## ALL OUT FOR SILVER

### Missouri Democrats Will Be Heard on This Vital Question.

## THE OREGON REPUBLICANS

### Delegates at Large to St. Louis Elected—Rhode Island Republicans Shout for "Need, Sound Money and Protection."

Jefferson City, Mo., April 10.—In an interview with O. Gear, chief clerk in the office of State Treasurer Stephens, who has kept close figures on the democratic county conventions, said: "Seventy-eight of the counties have selected delegates to the state convention to be held at Sedalia on the 15th of April. Every single one of these counties had strong resolutions favoring the free and unlimited coinage of silver and gold at the ratio of 16 to 1. The delegates elected up to this date number 27, and 236 of them are instructed to vote for Vest, Stone, Cockrell and Bland for delegates-at-large, and 225 of the number are instructed to vote for a solid free silver delegation to the national convention at Chicago."

## Oregon is public ns.

Portland, Ore., April 10.—The republican state convention to-day adopted a platform which declares for the use of both gold and silver with such restrictions as will secure the maintenance of the value of the two metals. The delegates to the national convention were instructed to vote for McKinley for president. The following is the financial plank in full:

"The American people, from tradition and interest, favor bimetallism and the republican party demands the use of both gold and silver as standard money, with such restrictions and under such provisions, to be determined by legislation, as will secure the maintenance of the parity of values of the two metals, so that the purchasing and debt-paying power of the dollar, whether of silver, gold or paper, shall be at all times equal. The interests of the producers of the country—its farmers and its workmen—demand that every dollar, paper or coin, issued by the government shall be as good as any other dollar."

The following resolution, which was offered as a substitute for the financial plank of the platform, was defeated by a vote of 129 to 108.

"Resolved, That we favor the use of both gold and silver to the extent at which they can be maintained in circulation at parity in purchasing and debt-paying power; but we are earnestly opposed to the free and unlimited coinage of silver at the ratio of 16 to 1 for the reason that it would destroy such parity, enormously contract the volume of currency by forcing gold out of circulation and thereby place the country on a silver basis. Believing that the effort of the international demoralization of silver can be overcome only by international remonetization of that metal, the republican party of Oregon most earnestly favors such measures as will accomplish that purpose."

Three delegates-at-large to the national convention were elected as follows: R. A. Booth, J. W. Meldrum and Charles Hilton. A fourth delegate-at-large has yet to be elected.  
The democratic state convention to-day chose delegates to the national convention, selected F. A. E. Starr of Multnomah county as chairman of the state central committee and made nominations as follows: First district, Jefferson Ayers, Lynn county; Second district, A. S. Bennett.  
The platform favors protection and the reciprocity policy of James G. Blaine; the election of United States senators by direct vote of the people and the speedy construction of the Nicaragua canal by the United States government. The following resolution endorsing McKinley for president was unanimously passed:

"This republican convention expresses its preference for president of the United States and names William McKinley, the great Ohio statesman, as its candidate, and the delegates to the national convention are hereby instructed to give him their undivided and hearty support first, last and all the time."  
The following were chosen delegates to the St. Louis convention: R. A. Booth, Charles Hilton, C. H. Dood and J. W. Meldrum. R. S. Dean was renominated for supreme judge by acclamation.

## Rhode Island Republicans.

Providence, R. I., April 10.—The republican state convention was held here to-day for the election of delegates-at-large to the national convention. Addin E. Capron of Smithfield, who presided, said: "We want gold; we want sound money and protection, and we want to nominate a man for president who will be the exponent of these principles. There is no man I can more heartily name than New England's greatest statesman, T. B. Reed."

The following were elected delegates-at-large: Edward T. Freeman, Frank F. Olney, Albert L. Chester, S. W. Allen, Alternates, A. Currier, Laurian Sharpe, Jr., William S. Stearns, Col. A. H. Childs. The delegates are not instructed.  
The convention adopted a resolution endorsing the following, which was passed by the Providence board of trade April 7:

"Whereas, it is important to every business man, producer and wage earner that a stop shall be put to the enormous cost to the government and to all of our people, resulting from the continuance of the agitation for the free coinage of silver, which agitation stands in the way of a renewal of confidence and national prosperity; it is resolved, that the Providence board of trade ask all citizens to urge the selection of delegates to the political conventions of both great parties who will advocate clear and distinct utterances in favor of the maintenance of the present gold standard of value."

## SHY WATERS.

The Modest Captain Buys a Swallow-Tailed Coat—He's a Little Wedding.

Police Captain Waters ordered a black suit of clothes yesterday with a swallow-tailed coat, and at the next meeting of the council or the one immediately following it, he will ask for a 10-days' leave of absence. He gives it out that he is to go back to Missouri to attend his brother's wedding, but the real truth of the matter is, he is going back to his old home to attend his own wedding to one of the fairest girls in all of Pike county. The wed-

ding will occur within the next six weeks, but the captain refuses to divulge the exact date. The sorrow of his lady friends in Butte will be fully compensated for by the congratulations of his friends among the sterner sex.

## HIS OWN CARELESSNESS.

The Coron's Verdict on the Death of Con Driscoll.  
An inquest was held before Coroner Richards at the Butte undertaking rooms last evening on the body of Con Driscoll, who died from injuries received in the Never Sweat mine on Monday night. The story of the accident as already published in the Standard was repeated and the jury returned a verdict stating that Driscoll came to his death by his own negligence and carelessness. Driscoll's body was shipped to Hancock, Mich., last evening.

## ON THE TRACK.

### At Ingleside.

San Francisco, April 10.—The feature of racing to-day was the 2-year-old dash in which was entered Orestes, the son of Ormonde. The youngster got off well, but fell back at once, and, owing to being jumped into, was thrown out of his stride. He showed great speed in the stretch and was rapidly overhauling his field. Despite the fact that he finished outside the money Orestes ran a very creditable race and gives every promise of developing into a good colt. Second choices took three races and third choices the other three.

Five and a half furlongs—Ottyanne won, Don Caesar second, Charles A. third; time, 1:04. Four furlongs, 2-year-old maidens—Early Notice won, Emelia S. second, Diabla third; time, 51. Seven furlongs—Olive won, Cabrillo second, Walter J. third; time, 1:23. One mile—Joe Terry won, Rey del Banditos second, Schnitz third; time, 1:43. Six furlongs—Madison Lark won, San Marco second, Perhaps third; time, 1:16. Six furlongs—Toano and Kamsin ran a dead heat, Kowalsky third; time, 1:15.

## Yapolsky Is Willing.

Michael Yapolsky of Rossland, B. C., is willing to assist the divorce machinery of the Silver Bow county court, and has written Judge McHatton a postal card offering his assistance in at least one case. He writes:

"Dear sir, in case if Mr. Lizzie Yapolsky will apply for a divorce, if she pays for it she can have it. I shall be named. Michael Yapolsky, Yourry truly."

## More Room for Worship.

The Salvation army has again engaged the Auditorium for the services Sunday afternoon and night, its own hall being much too small to accommodate the crowds that flock to the meetings. Adjutant Edgecombe and Ensign Barr will conduct the services. All are very cordially invited to attend these meetings at 3 and 8 o'clock p. m.

## James O'Neill's Big Bill.

A special to the Standard says: James O'Neill has made a great hit with his new play in San Francisco, "The Courier of Lyons." It will be presented during his engagement in Butte, in addition to "Monte Cristo" and "Virginius." Mr. O'Neill's dates have just been changed one week earlier than originally booked.

The season of bock beer is again at hand and the familiar sign of a goat head adorns the bill boards. This particular brand of beer gets its name from the German bock—a he goat, and the history of it is given as follows by an authority: A kind of strong beer, the first drawn from the vats in the spring, when the winter's brew of lager beer is broached. So called on account of the German legend which affirms that in a competitive trial of the strength of beers brewed by two rival brewers, in which each drank the product of the other, the defeated candidate declared that it was not the beer of his rival which had made him unsteady on his legs and over threw him, but a young he goat which some children were chasing and which ran against him and overturned him. As the bock was blamed for his fall, (although many suspected the beer), that particular variety of beer has been named bock beer in commemoration of the occurrence.

The bock beer made by the Centennial Brewing company has increased rapidly in popularity during the last two or three years and it is now asked for by every one who likes good beer. It is a home product and being superior to the imported bock beer its great popularity all over Montana is easily accounted for.

## The Fast Burlington.

New time cards and fast running are the order of the day in the Northwest. The Burlington road has announced that it will change the time of its trains next Sunday to correspond with the new card on the Northern Pacific. The westbound train will leave Omaha at the same time as now and will reach Billings five hours earlier. The eastbound train will leave Billings two and a half hours later than at present and will reach Omaha on the present time card. This is a bigger reduction in time than has been made by any other western road and the new card will call for a running time of about 40 miles an hour.

## CLEVELAND PROPOSES

### The President at Last Says a Word About Cuban Affairs

## SUGGESTIONS TO MADRID

### He Expresses the Hope That the Good Offices of the United States Will be Accepted in Mediation—It is Friendly.

Chicago, April 11.—A dispatch to the Times-Herald from Washington says: At last President Cleveland has taken action in behalf of Cuba. He has made to Spain a formal proposition that the good offices of the United States be accepted in mediation between that country and her rebellious colony in the West Indies. This proposition was made in a cablegram or instructions to our minister at Madrid which was dispatched to-day. It brings to a crisis the relations between the United States and Spain which have been unsettled since the outbreak of the Cuban rebellion. The principal points of the dispatch are:

First—The president offers the good offices of the United States in mediation between Spain and the insurgents with a view to bringing about peace in Cuba.

Second—The note recalls the correspondence between this government and Spain at the time of the 10 years' war when President Grant and Secretary Fish proposed mediation and the Spanish government, though declining to accept it, promised certain reforms in Cuba. The fact that the United States was in part instrumental in bringing about that settlement and the charge that the Spanish government has not kept its promises is given as a reason why the United States should now have a right to be heard in the case.

Third—It is pointed out that the present rebellion in Cuba has assumed a much more serious aspect than any former insurrection, the insurgents having apparently taken possession of all the island except Havana and a small section of country round about.

Spain is assured of the fact that the United States is actuated only by disinterested motives and by a desire through friendship to bring about a more pacific and satisfactory state of affairs in the island. Spain is urged to accept our good offices in the spirit in which they are tendered and the hope is expressed that the Spanish government will see its way to granting reforms in Cuba.

The president does not ask Spain to grant the independence of Cuba, nor does he suggest that home rule be accorded the people of that island. He leaves all these questions of method to be discussed after Spain shall have expressed a willingness to accept mediation.

## OFFICERS ELECTED.

### The State Medical Association Adjourns—Interesting Papers Read.

Helena, April 10.—The State Medical association to-day elected the following officers for the ensuing year: Dr. J. M. Sligh, Phillipsburg, president; Dr. G. T. McCullough, Missoula, vice president; Dr. N. Salvati, Helena, second vice president; Dr. W. C. Riddell, Helena, recording secretary; Dr. W. M. Bullard, Wickes, corresponding secretary and historian; Dr. King, Marysville, treasurer. Judiciary committee: Dr. L. E. Holmes, Butte; Dr. C. K. Cole and Dr. G. H. Barbour, Helena; collaborators for medical sentinel, Dr. W. C. Riddell, Helena; Dr. T. A. Griggs, Butte; Dr. Mary Atwater, Marysville. Helena was chosen as the next place of meeting. Missoula was a candidate, but it was decided best to hold the meeting when the state medical examiners were in session. That board, by law, is compelled to meet at the capital. During the day the doctors listened to interesting papers. President Spelman of Anaconda conducted an experiment with X rays that proved decidedly interesting. The session closed with a Bohemian lunch at the Helena to-night. The meeting has been an enjoyable and profitable one throughout.

## Governor Jones Dead.

San Francisco, April 10.—Governor Jones of Nevada died at the Palace hotel this evening. He had been ill for several months and came to this city for treatment.
