

LOCAL NEWS

From the Daily Herald of December 10. ANOTHER FIRE. Three Saloons Destroyed at Great Falls.

GREAT FALLS, December 10.—[Special to the Herald.]—Another fire broke out in the saloon on the corner of Third street and First avenue south, at 6 o'clock this morning. Three saloons were destroyed—Kennedy & Widdop's, occupied by Butler & Benson; Al. Milner's, of Helena, occupied by William Getze. The first was insured for \$700, the second for \$1,000 and the third for \$1,000, all in Phil. Gibson's agency. Loss about \$4,000. There was no wind, and the fire was controlled. There were several fights and arrests after the fire.

A Loved One Gone.

Saturday afternoon we laid to rest in the Helena cemetery the remains of little DeVee Molinelli, an infant of nine months whose tenure of mortal life was cut short at this early age by congestion of the brain, which took away the little fellow about the first of only two days. The departed was the first and only child of Mr. and Mrs. L. Molinelli, of Helena, and was the pride and darling of its parents. Even in its short life, who but those similarly afflicted can tell the depth of affection which such a tender being inspired? It was the joy of father and mother, who anticipated a bright career for the little one whom Providence had given them to cherish and rear. But the same Power decreed an early separation from mortal ties, and the beloved child was taken away before it came to know and converse with its idolizing parents. It was a sad blow to them, and the sympathy of a host of friends goes out to both in their hour of bereavement. The funeral was held from the residence in north Helena, the ceremonies being conducted by Rev. F. T. Webb. The pall bearers were the deceased father's profession and were E. O. Ralshack, H. Rosenwig, David Marks and J. E. Walker.

Died From His Injuries.

Nels Sorenson, of Timberline, who was brought to Helena last Thursday, died at the Sisters Hospital this morning at 8 o'clock from injuries received near Livingston about a week ago. He was working for the Northern Pacific on a bridge gang and was on a high trestle when he saw a train coming. He had no time to get out of the way and was struck by the engine, leaping from the bridge striking the ground twenty feet below. His head, shoulders, and arms were badly hurt and he was first taken to Livingston and then to Helena for medical treatment. One of his arms was amputated last night, but his other wounds were so serious that he died from the effects to-day. His brother is here making arrangements for the funeral, which will probably be held to-morrow. The latter says that another man was with Sorenson on the trestle at the time and escaped by swinging through the timbers and hanging onto one of the ties by his hands until the train passed.

Injured by a Blast.

James Murray, a man employed at Sweeney's stone quarry near the city, was severely injured this morning by the premature explosion of a blast. Particles of rock were blown into his face, lacerating it terribly, and his hands were also mangled at the same time. Despite his appearance, which suggested that he had been almost killed, his physician says his injuries are not serious. His eyes are affected but the doctor thinks he will not lose his sight. The man was taken to the Sisters Hospital for treatment.

Law's Successor.

A circular just received from Northern Pacific headquarters in St. Paul and signed by President Thos. F. Oakes announces the appointment of N. D. Root as Assistant General Manager of the road for the middle grand division, vice Robert Law resigned. The appointment takes effect to-day. Mr. Root arrived in the city Saturday, accompanied by Superintendent Ainsley, and took charge of affairs to-day, his headquarters being at Helena. Mr. Law's future movements are unknown. It is said Mr. Root will have the local passenger trains, Nos. 3 and 4, lately discontinued, put on again at an early date.

The County Debt.

W. E. Frederick, clerk and recorder, to-day submitted his annual statement to the Board of County Commissioners. The net indebtedness of the county on the first of December was \$157,810.99. Bonds were redeemed during the year to the amount of \$90,000, leaving the court house bonds the only ones now outstanding. The interest on bonds paid to Dec. 1st was \$19,975.50. Warrants were issued during the year to the amount of \$106,825.39. Balance in the treasury Dec. 1st, to the credit of all funds excepting the school fund which is not included, was \$38,378.74. Gross indebtedness \$196,189.73.

The Biter Bitten.

The trial of the colored man Johnson, on Saturday, resulted in his acquittal on the grounds of self-defense. The case took an unexpected turn by warrants being issued for the arrest of the Bundy Brothers, who were prosecuting witnesses. They will now have to answer to a like charge, the testimony having developed that they were the aggressors in the trouble.

District Court.

The jury in the case of the Montana Central Railroad vs. Mary B. Child et al., returned a verdict this morning in favor of the defendants, placing the damages at \$2,500. This case was appealed from the decision of the right of way appraisers who allowed only \$400 damages. To-day the case of Hirsch vs. Jurgens & Price is on trial.

Sons of Veterans.

The annual election of officers of U. S. Grant Camp, No. 1, S. O. V., occurred at their hall in the court house Saturday evening with the following result: Captain—A. E. Veazie. First Lieutenant—E. P. Butler. Second Lieutenant—H. Sommers. Camp Council—Geo. W. Gibbs, Z. T. Barton, J. R. Miller. Delegate to Division Encampment—J. U. Sanders. Alternate—W. Votaw.

Fire Losses.

A fire at Billings, Sunday morning, destroyed the residence of E. A. Scheffer. Loss \$3,500; insurance \$2,000. At Butte, yesterday, a lively building was burned, together with several runnery rigs, some hay, etc. Loss about \$1,500.

District Court.

The jury in the case of the Montana Central Railroad vs. Mary B. Child et al., returned a verdict to Alhambra Springs to view the property of Sarah Redding, which is now involved in the case. Court adjourned pending their return.

AT HIS OLD TRICKS.

Colonel Lloyd, Alias Charles Mason, Alias Boston Charlie, Alias Charles Marion—A Man of Many Names.

When political agitation run at its height during the last campaign there arrived in the city of Butte a portly individual, with fine features and hair tinged slightly gray. He appeared to be an active man of about 47 years of age, and soon made the acquaintance of the men about town and sporting fraternity. He was known in that city as Colonel Lloyd, and paid several visits to Helena. While here he was recognized through means of photographs as one of the most noted crooks of the country, and recently mention was made in the papers of his character and antecedents. But several gentlemen of this city discredited the story until now, when the man's real personification appears through his own actions. The Butte City Council recently took up the question of sure-thing games and requested the keeper of one of these institutions to appear before them and to answer charges preferred against him. During the pending examination there appeared a right-looking Norwegian who told a sorrowful tale of how he had been swindled a few dollars by the man who was calling himself Col. Lloyd. The stranger had come from Salt Lake and had a certificate of deposit of \$1,300, and also a check of \$185 on his person. He had met the Colonel at a saloon on Broadway and had induced him to go and try his luck. Before he could receive himself, he had lost the amount of his check and was induced, under promise of regaining his lost money, to sign over the certificate of deposit. After doing so he was left a poorer but a wiser man and went before the Grand Jury to enter a complaint. That honorable body ignored his statements and he went before the City Council, which unfortunately had no power so act.

These facts becoming public a HERALD reporter investigated the Colonel's past history for the benefit of the public with the following result:

His criminal gallery of noted criminals, No. ninety-two, discloses a good likeness of the Colonel. He has gone under many names and travelled over the entire country. On December 20, 1887, he was sentenced to four years imprisonment at New York, for swindling an Irishman out of \$200. He is also credited with having served five years in Joliet Prison, Ill. He has worked as partner with some well known crooks, such as Jimmy Wilson, Thang Campbell, Jack Straus and others shant in the confidence business and at times in sneak thievery. The public could avoid playing crooked games with him, as he will employ his liberty but to go to work for crooked work. The Colonel has dark brown hair, tinged gray, reddish mustache, about 47 years old and weighs about 200 pounds. His features are regular and his appearance is quite genteel.

Y. M. C. A.

At a meeting of the Young Men's Christian Association, held last evening, President Sharpe reported that the association had been compelled by circumstances to dismiss the secretary and superintendent of the gymnasium; that at present there was a debt of \$125 that must be immediately provided for. A committee was appointed for this purpose, but some one proposed to take subscriptions on the spot, and in a short time \$150 was pledged. This cleared the association from present embarrassment, leaving, however, an indebtedness of some \$600 due in six months. The association resolved to commit the direction of the gymnasium to its own members, who, by a committee on their part, acting in connection with the regular gymnasium committees, will see that the work of the work is continued. The young men are rallying and this department proves to be more of a success than it has been before. A number of interesting addresses were made, and Rev. A. D. Raleigh then offered the following resolution: "That it is the sense of this meeting that the work of the association, both in its religious, reading-room and gymnastic features, shall be maintained in the coming year as in the past one, and we pledge toward this end our earnest and enthusiastic efforts." It was unanimously adopted.

Racing Events for 1889.

The secretaries of the Montana Racing Association had a meeting in Butte Saturday evening last. Francis Pope, of Helena, E. W. Wynne, of Butte, and W. M. Thornton, of Anaconda, were present. The latter being authorized to act for Secretary McMaster, of the Deer Lodge association, who was prevented being in attendance. The following dates were agreed upon for next season's races: Deer Lodge—Aug. 7, 8 and 9. Anaconda—Aug. 12 and 13 inclusive. Butte—Aug. 19 to 24 inclusive. Helena—Aug. 26 to 31 inclusive.

Cases in Court.

4360—Davis vs. Davis; time extended to January 11. 4178—Muth vs. Farris; continued for term by agreement. 4448—Ida Verley vs. Louis Verley; default entered. 4218—Ellen Hersh vs. Jurgens & Price et al. Jury out. 4265—Montana Central Railway vs. Mary B. Child et al.; jury trial and separate appeal of Sarah W. Redding on trial.

Election of Officers.

The Harmonias Gesang Verein yesterday held its annual election of officers and the following were chosen: President—Chas. Fleischer. Vice President—F. Kniphal. Treasurer—Jacob Leeb. Secretary—Louis Hillebrecht. Assistant Secretary—F. Schulten. Trustee—Chas. Bank. Janitor—John Hahl. The society is on a prosperous basis.

Election and Installation of Officers.

At a regular meeting of Helena Council No. 9, R. and S. M., held on the evening of December 10th, 1888, the following officers were elected and installed: T. I. M., W. E. Frederick; D. I. M., Wm. McClatchie; P. C. W., W. D. Smith; Treas., T. H. Klein-schmidt; Recorder, Geo. Booker; C. of G., A. Weisenhorn; C. of C. H. G. Galtje; Steward, M. Reinig; Sentinel, J. C. Major.

Death of Mrs. Schmidt.

In a ramshackle shanty, on the upper end of Water street, an old widow by the name of Charlotte Schmidt had been living for some years. The appearance of the place and the woman's general habits led the neighbors to the belief that she was in extremely poor circumstances. About 10 o'clock last night Officer LaRue was notified that Mrs. Schmidt had died and he went to the place to examine and take charge of the contents. Search revealed several checks and certificates of deposit amounting to the sum of \$2,000, and made out on various banks of this city. Besides these there was a small amount of cash. Mr. Kleinschmidt has taken charge of the valuables, which will be turned over to the son of the deceased, who is in the city to attend the burial. A will was found in his favor.

Bold Robbery.

Mr. Swend Carlson runs a cigar and news stand on lower Main street. In front of his establishment he had a small show case, filled with assorted pipes, as an attraction. Last night, while Mr. Carlson sat in the back room of the store with some friends, a bold thief carried off show case and contents. This was between 7 and 8 o'clock, while the moon was shining and people were passing. Later in the night the show case, emptied of contents, was found near a sidewalk across the street. There is no clue to the perpetrator.

THE OFFICIAL COUNT.

The Territory Has Over 40,000 Voters and Carter's Plurality is 5,126.

On Saturday last United States Marshal R. S. Kelley and Territorial Treasurer W. G. R. Pettit, met at the court house and canvassed the delegate vote at the election of Nov. 6th, 1888. The count was made in the presence of the Governor, Hon. P. H. Leslie, as provided by law. The result of the official canvass, as tabulated, is as follows:

Table with columns: Counties, Carter, Rep., Clark, Dem., Wilson, Prohib., Hamilton, Total. Lists counties like Beaverhead, Carter, Cascade, etc.

The total vote in 1886 was 32,362. The result above shows an increase of 7,752 votes since the last election and an increase of 13,045 over the vote of 1884. The four most populous counties in Montana are Silver Bow, Lewis and Clarke, Deer Lodge and Missoula, in the order named, all of which show a great increase in voting population since the election of 1886.

OPERATIONS RESUMED.

The Anaconda Works Start Up Again Full Blast—Good News.

Saturday's Inter Mountain says: When the cheering news that orders had been received for the resumption of operations at the mines and smelters at once was received this morning and read by hundreds from the Inter Mountain bulletin board, where it was first announced, a general change was noticed. The news spread like wildfire, and many business houses had the bulletin placed in their windows, and a broad smile of satisfaction could be seen on the faces of our merchants. Those who had laid in a large stock of Christmas goods felt that they would have to carry a large quantity of this stock over to next year. Even the gamblers had begun to complain; as it is said that in a house on Main street where five faro tables usually run, business could be found for only a single one last night. But this welcome news has modified the patently feeling which was forcing itself to the front.

Supt. Michael Carroll of the Anaconda and the superintendent of the St. Lawrence and syndicate mines have instructed their men to go to work beginning on tonight's shift. The Montana Union has been shipping ore which may be had on cars at the South Butte depot. Supt. Dickinson said to a reporter this afternoon that the people of Butte and Anaconda have Marcus Daly to thank for the order to resume operations. "The Anaconda," he continued, "could well afford to remain idle until May, but Mr. Daly saw the disastrous effects this would have on Anaconda and Butte, and it was only through his energy that the works have again started up."

THE FLORENCE CANAL.

The Largest Irrigation Canal in the Territory Completed.

The Florence canal takes its source from the South Fork of Sun River, about five miles above Augusta, and extends in an easterly direction to a point near Sims creek, and is about 15 miles in length. About four years ago a company was formed in Helena, called the Florence Canal Company, and construction commenced upon a large scale, but owing to dissensions arising among the stockholders the company fell into financial embarrassment. Long and aggravating law suits followed and work was discontinued until last June, at which time all franchises and property of the old company was purchased by Walter Granger, Albert Kleinschmidt and J. D. McIntire, of Helena, and soon thereafter decided to a new company called the Florence Canal and Reservoir Company. Contracts were at once let, work commenced and the canal is now completed and ready to furnish water for irrigation. The canal is twenty feet wide on the bottom, forty-three feet wide on top and five feet deep and has a capacity of 20,000 miners inches of water. A large reservoir formed by a natural basin about one mile in diameter has already been constructed and this is to be used as a storage reservoir. The quantity of land covered by these works is almost unlimited and much of it is still open to homestead or pre-emption at \$1.25 per acre. The cheap excavation rates established by the Manitoba railroad in turning the irrigation canal into this portion of Lewis and Clark county and many of them are finding homes upon the government land in the vicinity of the Florence canal.

GEORGE ALDERSON.

Your wasted cheeks may have all the plumpness and bloom of health through your use of Ayer's Sarsaparilla. This time-honored remedy still leads the van. It improves digestion, purifies the blood, and invigorates the system. Give it a trial. Ornaments of the City. The Pittsburg block is receiving its finishing touches, and will be ready for occupancy shortly. The massive front of the Atlas building is also nearly completed. Helena is making rapid strides in the matter of fine structures.

District Court.

CASES SET FOR TRIAL. 3764. Child vs. Cole, damages. 3765. Child vs. Cole, damages. 3766. Cole vs. Child, injunction. 4216. McCormick vs. Kleinschmidt, foreclosure. 3831. Salisbury vs. Kennedy, foreclosure. ON TRIAL. Montana Central Railway vs. Child et al., damages, will occupy the entire day.

Proposed Building.

Plans for the first building of the proposed Montana Wesleyan University are now desired. Architects wishing to avail themselves of this opportunity may learn the particulars by applying to the agent, Rev. E. E. Smith, 847 Eighth avenue.

TERRITORIAL TEACHERS.

Their Association to Meet at Butte December 26th.

We are indebted to the committee for a copy of the "Greeting" sent out to members of the Territorial Teachers Association, and the programme of exercises prepared for the annual session of the Association, which meets at Butte on Wednesday, December 26th inst. and continues for four days.

THE GREETING.

We do not deem it necessary at this late date to enter upon any discussion to convince teachers of this Territory that they should attend the Institute. The general enlightenment of the people, and especially of teachers, recognizes the Institute as an indispensable factor in promoting and keeping active the school interests of our Territory. These meetings are for all the teachers, and no teacher can afford to deprive himself of the benefit of the stimulus a good Institute gives, not only in routine work of the session, but prominently in the social contact of teacher with teacher, which is the chief topic of thought, conversation and discussion on the various phases of our school work.

How can we make our schools more attractive and of more value? We believe our schools are doing better work from year to year, and we attribute much of this progress to the fact that our teachers for the most part are anxious to improve in methods, and to keep up with the times, and in no way is this manifested more certainly than in their willingness, and even eagerness, to secure all the good they can from the Institute.

We ask all teachers of the Territory, who expect to teach, to co-operate with us in the work of this Institute, to the end that our mutual labors may advance the school interests of this Territory, and make our schools better than coming year which they have been before.

Very Cordially Yours,

MARY R. LAYTON, D. F. McMILLAN, M. R. WILSON, Executive Committee.

PROGRAMME.

Wednesday morning, December 26th, 9:30 o'clock—Organization and music. 10:00 o'clock—Class drill in history. Laura Horst, Butte. 10:30 o'clock—Discussion. Opened by Mary O'Farrell, Butte. Reading. A. C. Lewis, Helena. Discussion. Prof. Gannon, Anaconda. "The School Master is a Bore." Belle Merrill, Helena.

Thursday morning, December 27th, 9:30 o'clock—

Organization and music. 10:00 o'clock—Arithmetic. Wm. Soper, Butte. 10:30 o'clock—Discussion. Opened by E. F. Patton, Butte. Reading. Mrs. Darnold, Butte. Paper. Mrs. Darnold, Butte. 11:00 o'clock—Drawing. A. E. Steere, Butte. 11:30 o'clock—Teaching a Means of Self Culture. Mary Houston, Helena. The Art of Questioning. Prof. J. H. Meyer, Deer Lodge.

Friday morning, December 28th, 9:30 o'clock.

Organization and music. 10:00 o'clock—Botany. Emma Ware, Deer Lodge. School Discipline. E. A. Carleton, Helena. Duties of County Superintendents. Margaret D. Carleton, Helena. Shall We Teach Literature? J. L. Niday, Helena. Afternoon, 1:30 o'clock—Music. Misses Fowler and Gorman, Helena. "Language Work." Miss Gilchrist, Fort Benton. History. C. W. Danks, Fort Benton. School Law. J. Wey Merrill, Butte. Evening session. Mrs. Howey, Helena. Discussion. By the W. C. T. U. of Butte.

MONSTER ENGINES.

Recently Purchased for the Northern Pacific Railroad.

The Northern Pacific has recently purchased a number of new engines for use on its Cascade division. They are of the "consolidation" type, with cylinders 22x28 inches and boilers seventy-two inches in diameter. This style of engine is the heaviest built by the Baldwin Locomotive Works, and weighs, in working order, 130 tons, being the largest and heaviest engine ever built in the world. The shell of the boiler is made of Oils steel, three-fourths of an inch thick, and is without a "wagon top," in other words a "straight" boiler. Being of the consolidation type, the engines are eight wheel connected with "hogs" or Bissell truck. In view of the through passenger traffic over the road, and the difficulty of making schedule time, the company has ordered some ten-wheel passenger engines with cylinders 20x24 inches. These engines are all furnished by the Northwestern Equipment company of Minnesota, who have entered into a contract with the Northern Pacific to furnish and lease locomotives and rolling stock, to supply the heavy demands made upon them by the increase of freight and passenger traffic due to the rapid development. The road, it is promised, will now be able to make shorter time between St. Paul and the Sound.

TOWN AND TERRITORY.

—Great bargains at Sands Bros. this week. —Interest ceased yesterday on all city warrants. Treasurer Barden has called them in. —New Idea: Indian Phillip, the redskin dealer, who assassinated John Rombo on the Mineral Hill trail in September, has been captured and is in jail at Missoula. —By the accidental discharge of a shotgun at Robinson, near Castle, and Grady and Thomas Hughes were wounded. It is feared Grady will lose a foot, which the surgeons think will have to be amputated. —De Forest Merriman, son of Nat. Merriman, of Jefferson city, will be a candidate for page in the lower house of the coming Legislature. He is a bright lad and would no doubt make a good messenger. —A. M. Holter is reminded that it was just twenty-five years ago to-day that he had an encounter with George Ives, at that time one of the most noted road agents and desperadoes in Montana. Ives held Mr. Holter up, and because he didn't have any money shot point-blank at A. M.'s head. Mr. Holter ducked his head and the ball grazed the scalp, cutting a neat swath through the hair. Mr. Holter was driving a bull team at the time. Ives was afterwards hung by the neck. May I. M. live to tell the story twenty-five years from now.

TERRITORIAL ADMISSION.

Caucus of House Democrats to Determine What Course They Will Take.

Cox, Biggs, MacDonald, Weaver, Bland and Others in Favor. Oates, Spicola, McAdoo and Others are Opposed. Delegates Toole and Voorhees Heard from in the Debate.

Without Coming to a Conclusion the Caucus Adjourns. WASHINGTON, December 11.—The first caucus of the session was held by the Democratic members of the House this evening. Springer stated that the main object of the caucus was to permit the Democrats to take some action looking to the admission of the Territories. Cox favored the admission of all the Territories except Utah and New Mexico. He said the Democratic party might as well gain the good will of the Territories as they will the people of the States. He preferred a division on the 47th parallel almost unanimously, and he was of the opinion that their desires should be listened to. Washington, Montana and Idaho should be given enabling acts at once. The great Territory of Dakota should be divided and the people of the Territory should be given a division on the 47th parallel almost unanimously, and he was of the opinion that their desires should be listened to. Washington, Montana and Idaho should be given enabling acts at once.
