WAS VERY SHODDY WORK

The Paving Fall to Pieces at the First Blow.

NO SIGNS OF THE CEMENT

The Inspector Was Either Criminally Careless or Utterly Incompetent—A Revelation When the Pavement Was Taken Up.

There has been a very great deal of very unpleasant comment the past few days regarding the pavement which has been torn up on Main street between Park and Galena.

AT CHICKAMAUGA.

A High Moral Tone Prevades the Whole Army.

Chickamauga, Chattanooga National Military Park, Ga., June 19.—The day was a very beautiful day at Camp Thomas and a cool breeze continually blew.

The soldiers were forbidden to congregate at points of amusement, and practically all remained in camp with the exception of some who had permission to spend the day on Lookout mountain.

Now, whoever is to blame for this condition of things is idle to say now. But certain it is the citizens and officials alike are of the opinion that paving in Butte might better stop short than that any more such shoddy work should be done.

The mayor has recommended that a board of public works be appointed to superintend all this work. Whether this is done or not the city officials are satisfied that paving is no longer the only way to have the job done right.

Washington, June 19.—With reference to the report that he is to take the personal command of the American expedition, which is to be sent to Porto Rico, General Miles said to-day that the matter of his future movements was in this respect too indefinite to discuss.

Ready for the Guns.

Port Townsend, June 19.—Steamer Rapid Transit arrived at Admiralty Island this morning and has been busily engaged all day in unloading guns, carriages and other material for fortifications, and all work is being rushed for reception of the guns which are soon expected to arrive.

San Francisco, June 19.—The Pacific Mail Steamship company's steamer Newport, which has been chartered as a government transport, has arrived from Central America.
