OTHER TALK OF THE TOWN

How Things Are Going at the Great Sawmills—A Baseball Crank's Desire—The Flaming Bill Boards and the Kids.

Missoula, June 13.—Said the day clerk in one of the local hotels to a Standard reporter to-day: "Do you see that man there at the writing table? Well, you may see him there every day. He does all of his correspondence there, uses the hotel stationery and has some of his mail sent in care of the house. Yet he seldom spends a cent here. He is a representative of a class of men that form one of the greatest nuisances that a hotel man has to contend with. They make free use of the hotel, but do not think of reciprocating. They seem to think that we run a house for the convenience of the public solely, and that the question of profit cuts no figure. That man there has been doing that same thing for four years. When he first comes in in the morning, he takes a cigar from his pocket that he got somewhere else and uses our matches to light it. Then he comes to the desk and asks for the Standard. He reads that and takes up room that belongs to the guests of the house. Then he has some letters to write; so he comes up and asks me for some paper. He will not be through till nearly noon. When he has finished with that, he will sit around and talk politics with some of the guests of the house till they quit in disgust and wonder why we allow such bores to hang around the house. You may think that it is overdrawn, but if you watch the man for a week you will see that he does not vary very much from the programme that I have outlined. He has been at it so long that he has ceased to think that he is trespassing. He and his class are not the worst that we have, though. There is one other lot that beats this. It is the commercial men who take rooms in some lodging house, get their meals at a restaurant and loaf around the hotel between times sending in bill to their houses, as if they had been stopping here. They use our letter heads and in this way they make their bluff stick with their firms. There are more of this class than you would think if you did not keep track of them. There are some regular visitors to the city who do this and who have been doing it for years. The man who thinks that a hotel man does not have troubles of his own knows little about the business."

Superintendent Lindsay of the Hamilton mills was in town yesterday, and to a Standard reporter he said: "We are getting along well up the valley. The mills are running steadily and the weather is just what we want. If we had made it ourselves, it could not have been better than it has been thus far. The water in the river is just at the right stage for driving, and the nights have been cool enough so that there has been no high water thus far. We have had our greatest run in the water in the pond is at the two and a half-foot mark, where two years ago it was five feet and a half with all of the gates open. It may rise later, but I do not think it will get high enough to do any damage. The new hotel is getting along in good shape, and will be ready for occupancy in a few days. The town has long needed it, and it will be the best thing that ever happened to us to get it open. We are expecting a big fair this fall and the arrangements are already in progress. There will be six days of it and we will have some good horse racing. Hamilton is going ahead all of the time and will be one of the best towns in the state."

Said a well known business man who used to be an athlete of some prominence before he attained prominence in the region of his waistband: "I wish that the state could have a baseball league that would rival the one that we have enjoyed so much in the summer of '92. That was a fine lot of clubs that we had then, and there was no one who saw the games that did not enjoy them. It is all right to have a good team, as we have this year, but there is not half the interest in them that there was when each game meant a step toward or away from the championship of the state. I hope there will not be another year without a Montana league. Then we will have ball that is ball and we will all be able to root again. I never had such a good appetite as I did when we were watching the games that we had in the year of the league."

The town is fairly covered with the flaming paper of two circuses, and the young boys and girls are enthusiastic over the prospects, while the older ones are counting their nickels with a view to purchasing seats at one at least of the shows. A gentleman in the Florence hotel last evening told of a little boy and girl, brother and sister, in front of one of the boards that tell of the wonderful things that will not be seen at the shows and of hearing a part of the conversation that went on between them. The picture that was under consideration at the time was a cut that illustrated the remarkable feats of a knife-thrower, who is represented in the act of throwing into the air an incredible number of hatchets. When the little girl saw the picture she gave a little scream of alarm. The boy smiled in a superior manner and then took pity on her and said, reassuringly: "Don't be afraid, sister, he will catch them all." That made it all right and the little girl looked at the rest of the display without a murmur.

At the Kennedy hotel some of the regular boarders have organized a cribbage club and the game is played by some of them at all times of the day when they are not at work. They use a board that is the property of one of the players and there is an amusing story connected with it that was told to a Standard reporter as he watched one of the games the other night. The player who told it said: "This board was a Christmas present from the mother of its owner to his wife. While she was looking around to see what she could give him she came upon this cribbage board. It was then a new kind and the good woman did not know

a thing about cards, so when the dealer told her that it was a cribbage board and that cribbage was a good game, she bought it at once. When she gave it to her son, she said that she hoped that he would use it, as she did not like to have him play cards so much. Then she could not see why all around laughed at her. She knows now."

IN HAMILTON.

Arranging to Celebrate the Nation's Day—But Dining and Other Notes.

Special Correspondence of the Standard. Hamilton, June 13.—Hamilton will celebrate the Fourth of July in a manner befitting the occasion. For a week a committee has been soliciting subscriptions for the purpose of giving a celebration and so great has been its success that a sufficient amount has been raised to enable the committee in charge to eclipse all former celebrations of the kind in the Bitter Root valley.

Arrangements are being made to have several good races at the fair grounds and purses will be offered for a baseball game and a shooting match, with a view of getting the Missoula and Stevensville gun clubs to take part. At this time it is impossible to enumerate the different attractions that will be presented, but it is safe to say that Hamilton will on that occasion reflect honor upon herself.

Work upon the new schoolhouse has begun and the building is to be completed by the time school opens this fall. The building, a two-story brick, is located on Fifth between Pinkney and Cherry streets, and when finished will cost \$7,000. The Bitter Root Fair and Race Association is at work these days making preparations for the fall meeting, which will be held from Oct. 1 to Oct. 7. The association is in excellent condition, being entirely out of debt and having some money in the treasury.

The democrats of Ravalli county will meet in convention at Stevensville on the 13th to elect delegates to the State convention. There is a strong sentiment in the county favorable to Bland for president and it is not improbable that resolutions to that effect will be adopted at the convention.

The Salvation army reached town to-day and have this evening attracted quite a large audience in the streets.

A NEW FEATURE.

The Lawyer Arrests a Man and Will Now Defend Him.

Missoula, June 13.—The three burglars who were arrested up the canyon were arraigned this afternoon before Judge Logan and asked for a preliminary hearing. The case was set for Monday. The case of Mary Edna Gardner has not been brought up yet. The young girl will not have anything to say, but remains firm in her former statement that she knew nothing of the robbery. There is one peculiar feature about the case. Charles Hall, who was one of the party that discovered them and arrested them, is to defend the man who says that his name is Joe Dillard. This is a new feature in law practice in Missoula. There have been some strange things done by attorneys to get practice, but this is the first instance on record where a lawyer arrested a man that he might defend him. Such thrift deserves success and will undoubtedly bring it.

Miners' Day at Quigley.

Missoula, June 13.—The celebration of Miners' Union day at Quigley was a great success. The parade was a long one, composed of the Miners' union and a part of the Federation of Labor. There were 125 men in line. The programme was as follows: Speaking by the Hon. Charles Bonner of Quigley. Address by Thomas J. James, president of the American Federation of Labor. Drilling contest, double-handed, 1/2 steel, 3-pound hammer. Drill contest, single handed. Horse race, 400 yards, best two out of three. Foot race, 100 yards. Standing jump. Sack race, 50 yards. Boys' race, under 14 years of age, 100 yards. Girls' race, 50 yards. Potato race, 30 yards. Grand tug of war contest between miners and members of the A. F. of L. The address of Hon. Charles Bonner was an eloquent tribute to the worth of labor and the good it has accomplished. It was a splendid oration and was loudly applauded. The speech of President James of the Quigley Federation was well received and was to the men of the camp, confining itself largely to local questions.

When the stage left the programme of sports was not finished. The 400-yard horse race had two heats, Hyfron's McIntyre and a Phillipsburg horse having won on heat each. There was a special 100-yard sprint, not on the programme, that was won by Edburg, formerly of Missoula.

Carter Is Given 20 Years for the Killing of a Fellow Soldier.

IT WAS TAX DAY IN COURT

Attorneys Charged \$10 in a Number of Cases—Motions and Suits—Malicious Mischief and a Novel Trial.

Missoula, June 13.—In the district court to-day Judge Woody sentenced Charles Henry Carter for the murder of a fellow soldier at the Four Mile house. When Carter was brought into court he was asked if he had anything to say and replied that he had not. His attorney, F. Z. Prince, who, in his argument to the jury during the trial of the case, had asked the jurors not to leave the sentence to the court in case they found the man guilty, made an appeal to Judge Woody for leniency. As soon as Mr. Prince had finished, the court pronounced the sentence, 20 years at hard labor and the costs of the suit.

Charles Peterson, Daniel Dennis and Otto Wick were made citizens of the United States. In the case of Peter Andre vs. the Deep Gulch Mining company, judgment was entered for the plaintiff in the suit for \$238, \$11.50 interest, \$1 fees and \$25 attorney's fees. In the case of J. G. Robinson vs. Maria Higgins, the defendant withdrew a request to strike out certain portions of the complaint and was granted 10 days in which to answer. The defendant was taxed \$10 for the withdrawal. It was a day of boxes on attorneys, and if there were any way to enforce this tax for dilatory motions, the county would soon be calling in more warrants. The county attorney was the most unfortunate in this respect and he will have to pay a big sum if the payment is enforced.

In the case of Theodore Bedard, jr., vs. Theodore Bedard, sr., et al., the demurrer of the defendant was withdrawn and the defendant was taxed \$10. In the case of the Missoula Publishing company vs. the county of Missoula, the demurrer of the defendant was withdrawn for defendant and taxed \$10. In the case of the Industrial Trust company, trustee, vs. Cora L. Stiff and H. C. Stiff, the defendants asked that the plaintiff be required to file a cost bond. This was sustained and the plaintiff was taxed \$10. The bond required is \$50. In the case of H. M. Heath, trustee, vs. Josephine Heyfron and D. J. Heyfron, the demurrer of defendant was called up for argument and the attorney for the defendant not being present, the demurrer was overruled and the attorney was taxed \$10. Ten days were granted him in which to file an answer. In the case of Phillip Leland vs. Lewis Leland, the motion of defendant to retax costs was denied and the defendant was taxed \$10. In the case of Charles Williams vs. P. F. Grant, the defendant demurrer was overruled and he was taxed \$10. The injunction suit of Elizabeth Maclay, executrix, vs. Thomas Haggerty, was set for hearing June 15.

In Judge Logan's court this afternoon there was a trial that drew a little crowd. It was a case of malicious mischief in which Andrew Floodman and William Durso were charged by Archie Moran with cutting trees and piling them on his fence near Lou Lou. The county attorney was too busy at the district court to take the case, so the complaining witness, Moran, conducted it himself. So successful was he that the court dismissed the complaint as being without the evidence of the state had been introduced.

RAVALLI DEMOCRATS.

Silver and Bland Endorsed—Crutchfield Their Favorite for Chicago.

Hamilton, June 13.—The Ravalli county democratic convention was held at Stevensville to-day. The greatest harmony prevailed and there was no contest at any point. The convention was called to order at 11 o'clock by Chairman Teidt of the county central committee. Rev. L. M. Rickman placed C. M. Crutchfield in nomination for temporary chairman and the gentleman was elected by acclamation. A. Landrum was unanimously chosen secretary and the chair appointed a committee on credentials. There were 22 delegates present, only two precincts being without representatives, Ross, Hole and Florence.

After a recess of 20 minutes the committee reported and the convention got down to business. The temporary organization was made permanent and the report of the committee on resolutions was presented. The resolutions are lengthy and declare emphatically for the free coinage of silver at a ratio of 16 to 1. The Cleveland administration is roasted to a turn and the convention declares unanimously for "Silver Dick" Bland for president. A resolution instructing the delegation to Butte to work for the election of C. M. Crutchfield for this county's representative to the state delegation to Chicago. Mr. Crutchfield said he could not serve, but the convention was unanimous in support of the resolution.

The delegates to the state convention are: D. B. Nicholson, George W. Ward, L. L. Wright, R. Lee McCullough, C. M. Crutchfield, Taylor Scherrill, E. C. Small, J. R. Pauls, A. A. Hammond, Alternates—W. J. Teidt, H. Chambers, B. H. Simpson, Sam Lucas, M. E. Knowles, W. Wittower, W. Baes, John S. Robertson, W. H. Brennan. The convention was harmonious throughout and there was no dissent to any of the proceedings. The democrats of the county are in line to do what is best for the state and there are no local quarrels to settle.

MISSOULA NEWS.

Missoula, June 13.—There is much depression in Missoula to-night over the defeat of the ball team at Spokane to-day. The boys will not have a brass band when they get home unless they do better to-morrow.

Judge Benton of the Cascade county court was a guest at the district court here to-day.

The following instruments were filed for record with the county clerk to-day:

ONE HONEST MAN

Dear Editor: Please inform your readers that I have written to confidentially Luff's paid in a sealed envelope to the Standard. I was miserably treated to health and many vigor after years of suffering from Nervous Weakness, night sweats, and was cured by Dr. Williams' Pink Pills for Pale People. I have no scheme to extort money from any one, I am honest and satisfied, but thank heaven, I am now well, vigorous and strong, and anxious to help others in my condition. I have nothing to sell or send. O. H. I want no money. Address, JAMES A. HARRIS, Box 272, Durbin, Mich.

day: Warranted deed, L. F. Keim and wife to A. Jurin, lots 11 and 12, block 33, Urin's addition, \$1. Location notice, Patrick McDonald, Benton lode, St. Regis district. Deed, Charles L. Cowell and wife to W. H. Layton, lots 8 and 9, block 5, South Missoula, \$125. Deed, Missoula Building & Loan association to Alfred J. Urin, lot 14, block 64, Urin's addition, \$150.

The school board met this evening at the Central school building. All members were present. The principal business of the meeting was the election of teachers to complete the corps for next year. In addition to the seven teachers reelected last week the following of the present corps were chosen: Misses Mabel Bolles, Kattie Shelly, Edna Graham and Mesdames E. C. Knight and Mattie Weyman. Miss Minnie Spurgeon was elected to complete the corps. The question of additional rooms and teachers, brought up by Superintendent Hamilton, was referred to a committee.

Negotiations are pending in the dissolution of the partnership of Yerrick & Powers, proprietors of the Grand City Liquor & Bottling company, by which Mr. Yerrick will purchase his partner's interest. A part payment of the purchase price was made to-night and the remainder is held in escrow.

Dr. H. H. Hanson shipped his trotter, Chris Peterson, to Anaconda to-day. Dr. Genoway of Wallace came over to-night to assist Dr. Hanson in a surgical operation to-morrow.

E. O. Dugan of Butte is in the city to-night.

Almost a Fatal Runaway.

Missoula, June 13.—The regular Saturday runaway was made this morning usual this week and nearly resulted in a fatality. It started on the north end of Higgins avenue, when a horse that was being driven by Charles Harpster became unmanageable. The horse acted in a most vicious manner and, although Mr. Harpster is a strong man, he could not handle him at all. The horse was kept straight in the street till it reached the corner of Main street and then it swerved and collided with the buggy of Charles Williams that was standing there. The Williams buggy was somewhat injured and the boy who was sitting in it was shaken up a little, but not hurt. The buggy to which the runaway was hitched was wrecked and Mr. Harpster and a young lady who was with him were thrown to the ground. The horse broke away from the buggy and ran to his stable.

SPOKANE WINS.

The Missoula Boys Meet Defeat—The score is 20 to 3.

Special Dispatch to the Standard. Spokane, June 13.—The baseball game to-day between the Spokane and Missoula teams resulted in a great victory for the home nine. There will be another game to-morrow. Following is the summary:

Not Surprising.

Livingston Post: It is not so surprising that Bozeman's notorious burglar should be a high official in the local lodge of the A. P. A. Both vocations belong to the dark lantern line of business.

TIME IS MONEY.

The Northern Pacific is the only line operating a double daily passenger service between Butte and St. Paul. The new schedule, which went into effect on April 12th, makes this line the fastest by many hours to St. Paul, Chicago, New York, Boston, and all eastern points.

Note actual time consumed to the following points, and compare it with the time made by other lines out of Butte: St. Paul.....1 day 5 hours Chicago.....2 days 11 hours New York.....3 days 11 hours Boston.....3 days 13 hours No change of cars to St. Paul. Only one change to Chicago and two to New York or Boston. Ticket office, 23 E. Broadway, Butte, Montana.

Butte Men Worked.

Bozeman Chronicle: Last fall a man went to Butte and took with him some rich copper ore, which he claimed to have found within three miles of Bozeman. Two men were found to take an interest in the mine with him, and the three were to come here on Friday to work the property. Arriving at the Butte depot, the two men could not find the senior partner, but came on to Bozeman anyway. They have concluded not to work the mine; they were too badly worked themselves.

The State Normal.

Dillon Examiner: The lack of funds for maintaining the State Normal school will not prevent that institution from being opened as soon as the building is ready for occupancy. Dillon has a sufficient number of public-spirited citizens who stand ready to advance whatever money is needed to run the school until the legislature can make an appropriation for its support.
