Changes Not to be Made in School Arrangements.

The evening cotem., without an epithet, should be cautious in the statements it makes about matters whereof it evidently knows so little as the school question.

DEPOT NEWS.

Progress of Improvements at the U. & N. Depot.

The schedule time on which freight and passenger trains arrive at and leave the Butte depot may be found in another column of the MINER.

The round house at the Butte depot is now nearly completed, the turn-table being in place and ready for use.

The scales for weighing car loads have been put in place in the ware house, and the latter is now nearly completed.

The freight depot has been finished for some time, and the passenger depot is now finished and complete.

The regular permanent schedule of arrivals and departures will be published to take effect next Tuesday.

Among the improvements now going up at the depot, other than the railroad buildings and accommodations already mentioned, the following may be noted:

Reed's hotel, the saloon of John Petritz, the residence of Agent Hulanski, the section house, engine house and round house. The latter are about completed.

SALT LAKE ITEMS.

The last letter of the Butte correspondent of the Salt Lake Tribune states: A grand carnival is to be given by the Lederkraus Society, in Butte, on Washington's birthday.

The Tribune is authority for the statement that there is a man in the Salt Lake hospital, named Joseph Dwyer, who has three bullet holes in his chest, one of which is still unhealed.

From Sunday's Daily. Supreme Court Session.

Wednesday morning last the Supreme Court of Montana adjourned, out of respect for the memory of Judge Jas. G. Spratt, so well known and highly honored in this city.

The regular proceedings Wednesday were as follows:

Susan E. Manton, appellant, vs. Chas. Tyler, respondent; judgment of the court below affirmed; opinion by Wade, C. J.

W. W. Sweetland et al., respondents, vs. James A. Murray, appellant; cause entered upon docket; motion to dismiss appeal sustained and appeal dismissed accordingly.

The following cases were submitted on briefs without argument:

James M. Ryan, respondent, vs. Elijah M. Dunphy, appellant (two cases).

Ellen Sullivan, respondent, vs. Elijah M. Dunphy.

Hiram Knowles, Esq., chairman of a committee appointed by the Bar of the Second Judicial District, suggested the death of James G. Spratt, Esq., of the Territorial Bar, and memorial resolutions thereon.

At the time of the meeting of the Bar of Butte, held at the office of Knowles & Forbis in this city on the day of Judge Spratt's funeral, (Monday, November 14), Judge Knowles and Messrs. Robinson and DeWolfe were appointed a committee to announce his decease to the Supreme Court of the Territory.

Police News.

On January 11th, last Wednesday, a complaint was filed before Justice O'Meara against L. F. Coyle, charging the latter with having committed the crime of petit larceny in this city on Tuesday, the 10th inst., "by feloniously stealing, etc., from the affiant one pistol valued at \$17, and money amounting to \$30.

Coyle has not yet been arraigned on this charge. His case will come up for hearing as soon as the Chinese prosecution for perjury, begun night before last, shall have been finished.

The Chinese prosecution referred to is another step in the much involved conspiracy case which excited so much comment some weeks ago. The original action was for blackmail, and was brought by Sam Yek, in the name of the Territory, against five of his Chinese brethren, alleging that the latter had conspired to blackmail him into paying \$300 license for the privilege of opening a laundry in Walkerville.

Butte Sports.

The New York Spirit of the Times, January 7th, in its answers to correspondents, has the following:

Butte, Montana—Hasiloup bets Carey that there is a difference between one foot square and one square foot. Carey bets that there is no difference. Who wins? Answer—Carey wins.

A. B., Butte, Montana—A. bets that there is no difference between one foot square and one square foot. Who wins? Answer—A. wins.

Perhaps our non-partisan evening contemporary, which stated at the time the bets were made that there was a difference, will make good the loss to the individuals who hazarded their money upon one of its reckless statements of opinion.

A slight quarrel between two employees in the Alice mill yesterday resulted in John Winters being fined five dollars and costs for an assault on his fellow workman.

Prof. Speck will produce the beautiful opera of "Chimes of Normandy" in Butte shortly. It is to be hoped he will favor Deer Lodge with a performance.—New Northwest.
