

MONTEJO IS A COWARD

That Is the Charge Made by Newspapers in China.

ARCHBISHOP OF MANILA

He Tells His Parishioners That They Will Be Degraded and Robbed by Their New Masters—He Urges Resistance.

Manila, June 19.—The Oriental steamship Olympia, which arrived here today, brings China newspapers which accuse Admiral Montejó of cowardice at the battle of Manila. A special correspondent of the Hong Kong Telegraph writes to his paper from Manila, saying that the admiral did nothing more than see from one vessel to the other during the engagement. He was among the first ashore and almost before the battle was over was at his country villa beyond the city. He had not even allowed his captains to know where the Cavite anchorage was, and this is given as a reason why some of the mines were exploded before the American ships approached them. They were exploded in order to give the Spanish vessels an opportunity to cross the line. Colonel San Miguel of the artillery committed suicide when he found that the supply of ammunition was not what had been represented. Fraud had been committed which had disposed of the stock.

The archbishop of Manila has issued a pastoral, in which he declares: "Very soon you will see an insurmountable barrier placed between you and your masters; there will be for you no situation nor representation, nor can you even participate in the government of the towns. You will be reduced to a separate civil state, vilified and degraded like those of the lowest caste, treated like miserable laborers, reduced to the condition of coolies, and farther to that of beasts or machines, supplied or fed by a handful of rice thrown in your faces as a daily allowance, simply to secure the fruits of your labor. This is not all. The worst is that you will soon see the ruin of your temples, or that they will be turned into Protestant chapels, where there is no altar. Oh, this is hard. God, Virgin and all are gone, and the cross will have disappeared from your cemeteries, the crucifix from your schools, and the ministers of the true God, who made you Christians through baptism." He urges the Spanish to resist the attacks of the Americans.

There is a strong anti-British feeling among the Spaniards in Manila, who are of the opinion that the English people have shown their sympathy with the United States too openly. It is claimed by the Spaniards that the British government even supplied a pilot to take the fleet into Manila harbor. Captain Cobban of the collier Zafró was accused of being the pilot.

A dispatch from Canton tells of a piratical raid 60 miles above the city. Pirates boarded the Chinese steamer Wingsang at Canton as passengers and, reaching a favorable point, attacked the crew, which resisted and after several hours' fighting drove them from the boat. The steamer drifted ashore during the struggle and had not been floated several days later.

Serious rioting is reported from Shanghai, in China. The customs station was burned and the commissioner of customs has been made away with. The British consulate was attacked and the flagstaff torn down and the flag torn to shreds. The building was then burned to the ground.

Reports from Canton state that the gravestones are not able to keep up with the death list from the plague. There are reports of serious difficulty between the Chinese and French governments arising from the fact that French experts were employed to take charge of the pest house, where the French assumed too much authority and their contract was annulled and pay withheld. The hitch, when reported to the French minister at Peking, resulted in sending two warships to Foo Chow, taking a position where the Chinese would be in the mercy of the French gun. The Chinese directors were prevented from fleeing for safety by a hint that flight would be a signal to seize the arsenals. The French demands practically amount to giving the French the possession of the arsenal.

It is reported that American warships are blockading Iloilo, 260 miles from Manila. Prince Kung, a member of the royal family, is reported to have died at Peking. The news is credited by Chinese and Japanese papers. Serious rioting occurred at Wun Chow on May 25 and several houses were wrecked. No loss of life was reported.

MANILA SURRENDERED.

A Report to That Effect Was Received in Madrid.

Paris, June 19.—The Madrid correspondent of the Temps says it is reported there that Manila has capitulated, though ministers have not received any news to that effect.

The correspondent also says that Senator Romero Giron, the minister of colonies, stated that if Governor General Augustus has made over his power to General Sanders to govern Manila, General Sanders will attempt a sortie.

According to the same authority the Spanish consuls at Hong Kong, Shanghai and Singapore have been ordered to organize at any cost the most rapid communication with the portions of the archipelago still under Spanish authority.

THE THIRD EXPEDITION.

It Will Be Commanded by Brig. Gen. McArthur.

San Francisco, June 19.—It is now definitely announced that the third expedition to the Philippines will be commanded by Brig. Gen. Arthur MacArthur. Major General Merritt may accompany this force, though he had expected to remain here until the departure of the fourth fleet of troops. The various commands for the third expedition have been assigned to steamers as follows: Morgan City; 1st Idaho and the Nebraska recruits; City of Para; 13th Minnesota, with the exception of its recruits; Indiana; The battalions of the 11th and 24th U. S. Infantry; Ohio; 1st Wyoming, Batteries G and L, 3d U. S. Artillery and the Minnesota recruits; Valencia; 1st North Dakota.

The 7th regiment of California volunteers will remain here for the present, though they will probably go to Manila soon. Several hundred recruits for the Minnesota and Kansas regiments arrived this morning. The Astor battery is expected to-morrow.

The coast defense vessel Monadnock will come down from Mare Island to-morrow forenoon and anchor in the stream. The collier Nero has taken on her coal and by Tuesday afternoon it is thought the big warship with her escort will start for Manila.

Private Samuel France of the South Dakota regiment died last night at the brig's hospital of cerebro spinal meningitis. In order to enforce discipline, First Lieutenant Conrad of the Montana regiment last night beat Private Frank Gorman of South Dakota over the head with the hilt of his sword. The private's injuries were severe but not dangerous.

DESTINATION UNKNOWN.

London, June 19.—The Gibraltar correspondent of the Daily Telegraph says: Admiral Camara's squadron arrived at Cartagena Saturday evening with Captain Annon, minister of marine, who inspected the Lepanto. The destination of the fleet is not known, but it is believed that Admiral Camara will keep in touch with home ports and that the squadron will be used to deceive the Americans.

GERMAN THREATS.

America Will Not Find Colonizing an Easy Matter.

London, June 20.—The Berlin correspondent of the Times says: It seems probable that Admiral Dewey is unable to undertake the responsibility for the safety of Germans at Manila. Admiral Deldrichs will land a force. Once a German landing has taken place, a new aspect, and as the Marine Politische Correspondent has already pointed out, it will be as easy to claim a guarantee, or guarantee for the future in the Philippines as it was in the Shantung peninsula. The Kolnische Zeitung, uttering a warning to the United States that it will not find colonizing easy, proceeds to say: "An administration which is so corrupt and so completely at the mercy of the most pernicious personal influence as that of the American union, will hardly be able to repair the ravages which have been wrought by the Spanish neglect and priestly rule in the course of centuries. The citizens of the most of the free republics do not seem to realize the enormous burdens which military occupation of these colonies and their protection by a navy will impose upon a state. The Americans are not even prepared to protect their own coasts against a naval power of any importance."

A NEW ROCKET.

Annon Determined to Send a Fleet to the Philippines.

London, June 20.—The Cadiz correspondent of the Morning Post says: The real reason for the visit of Captain Annon was to be in attendance at the trial of a new rocket so powerful that on its explosion near an ironclad so great a displacement of water would be produced that the vessel would be engulfed. He interviewed the minister of marine who bore. He admitted that the government had given him unlimited credit to purchase war materials, adding that they depended on the support of the wealthy to provide further munitions.

"It is lamentable," he said, "that we have been unable to dispatch a fleet to the Philippines. Our lack of foresight has cost us dear and ought to serve as a lesson to us in future to strengthen our navy at all costs. I am determined to dispatch vessels to Manila. It would be an unpardonable crime to abandon our heroic soldiers there without an attempt to aid them."

Wonderful Success.

London, June 20.—The Hong Kong correspondent of the Daily News, telegraphing Sunday, says: The native proclamation of independence will be signed on Monday. Manila is completely surrounded by the insurgents, of whom there are three forces deployed about the city. The success of the rebels is wonderful. The insurgents have captured old Cavite church, taking 250 prisoners and they now hold the entire shore of the bay around to Cavite. A brigade of foreigners, composed of British, Swedish and Germans, intend to remain on shore.

Spaniards Are Demoralized.

Hong Kong, June 19.—The British steamer Yuen Sang, which arrived from Manila on June 14, reports that a railway director who went out on the line on a locomotive was fired upon by insurgents at the barracks, four kilometers outside the city. The Yuen Sang also reports that the railway station is being fortified. The Spaniards, it is said, are demoralized and it was expected when the steamer left that they would retire to Manila. The Yuen Sang sighted a number of vessels believed to be American transports.

Minnesota Recruits.

Portland, Ore., June 19.—Early this morning a special train over the Northern Pacific arrived from St. Paul with 212 men and three commissioned officers to recruit the 13th Minnesota volunteer regiment to its maximum. They left Portland in a special train over the Southern Pacific. In every seat of the train boxes of lunch and a pair of strawberries had been placed early in the evening by women of the Emergency corps. The seats and walls of the cars were brightened with flowers in profusion.

Spain Dies Hard.

London, June 20.—The Madrid correspondent of the Standard says: The government wishes it clearly understood that the fall of Manila does not in the least signify the surrender of Spanish rule in the rest of the islands or in the other archipelago where shortly vigorous measures will be taken to vindicate the rights of Spain against American invasion with the assistance of the native contingents, who are loyal in Vizcaya, Mindanao and Marine groups.

Waiting for Troops.

London, June 20.—The Hong Kong correspondent of the Times says: The report that Manila at their mercy, but Admiral Dewey is anxious that the American troops should have the honor of receiving the Spanish capitulation. The steamer Yuen Sang reports passing the United States troop ship City of Peoria on the morning of the 15th near Manila.

Laden With Flowers.

Pueblo, Colo., June 19.—Laden with flowers and with food for a week, supplied by the Soldiers' Aid society, 38 recruits for the 1st Colorado, now en route to Manila, left for San Francisco today, in command of Lieutenant Bidwell. The army and the Union depot, when they took their departure, were thronged with cheering people.

Oregon Volunteers.

Portland, Ore., June 19.—Twenty-seven recruits left here for San Francisco to join the 2d Oregon volunteer regiment in Manila.

London Money Market.

London, June 19.—There has been a slightly better demand for discount as

FORECAST OF CONGRESS

Hawaiian Question at the Front in the Senate.

DIFFERENCE OF OPINION

Contradictory Assertions by Friends and Opponents of the Measure—Forty-Six Senators Will Stay in Session.

Washington, June 19.—The Hawaiian question comes to the front again in the senate during the present week, but under somewhat different circumstances from those which attended its presentation at the beginning of the session. The purpose was then, as it is now, to secure the annexation of the islands to the United States, but the effort at that time was to secure this result by means of a treaty, whereas the present course is through the instrumentality of a joint resolution. On the first occasion the matter was considered in executive session with the public excluded, while now the doors are to be thrown open to the world. What the outcome of the question may be or when a vote will be reached, no one will undertake to say positively. The leaders on both sides are full of prophecy, but there is so much discrepancy between the opinions as to render it necessary to discard one in order to accept the other. The friends of annexation assert that there is no possible doubt of their ability to pass the resolution, and they have pledged to remain in the senate until the question can be decided, while the opposing leaders declare that 48 senators have assured them they will vote to adjourn, and that if the friends of annexation insist that the friends of the measure shall maintain a constant quorum in the chamber, they also predict that the annexationists will find themselves compelled to participate in the proceedings, as they expect to advance points which will demand refutation, or at least reply.

In view of this general contradictory condition one can only make a prediction upon general conditions. There is no doubt in the first place that the annexationists have a majority in the senate if a vote can be reached. If a vote could be taken now the result would be about 54 for annexation to 25 against in a full senate. Of these 54 senators there are, however, quite a number who are not zealous, and in whose minds all doubt as to the advisability of outside territory has not been overcome.

The senators as a rule are indisposed to remain in session for any length of time during the hot summer months. Most of the senators of this class are republicans and there are probably a sufficient number of them under normal circumstances to force an adjournment. They themselves, however, with the request of the administration to remain and pass the resolution as a war measure, and some of them are disposed to sink their own preferences in obedience to the presidential wish.

The talk as to the probability of postponement until a fixed date in the next session increases and many persons are predicting that the vote probably will be secured on Monday on the taking up of the resolution, as it will be necessary to take it up to displace other measures on the calendar.

Conference Reports.

Washington, June 19.—Much of the time of the house this week will be devoted to the consideration of conference reports of the committee on the Hawaiian question. The bill will be considered as a measure of annexation, and the friends of the measure are likely to be considered as the anti-scalping and banking currency bills. Those in charge of the latter measure have not determined whether they will consider the Hawaiian question, or in case the majority sentiment of the republicans favors the taking up of the measure so obstacles will be presented by the committee on rules or by the Rev. Celia Parker Woolley delivered the chief address on "Modern Religious Tendencies." The Rev. Mary Andrus of Omaha offered prayer and Miss Helen Cole of Boston, who has branched out in the rather unique work of instructing clergymen in scriptural reading, gave a passage from the Bible.

In the evening Editor Rosewater of the Omaha Bee gave a reception in honor of Miss Sadie American, and during the day the women indulged in sight-seeing on the side.

Most of the delegates left during the evening for the biennial convention at Denver and the Nebraska contingent will follow in two coaches.

In Annual Convention.

Special Dispatch to the Standard. Helena, June 19.—The annual convocation of the Protestant Episcopal church of Montana began here to-morrow and will conclude Friday. Many clergymen and laymen arrived to-day and more are expected to-morrow. Rev. Mr. Quinny of Miles City preached at the service held this morning to a large congregation. This evening St. Peter's church was crowded. Bishop Brewer spoke upon church work for the past year. He reported the condition of the church in the state to be in a very satisfactory condition. His address was a very complete review of church affairs since the last convocation. Special musical exercises marked to-night's services. To-morrow the work of the convocation will begin.

PULPIT POWER

Demonstrated at Omaha by Visiting Club Women.

Omaha, June 19.—Visiting club women demonstrated their power in the pulpit to-day. In the morning the Rev. Celia Parker Woolley of Chicago served as rabbi in the Jewish synagogue and the Rev. Celia Parker Woolley of Chicago preached in the Unitarian church on "Natural Religion." Mrs. Beulah Benbow, president of the Nebraska Federation of Women's clubs, presided at the special services held in the afternoon at the First Congregational church, and the Rev. Celia Parker Woolley delivered the chief address on "Modern Religious Tendencies." The Rev. Mary Andrus of Omaha offered prayer and Miss Helen Cole of Boston, who has branched out in the rather unique work of instructing clergymen in scriptural reading, gave a passage from the Bible.

In the evening Editor Rosewater of the Omaha Bee gave a reception in honor of Miss Sadie American, and during the day the women indulged in sight-seeing on the side.

Most of the delegates left during the evening for the biennial convention at Denver and the Nebraska contingent will follow in two coaches.

Work of Burglars.

Special Dispatch to the Standard. Pocatello, Idaho, June 19.—Burglars broke into the McDonald & Co. hide warehouse last night and blew open the safe in the office. There was \$20,000 in the safe but a number of valuable papers were taken. There is no clue.

Sluiceway Robbers.

Baker City, Ore., June 19.—Word has reached here from Grant Brothers' mine, on the north fork of the John Day river, 60 miles west of Baker City, that sluiceway robbers had made a heavy cleanup in the mine on Thursday night. The property is one of the biggest placer gold producers in Eastern Oregon. The night shift was laid off for repairs and the bold thieves must have secured several thousand dollars, as after the theft \$1,500 was obtained from the leavings by the owners.

Standing of the Clubs.

Table with columns: Clubs, Played, Won, Lost, P.C. Lists clubs like Cleveland, Boston, Baltimore, Chicago, New York, Philadelphia, Brooklyn, Washington, St. Louis, Louisville.

BASEBALL YESTERDAY.

At Cleveland—The authorities of Collingwood village stopped the Cleveland-Pittsburg game at Beach park this afternoon, but not until after the home team had won a victory. In the eighth inning, with the bases full, Gardner hit the batter and forced in the winning run for the home team. At the end of the inning the marauding Collingwood appeared on the grounds with warrants sworn out by Rev. George Barry, a village clergyman, and placed all the Cleveland players under arrest. They were taken before Magistrate Elton Colwell, who released them on \$50 bail each for appearance next Saturday afternoon. The Pittsburg players were not interfered with. Score: Cleveland 10, H. E. 3.

At Chicago—The Reds could do nothing with Griffith to-day while the locals found Breitenstein rather easy and hit him hard throughout the game. The crowd was a record breaker. Attendance, 22,000. Score: R. H. E. Chicago 10, H. E. 3. Cincinnati 7, 7, 4. Batteries—Griffith and Donahue; Breitenstein and Vaughn, Umpires—Swardwood and Wood.

At St. Louis—The Colonels and the Browns broke even to-day in two of the hardest fought games of the season. Neither of the games were won until the last man was out. Downing pitched a superb game for the victors. Attendance, 14,000. Score: First game—R. H. E. Louisville 6, 5, 3. St. Louis 5, 3, 2. Batteries—Downing and Snyder; Hughes, Glatstick and Clements. Umpires—Emslie and Curry.

Second game—R. H. E. Louisville 6, 5, 3. St. Louis 5, 3, 2. Batteries—Downing and Snyder; Hughes, Glatstick and Clements. Umpires—Emslie and Curry.

At Spokane—Tacoma and Spokane broke even to-day. Score: First game—R. H. E. Spokane 5, 12, 3. Tacoma 6, 11, 2. Batteries—Ryan and Kelly; Law and Norton.

Second game—R. H. E. Spokane 5, 12, 3. Tacoma 6, 11, 2. Batteries—Ryan and Kelly; Law and Norton.

At Seattle—Haynes of Seattle down with only four hits and the visitors won a good game. Score: R. H. E. Seattle 4, 19, 2. Portland 3, 4, 3. Batteries—Anderson and Duggdale; Haynes and Murphy. Umpire—McInerney.

Spain Can Get No Aid

Germany Will Not Interfere in the Philippines.

NO FAITH IN THE POWERS

A Spanish Politician Says They Will Not Oppose the Plans of America.

To Negotiate for Peace.

Madrid, June 19.—In the course of a conservative conversation to-day, an important politician said he did not believe that Germany would do anything in the Philippines on behalf of Spain. Nor had he any faith in the help from European powers. If Admiral Camara is successful in the Philippines, it will be of assistance to Spain in adjusting peace, but no power or commission of powers is likely to oppose America's policy. Should the liberals retire the next government will take the earliest opportunity to negotiate for peace. General Blanco has cabled Lieutenant General Correa, minister of war, an indignant denial of the charges that the Spaniards at Guantanamo mutilated the American dead.

A SPANISH SHELL

Swept the Deck of an American Vessel at Santiago.

Madrid, June 19, 3 p. m.—Private telegrams received here from Cuba says that during the last attack by the American ships upon Santiago de Cuba a Spanish shell struck on the deck of one of the attacking ships, sweeping off all the men there. Another shell, according to the same authority, struck the funnel of a cruiser, doing much damage.

The Havana government is displaying great energy. Fourteen university professors, who fled for fear of the results of the war, have been dismissed. The blockading vessels, the telegrams say, continue inactive.

Captain Annon, the minister of marine, refuses to give any information regarding the destination of Admiral Camara's squadron. The Spanish newspapers declare that the statements that the bodies of American marines killed at Guantanamo were mutilated by the Spanish troops and similar statements regarding the loss of the Maine are made with the object of inflaming the American populace.

They Despise Threats.

Madrid, June 19, 9 p. m.—The statement that President McKinley has sent to Admiral Cervera and General Pando messages, saying that he would hold them personally responsible for the lives of Lieutenant Hobson and his men, has produced a disagreeable impression here in military circles as showing that President McKinley distrusts the military honor of the Spaniards who, on their part, despite all threats, such messages, it is declared, render the future exchange of prisoners most unlikely.

A Cabinet Council.

Madrid, June 19.—The cabinet council held a session to-day. The decisions reached are kept strictly secret. Sir Henry Drummond Wolff, the British ambassador, had another long conference to-day with the minister of foreign affairs.

Ready in a Mouth.

Madrid, June 19, 4 p. m.—Captain Annon, the minister of marine, who arrived at Cartagena yesterday and inspected the cruiser Lepanto, reports the Lepanto and the cruisers Cardinal Cisneros and Princes de Austria will be ready for sea in a month.

Splendid Material.

London, June 19.—The Standard, applauding editorially "President McKinley's wisdom in postponing a serious invasion of Cuba until after the rainy season," says: "The president shows himself, as he has done throughout the whole business, a wise and strong ruler. America has splendid material for a fine army, but time is required to organize it."

Russia's Voice.

London, June 19.—The Odessa correspondent of the Times says: The government has arranged that several of the fleet cruisers should be temporarily stationed at Vladivostok and Port Arthur, with view, it is believed, of giving due weight to Russia's voice as to the ultimate ownership of the Philippines.

Work of Burglars.

Special Dispatch to the Standard. Pocatello, Idaho, June 19.—Burglars broke into the McDonald & Co. hide warehouse last night and blew open the safe in the office. There was \$20,000 in the safe but a number of valuable papers were taken. There is no clue.
