

ANACONDA NEWS.

NO VIGILANTE NOTICES

Captain Dotson and His Family Not Warned to Leave.

THEY RESENT REPORTS

The Aged Captain Says No Such Notices as Reported Were Posted on His Premises - He Is Indignant.

Captain William Dotson and his son-in-law, William Cachelin, are indignant that the report should have been sent out from the vicinity of Washington gulch and printed in the Standard that their houses had been decorated with 3-77 notices.

It will be remembered that on Nov. 7 the Standard printed a dispatch from Avon in which it was stated that people from the vicinity of American and Washington gulches had reported that these notices had been posted on the doors of the two residents named. Everybody in Montana knows what these notices - relics of vigilante days - mean. It is "quit the country or take the consequences" when they go up.

There seemed good ground for the belief that the report was true. Captain Dotson's son had been convicted of the murder of Eugene Cullinane, a respected resident of American gulch, and the captain was known to have enemies in the vicinity.

"But," said the captain yesterday, "no such notices were posted on our houses. I have three houses on my land there, but know of no such inscription being placed on any of them or on Mr. Cachelin's premises.

"In doing these things I acted entirely within my rights as an American citizen. All my life I have tried to live an honorable and upright life, and have reared, as I thought, an honorable family. No man can say ought against me. For seven years I have lived in the part of the country where I now live; I own property there and it is my home. My dealings with others have been fair and just in view of these circumstances it seems to me both cruel and unjust that such stories as these should be circulated about me and my family. The reports are false and baseless and can be convicted only in malice.

"I am thankful that I have friends here in Anacoda who know me and know there is no truth in the stories that have gone out."

WILL ORGANIZE FRIDAY

Date for the First Meeting of the Catholic Club Fixed.

MEMBERSHIP TO BE LARGE

More Than One Hundred and Fifty Members Have Signified Their Desire to Become Charter Members.

Work of Committee.

Excellent progress was reported last night at the session of the committee appointed to arrange for the organization of the Anacoda Catholic club. Enough is known now to make the success of the club a decided success.

Friday of this week at 8 p. m. was fixed by the committee as the time at which the first meeting of the club will be held. At that time a temporary chairman appointed to draft a constitution and by-laws. A large attendance is expected, as more than 150 have signified their intention to become charter members. Of course, a number of these are night workers and hence cannot be present. When the club is organized formally it is expected there will be a number greatly in excess of 150 on the charter roll.

George Cannon and John T. Casey were added recently to the committee that has the club project in hand. They are proving industrious workers. The original committee consisted of J. P. Foley, W. J. Walsh, W. H. Mahoney, Peter Toway and L. F. Verberckmoes. Last night's meeting was held at the home of Mr. Walsh in the Flood building.

The committee has made a number of suggestions in relation to the conduct of the club, which suggestions will be submitted to the membership at the first meeting. One of these is to make Saturday ladies' day. The hours in which ladies will have the privileges of the club will be from 9 a. m. to 5 p. m. The committee also has suggested that the fourth Wednesday of each month be given over to the ladies from 9 a. m. to 11 p. m. It is the plan to provide evening entertainments on these nights.

Still another suggestion made by the committee is that no boys or girls be admitted to the club at any time save by special arrangement.

The club is to give its first annual ball at A. O. H. hall on the evening of Dec. 1. This will be the formal inauguration of the organization.

Hay, grain, feed and wood at low prices. Ed Devine.

Color Line Drawn.

New York, Nov. 22.—The appellate division of the supreme court of Brooklyn has denied the appeal of Elizabeth Ciesco, colored, from the decision of a special term refusing a peremptory writ of mandamus to compel the school board of Queensborough to admit to the public school on Brenton avenue, Jamaica, and make no distinction on account of color.

Justice Goodrich, writing the opinion, says the provision of the constitution which provides that equal school facilities shall be furnished to all children, cannot be held to mean that the white children and the black children must be segregated in the same school. As to the question of the excellence of the instruction in the school for colored children in comparison with the school for white children, Justice Goodrich does not find that there is any difference.

A Proposal of Peace.

Ottawa, Tex., Nov. 21.—A delegation of Yaqui Indian squaws has arrived here on the way to Guaymas. They are the bearers of a message from the chiefs of the tribes to President Diaz, which they expect to forward through the military officers in command at Guaymas. In this message the Indians offer to lay down their arms, providing the conditions existing when the recent outbreak occurred are restored. This means that the land awarded to the Indians under the original treaty of peace shall be given back to them. The squaws say that the Indians refuse to negotiate for peace through General Torres because he kills all Yaqui prisoners who fall into his hands. The squaws are conveying the message because seven Indians were recently killed, they said, while visiting the lines of the government forces under a flag of truce.

Churches Not Lived.

San Francisco, Nov. 22.—Rev. Father McKinnon, chaplain in the United States army, defends General Funston and Colonel Metcalf from the charges that have been brought against them. He says that churches in the Philippines were not desecrated by American troops, but by insurgents and Chinese. The priest is positive that Colonel Metcalf did not shoot the prisoner in cold blood, as has been alleged.

In reply to General Funston's challenge to prove the truth of his assertion regarding the looting of Calocan churches, the San Francisco Monitor, in a card from its editor, T. A. Connelly, invites the gentleman to bring a libel suit, promising to donate \$2,000 to the Red Cross society if he wins it.

A Desirable Position.

New York, Nov. 22.—A special to the Tribune from Washington says: Major William J. Volkmar, assistant adjutant general, has applied for retirement, thereby turning one of the most desirable vacancies that has occurred in the staff of the army for a long time. The eagerness with which appointments to the adjutant general's corps are sought.

A Cup for Schley.

New York, Nov. 22.—A solid silver loving cup was received at Tompkinsville today for Rear Admiral Winfield Scott Schley. It came from the citizens of St. Louis, and was sent out to the admiral's flagship, the Chicago, which is lying on the government anchorage.

Closed Its Doors.

Minneapolis, Nov. 22.—A special from Yankton, S. D., to the Journal says the Yankton Savings bank closed its doors at 2 o'clock this afternoon. The defaulting of Treasurer Peterson, who was known to be a heavy depositor, precipitated a run, which has been in progress a day and a half.

Salisbury Has Influenza.

London, Nov. 22.—The Mayor of Salisbury is suffering from an attack of influenza and is unable to attend to public business.

Silver Republican Conference.

Blackfoot, Idaho, Nov. 22.—Former Senator Dubois, who is chairman of the executive committee of the national silver republicans, left for Chicago to-night to attend a meeting of his committee. Nov. 23. Teller, Towne, Hartman, Congressman Wilson and Shafroth and other na-

SALESWOMEN understand what torture is.

Constantly on their feet whether well or ill. Compelled to smile and be agreeable to customers while dragged down with some feminine weakness. Backaches and headaches count for little. They must keep going or lose their place.

To these Mrs. Pinkham's help is offered. A letter to her at Lynn, Mass., will bring her advice free of all charge.

MISS NANCIE SHORE, Florence, Col., writes a letter to Mrs. Pinkham from which we quote:

"I had been in poor health for some time, my troubles having been brought on by standing, so my physician said, causing serious womb trouble. I had to give up my work. I was just a bundle of nerves and would have fainting spells at monthly periods. I doctored and took various medicines, but got no relief, and when I wrote to you I could not walk more than four blocks at a time. I followed your advice, taking Lydia E. Pinkham's Blood Purifier in connection with the Vegetable Compound and began to gain in strength from the first. I am getting to be a stranger to pain and I owe it all to your medicine. There is none equal to it, for I have tried many others before using yours. Words cannot be said too strong in praise of it."

MISS POLLY FRAME, Meade, Kan., writes:

"DEAR MRS. PINKHAM—I feel it my duty to write you in regard to what your medicine has done for me. I cannot praise it enough. Since my girlhood I had been troubled with irregular and painful periods and for nearly five years had suffered with falling of the womb, and whites. Also had ovarian trouble, the left ovary being so swollen and sore that I could not move without pain. Now, thanks to your wonderful medicine, that tired feeling is all gone, and I am healthy and strong."
