The Royal is the highest grade baking powder known. Actual tests show it goes one-third further than any other brand.

ROYAL BAKING POWDER Absolutely Pure

H. O. WILSON APPOINTED

Will Succeed M. W. Bacon as General Agent of the O. S. L.

WAS RATHER A SURPRISE

Not Yet Known What Mr. Bacon's Intentions Are—Wilson Says He Is Glad to Again Get Back to Butte.

"Mr. H. O. Wilson has this day been appointed general agent of this company, with headquarters at No. 19 East Broadway, Butte, Montana, vice M. W. Bacon, resigned."

The above circular, dated Sept. 1, and bearing the signatures of S. W. Eccles, general traffic manager, and W. H. Bancroft, general manager of the Oregon Short Line, was received in Butte yesterday and created something of a surprise in local railway circles. The same train that brought the announcement of the change in the Butte office of the Short Line also brought Auditor J. L. Craig of the company and Mr. Wilson, the new agent who will succeed Mr. Bacon. Mr. Craig spent the remainder of the day checking up the office preparatory to turning it over to the new agent, and Mr. Wilson will formally take charge of affairs to-day.

Mr. Bacon, the retiring agent, was appointed about a year ago, when the Short Line opened an independent office in Butte. He is a hustling and energetic young railroad man of experience, and his resignation was probably made with a better thing in view, although Mr. Bacon has not yet announced his intentions. Mr. Wilson, the new agent, is well known in Butte, having formerly lived in this city and for years has visited the state in the interest of the Short Line. Mr. Wilson has been in the railroad business all his life. He entered the services of the Union Pacific in 1888 and was for a long time connected with the Butte office under J. A. Lewis, who was at that time general agent. Subsequently he was transferred to Helena and put in charge of the Union Pacific office in that city. When the segregation occurred, Wilson was sent to Salt Lake, where he entered the Short Line general office as chief clerk of the freight department, which position he has held ever since, the position being equivalent to assistant to the general freight agent. After D. S. Taggart, the traveling freight agent, met with his accident Mr. Wilson took his place temporarily and came to Butte to take his new position on 24 hours' notice. Mr. Wilson brought his wife and household goods with him, prepared to locate permanently.

"I am glad to get back to Butte," said Mr. Wilson yesterday. "I have always looked upon this city as my home. I like the place and the people." Mr. Wilson will be succeeded as chief clerk by O. Morris, a clerk in the general freight office, and there will be promotions all along the line there. There had been a rumor, growing out of a misunderstanding of the facts, that Mr. Wilson's appointment would result in a consolidation of the Short Line and Union Pacific offices in Butte, but there was nothing to the rumor at all.

IN A CAVE-IN.

John J. Cox, a Miner, Nearly Killed in the East Gray Rock.

John J. Cox, a miner at the East Gray Rock, received painful injuries in an accident which occurred in the mine late last night. Cox was working in the drift on the 700 level putting in a set of holes when, without warning, a mass of rock fell away from the wall. Cox was struck on the left shoulder by a big piece of rock, and another struck him a glancing blow on top of the head. He was knocked down, and when assistance reached him it was thought he was severely injured.

Cox was taken to the surface immediately and sent to Murray & Freund's hospital. An examination of his injuries proved he had had a very lucky escape. It was found he had only sustained a dislocated shoulder and a couple of scalp wounds, and although he regarded that as bad enough, he was very fortunate that he was not more seriously injured. He suffered intense pain while the dislocation was being replaced, but after his injuries were dressed regained strength rapidly and at a late hour was feeling very comfortable. He will only be laid up a few days.

Cox thinks he is in pretty tough luck as he had just returned to work and was working his first shift after being laid up with a poisoned finger for some time. Cox is a married man and lives at No. 313 West Porphyry street.

CRAZIER THAN EVER.

Charles Maddox Chases His Father and Mother With an Axe.

A few days ago Charles Maddox, aged 26, an inmate of the insane asylum at Warm Springs, was released at the request of his parents, who are residents of Helena. They intended to take him home and have him treated by a specialist, having been led to believe that he suffered from a mental trouble that would readily yield to special treatment. They had a good idea that a lot of good and pure air and an outing would be good for him, so they drove to the asylum by team and started with the young man back to Helena. They reached Silver Bow yesterday afternoon and went into camp, when suddenly young Maddox became crazier than ever. He grabbed up an axe and ran after his father with murderous intent. The old man outran the crazy one and escaped. Young Maddox then went back to the camp and chased his mother out also, after which he had things to himself.

Mr. and Mrs. Maddox were afraid to return and they went to the station for assistance. A telephone message was sent to the sheriff's office and Deputy Sheriffs Avara and O'Neill went down to Silver Bow and took the crazy man in charge. He was found in the camp and offered no resistance. He was brought to Butte and lodged in the county jail and will be returned to the asylum.

"THE NEW DOMINION."

Clay Clement Makes a Great Hit With the People of Butte.

Clay Clement appeared before a good sized audience at Maguire's opera house last night as an actor with the people of Butte. There had been promises made for him by friends, the press and admirers. He demonstrated last night that the praise accorded him was not overdrawn, that the promises made

could be easily fulfilled. Henceforth Mr. Clement will be among the actors who will always find an open and loving welcome awaiting him in Butte. He made his initial appearance as a star before the theater-going people of Butte in his own play, "The New Dominion," and the actor and play won the hearts and admiration of the audience.

It is Baron Franz Van Hohenstauffen he presents a character new and unique, a pleasing and perfect gentleman and a character that appears well in its Virginia setting among the fine old folk and that splendid, but disappearing character, the Southern gentleman. The actor is admirable, and the play is a beautiful one. Mr. Clement has a good supporting company. It is especially weak in one or two particulars. Miss Nellie McGowan, a charming actress, plays the leading lady part in the character of Miss Flora May Randolph. Mrs. Clay Clement as Mrs. Josephine Dulaney, Miss Gertrude O'Brien in the part of Martha, the mountain girl, and Miss Phoebe McAllister, the well-known actress, gave good support in their various characters. Harry S. Duffield, late with the Frawley company, appeared as the Virginia gentleman, Jeffrey D. Williams as Marshall Boner, William B. Mack as the young attorney and Thomas F. O'Malley as the negro servant. There were several curtain calls, to which the entire company responded. Mr. Clement and his company should feel well satisfied with the enthusiastic reception they were given last night. The play will be repeated to-night and to-morrow night and at a Saturday matinee.

ASSUMES SERIOUS ASPECT.

Miners' Strike in Illinois Is Nearing a Crisis—Two Officials Arrested.

St. Louis, Sept. 1.—A special to the Post-Dispatch from Pana, Ill., says: Six hundred striking miners this afternoon seized David J. Overholt and Lewis Overholt, officials of the Springdale mine, and carried them to the direction of the mines. Their purpose was to demand the surrender of non-union negroes working in the mine. Rev. Millard, a minister, made a plea to the miners to release the prisoners, but he was knocked on the head with a revolver. The miners were overtaken by the state officials of the miners' union and halted.

D. J. and Lewis Overholt gave the committee an order to send for a committee of the negro miners. Sheriff Coburn refused and replied, demanding the release of the Overholts. John Mitchell, national vice-president of the union, sent back a note saying the Overholts were not in his keeping. The Messers Overholt were released at 5 o'clock this evening. The strikers are said to have voted several times to hang the Overholts, but were prevented by their leaders from committing violence. All saloons were closed to-night by order of Mayor Wells.

A conference was held to-night between Secretary Ryan, Vice President Mitchell of the Miners' union and David Ross and T. D. Kelligher of the state labor bureau, and later they conferred with Louis Overholt, who agreed to meet the committee to-morrow morning and submit the concern's books, looking to a settlement.

Dr. Millard, the minister who interfered on behalf of the Overholts, is badly injured, but will recover.

Pana, Ill., Sept. 1.—The mining strike situation is still serious. Union men have begun injunction proceedings to prevent the operation of the Springdale mine, claiming it is unsafe. Eighty-six Miners' and State police have arrived here and smaller detachments from other points are coming in by every train. The leaders declare firearms are not to be used, but nearly all union miners are armed and a demonstration could hardly avoid leading to bloodshed.

Pittsburg, Sept. 1.—Four hundred striking coal miners under District President Dolan, marched from Monogahela to the Galeburg mines and forced 60 men at work to join the strike. A camp has been established near the mines to prevent their operation by non-union miners. The purpose of the strike is to compel the payment of the Chicago scale of prices.

DASTARDS' WORK.

Tramps Open a Switch and Derail a Train, With Fatal Results.

Syracuse, Sept. 1.—A special to the Herald from Fulton says: Train No. 5 on the New York, Ontario & Western was wrecked at Ingralls, a crossing near the village, early this morning. The wreck was doubtless due to the dastardly work of tramps, who threw open the switch at which the train was wrecked. The dead are: Engineers E. Dowd, Oswego; Fireman William Hall, Norwich; Brakeman Al Osborne, Walton. Eight persons received painful though not fatal wounds, their injuries ranging from broken ribs to burns, bruises and scalp wounds.

Chicago Is Inland.

To the Editor of the Standard. Please answer the following: Is Chicago an inland city? What is the largest inland city in the United States? A SUBSCRIBER.

Butte, Sept. 1. The accepted meaning of "inland city" is a city in the interior of a country—as contrasted with a city on the sea shore, which is a "coast city." Chicago is the largest inland city in the United States.

Notes.

The attention of the public is hereby called to the fact that all meat markets in the city of Butte and vicinity will be open on Sunday, Sept. 4, until 12 o'clock noon and closed all day Monday, Sept. 5, "Labor Day," as per agreement between the retail butchers' association and the Butte butchers' union, No. 17, Butte Butchers' Union, F. J. Pelletier, Secretary.

A Little Blaze.

A burning candle, falling from the wall into a pile of hams, started a fire yesterday in the warehouse of Walsh & Craft in Platinum street, which gave the fire department a run at 11:45. The fire started in a lot of gunny sacks and had not spread when the department arrived and put it out.

Typhoid Victims. Atlanta, Ga., Sept. 1.—Privates Charles Smith, Troop C, 2d cavalry; Fred M. Carr, 2d Michigan, and James Householder, 5th Maryland, died to-day of typhoid fever at Fort McPherson.

\$25 reward to any one proving that E. F. Mayer, 40 West Park, does not put in the best mauling made for \$1. Watch cleaning \$1.50.

The funeral of Mrs. Frank Kreiter has been postponed until Sunday at 2 p. m., in order to await the arrival of relatives from the East.

PAVING MAY BE DELAYED

Owing to the Burning of a Treatie, Stone Does Not Arrive.

RESIDENTS MADE A ROAR

People Living on Hamilton Street Kick on Having the Width of Sidewalks Cut Down—Paving Progress Rapidly on Broadway.

The paving, which has been progressing so rapidly the past week or two, may receive a setback soon on account of the failure to get stone. Everything was all right until the burning of the treatie of the Northern Pacific. That stopped traffic on the road and shut off the supply of stone for the street crossings. There is enough of other paving stone on hand to permit the completion of the paving on the south side of Broadway, but no crossings can be expected until traffic is resumed on the Northern Pacific short line.

Meanwhile, the people of Hamilton street, connecting Broadway and Granite, are making a roar. In the progress of the paving the walks are being cut down from 10 to eight feet and the property owners do not like the change. They have sent this communication to the council:

"Gentlemen: We, the undersigned, property holders on Hamilton street, respectfully petition your honorable body that the width of sidewalks be changed from 8 to 10 feet. We would respectfully call your attention to the fact that an eight-foot sidewalk along the buildings on this street will look very badly, besides being entirely too narrow for the accommodation of the business houses facing on this street. As the contractors are now working in earnest, we hope you will take immediate action on this petition."

The petition is signed by Lewisohn Brothers, Murray & McCormick, Patrick J. Hamilton, Charles Schatzlein, Laura J. Scott and estate of W. G. Hall, which, it is believed, includes all the property on the street. There is no doubt that the 10-foot walks ought to remain on Hamilton street, for the street is extensively traveled and eight-foot walks would not be adequate for the pedestrians.

The difficulty is that the damage is likely to be all done before the council takes action in the matter. The walks are already being cut down to eight feet, preliminary to putting in the curb.

And unless some one assumes authority to make a change the damage will all be done before the council meets next week.

Paving is progressing rapidly on Broadway and grading and the laying of concrete have been started on Granite street. The entire paving work is a little less than half completed. Besides Broadway, Granite and Hamilton streets, two alleys are to be paved, connecting Broadway and Park, one running by the city hall and the other behind Clark's bank.

IN POLICE COURT.

Maud May Charged With Prostitution, The Usual Griev.

Maud May, the woman accused of robbing Walter Moore of \$210 a few nights ago, was before Judge Ferrell in the police court yesterday for arraignment on a charge of maintaining a house of prostitution. The police had hoped to procure evidence that would warrant proceedings against the woman for the robbery, but they were unable to get a case, and the usual charge was preferred. She took 24 hours to plead and will probably fight the case. Her counsel arraigned quite a list of petty offenders. John Hicks paid a \$10 fine for disturbance. Tom Murphy and John Moore were assessed \$10 each and Olla Ollin \$5 for malicious mischief.

Charles Logan was fined \$10 for selling cheap jewelry without a license. Eugene P. Beams, who was arrested at the instance of Mrs. Gus Younger the day before, entered a plea of not guilty to a charge of disturbance, and will have a trial to-day. Bert Rowe, accused of being a secretary, and charged with vagrancy, forfeited a diamond stud he had put up as a bond. Alfonso Tobin, arrested on suspicion of being a burglar and held for vagrancy, was sentenced to 30 days in jail, and sentence was suspended on condition that he leave town. "Mickey the Greek" was up for the first time in a long while for vagrancy. He was given 15 days. J. E. McNear, who was arrested for stealing a pair of shears, pleaded not guilty to a charge of petty larceny and had his hearing set for a week from to-day.

OFF FOR PORTO RICO.

Dr. W. J. Kress to Investigate the Opportunities Offered There.

The first of the Butte citizens to start for Uncle Sam's new possessions in the West Indies took his departure yesterday when Dr. William J. Kress started on his trip, which will include a lengthy visit to Porto Rico. Dr. Kress left on the afternoon Short Line train and will stop at Salt Lake, Denver, Omaha and St. Louis, and expects to sail for San Juan in about two days. Dr. Kress has not definitely decided to locate in Porto Rico, but goes as the representative of a number of the professional men in the Owsley block, and will make a thorough investigation of the opportunities the country offers, and may possibly conclude to remain there. He will devote the greater part of the year he expects to be absent to his investigation.

Painfully Hurt.

Charles D. French was painfully injured yesterday morning at an early hour by slipping while alighting from an omnibus. Mr. French had been out to Thornton Springs to attend a social function. Returning, a large party came in a bus. When West Broadway and Excelsior avenue was reached the conveyance stopped to let out some of the party, and Mr. French started to alight to assist the ladies. His foot slipped on the step and he fell to the ground, mauling his right ankle. A son of Dr. Freund, who happened to be along, examined the ankle and found it had been broken in two places. Mr. French was assisted back into the bus and taken to Murray & Freund's hospital, where he received surgical attention.

Will Be Tried Monday.

Thomas Kennedy, for whose arrest a warrant was issued by Justice Trapp for participating in a fight with "Stob"

Campbell near the Reception road-house a few days ago, appeared before Justice Trapp yesterday and entered a plea of not guilty to the charge of disturbance against him. He asked for a jury trial, which was set for next Monday.

TENNIS TOURNAMENT.

It Will Be Held in Butte September 5, 6 and 7.

A state tennis tournament will be held in Butte on September 5, 6 and 7, under the auspices of the Butte Tennis club. The tournament will take place at the courts of the local club at the corner of Excelsior avenue and Mercury street. Players from Helena, Great Falls, Bozeman and Livingston have signified their intention of participating and some interesting contests are promised. A local tournament to determine who shall meet the outside players is now in progress among the Butte players, which will continue until Monday. A list of handsome prizes will be hung up for the winners in the state tournament.

To Follow the Flag at Cincinnati.

The parade of old veterans at national G. A. R. encampment at Cincinnati will be a great and glorious one. They will follow the stars and stripes with renewed love for the old flag which has again established its supremacy in the war with Spain. Enjoy the happy scenes by going on the exceptional low rate excursions over Pennsylvania Short Line, Sept. 3, 4, 5 and 6. Learn how cheaply the trip may be made by addressing H. R. Derling, A. G. P. Agent, 248 South Clark street, Chicago.

Caught in the Act.

Swend Carlson was caught at 2 o'clock this morning without a night-shirt on top of the building in which his store is located, No. 4 South Main street, with a big rock, trying to hold down the building, which had raised six inches from the effect of some strong Irish twist pigtail tobacco he just got in, and which he sells at 20 cents per foot, stretched before measured. He swears he will never get any more of it.

A Very Low Rate to St. Paul and Return.

On Sept. 2 and 3 the Northern Pacific will sell round trip tickets to St. Paul and return at the very low rate of \$5. Tickets will be limited to continuous passage in each direction, with final limit of 15 days. Ticket office, 23 East Broadway.

Dr. Dodd of the Owsley block was kept quite busy yesterday fitting glasses. Everyone praises his work.

O. K. LEWIS & CO.

Butte, Montana.

The Truth About Lewis' Silk Petticoats.

We have reason to believe that there is sold in this store six Silk Petticoats to every three that is sold in all the other Butte stores.

Women say so.

Our manufacturers say so.

Our own sales confirm it.

The Reason is Simple.

We started out to sell better made Silk Petticoats for a smaller profit than other Butte stores. We have our Petticoats made so well and of such good silk, and withal so cheap, that women found it unprofitable to have them made at home.
