Some of the Most Important Happenings of Recent Date.

COMMENT AND PURE FACTS

There is Some Item of Interest From Nearly Every Settlement, City, Ranch or Coulee in That Section.

Great Falls, May 23.—The populists of Cascade county will hold their primary Saturday evening, June 12, to elect delegates to the county convention, which meets in Great Falls Monday, June 15, to elect delegates to the state convention, which convenes at Boulder June 22, to name six delegates to the national convention at St. Louis July 22. Cascade county will have one or more candidates for delegates to the national convention, and it is pretty safe to assume that Northern Montana will not be turned down by treachery similar to that worked at Butte in the late republican convention. It is not believed that Brother John or even Brother Tom—in his solitary and awful anguish—will harbor and ill will against the British empire for the political opinions expressed in that neat and clever little newspaper, the River Press, unless they are written in a scholarly way by a gentleman from Ohio.

Sheriff Willis of Glasgow and a posse of Valley county officials are still down in North Dakota making frantic efforts to round up Sippech and Nelson, the murderer and jail breaker.

There is ample reason to believe from the number of letters received at the Great Falls office of the Standard—from Benton, Havre and other points in Choteau county—that the Standard has a pretty general circulation in that neck of the woods, and that each issue of the paper is read pretty thoroughly, too—even by men whose names are not on the subscription list. Some of these letters contain mild protests and others offer the advice to "keep it up;" "they deserve it," and words to that effect. The Standard is read by everybody—all over.

Yesterday Dr. Witeman, who is proud of the fact that he is a prominent member of the American Protective association, entered the Vienna restaurant in Great Falls and ordered an Irish stew, a dish of which he is passionately fond. The waiter, a quick witted Irishman, started the assembled guests by shouting to the cook: "Give me an Irish stew for an A. P. A. and make it strong with cayenne and hottern hades."

Judge Fitzgerald performed his first marriage ceremony in Belt this week, the contracting parties being John Patterson, a well-known resident of that camp and Miss Lillian Schochert, a popular young lady of Deer Lodge, who came over the range to get married. The Times says that after the ceremony the young couple were tendered a serenade by the band and received the congratulations of a large number of friends at their new residence, where they have gone to housekeeping.

Leonard Stryker, who committed suicide near Benton last Tuesday by shooting himself through the heart, was comparatively well off financially. There was considerable money on his person and he owned a nice bunch of cattle. It is alleged that he has been rather depressed of late for some reason, which he refused to disclose to his friends. It is thought the idea of taking his own life occurred to him during a fit of the blues and he at once carried out the rash act. He is not believed to have had any relatives in Montana.

The populists of Fergus county will hold their convention in Lewistown on Saturday, June 6. It is more than likely the democrats and populists will fuse and put a ticket in the field that will wipe the earth with their political opponents.

The Democrat says that David Hilger, deputy sheep inspector of Fergus county, states that there is not any danger of further spread among the sheep of the county of scab. The disease in the few exposed bands is well under control and only a few sheep in each band are infected. The sheep that were exposed to the contagion number about 9,000. They have been dipped twice and the third dipping will be made next month, after shearing, and will undoubtedly be effectual and final, as the fleece will be off and the solution will reach the skin.

The Press says that a search of the tax roll shows that about 140 flockmasters in Choteau county paid taxes on sheep property last year. Each one of these employs more or less help, which indicates that quite a number of people are engaged in the occupation of sheep husbandry in that county.

After a thorough search of the court records Court Clerk Healy reports that Mrs. Stratton is the first female convict sent to the penitentiary from Choteau county in the history of his office. The first term of the district court ever held in Choteau county was on April 18, 1879; previous to that criminal cases went to Lewis and Clarke county for trial.

FERGUS COUNTY MINES.

There Will Be Considerable Activity During the summer.

Great Falls, May 23.—Referring to the mines of Fergus county the Democrat of Lewistown says: During the coming summer there will be considerable activity in mining circles in Fergus county. The great drawback heretofore has been the absence of capital and the men who have operated the different mines have not been practical miners—a very essential thing when the ore is of low grade.

P. W. McAdow is now in Helena and is negotiating a deal whereby he can get control of the Spotted Horse mine at Malden. Since early in 1892 this mine has not been worked and is now in bad shape to resume operations. Should Mr. McAdow again get control

he will put the mine and plant in shape and run it as no man but himself can. In the Maginnis Mining company's property at Malden some development work is being done, but it is not known whether or not the company intends to put on a force of men and resume operations. The mines of this company produce both gold and silver in paying quantities.

Jack Lee has recently bonded his gold properties in the Cone Butte district for \$125,000 and the prospects are good for a mill to be erected there this summer. The ores of the Cone Butte district are as rich, if not richer, than from any other mining district in Fergus county and as soon as sufficient capital is secured to develop the properties there will be a big mining camp in Cone Butte.

In the North Moccasin mountains very little has been done in the past two years, but now the miners are busy developing their prospects and big results are promised. The mines in this section are among the best in the country. At Yogo preparations are in progress to resume work on the placer claims. The ditches and flumes are being cleaned out and operations will be resumed in a few days. The prospects of this camp are said to be encouraging and there are many indications that sometime in the future Yogo will be a copper mining camp as well as a producer of gold.

The Gilt Edge properties, which are now being operated by Moshner & Butts, are producing gold in quantities sufficient to meet obligations and leave a handsome dividend for the managers. The mining outlook for Fergus county is more encouraging now than it has been at any time during the past three years and capital and encouragement is all that is needed to make this section of Montana a big producer of gold.

Belt's Silver Fund.

Great Falls, May 23.—The citizens of Belt have stepped to the front with a liberal contribution for the cause of silver. The Times says that in order to be fully in line in the coming battle the miners held a meeting to discuss the question in all its phases. Archie Lochray was chosen chairman and Al Blake secretary. William M. Murphy briefly explained the object of the meeting and gave a brief review of the present condition of the county; of the mines of Montana and other silver producing states, now lying idle and which if working would give employment to thousands more men, thus adding to the prosperity of our state and the country at large. Mr. Murphy was followed by a number of other speakers, prominent members of the miners' union. At the conclusion of his remarks a resolution was introduced that the employees of the C. C. & Co., and of other concerns throughout the camp, contribute one day's pay to the fund now being raised to advance the interests of silver. It was carried unanimously.

A committee consisting of T. E. Healey, R. E. Spurrier and J. Gillin was then appointed to circulate a subscription paper among the business men. It is expected that Belt's contribution will reach at least \$5,000 which will be sent to the treasurer of the silver league and will be used to purchase suitable literature and send speakers into the enemy's country.

THE MARKETS.

New York, May 23.—Although the volume of business to-day in stocks was only moderate the market displayed considerable strength. No assistance in shaping the course of prices was received from London owing to the close observance of the Whitsuntide holidays.

Stocks and Bonds.

Table listing various stocks and bonds with prices, including U. S. new 4's registered, U. S. new 4's coupon, U. S. 4's registered, U. S. 4's coupon, U. S. 5's registered, U. S. 5's coupon, Pacific 6's of '95, Adairson, Adams Express, Canadian Pacific, Burlington, Distillers, Great Northern preferred, Central Pacific, Illinois Central, Kansas & Texas preferred, Lark Shore, bid, Lead Trust, Michigan Central, Missouri Pacific, National Cordage, National Cordage preferred, North American, Northern Pacific preferred, Northern Pacific, Northwestern, Northwestern preferred, New York Central, New York & New England, Oregon Short Line, offered, Pacific Mail, Pullman Palace, Rio Grande Western, Rio Grande Western preferred, St. Paul, St. Paul preferred, Southern Pacific, Sugar Refinery, Union Pacific, United Express, Fargo Express, Western Union, General Electric, National Linseed.

Money Market.

Money easy at 2 per cent.; closed at 2 per cent.; sterling exchange firm at \$4.85 3/4; 60 days for demand and \$4.87 1/2 for 60 days.

Metal Market.

Silver, 68; pig iron, quiet; copper, firm; broker's price, \$11.37 1/2; lead steady; broker's price, \$2.90.

Time Is Money.

The Northern Pacific is the only line operating a double daily passenger service between Butte and St. Paul. The new schedule, which went into effect on April 12th, makes this line the fastest by many hours to St. Paul, Chicago, New York, Boston, and all eastern points. Note actual time consumed to the following points, and compare it with the time made by other lines out of Butte: St. Paul, 1 day 15 hours; Chicago, 2 days 5 hours; New York, 3 days 11 hours; Boston, 3 days 13 hours. No change of cars to St. Paul. Only one change to Chicago and two to New York or Boston. Ticket office, 23 E. Broadway, Butte, Montana. Subscribe for the Standard.

GREAT FALLS NEWS

President J. J. Hill and Party Visit the City and Belt.

A PRETTY ENTERTAINMENT

The Trades and Labor Assembly Treat Their Friends to a Nice Programme—More Bonds for the Schools.

Great Falls, May 23.—President J. J. Hill of the Great Northern railroad arrived from the East this morning in a private car attached to the regular westbound train. Coupled to the train was a special car occupied by Mr. and Mrs. J. S. Kennedy and Mr. and Mrs. De Forest of New York. The Kennedy party had just returned from the coast, met Mr. Hill at Havre and came with him to this city. A private in the regular train this morning brought in Marcus Daly, who, it is presumed, came over to meet Mr. Hill. Mr. Hill, Mr. Daly and Mr. Kennedy, who is a prominent stockholder of the Great Northern, left for Belt this morning, where they spent several hours in inspecting the plant at that point. Returning from the camp, this afternoon, the entire party left for Butte and Anaconda in a special train. During their sojourn in this city Mr. and Mrs. De Forest and Mrs. Kennedy were driven around the town and out to the Giant Springs and Silver Bow falls.

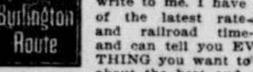

The entertainment given by the Cascade County Trades and Labor assembly at the Black Eagle falls pavilion last night was a complete success in point of attendance and much interest was evinced in the programme. The large room which had been handsomely decorated for the occasion was crowded to its fullest capacity when the Black Eagle band rendered a selection from the opera, "Machbeth," by Verdi. When the band ceased, Emmet R. Carroll stepped to the front of the newly erected stage and delivered an address of welcome to the throng. He said the meeting had been arranged for in the belief that it would create a better feeling among all classes of workmen, harmonize the different and various elements and redound to the benefit of all who were present without regard to the fact whether they were employees or employers. At the conclusion of the address Mr. Carroll announced the absence of Superintendent Klepetchko at Butte and read a letter from Assistant Superintendent Case in which the latter expressed regrets that other engagements prevented their attendance. Alderman Young was present also and made an able and eloquent address. The speaker was at his best, the audience was with him in sentiment and he was interrupted frequently with enthusiastic applause.

Brief speeches were made by Sam Moore, A. Colville and others, and musical selections were rendered by James Newman, W. S. Kexie, Thomas Green, Miss Anna Smith, W. J. Knight and the famous band, which closed the entertainment by rendering "America" to an enthusiastic assemblage. The large crowd was the clearest indication that the orchestra took its position and dancing was continued until an early hour this morning.

The following real estate transfers have been filed for record: Warranty deed—Jerault Armstrong to Matthew Richardson, lot 10, block 8, townsite of Arminston; \$100. Warranty deed—H. W. Millard to J. A. Strong, lot 26, block 11, townsite of Belt; \$125. Certificate of sale—Sheriff of Cascade county to George W. Parker, interest of Louis W. Peck and Charles Y. Lucy in 1/4 of sec 4 of sec 9 of sw 1/4, sw 1/4 of sec 10, and nw 1/4 of sec 15, all in township 20 north, range 7 west; \$500. The qualified electors of school district No. 1, which includes this city, were given an opportunity to vote to-day on the question of whether or not the district should issue additional building bonds to the amount of \$13,000, with which to complete and furnish the Central High school building. There was apparently but little interest manifested in the matter, and the vote stood 308 to 40 in favor of granting authority to the board to issue the bonds. Almost \$80,000 has already been used in the construction of the building and the fund has been exhausted. It will require every dollar of the \$13,000 to complete the structure and have it ready for use at the beginning of the fall term of school. Additional room is needed for the accommodation of the pupils, and now that the money is forthcoming, the handsome building will be pushed to completion as early as practicable.

Once in a while it happens

that the local ticket agent cannot give you all the information you require. When this is the case, write to me. I have copies of the latest rate-sheets and railroad time-tables and can tell you EVERYTHING you want to know about the best and cheapest way to reach Omaha, Kansas City, St. Louis, Chicago or any southern or southeastern city.

Phil Daniels, T. P. A., Butte, Mont. W. W. Johnston, C. A., Billings, Mont.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxative or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
