carpenter outdid himself on this great subject and spoke with great persuasive power. There will be no sickness nor pain nor death in heaven, God Himself shall wipe away all tears from our eyes. He will not let even the angel Gabriel do that, but Himself will wipe away the tears. Suppose there were a place somewhere in the world where no one had ever been sick, no one had ever felt pain, no one had ever died, how the people would flock to it. Come home to heaven to-night. The veil of mortality was drawn aside and John saw the great multitude of the redeemed who were the rich and fortunate of the earth. Oh, money cannot buy heaven. Rich and poor may have it alike, and in the same way. That great host was composed of those who had washed their robes white in the blood of the lamb. What a song was that which John heard. I shall hear it one day. Come home to-night.

The after meeting was by far the best and most encouraging of the season. The people were loathe to go away and apparently were willing to stay all night. So ends the first week of Butte's great revival. The anticipations of the most hopeful have been exceeded. More than 250 have signed the cards and there are many very happy conversions. At the request of the pastors the evangelists have consented to remain till Friday of this week, and there will be meetings every afternoon and evening in the Auditorium.

To-day all the churches will join in union services in the Auditorium. The first meeting will be a love feast, or testimony and experience meeting, at 10 o'clock a. m. Then a preaching service at 11 o'clock. At 2 o'clock p. m. a prayer and praise meeting, and the regular preaching service at 7:30 in the evening. Let everybody improve this great opportunity and come.

There is more Newbro's witch hazel cream sold than all the other toilet preparations combined.

NO DOUBT.

The Frawley Company More Than Pleases Its to's - heater Goas.

The Frawley company closed its brief but highly successful engagement in Butte last night with a performance of that interesting play, "Men and Women," in which every member of the company was again prominent and the great strength of the excellent organization of players brought out. Mc-Lynn Arbuckle, Daniel Frawley and Miss Kernack had the most prominent characters, but Miss Rowan, Miss Ross, George W. Leslie, Mr. King, Mr. Enos, Mr. Osbourne and Mr. Bosworth were also roundly applauded. The curtain falls were as regular as the end of the acts, and at the close of the third act the audience insisted on a speech, to which Mr. Frawley responded with a few happy remarks by which the friendship between the audience and the company was still more closely cemented. He said he could hardly let go of the opportunity to express for himself and in behalf of the company the appreciation they felt for the friendly reception accorded them by the

people of Butte. "We came here as strangers," he said, "but you have taken us so thoroughly to your hearts that we want to thank you from the bottom of our hearts."

Mr. Frawley promised that his company would hereafter make an annual visit to Butte and next time they would remain a week. He assured the audience that he and his company would always cherish the most kindly feelings for the people of Butte and said it would be his pleasure and aim to give the people of the West the best there was to be had and that the Frawley company should be to the West what the Lyceum and Palmer's are to the East. Mr. Frawley's speech was received with applause and cheers. There is no doubt that the company could pack Maguire's opera house every night for another week.

Try our Montana-made Peerless Baking Powder. Ask your grocer for it.

NOT DISMISSED.

A Case That Bore the Earmarks of Great Importance Settled.

A case that started out with an appearance of startling importance before Judge McHatton yesterday was on a motion to dismiss the appeal in a case of Thomas Ford against J. H. Saville on the ground that the police magistrate who had entered judgment in the case did not have power under the laws to try civil cases. William Luxton had been garnished in the case and he made answer, and judgment was entered against him by Judge Turner, whereupon he appealed. Mr. Parr wanted to have the case dismissed and was prepared with bundles of arguments on the proposition that the police magistrate lacked jurisdiction to try civil actions. He had a certified typewritten copy of the law, passed by the last legislature, defining the magistrate's powers, and argued ably about the unconstitutionality of the act as declared by the supreme court and the implication of the law of 1893. In replying to Mr. Parr's argument, Attorney Lindsay suggested that a motion to dismiss was not the proper remedy and said he thought a writ of review would have been the thing. Judge McHatton heard the arguments and took a look at the papers. "This motion seems to have no application to the case," said the court, "and raises no question as to the jurisdiction of the police magistrate. The motion to dismiss is overruled."

No lady's complexion what it should be unless she uses Newbro's witch hazel cream.

TWO MEN KILLED.

Meager Details of the Explosion, Which Occurred in Madison County.

M. J. Dugan received intelligence last evening through the following telegram of the death of two miners at a Madison county property in which he is interested:

"Sheridan, Mont., March 7, 1896. 'M. J. Dugan, Butte: Matt Maguire and Jacob Henck were killed last night by a powder explosion. Come over at once. John Klitzke.'"

The message was carried to Virginia City by a courier and then telephoned to a telegraph office, so that it was not received until last night. The mine at which the men were killed is known as the Madisonian, and is located south of Letterville and about 12 miles from Sheridan. It is owned by Dugan, Klitzke and Maguire, and was being worked by Klitzke, Maguire and Henck, who occupied a cabin close to the mine. Mr. Dugan's knowledge concerning the accident is confined to the information contained in the above telegram, but as the men only worked during the daytime, it is his belief that the doubly fatal explosion of powder occurred in the cabin. It is possible that the powder exploded while it was being thawed out, as a great many accidents are caused in that manner. Mr. Dugan will start for the mine in the morning, but he is an old-time prospector in Butte and was well known here. He was unmarried and leaves no relatives in this part of the country so far as is known to his friends. He had worked at the Madisonian mine for the last two years. Henck had only been employed there for a few days and was not known by Mr. Dugan.

Ask any well informed lady what she thinks of Newbro's witch hazel cream for the complexion.

NO GAME.

Baker and March Didn't Play Pool, as Scheduled.

The match game of pool between Frank March and Frank Baker, the sheepherder, which was scheduled to take place at the Butte hotel last evening, did not come off. The reason for the disappointment may be found in the fact that on Friday night they played a 50-point game to decide a few small side bets and the man with the "galluses" outside of his vest won easily by a score of 50 to 22. Afterwards he and March went out together and neither one of them showed up for the game last night. Baker stated yesterday that March had backed out. Baker is unquestionably entitled to be known as the champion of Montana.

There is more Newbro's witch hazel cream sold than all the other toilet preparations combined.

THERE'S ONLY ONE RAILROAD

That operates its trains on the famous block system between the Twin Cities, Milwaukee and Chicago; That lights its trains by electricity throughout; That uses the celebrated electric berth reading lamp; That runs four splendidly equipped passenger trains every day from St. Paul and Minneapolis through to Chicago, via Milwaukee; And that road is the Chicago, Milwaukee and St. Paul.

It also operates steam-heated vestibule trains, carrying the latest private compartments, cars, library buffet smoking cars, and palace drawing-room sleepers. Parlor cars, free reclining chair cars and the very best dining car service. For lowest rates to any point in the United States, Canada or Mexico, apply to ticket agents, or address J. T. CONLEY, Ass't Gen'l Pass. Agt., St. Paul, Minn. Note.—Elegantly equipped trains from St. Paul and Minneapolis through to Peoria, St. Louis and Kansas City daily.

J. H. LEYSON'S PLAN

His Address Before the Trades and Labor Assembly.

TO TEACH SILVER DOCTRINE

He Suggests the Appointment of Western Workmen to Visit the East and Commune With Their Fellow Men.

J. H. Leyson addressed the Silver Bow Trades and Labor assembly at its meeting last night in support of a plan which he has devised for the spreading of free silver doctrine in a more effective way than by any means that has yet been discovered. His plan is to have the silver question laid fairly and honestly before the workmen of the East by their fellow workmen from the West who are in a position to tell the facts just as they exist, and to present arguments that cannot be refuted. In brief Mr. Leyson's suggestion is that labor unions of the West engage in missionary work in the cause of silver and send delegates in the labor unions of the East. He would have each union send separate delegates who would present free coinage arguments to eastern workmen employed in the same branch of labor as themselves. These arguments would be presented directly to the workmen of the East in their lodge rooms and behind doors that would be closed to every one except members of the union which was being addressed.

Such in substance was the plan outlined by Mr. Leyson in his address last night. He compared the condition of labor under a single gold standard with what it was and would be again under free coinage and presented arguments that were unanswerable. He said that the West is the great market and that when a silver mine shuts down some eastern manufactory closes its doors. Mr. Leyson's address was listened to with the greatest attention and the matter will come up for discussion at the next meeting of the assembly. State Senator J. H. Hughes of Shoshone county, Idaho, who is remembered by the workmen of the West through the Coeur d'Alene troubles with the most kindly feelings, was present at the meeting and was warmly received.

The Great Metaphysician.

Butte, March 7.—Metaphysics, pure and simple, develops many remarkable things, and has effected cures of diseases which in ancient times would have been regarded as miraculous. The enlightenment of this age recognizes it as mind healing. R. H. Moloney of Butte, possesses unusual metaphysical power and is the only metaphysical healer practicing in Montana, and were it not that many of his patients are in Butte to-day and in perfect health, one would feel skeptical over the statements of cures. During the epidemic of pneumonia and grip in 1891, Mr. Moloney had twenty cases at one time, all of whom recovered. Many have the impression that in mind cure one must be a believer in the efficacy of such treatment, but such is a mistake. Many of the most skeptical have been cured, but it is needless to say they are no longer skeptics. Mr. Moloney takes up any case for \$5.00 and gives whatever treatment is necessary for a week and his charge is \$5.00 per week thereafter. Some are cured with one treatment and many patients are susceptible of treatment at any distance, while others yield more slowly and must be present.

To-night Mr. Moloney gives a free lecture at his room 128 New Owsley on "Metaphysical Divorce," which will be of great interest to go and hear him. If you are suffering from any disease consult this remarkable man, and it may be the means of your complete restoration. Consultation will cost you nothing unless you take treatment.

Cheap Traveling.

You can travel on a railroad train that costs \$10.00 for a day and at night for \$10.00, but you can't own the train. Pay the Standard \$10.00 for a yearly subscription and Sight and Scenes of the World and they both belong to you.

For dyspepsia and Liver Complaint you have a printed guarantee on every bottle of Shiloh's Vitalizer. It never fails to cure.
