

From Wednesday's Daily. ONE HUNDRED DOLLARS Reward Offered for the Arrest of Ringwald.

Some time since a man went to the Butte postoffice and asked for letters, stating that his letters might be addressed to some friends of his named Morgan. After examining a letter addressed to a Mr. Morgan, which contained a money order for \$40, the stranger said this particular one was not for him, but he knew the person to whom it was addressed. Afterward another man, named Ringwald, returned to the window, had himself identified by John O'Connell known as Blind Jack, and claiming to be the Mr. Morgan to whom the letter referred to was addressed, received the money on the postoffice order. Mr. O'Connell is thought to have been entirely innocent in the matter, and to have acted in perfect good faith, his eyesight being very defective, and he having known a Mr. Morgan who resembled Ringwald.

The latter was apprehended as soon as the fraud was discovered, and was sent to jail to await a preliminary hearing. Night before last while under the care of George Pascoe, Ringwald escaped. He was permitted to leave the enclosure to go to the Stevens mine for a bucket of water. He had not returned up to last night although twenty-four hours had then elapsed, in which time he might have temporarily emptied the mine.

Mr. Pascoe has been a guard at the penitentiary in Deer Lodge and has had the confidence of his superiors. It seems strange that such an escape should have occurred. A reward of \$100 was at once offered for the arrest of Ringwald, and several men were dispatched after him. Every effort possible is being made to recapture him.

Warning Against Booms.

It is the deliberate opinion of the most substantial business and mining men of Butte that the great need of the Summit Valley District just at this time is for men of some capital, who will seek in the mines and commercial life of this city a legitimate investment and an income depending on skill and labor rather than chance fortune.

The coming of spring has given a renewed impetus to the influx of young, able bodied men, whose capital consists principally in muscle and necessity. It is all important for them to remember that the larger portion of the population of this district now consists of able bodied working men.

The Ketchum *Kyctone*, speaking for the Wood River District, warns the hardy prospector from rushing in prematurely. Indeed such warnings are given so seldom that when they do appear they must be significant. Says the *Kyctone* of March 9th:

We do not wish to stop any one from coming to Wood River, but we do think prospectors should be posted in regard to the situation just now. Snow is three feet on the level and thermometer ranging from ten degrees above to sixteen below zero.

In respect of climate Butte has just experienced a winter more pleasant perhaps than that known in any other mining district in the United States. The climate need be no obstacle in the path of incomers, but a thoughtful survey of the field, made before he starts for it, frequently saves a tender-foot bitter regrets and valuable shoe leather.

Police Court.

Last Tuesday evening a drunk and disorderly, who had been in a row at the California Beer Hall, was arraigned in the Police Court and pleaded guilty to the tune of five and costs.

Yesterday the air was full of drunks and disorderlies, the example having become contagious. First of all, one of the employes of the California Beer Hall was arraigned on the charge of having been engaged in an assault on the d. and d. of the evening previous, but was discharged, as no case was made out against him.

Then came the case of John Farrell, who was charged with the same offense, but against whom no case was made out. Mr. Farrell was accordingly discharged.

A reputable member of the weak sex was then brought up, charged with using strong language to two soiled doves, but no case being made out the accused was discharged.

The man who was hit with a beer bottle in a Park street brewery appeared yesterday as a witness. His assailant was fined \$25 and costs.

TIME!

Orem Accepts Mason's Challenge.

DILLON, M. T., March 14, 1892. *Ed. of Butte Miner:*

DEAR SIR: I notice a card in your paper signed Frank Mason, stating that he will fight me a glove fight. All I have to say is, I will accept his challenge and will meet him next Tuesday evening, March 21st, in Butte, and will beat him five hundred dollars more than I can beat him any named fight he may choose.

Yours with respect, J. C. OREM, Ex-Champion of Am'n Light Weights.

Death In a Mine.

The recent death of Isaac Beattie and John Bartz at Quartz Creek, in this Territory, is illustrative of the hidden perils which attend quartz mining even under the most favorable circumstances.

The two men had been at work in a tunnel, some distance from their cabin, and remote from any other dwelling. Last Monday evening the mail was brought from Milk Ranch over to Beattie's cabin by two miners. The cabin was empty. A trail beaten by the feet of some animal led from the cabin door to a gulch close by, and when followed up, terminated in the mouth of the tunnel. But the tunnel was no longer there, and a dog sat where the entrance had been, howling mournfully. Ten men worked until Sunday, and finally discovered Bartz and Beattie crushed by the falling in of the timbers and rock, overwhelmed without a moment's warning, with pick and shovel in hand.

Bartz was an Austrian, about 46 years of age, and had been an old-timer in Colorado, and in Alder Gulch in '64 and '5. Beattie was born in South Carolina, though brought up in Scotland. He was 38 years of age, and had been a well-known resident of Missoula county for about twelve years. So ends an episode in mining.

Driven From Home.

On an inside column of yesterday's MINER was printed a vivid portrayal, by an eye witness, of the sufferings and outrages endured by the Hebrew citizens of the town of Kieff, in Russia, at the beginning of the recent outbreak which has driven hundreds of thousands of Russian Hebrews from home and comfort.

The Hebrew Benevolent Association of Butte are resolved not to be behind their brethren in the United States in taking immediate steps to succor their persecuted co-religionists. The whole world is outraged by the practice of such barbarities in the nineteenth century. There will be a meeting of the Butte branch of the association at the store of H. Jacobs & Co. next Sunday evening at half-past seven o'clock. A committee will be appointed, and earnest effort made to demonstrate the willingness and ability of Butte to take her place high up among the enlightened cities of America in sending substantial assistance to the persecuted Hebrews of Russia.

Mr. Earle's Benefit.

The audience at Renshaw's Hall last night was not as large as it ought to have been, but was appreciative. The programme was varied and highly enjoyable. The operetta of Laila was given first, followed by well received vocal selections by Miss Fanny McIntyre. Then came the "Old Sexton" by Mr. Bosworth, which was much applauded. Professor Speck came next with popular melodies on the Xylophone, an instrument not much known in Butte, and destined to become popular wherever heard.

The beautiful Scotch ballads which Mr. Kirkwood, a comparative stranger to Butte audiences, sang next in order, were warmly applauded.

Messrs. Clark and Dellen sang the Pilot with fine effect, followed by a quartette by Messrs. Speck, Bosworth, Clark and Dellen, which was one of the best things of the evening. For the last was reserved the sword dance with bagpipe accompaniment, by Messrs. J. D. Anderson and R. Laird, both of whom won golden opinions from the audience. Mr. Anderson's dancing exciting much admiration. Altogether Mr. Earle may feel well satisfied with the reception of the entertainment he provided last night, although it is to be regretted that more people did not attend.

A NEW BAND

Successfully Organized in Walker-ville.

A number of young men in Walker-ville, Butte and the vicinity, have recently organized a new band, to be known as the Forest Band, under the instruction of Mr. James Trench. They are fast becoming proficient, and are to furnish music for the A. O. H. on Friday next. They have also, we are informed, been invited to open the Emmet Land League Ball on the evening of St. Patrick's Day.

Nuisances.

As soon as the frost leaves the ground in good condition for working the city marshal, Mr. Veneble, intends beginning a systematic course of street cleaning. In the meantime all the city officials will be thankful for any information which will lead to the arrest of persons committing nuisances.

The festive Ah Too, Courted Ton Too, They loved, and the two Concluded to pair.

Said the festive Ah Goo To the girl at his side, "Me heap nice you; You heap be my bride?"

And she, looking down, All so modest and pretty, "Twixt a smile and a frown, Gently murmured, 'You better,

And she, looking down, All so modest and pretty, "Twixt a smile and a frown, Gently murmured, 'You better,

MINUTES

Of the Regular Session of the District Court Yesterday.

At the convening of Court yesterday morning, Judge Conger presiding, the reading of the minutes of the preceding day's session was dispensed with.

In No. 27. Barnard et al. vs. Thomas et al.; which has been on trial since Monday, argument was concluded and the jury was charged and retired about noon to deliberate on a verdict.

No. 164. Lizzie A. Wagstaff vs. Denman S. Wagstaff; for divorce; the defendant not having put in an appearance a judgment by default was entered against him, and the cause was referred to W. I. Lippincott as referee, to report findings of fact.

No. 89. Sarah Sandy vs. Irwin Sandy; for divorce; the plaintiff's counsel having prepared a decree and submitted it to the Court, the findings were adopted and a judgment entered on it against the defendant.

No. 173. John Noyes vs. Frank X. L. Harnois; debt; the report of the commissioner to whom the case had been referred was received and adopted, and judgment for plaintiff entered for \$248.50.

The trial of No. 53, Rosamond Voteau vs. Joseph Lescaff, for debt, was then begun. The plaintiff's claim is to recover for the maintenance and support of the defendant's three minor children, during a period of several years. The defendant claims that the greater part of the indebtedness has been paid. Case not concluded.

Congratulations.

The many friends and acquaintances of Mr. Isaac Dean, the well known citizen of Silver Bow, are sending him congratulations on his recent marriage in New York to Miss Mary M. Fisher, of Marion, in that State. From the *Marion Enterprise* of the 4th inst we take the following:

DEAN-FISHER.—At the residence of the bride's parents in Marion, March 1, 1892, by Rev. A. G. Hamilton, Mr. Isaac Dean, of Silver Bow, Montana, and Miss Mary M. Fisher, of Marion. Mr. and Mrs. Dean are soon to leave for their western home. They carry with them the esteem and best wishes of many friends.

The MINER extends its best wishes to Mr. and Mrs. Dean.

Verdict.

At a late hour last evening the jury in the case of Barnard et al. vs. Thomas et al. brought in a verdict in favor of the plaintiffs. This case has already been mentioned several times, the plaintiffs claiming a certain piece of placerground in Missoula Gulch by virtue of a patent, while the defendants claimed to have discovered a quartz ledge in the same ground, and to hold it by right of this discovery.

The Colorado Iron Works.

COLORADO IRON WORKS, DENVER, COLORADO, March 10, 1892.

We have the pleasure of announcing that our new works are now complete, and that we are prepared to take orders for our manufactures and to execute them with greater promptness than ever before. As compared with our works before their destruction by fire in August last, our capacity for all classes of work has been more than doubled. We are now carrying a supply of nearly all our manufactures in stock, thus enabling us to accommodate our patrons without delay.

In the line of our specialties (Mining Machinery), we are prepared to contract for plants, either for delivery on board, or to be set up at the mines.

We have a complete stock of Engines, Boilers, and of our special Hoisters, which we believe to be the best in use.

With our increased facilities we think we can meet the wants of our customers satisfactorily, and shall endeavor to keep up to their constantly increasing demands upon us.
