MR. CLARK FILES HIS ANSWER IN THE WHITESIDE LABEL SUIT

Substance of the Document Is a Denial of the Responsibility of What Was Published in the Miner—Denies That He Was an Active Candidate for United States Senator, and Also That John B. Wellcome and Charles W. Clark Were His Accredited Agents.

William A. Clark owner of the Butte Daily Miner, one of the directors of the Miner Publishing company, and a defendant in the libel suit brought against that newspaper by Fred Whiteside, filed his answer to the latter's complaint in the district court yesterday.

The substance of his answer is a denial of his responsibility for what was published in his paper, but he makes a few statements that will be found interesting. In the first place he denies that he was an active candidate for the United States senatorship, and in the second place he says John B. Wellcome and Charles W. Clark were not his accredited agents, and says if they represented themselves as such they did so without his knowledge or consent. Mr. Clark's answer, however, is not sworn to by himself, but is verified by one of his attorneys, a man named Lee, on information and belief, the verification being made by the attorney because of Mr. Clark's absence from the state.

Mr. Clark, according to his answer, admits that he was one of the directors of the Miner Publishing company at the time the alleged libelous matter was published, but denies the implication that as such director he was charged by law with the control or management or direction of the matters that were published in the paper. He denies that the plaintiff was a duly elected and qualified acting member of the Sixth legislative assembly from Flathead county, but admits, on information and belief, that he acted as a member of the senate from Jan. 3 to Jan. 27, 1899. Mr. Clark admits that the Miner on Jan. 11 published the following matter:

"How desperate the conspirators must have been evidenced by the fact that \$30,000 of Daly money is turned over to the state to create the impression that an effort was being made to buy a seat in the senate," and also admits that it was circulated, but he declares he has no knowledge or information as to whether the words quoted were false, malicious, or untrue, and therefore denies the same, and denies that the words could possibly be defamatory to the plaintiff. The defendant denies that the language referred to could be read, near, that the plaintiff had conspired with other persons and witnesses to falsely accuse."

The defendant says he has no knowledge or information as to whether the words of the plaintiff, but denies that the words alleged by the plaintiff and admitted by the defendant to have been published could, or did, injure the plaintiff, or cause any damage to him. As a further answer to the plaintiff's first cause of action, the defendant says that as a director of the Miner

AN EXCELLENT SHOWING.

Butte's Postoffice Is Doing an Immense Amount of Business. Assistant Postmaster T. J. Flavin yesterday completed a report to the department showing the amount of mail handled at the Butte postoffice for 25 days from Oct. 8 to Nov. 6, inclusive. Some time ago the department instructed all postoffices to weigh all mail handled for a period of 25 days for the guidance of the postmaster general in asking for legislation at the coming session of congress. Assistant Postmaster Flavin's report was in response to this request. It makes an excellent showing for Butte. The report shows that 5,577 pounds and 14 ounces of first class or sealed mail was handled during the period, 24,439 pounds and 10 ounces of second class mail, 8,414 pounds and 2 ounces of third class and 11,769 pounds and 13 ounces of equipment, mail sacks, were required to handle the mails of this office, or a total of 26,799 pounds and 5 ounces, or mail handled for the 25 days at the Butte office.

SIX MONTHS FOR JACOBS.

He Pleads Guilty to Petit Larceny and Is Sentenced. Edward Jacobs was yesterday sentenced to six months in the county jail for petit larceny by Justice Noyes. Jacobs was arrested some time ago on a charge of burglary for breaking into the room of L. B. Dore and stealing an overcoat. He was bound over to the district court at his preliminary hearing, but was yesterday permitted by the county attorney to plead guilty to a charge of petit larceny and given a six-month sentence.

Gallogly's souvenir opening to-day. The Charles Schatzlein Paint company, 14 West Broadway, invite all who are interested in the beautiful and artistic to attend their fall opening, which takes place Thursday, Nov. 23.

Is This Sufficiently Central? We have a two-story brick of seven rooms on Main street, half block from the new postoffice. Lot 25 by 100 feet. Lot is worth \$2,500. House has bath and all modern conveniences. Could be built for \$3,000. We can sell for \$4,000, \$1,000 cash and balance on time. REYNOLDS & McDOWELL, 46 East Broadway, Butte.

Drowned in a Peculiar Manner. Vancouver, B. C., Nov. 21.—Three Indians, an old buck and his two grown sons, from the reservation at North Van-

Published company he did not during any of the times mentioned have the control or direct the management or supervision as to what matter should be published in the paper, and he had no knowledge or information as to the publication of the words admitted to have been published until after the paper had been printed and published by the Miner Publishing company.

Mr. Clark admits and denies certain paragraphs of the second cause of action, and denies responsibility for the publication of the alleged libelous matter, and then, in the exact language of his answer, makes these denials: "Defendant denies that he was, prior to the convening of the said Sixth legislative assembly, and thereafter and all times mentioned in said cause of action, an active candidate for election to the office of United States senator before said Sixth legislative assembly of the state of Montana. Avers that his name was mentioned among the people of the state for said office, and upon information and belief says that some of his friends were urging his name for said office."

"Denies that John B. Wellcome and Charles W. Clark were the accredited and duly authorized managers and representatives of this defendant in that behalf one of his counsel, and that they had no authority from this defendant to hold themselves out as such authorized managers and representatives of this defendant, and that if they did so it was without the knowledge and consent of this defendant."

Regarding other allegations in the complaint about the libelous publication, the defendant says he does not possess sufficient knowledge from which to form a belief and therefore denies them. He says he has no recollection of ever having read the Butte Daily Miner of Jan. 27, 1899, and that he did not know whether the knowledge or information as to whether the language alleged to have been printed in that issue was published, and avers that if the words were printed as alleged, they were printed without his knowledge, permission, consent or advice. Finally, he says he did not direct or cause to be published any of the language set out in the second cause of action, alleged to have been published in the Miner, nor had anything to do with, or knowledge of the publication thereof, and denies that he was charged with any duties whatsoever as a director of the Miner Publishing company in the matter of the publication.

The issue of the Miner of Jan. 27, referred to, contained a report of all Helena grand jury, the unseating of Mr. Whiteside and his last speech in the senate. In the different articles on "The defensible plot" the copy which came to light, "A moral leper lost his seat," "Elthy remarks by Whiteside," "A perjured and conscienceless villain," all of which, Mr. Clark says, was published without his knowledge or consent, but which issue of his paper he declares he has never seen.

French Conspiracy Cases. Paris, Nov. 21.—The senate, sitting as a high court for the trial of the conspiracy case, resumed today the examination of M. Guerin, who insisted that the anti-Semite league had not meddled with politics, but had merely "defended the working class against the power of the Jews." The public prosecutor refused to give the required information, which led to violent protests from the right benches, whereupon M. Fallieres, president of the senate, adjourned the proceedings until to-morrow.

Sentenced to Be Hanged. Liberty, Mo., Nov. 21.—Ernest Cleveland, recently convicted of killing George Allen and Della Cleveland, his cousin, at a religious meeting near Missouri City in December, 1898, was today sentenced to be hanged on Friday, Jan. 5, 1900. Sentenced led to the shooting.

Plague Patients Improving. New York, Nov. 21.—There is no change in the plague situation at quarantine. The patients removed to Swinburne from

the steamer J. W. Taylor are improving. Captain Waters is almost well and the cook is in bed because of the irritation of the operation of taking pus for examination. Nothing has been done about discharging the coffee from the vessel.

STREET CAR STRIKE.

Aggrieved Employees Submit Their Ultimatum to the Company. St. Louis, Mo., Nov. 21.—As the result of the strike of the motormen and conductors on the Belleville, Ill., electric line and the suburban lines between Belleville and St. Louis, all are practically tied up to-day. On the suburban line only two cars are kept going back and forth between the towns. There has been no trouble up to noon to-day, and as a means of preventing further striking, all the cars will be taken off to-night. It is stated that the managers of the different lines are arming their men with Winchester, but the truth of this cannot be learned definitely.

A committee of the railway men's organization, composed of Thomas Oyle, John Yachs, Joseph Bailey, William Paul, accompanied by President William Schultz of the Trades and Labor assembly and William Hesse, called on President John Day to-day and submitted an ultimatum and conditions on which the strike would be declared off. These are said to be the reinstatement of all the union men, the discharge of the non-union, a semi-monthly pay day and one or two other things. President Day said he would submit their proposition to the board of directors and give the men an answer Wednesday.

Captain and Ten Men Saved. London, Nov. 21.—A dispatch from Christiania, Norway, has been received which states that Captain Carred and 10 of the crew have landed there from the missing over-sea steamer Couper, from Quebec Oct. 3 for Sunderland, which was reported by the British steamer Benwick to have been left by her on Nov. 7 190 miles north of Ust, one of the Shetland Islands, with propeller gone and short of provisions. The captain reported that all the crew left the Couper in two boats on Nov. 19 in latitude 61 north longitude 5 east on account of being short of food. The whereabouts of the other boat, which contained 11 passengers, was not known. It was supposed that the Couper had drifted further northward.

Empress William's Entertainment. Windsor, Eng., Nov. 21.—Emperor William of Germany and his suite rode out this morning and returned to the castle for breakfast. They were accompanied by the Prince of Wales, the Duke of York, the Duke of Connaught and Prince Christian of Schleswig-Holstein. The emperor shot in the Windsor preserve park and lunched at 1 o'clock. The Empress of Germany went out for a walk in the forenoon with her sons and Princess Henry of Battenberg.

Jury Not Yet Secured. New York, Nov. 21.—The second week of the trial of Roland McInnes began to-day with seven jurors in the box and at the adjournment the number was still seven, no juror having been selected during the day's examination. The defense challenged one of the latestcomers, reportedly while the others were excused on general grounds, or bias, or because they were opposed to circumstantial evidence or the death penalty. The trial will be continued to-morrow.

Money-Saving Heating Stoves. What is a money-saving heating stove? Certainly not the one that saves you a little on its price and then adds monthly to the amount of your fuel bill. Certainly not the one that holds fire the longest; for, as you know, Dr. Tanner lived over forty days without eating, but he was uncomfortable most of the time, and made those around him so all the time. A few sparks fanned to life once in fifty or sixty hours are cold comfort to those in search of warmth.

Blankets and Comforts. At prices that should be comforting to those who like to stretch out the buying worth of their dollars to their extreme limit. Comforts of good weight as low as 50c. Comforts of good weight, full size, as low as \$1.00. Comforts, extra large cotton filled, as low as \$1.50. Comforts, flake filled, tufted or quilted, as low as \$2.00 each. Blankets, 10-4 size, nice clear colors, 50c each. Blankets, 11-4 size, heavy fleeced, 75c each. Blankets, 11-4 size, heavy wool, gray, with rainbow borders, worth \$2.25, for \$1.50. Blankets, 11-4 size, 5-pound, wool mixed, worth \$2.50, for \$1.75. Blankets, 11-4 size, pigeon gray, wool mixed, high colored borders, worth \$3.50, for \$2.50.

Special All Wool Blankets. Special because made in specially heavy weights and wove to our order. You will find nothing in Butte to compare with them, if it is your intention to buy a superior quality and you appreciate it when you see it. Prices range from \$4.00 to \$11.00 a pair, and are only a trifle more than the cost of ordinary grades elsewhere.

Our Ideal Oak (Like Cut) Has heavy steel body, handsome nicked urn, nickel foot rail, large ash pan, heavy fire pot, with draw center ball bearing grate, for coal or wood. It is a perfect fuel consumer, consumes coal or wood to the last speck, throwing out all the heat there is in them, producing a summer temperature in all parts of the room. This we guarantee it to do with smallest possible amount of fuel with which it can be done by any stove made.

A Woman's Glory Is her hair. Men and women would have as luxuriant hair as they could wish if it were not for a germ or parasite that saps the nourishing oil at the root of the hair, and causing dandruff by burrowing up the scalp. Dandruff is the forerunner of thin hair and baldness. Science's latest discovery is how to kill that germ, and that destroyer is contained in no other hair restorer but Newbro's Herpicide.
